

## **Market Share Tables for All Companies**

The Market Share table reports activity for admitted insurers in the State of Wisconsin for the business of 2017. They include premiums written for life lines of business (ordinary life, group life, credit life, and annuities), as well as premiums written, premiums earned, and losses incurred for certain property casualty lines of business. Financial Table E of the Wisconsin Insurance Report, to be published by September 1, 2018, will include the top 20 insurers for certain lines of business presented here.
