The Honorable Jim Doyle  
Governor, State of Wisconsin  
115 E. State Capitol  
Madison, WI 53702

Dear Governor Doyle:

I am pleased to submit the 139th *Wisconsin Insurance Report* covering 2007.

Wisconsin's tradition of sound regulation, combined with strong consumer protections, continued over the past year. Highlights of the Office of the Commissioner of Insurance's (OCI) accomplishments and innovations are as follows:

- Creation of several new OCI advisory committees and councils. The expert advice provided by these committees and councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.
- Implementation of administrative rules relating to long-term care insurance, the sale of life insurance to the military and annuities.
- Participation in training programs with the Wisconsin Medicare Part D Task Force. OCI provided technical assistance and resources on the insurance aspects of the changes resulting from the Medicare Modernization Act of 2003 and the annual open enrollment for the Medicare prescription drug plans.
- Creation of an electronic interface with the Wisconsin Department of Justice to complete on-line Crime Information Bureau reports at the time an individual makes their examination reservation for an insurance intermediary license. This enterprise initiative is now available for use by all state agencies.
- Development of automated applications used in financial analysis and examinations.
- Examination of 54 domestic insurers; analysis of over 2,000 annual statements.

Sincerely,

Sean Dilweg  
Commissioner
