- Full range of test development and psychometric services

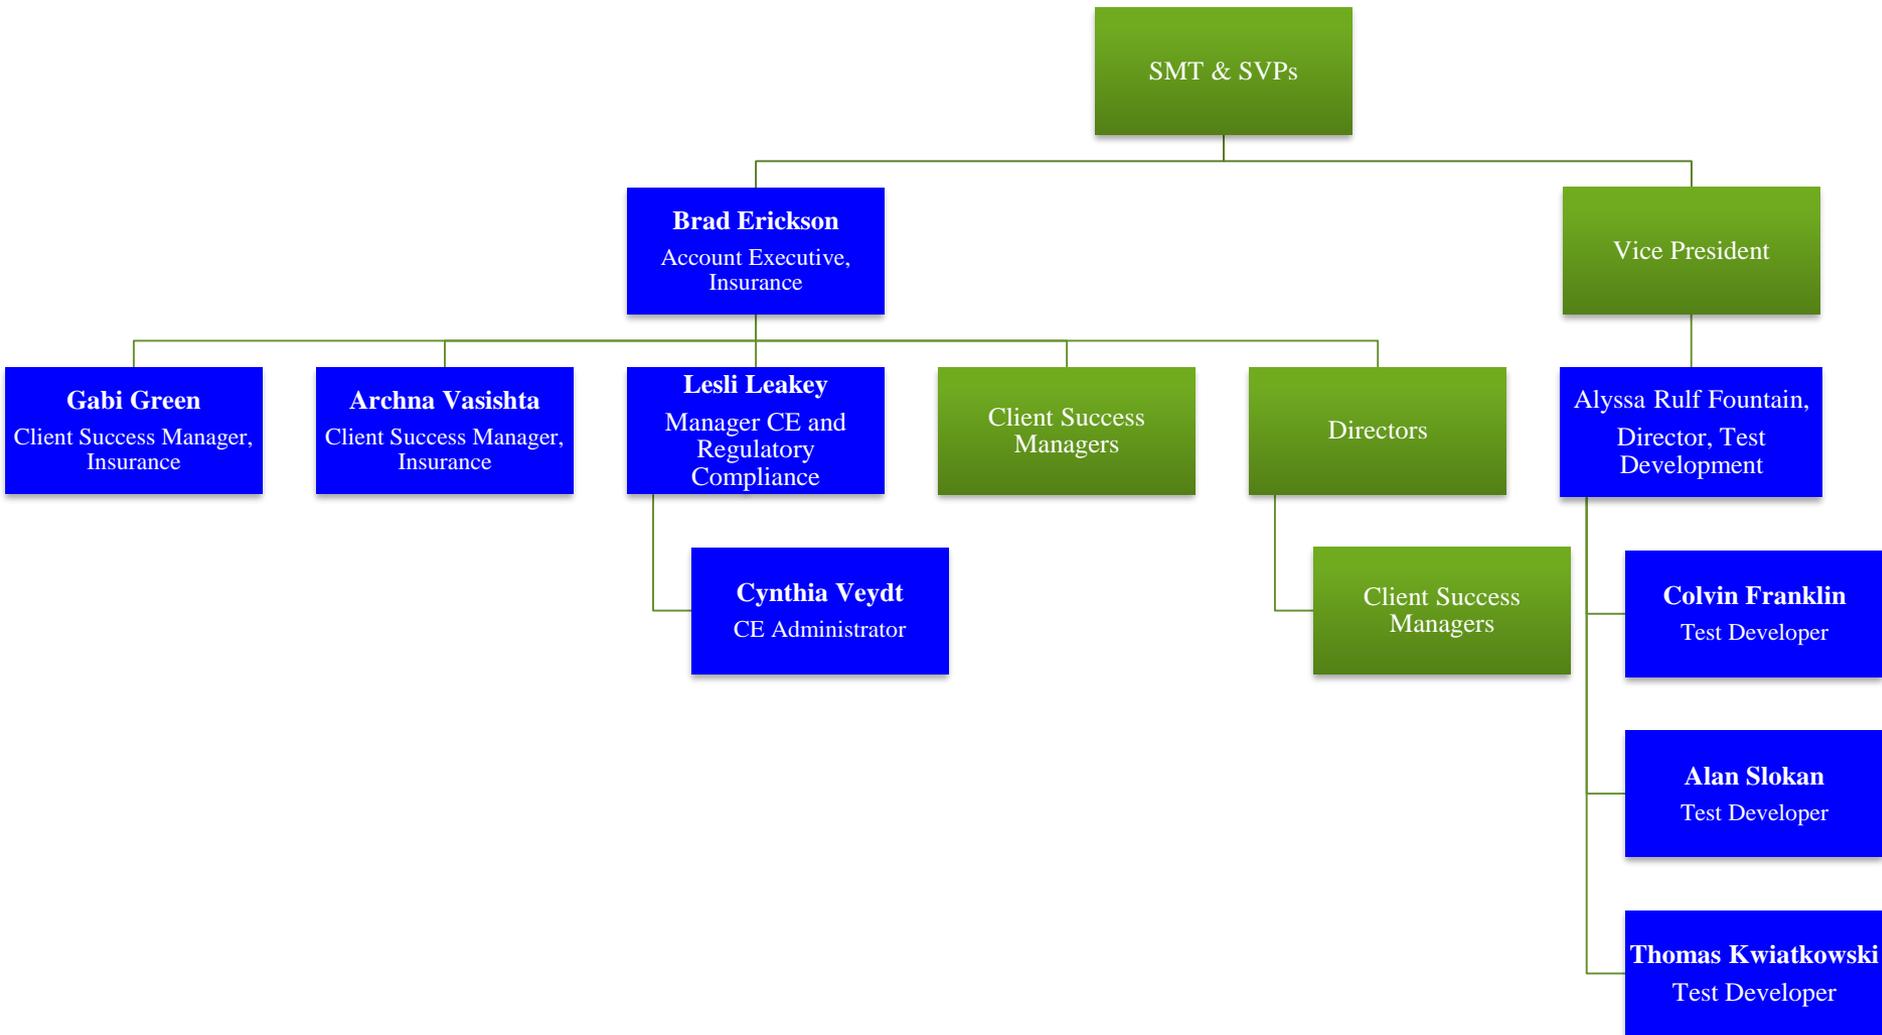

+ Insurance Knowledge and Experience:

- 10 distinct **State Insurance programs** – Arizona, Connecticut, Massachusetts, Nebraska, New Hampshire, New Mexico, North Dakota, Oklahoma, Vermont and Wisconsin
- 10 distinct **CE programs** – Arizona, Connecticut, Kentucky, Maryland, Massachusetts, North Carolina, Ohio, Vermont, West Virginia and Wisconsin
- Engagement in the industry such as Insurance Summit, NAIC, CLEAR, ATP, ICE and SILA; proven leadership on numerous committees and panels

+ Technical and Operational Excellence:

- 99.9% system uptime rate over the past 12 months 99.9% success rate in launching exams over the past 12 month on same day and location originally scheduled ~7 million exams delivered annually

The Prometric Insurance Client Success Team

The Prometric Advantage for Wisconsin

In **2018** Prometric delivered **over 9,800 examinations**. To date in **2019**, Prometric delivered **over 5,500 examinations**.

+ Testing is available in **6 sites** in Wisconsin.

- 5323: Madison - Thierer Road, East
- 4903: Milwaukee – Brookfield
- 4913: Ashwaubenon - Park Place (Green Bay)
- 4915: Wausau - Corporate Drive
- 4916: La Crosse - South 7th Street
- 4914: Eau Claire - Keith Street

+ Prometric monitors capacity needs within the Wisconsin area on a daily basis in order to remain proactive in adjusting site hours, should there be a need, to meet the demands of Wisconsin residents.

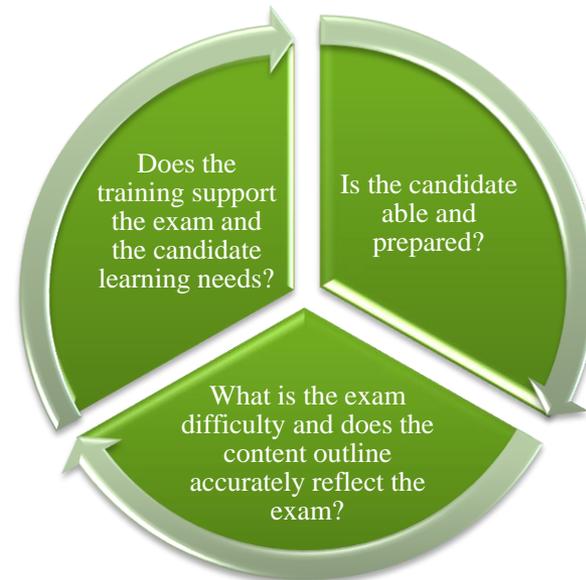

+ Testing is also available to all Wisconsin residents in **11 sites** of bordering states.

The Prometric Advantage for Wisconsin

- + The Wisconsin Office of the Commissioner of Insurance “Mission” is to lead the way in informing and protecting the public, and responding to their insurance needs.
- + Part of the oversight in protecting consumers, starts with the licensing of those who conduct business in the insurance industry.

A Successful Licensure Program should be a harmonious balance between three competing influences

Consumer Protection through Secure, Scientifically Proven Exam Design and Administration

- + Mission – Ensure exam content is appropriate and relevant to Wisconsin.
- + Wisconsin requires that licensure exams cover specific aspects that are suitable for the particular line of authority.
- + Exam difficulty is set to protect Wisconsin consumers from unqualified producers.
- + Exam requires individuals to know the concept of insurance rather than just memorizing answers on a test.

Test Development Advantage

- + NAIC Compliant Processes
- + Local, Regional and National Insights and Trends
- + Continuous Item Writing and Review
 - Nearly 3,000 new items in our 26,000 item bank
 - Continuous contact with SMEs
 - Annual Exam Review Workshops with the inclusion of selected SMEs
- + Commitment to building State Owned and National Item Bank
 - Refreshes items pertaining to State Laws and Regulations
 - Updates the item bank with modernized language and realistic scenarios
 - Removes old and/or outdated content with newly authored items
 - Replaces content with excessive exposure with new content and statistics

Key Steps for a Successful Licensure Exam

Testing Tenets – Focus on Measurement

Validity — Ensuring the test assesses what it intends to measure; the items are linked to the validation document; and items are written address what the successful candidate needs to know.

Reliability — Ensuring that the test scores are consistent, dependable and repeatable and that items are reliable (written clearly and distributed appropriately).

Fairness — Questions are clear and unambiguous, are free from sensitive issues and represent the body of knowledge.

- + Content outlines are initially developed through a Job Analysis and are updated by the State each year
- + Content outlines are the specifications to which the exam is developed and include:
 - Content domains and knowledge sections
 - Number of test questions in each domain
 - Statutes and Regulations
 - Time limit for each exam
- + Yearly updates to content outlines will be supplied to exam prep providers in red line format to highlight any new changes

- + Exam questions are reviewed by Subject Matter Experts and OCI Staff.
- + Exam Review Workshops are held annually to review exam content to ensure item performance, relevance, and applicability to statutes.
- + Exam questions are reviewed to ensure that each item:
 - Has only one correct answer.
 - Is relevant to the exam.
 - Is in the correct section/domain.
 - Is accurately referenced.

- + Over the course of two days, Subject Matter Experts reviewed 822 items across eight lines of authority with the Wisconsin Office of the Commissioner of Insurance for continued accuracy and relevance.
- + Each group of SMEs provided recommended changes to the content outlines which will be summarized for the Wisconsin Office of the Commissioner of Insurance review and approve.
- + Once the Wisconsin Office of the Commissioner of Insurance approves suggested changes, Prometric will finalize testing forms to be published and released to the field on November 16, 2019.

 - **By July 30, 2019**
- + Candidate Handbook available online
- + New Exams to be published

Prometric LLC

**PROPROCTOR
ADVANCED SECURE ONLINE TESTING**

ProProctor Application: Overview

- + ProProctor gives candidates greater flexibility to choose where to test, when to test and how to test
 - It is a reliable, convenient – and secure – testing experience
- + ProProctor was developed with complete integration and compatibility with existing systems and infrastructure
 - All testing modalities are standard; a seat, is a seat, is a seat
- + ProProctor integrates advanced surveillance and exam integrity technologies, and a trained global workforce
 - Enables candidates to take a secure examination outside of a fixed test center environment, at scale

Standardized Test Delivery

- + Simple intuitive process
 1. System Check
 2. Installation of ProProctor Application 
 3. Launch Exam
- + Elimination of technology barriers
 - Does not require administrator rights or technical understanding of computer processes
 - Signed application; trusted at an operating system level
- + Ensures greater reach to wider range of candidate systems and infrastructure for delivery of remote high-stakes testing

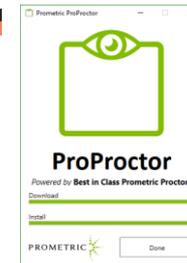

Selecting the right testing and assessment provider is an important decision. We provide the right blend of expertise, guidance, execution and customer service to our clients around the world.

Position your ID
Remain still
Press the camera
Confirm image
Please Check Image for:
ID is well positioned
Sharpness
All text legible

Please Accept the ID Capture to proceed or Clear it and retake again.

Proceed

Candidate Check List

In a moment your Readiness Agent will connect with you and guide you through the following steps.

- Clean workspace**
Take this time to look around your workspace and remove items such as food, bottles, notes, books, etc.
- Environment suitable for testing**
In this step you will be asked to do a 360 deg. scan of your room and workspace. Be sure your environment is clear from material containing text and images.
- Security check**
The agent will inspect the following to make sure you have no unauthorized items. These include spyware, cameras, electronic devices. The Readiness Agent will ask to check about your ears, sleeves, pant pockets, feet and eyeglasses.

 Your computer files will no longer be accessible from this point on.

Proceed
