The Honorable Jim Doyle Governor, State of Wisconsin 115 E. State Capitol Madison, WI 53702

Dear Governor Doyle:

I am pleased to submit the 137th Wisconsin Insurance Report covering 2005.

Wisconsin's tradition of sound regulation, combined with strong consumer protections, continued over the past year. Highlights of OCI's accomplishments and innovations are as follows:

- ☐ Creation of an En Español section on OCI's Web site. In order to respond to new and increasing demand, OCI's Web site offers tools to assist Spanish-speaking consumers make informed decisions about insurance matters.
- ☐ Implementation of administrative rules relating to Medicare supplement insurance, replacement, cost, select and Medicare Advantage, vehicle protection plans and the small employer uniform application.
- Development and enhancement of the market analysis process. Conducted market analysis on 130 insurance companies for five lines of business: homeowner's, personal auto, group health, individual health and life. The analysis followed a uniform process that included reviews of complaints and information collected in the financial statements and other National Association of Insurance Commissioner's (NAIC) databases.
- ☐ Completion of a detailed market analysis of annuity writers to determine whether companies had developed practices and procedures regarding the sale of annuities to senior citizens.
- ☐ Examination of 50 domestic insurers; analysis of over 1,850 annual statements.

Sincerely,

Jørge Gomez Commissionér

^{*}By chapter 56, section 32, General Laws of 1870, the Secretary of State was Commissioner of Insurance ex officio until 1878. The Office of the Commissioner of Insurance was made elective in 1881. In 1911 the office was made appointive instead of elective.

Introduction

Every individual and business in Wisconsin depends upon insurance. Whether it is auto, home, life, or health, insurance plays an important role in people's lives. The Office of the Commissioner of Insurance (OCI) was created by the legislature in 1870 and vested with broad powers to ensure that the insurance industry meets the insurance needs of Wisconsin citizens responsibly and adequately.

The importance of fair, effective, and timely regulation of the insurance industry, as well as continuing efforts toward health care reforms offer OCI a special challenge in meeting its public mission of leading the way in informing and protecting the public and responding to their insurance needs.

The major functions of the office include:

- Reviewing insurance policies that are sold in Wisconsin to determine if they meet the requirements of Wisconsin's laws.
- Conducting financial examinations of domestic and foreign insurers to assure compliance with Wisconsin regulations and rules.
- Monitoring the financial status of licensed companies and applicant companies to provide early warning of financial difficulty.
- Issuing licenses to companies, agents, brokers, surplus lines brokers, managing general agents, reinsurance brokers and managers, and organizations including employee benefit plan administrators.
- Examining and analyzing rates filed by insurance companies to determine if they are excessive, inadequate, or unfairly discriminatory.
- Investigating and processing consumer complaints against agents and insurance companies and attempting to bring the matter to a fair and reasonable conclusion.

- Researching special insurance problems through data collection and analysis and publishing conclusions and recommendations in special reports.
- Developing legislation and promulgating administrative rules that ensure a strong insurance market through proactive policy and skillful enforcement.
- Investigating and pursuing administrative actions against agents and insurers who violate Wisconsin insurance laws and regulations. Penalties include suspension or revocation of licenses and fines.
- Conducting a comprehensive program of consumer education and public information to educate consumers about insurance through public speaking and distribution of information booklets and comparison guides.
- Operating a state life insurance fund, a property fund for the property owned by local units of government, and a patients compensation fund insuring health care providers for medical malpractice.

Administration of the Office

Organizational Structure

The office is divided into the Insurance Administrator area, the Legal Unit and two divisions, the Division of Regulation and Enforcement and the Division of Administrative Services.

Insurance Administrator

This unit provides advice on executive matters affecting the office's goals and initiatives, directs the office's legislative initiatives, communications activities, and provides advice on technical insurance-related issues.

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to this unit. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Implementing and administering the state's independent review program is the responsibility of the managed care specialist.

This unit also has administrative responsibilities for three segregated funds: the Injured Patients and Families Compensation Fund (formerly the Patients Compensation Fund), the Local Government Property Insurance Fund, and the State Life Insurance Fund.

The Injured Patients and Families Compensation Fund provides medical malpractice protection to health care providers for claims in excess of \$1,000,000 per claim or \$3,000,000 annual aggregate for each policy year.

The Local Government Property Insurance Fund offers property insurance protection to qualified local government units.

The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding \$10,000 per person.

Legal Unit

The Legal Unit represents the office in administrative proceedings, provides legal advice to staff, represents or supervises representation of the office in litigation and insurance company receiverships, provides legal services for the Injured Patients and Families Compensation Fund, Wisconsin Health Care Liability Insurance Plan, Local Government Property

Insurance Fund and State Life Insurance Fund, and develops legislative proposals and administrative rules.

Division of Regulation and Enforcement

The division is responsible for carrying out all of the office's insurance regulatory and enforcement responsibilities, along with the office's consumer education program through the development and publication of the office's insurance consumer education publications. In addition, the division is responsible for the development and promulgation of administrative rules interpreting insurance statutes, as required. Finally, the division has a major role in the office's participation in the National Association of Insurance Commissioners, a trade association made up of the country's chief insurance regulators.

The division fulfills its regulatory responsibilities primarily through its two bureaus, described below.

Bureau of Financial Analysis and Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts field financial examinations of domestic insurer operations, administers insurer rehabilitations and liquidations, audits and collects insurer taxes and fees, licenses insurance companies, and administers the fire department dues program.

Bureau of Market Regulation. This bureau reviews the rates, forms, and contracts filed with the agency by insurers; determines compliance with applicable laws and rules; initiates appropriate administrative actions; examines insurer underwriting and rating procedures, advertising files, claims processes and policyholder services; staffs several risk-sharing plans; provides assistance to consumers in resolving problems with insurers and agents; disseminates information to the public; investigates agent activities; conducts field reviews of insurer operations; and administers the insurance intermediaries testing and licensing program.

Division of Administrative Services

This division is responsible for all general administrative functions of the agency including information technology, project management, budget, accounting, contracting, purchasing, human resources, facilities management, records management, mail, publications, and support services.

Management Staff

Front Row: Susan Ezalarab, Eileen Mallow, Fred Nepple, Clare Stapleton Concord Back Row: Roger Peterson, Jorge Gomez, Randy Blumer, John Montgomery

Jorge Gomez—Governor Jim Doyle appointed Jorge Gomez Commissioner of Insurance for the State of Wisconsin on February 17, 2003. The Office of the Commissioner of Insurance has a staff of 135.

Commissioner Gomez practiced law for 17 years prior to this appointment. He served as Vice President and General Counsel of United Government Services LLC, a Medicare Part A fiscal intermediary, located in Milwaukee, Wisconsin. In this position he managed corporate legal issues and oversaw compliance for the company's operations in Wisconsin, California, New York, Michigan, and Illinois. He is a former litigation partner at the Michael, Best and Friedrich law firm in Milwaukee, where he managed commercial disputes and white collar criminal cases. Earlier in his career, he worked as a felony prosecutor in Milwaukee and as an employment lawyer for Legal Action of Wisconsin in Madison.

Commissioner Gomez chairs the Injured Patients and Families Compensation Fund Board of Governors and is a member of the Wisconsin Insurance Security Fund Board.

Commissioner Gomez is involved in national issues with the National Association of Insurance Commissioners (NAIC) where he serves as Chair of the Senior Issues Task Force focusing on issues pertaining to long-term care and Medicare reform. He is a member of the Government Affairs Task Force, Reinsurance Task Force, Valuation of Securities Task Force, NAIC/Consumer Liaison Committee, and the NAIC/Industry Liaison Committee.

Commissioner Gomez is a 1979 graduate of Pitzer College and received a law degree from the University of Wisconsin-Madison Law School in 1986.

Clare Stapleton Concord—The Office of the Commissioner of Insurance (OCI) for the State of Wisconsin appointed Clare Stapleton Concord as Deputy Commissioner of Insurance on May 15, 2005. For the last ten years, Deputy Commissioner Stapleton Concord served as Division Administrator for the Division of Administrative Services at OCI. In this position, her responsibilities included strategic and contingency planning, information technology, budget, human resources, accounting, contracting and procurement, and other support services for the agency. Deputy

Commissioner Stapleton Concord received an M.S. and Ph.D. from Northwestern University, Evanston, Illinois. A native of Sydney, Australia, she completed her undergraduate work at the University of New South Wales.

In addition to her duties at OCI, Deputy Commissioner Stapleton Concord has served as a budget and planning consultant to the NAIC. She has taught strategic planning, performance measurement and budgeting for the Wisconsin Certified Public Manager Program, University of Wisconsin-Madison, Division of Continuing Studies, and currently serves on the CPA Board. Deputy Commissioner Stapleton Concord has chaired the State of Wisconsin Administrative Officers Association and chaired the Community Development Block Grant Commission of the City of Madison.

Prior to working at OCI, Deputy Commissioner Concord was a senior policy analyst in the Office of Analysis and Information Systems, University of Wisconsin System Administration and was a faculty member at the University of Wisconsin-Madison.

Eileen Mallow—Ms. Mallow was appointed Assistant Deputy Commissioner of Insurance in November 1999. Her duties at the agency include executive assistance on public policy issues affecting insurance regulation at the state and national level, managing the agency's public information activities, and supervision of the State Life Insurance Fund, the Local Government Property Insurance Fund and the Injured Patients and Families Compensation Fund. She also sits on the Health Insurance Risk-Sharing Plan (HIRSP) Board of Governors, the Independent Review Board and the State Council on Alcohol and Other Drug Abuse.

Ms. Mallow has worked in the OCI since 1995. Prior to her current assignment, she was responsible for analyzing public policy and legislative issues for the Commissioner. From 1995 to 1996, she was the director of HIRSP.

Prior to OCI, Ms. Mallow worked as an analyst at the Cost Containment Commission reviewing applications by hospitals, ambulatory surgery centers and home health agencies to expand. Ms. Mallow has also been an analyst for nursing home reimbursement policy for the Wisconsin Medical Assistance program and as a Budget Analyst in the state Department of Health and Family Services.

Ms. Mallow has a B.S. degree from the University of Wisconsin-Madison.

Fred Nepple—Mr. Nepple has served as OCI General Counsel since 1984. Mr. Nepple received his B.A. (1971), law (1974) and masters in accounting (1986) degrees from the University of Wisconsin. After a period in private practice he became a staff attorney for the Wisconsin Council on Criminal Justice and then for the Wisconsin state legislature. He served as General Counsel for the Commissioner of Savings and Loan from 1980 to 1984 before joining OCI. Mr. Nepple chairs the NAIC ERISA Workgroup and NAIC Regulatory Framework Task Force and received the NAIC Robert Dineen Award in 2003.

Randy Blumer—Mr. Blumer began serving as Administrator of the Division of Regulation and Enforcement in May of 2005. Prior to this appointment, he served as Commissioner of Insurance in 1998 and as Deputy Commissioner of Insurance from 1986 to 1987, 1993 to 1997, and 1999 to 2005.

Mr. Blumer has been with the OCI for over 25 years serving the office covering a wide variety of responsibilities. His previous positions include serving as the Assistant Deputy Commissioner, financial examiner and market conduct examiner. Mr. Blumer is a student of Wisconsin's regulatory philosophy of focused intervention, which strives to meet consumer needs and promote strong competition in the insurance marketplace.

Mr. Blumer has served as Vice Chair of the Group Insurance Board since 1989. He has had a leadership role nationally serving on numerous committees and task forces of the NAIC including chairing the Examination Oversight Task Force and the Financial Analysis Working Group which performs in-depth analysis on nationally significant insurers.

Mr. Blumer has a B.S. degree from the University of Wisconsin-Madison. He was the 2002 recipient of the NAIC's Robert Dineen Award for outstanding service and contribution to the state regulation of insurance.

Susan Ezalarab—Ms. Ezalarab has been the Director of the Bureau of Market Regulation for the OCI since 1994. Her current responsibilities include managing the market analysis and market conduct examination; policy form and rate filing; complaints and enforcement; producer licensing and continuing education functions.

Ms. Ezalarab received a B.S. in Education and a M.A. in Public Policy and Administration from the University of Wisconsin-Madison. She holds the following designations: Certified Insurance Examiner (CIE), Fellow, Life Management Institute (FLMI), and Chartered Property Casualty Underwriter (CPCU).

Ms. Ezalarab is a member of the Insurance Regulatory Examiners Society and serves on the Accreditation and Ethics Committee. She is also a regulator member of the Association of Insurance Compliance Professionals (AICP) and co-chairs the Government and Industry Relations Committee for AICP.

John Montgomery—A state employee since 1977, Mr. Montgomery has worked at OCI since 2001. He is currently serving as Acting Administrator for the Division of Administrative Services. Prior to coming to OCI, he worked 14 years as Deputy State Budget Director in the State Budget Office and also served as Chief of Budget Operations where he was responsible for budget, accounting, personnel and information technology. A native of Chicago, he has Masters' Degrees in both public administration and in planning from the University of Wisconsin-Madison.

Roger Peterson—Mr. Peterson became Director of the Bureau of Financial Analysis and Examinations in June 2004. Mr. Peterson's current responsibilities focus on monitoring the solvency of insurers operating in the state and enforcement of the related Wisconsin insurance laws. Mr. Peterson has been involved in the regulation of insurance since 1988. His previous positions include Insurance Financial Examiner Chief, Policy and Claim Reserve Specialist and financial examiner.

Mr. Peterson is active in the NAIC including chairing the Financial Analysis Handbook and Financial Analysis Research and Development working groups. Mr. Peterson received a B.S. in Business and Economics from the University of Wisconsin-Platteville and a M.B.A. in Finance from the University of Wisconsin-Whitewater.

Executive Initiatives

Regulatory Developments and Trends

The insurance industry is a major factor in Wisconsin's economic growth and prosperity. There are 261 insurers domiciled in the state of Wisconsin. Those companies write annual business of \$59 billion nationally, ranking Wisconsin-domiciled insurers 7th in the nation. Companies of various sizes sell a vast array of products. Many national industry leaders are located throughout Wisconsin. Wisconsin is home to leaders in credit unions, churches, jewelry stores, whole life, fraternal and mortgage insurance. The Office of the Commissioner of Insurance (OCI) is responsible for regulation of all aspects of the insurance industry in Wisconsin.

In regulating the private insurance market in Wisconsin, OCI's major accomplishments in 2005 include:

- Licensing of over 100,000 agents and companies.
- Examining the finances of 50 companies, analyzing over 1,850 financial statements and examining the market conduct practices of 6 companies.
- Responding to 35,000 consumer inquiries, over 8,000 formal complaints and recovering almost \$3.4 million for policyholders.

Educating and Informing the Insurance Consumer

Wisconsin families continue to be challenged by the evolving and increasingly complex range of choices which they must make within the financial services markets. Strengthening Wisconsin's financial future and creating financially literate consumers are fundamental to a growing economy.

In 2005 Governor Jim Doyle signed an Executive Order that created the Governor's Council on Financial Literacy. Council members include state agency heads, as well as representatives of private foundations, unions, and other individuals and organizations involved with financial education and literacy. The Council is part of a proactive approach to improving financial literacy in Wisconsin and making the state the recognized national leader when it comes to promoting financial literacy.

As the number of Spanish-speaking residents in Wisconsin increases, OCI continues to develop tools to assist consumers by making more resources available in Spanish. In recognition of the state's changing

population, OCI has created a special section of the agency's Web site that offers many of our consumer information materials in Spanish. We have also recently developed a Spanish version of our complaint form and are seeing about 50 hits per month on the Web site version of the form.

Market Developments and Enhancements

The marketplace is generally the best regulator of insurance-related activity. A strong and reasonable market regulation program allows regulators to respond and act appropriately to change company behavior. In 2005 OCI was involved in a number of market regulation activities including:

- Participating in the Market Conduct Annual Statement Project, collecting and analyzing data on claims and underwriting in life, homeowner's and auto insurance and working with the other states to use the data as part of the market analysis program.
- Tripling the number of companies reviewed as part of the national market analysis program, participating in more detailed reviews that resulted in reviews of companies representing 85% of the market for five key lines of business, and coordinating with other states to identify companies for further action.
- Continuing to improve the market conduct examination program by working with other states through the NAIC Market Analysis Working Group and the Uniformity Working Group to develop standards for core competencies, coordinate examinations, improve uniformity in the process, and shorten the timelines to complete and adopt examination reports.

Technology Initiatives

The financial services marketplace is changing rapidly and insurance companies need the flexibility to respond to those changes. OCI continues to implement advanced regulatory electronic financial analysis and monitoring tools as well as a Web-based filing system that allows insurers to file certain documents online and provides OCI with internal electronic document management capabilities. Initiatives in 2005 include:

• Increasing the number of rate and form filings submitted electronically resulting in faster processing

and reduced errors in filing. By the end of 2005, 50% of the filings each month were submitted electronically as compared to 40% at the end of 2004.

- Completing of the high-level analysis to convert a number of Web forms used for capturing information from insurance entities.
- Beginning preparation for the migration of our primary insurance regulatory software system to a Web-based application.
- Beginning work on a Web application to provide the public with access to documents for approved rate and policy form filings.

Just as other technological developments have done in the past, the Internet has become a standard tool for communication, sharing information, learning, and capturing information. We are increasingly utilizing our Web site to provide useful information for consumers, insurance agents and companies. Statistics for 2005 show a continued steady upward trend in access to our information via our Web services. The number of distinct visitors to our Web site totaled 148,000 in 2003, 173,458 in 2004 and 185,730 in 2005.

We frequently reassess the value of the information provided on our site and strive to assure fresh content consistent with current issues. In 2005, 165 new Web pages were added and 879 existing pages were updated.

Enhancing Insurance Professionals

As part of its mission to foster a competitive marketbased economy, OCI has been involved in a number of efforts to enhance the ability of insurance professionals to efficiently and fairly provide a range of business services. Among them are:

 Began the sixth continuing education biennial reporting period for agents. Continuing education provides an opportunity for agents to receive information on current issues so that they are knowledgeable about industry standards, as well as emerging trends.

- Continued involvement with the NAIC in the enhancement of the National Insurance Producer Registry (NIPR). The database is speeding up and simplifying the licensing process and provides benefits to both regulators and industry. Wisconsin participated as a pilot state for the project.
- Continued participation in the NAIC's Producer Working Group. The goal of this committee, comprised of state regulators and industry representatives, is to improve the effectiveness and efficiency of the state licensing process and resulting uniformity through increased coordination, automaton, standardization, and reciprocity.

Emerging Trends

Wisconsin consumers require a financially sound and secure insurance marketplace that offers a variety of products and services. It is imperative that as the industry grows, our ability to regulate the industry keeps up with that growth.

The state of insurance regulation is at a critical juncture. Congress is considering proposals to diminish or eliminate state regulation of the insurance industry. There is no regulatory system more responsive to the needs of consumers, agents, and insurers than the state-based system. The system of state insurance supervision has worked well for nearly 150 years.

OCI plans to continue its active participation in the NAIC's ongoing and ambitious agenda to modernize state regulation by providing regulation that balances vigorous consumer protection with dynamic business competition to provide a healthy marketplace for consumers. Protecting consumers is the hallmark of state insurance regulation.

State-based insurance regulation in this country has evolved through the cooperative efforts of the states and coordinated activities not only of the NAIC, but also of the other groups such as the National Governor's Association (NGA) and the National Conference of Insurance Legislators (NCOIL). These coordinated efforts give states the resources to regulate the business of insurance efficiently and fairly.

Legislation

During 2005, Governor Doyle signed legislation that affects the business of insurance in Wisconsin. Legislative materials may be obtained from the Revisor of Statutes, 131 West Wilson Street, Suite 800, Madison, WI 53703-3233, or by calling (608) 266-2011.

Legislative material also can be found on the Internet at http://www.legis.state.wi.us.

The list of Wisconsin laws follows:

2005 Wisconsin Act 30—Health Benefit Purchasing Cooperatives

Section 185.99 (2) (a), (5) (title) and (6), Wis. Stat. (See http://www.legis.state.wi.us/2005/data/acts/05Act30.pdf)

Removes the statutory limitation of one Health Benefit Purchasing Cooperative that may be organized in each geographic area designated by the Commissioner. Also removes the statutory limitation that the Commissioner may only designate five geographic areas in which Health Benefit Purchasing Cooperatives may be organized. Also removes the requirement that Health Benefit Purchasing Cooperatives must be organized before January 1, 2008.

Effective August 30, 2005

2005 Wisconsin Act 36—Provider Organizations Subject to Health Care Liability Requirements

Sections 655.001 (7t), 655.002 (1) (em), 655.005 (2t), 655.23 (5m) and 655.27 (3) (a) 4, Wis. Stat. (See http://www.legis.state.wi.us/2005/data/acts/05Act36.pdf)

Amends statutes to include any organization or enterprise (other than a partnership or professional service corporation, which was already covered under prior law) that is organized and operated in Wisconsin for the primary purpose of providing the medical services of physicians and nurse anesthetists as a health care provider required to carry medical malpractice coverage with certain liability limits and to pay assessments into the Injured Patients and Families Compensation Fund (IPFCF).

Effective August 30, 2005

Initial Applicability: The Act's provisions apply to: (a) policies issued or renewed on or after August 30, 2005; (b) policies that are in effect on August 30, 2005, that comply with ch. 655, Wis. Stat. (relating to health care liability and the IPFCF), as affected by the Act, and that cover organizations or enterprises that comply with ch. 655, as affected by the Act; (c) claims made under policies issued or renewed on or after August 30, 2005; and (d) claims made under policies that are in effect on

August 30, 2005, that comply with ch. 655, as affected by the Act, and that cover organizations or enterprises that comply with ch. 655, as affected by the Act.

2005 Wisconsin Act 51—Graduate Medical Education Program Participation Under the Injured Patients and Families Compensation Fund

Sections 655.001 (7m) and 655.002 (2) (c), Wis. Stat. (See http://www.legis.state.wi.us/2005/data/acts/05Act51.pdf)

Creates a definition for a graduate medical education program and provides that a graduate medical education program may elect to be subject to the statutory health care liability insurance requirements.

Effective December 17, 2005

2005 Wisconsin Act 66—Membership in the Group Insurance Board

Section 15.165 (2), Wis. Stat.

(See http://www.legis.state.wi.us/2005/data/acts/05Act66.pdf)

Increases the size of the Group Insurance Board by one member and requires that one member of the Board must be a chief executive or a member of a governing body of a local unit of government that is a participating employer in the Wisconsin Retirement System.

Effective January 6, 2006

2005 Wisconsin Act 74—Health Insurance Risk Sharing Plan (HIRSP)

Generally Chapters 1, 13, 16, 20, 25, 70, 71, 76, 77, 101, 149, 230, 601, 613, 632, and 895, Wis. Stat. (See http://www.legis.state.wi.us/2005/data/acts/05Act74.pdf)

Creates the HIRSP Authority to administer the Health Insurance Risk Sharing Plan. Establishes HIRSP Authority Board of Directors and membership. Amends eligibility provisions for HIRSP. Permits changes to HIRSP benefits. Gives OCI certain HIRSP policy approval authority. Repeals reduced deductible subsidy amounts. HIRSP Authority must establish and provide deductible subsidies. Changes to payment of plan costs formula and use of available federal funds. Requires the HIRSP Authority to create and administer a qualified health plan under the Trade Adjustment Assistance Reform Act. Creates an income and franchise tax credit and license fee credit for insurers that pay assessments into HIRSP.

Effective January 7, 2006 (HIRSP Authority created); July 1, 2006 (Administration of HIRSP administration transferred to HIRSP Authority); January 1, 2007 (HIRSP plan design provisions).

Administrative Rules

In 2005, OCI promulgated the following changes in the Wisconsin Administrative Code:

Ins 3.09 (19) and (21)—Relating to Mortgage Guaranty Insurance

Under current rules a mortgage guaranty insurer may not directly or indirectly issue coverage for mortgages originated by an affiliate, unless the insurer is no more than 50% owned or controlled by the affiliate. The rule would permit the insurer to issue coverage for mortgages originated by the affiliate but only subject to the same underwriting standards as are applied to nonaffiliates. The rule requires the insurer to annually file an officer's certification of compliance.

Effective January 1, 2006

Ins 3.39—Relating to Medicare Supplement, Replacement, Cost, Select, and Medicare Advantage

The proposed rule implements modifications required by the NAIC Medicare Supplement Insurance Minimum Standards Model Act. The rule broadens and clarifies guarantee issue rights for persons who are also Medicaid eligible or who are or were insured by an employer-sponsored health insurance plan. The Medicare Prescription Drug, Improvement and Modernization Act (MMA) of 2003 also created Medicare Part D for outpatient prescription drug coverage and requires the states to mandate modifications in Medicare supplement and Medicare replacement policies to ensure that benefits are not duplicated. The rule preserves the regulatory oversight of products primarily sold to Wisconsin seniors and maintains rigorous standards for disclosure benefits, consumer rights and marketing practices.

Medigap policies are policies purchased by Medicare beneficiaries to cover Medicare deductibles, coinsurance and selected services that Medicare does not cover. Medicare establishes eligibility rules, benefits and coverage limits. The proposed rule incorporates the NAIC Model Act into Wisconsin's current Medicare supplement and Medicare replacement rules. In compliance with the MMA, the rule proposes to create two cost-sharing Medicare supplement policies and two cost-sharing Medicare select policies and rename Medicare + Choice to Medicare Advantage. As a result of the additional new cost-sharing plans, the existing Medicare supplement insurance high deductible plan and high deductible drug plan will no longer be permitted to be sold after December 31, 2005. The rule revises the

standards for Medicare supplement and Medicare replacement plans to eliminate outpatient prescription drug coverage for those who enroll in Medicare Part D and prohibits the sale of outpatient prescription drug coverage in Medigap policies after December 31, 2005, when Medicare Part D comes into effect.

The proposed rule allows individuals currently covered by Medicare supplement and Medicare replacement policies that provide outpatient prescription drug coverage the opportunity to maintain their current coverage. However, the federal MMA states that insured individuals who choose to maintain existing coverage with the drug benefit will be subject to a penalty if they decide to apply for Medicare Part D coverage after January 1, 2006. This modification is significant as current Wisconsin regulation requires Medicare supplement and Medicare replacement policies to include a catastrophic coverage for 80% of outpatient prescription drug charges that exceed \$6,250 per calendar year and provides that plans may offer an optional outpatient prescription drug rider. The removal of the drug benefit is required so as not to duplicate the benefit offered through the newly created Medicare Part D.

Additionally, Wisconsin issuers of Medicare supplement and Medicare replacement policies are currently required to cover as basic benefits several state mandated benefits including but not limited to diabetic supplies and equipment, skilled nursing home stays, and HIV prescription drugs. In order to comply with MMA, some of these benefits are amended in the proposed rule and the mandate for covering outpatient prescription medications is deleted.

The proposed rule repeals and recreates the requirements for Medicare cost plans due to a change of enforcement position by Centers for Medicare and Medicaid Services (CMS). The proposed rule revises the basic benefit requirements for Medicare cost plans by removing all requirements that would add benefits beyond what is covered by Medicare. Medicare cost plans may continue to offer "enhanced" plans, but most also offer the option of purchasing a Medicare cost "basic" product. The proposed rule clarifies for Medicare supplement, Medicare select and enhanced Medicare cost plans that OCI requires issuers to pay for inpatient hospitalization expenses (under Medicare Part A) at the Medicare reimbursement rate, a change that will limit issuers financial exposure on prolonged hospitalizations. Additionally, the proposed rule clarifies that the skilled nursing home benefit mandated by Wisconsin statute is an additional benefit and that an issuer cannot count as meeting the mandate the co-payment required under Medicare Part B. Rather, the proposed rule clarifies that the Wisconsin mandate is a separate additional benefit to insureds. Other modifications to s. Ins 3.39, Wis. Adm. Code, include the addition of specific reference to Medicare select and Medicare cost plans where appropriate. Due to heightened concern for seniors, the rule also clarifies that it is improper and unnecessary for a senior to have more than one Medicare supplement, Medicare select, Medicare cost or Medicare Advantage plan at any one time.

Finally, the rule includes modifications to several appendices. With the addition of four cost-sharing plans and the change to basic Medicare cost plans, the current outline of coverage contained in Appendix 1 was inadequate to sufficiently and accurately represent the benefits and describe to seniors what the various types of Medicare supplement or Medicare replacement products offer. Although the proposed outlines of coverage are presented now in four subparts, Appendix 1 will provide issuers and consumers clear information and disclosures regarding the products. Five additional appendices—Appendices 3, 4, 5, 6 and 8—are revised to reflect changes in the NAIC Model Act or to reflect current reporting requirements of the commissioner.

Effective July 1, 2005

Ins 5—Relating to Administrative Hearing Procedures

This rule identifies specific sanctions allowed by the statutes and in circuit court and reinforces that they are available for use in administrative proceedings where a party defaults, fails to comply with a subpoena or fails to comply with discovery orders. Those additional sanctions are striking the pleadings, awarding expenses, imposing a forfeiture and any other statutory sanction allowed. Since the existing rule referenced certain penalties and not others, questions were from time to time raised regarding whether other statutory sanctions could be applied. The changes also specifically reference that the Administrative Law Judge (ALJ) may consider and grant orders for summary judgment. The rule sets a standard of "excusable neglect" for a Respondent to obtain relief from their default. The rule specifically lists penalties for failing to comply with discovery orders including striking the pleadings, awarding expenses, ordering a forfeiture on the Respondent, taking the allegations as true without further proof or hearing. Since the state of Wisconsin has sovereign immunity, monetary penalties cannot be imposed against the state. In addition, the current address listed in the rule of OCI is corrected.

Effective June 1, 2005

Ins 14—Relating to Vehicle Protection Plans

This rule implements new statutes regulating vehicle protection product warranties by setting the fees which the statutes required be set by rule by the commissioner. The fees are set at a level to attempt to cover the agency's costs incurred in relation to the review, data storage, monitoring and regulation of these vehicle protection product warranties.

Effective June 1, 2005

Ins 17.01(3) and 17.28 (6) and 17.28 (6s) (c)—Relating to Annual Patients Compensation Fund and Mediation Fund Fees for the Fiscal Year Starting July 1, 2005, and Updating Surcharge Tables

This rule establishes the fees which participating health care providers must pay to the fund for the fiscal year beginning July 1, 2005. These fees represent a 30 % decrease compared with fees paid for the 2004-05 fiscal year. The board approved these fees at its meeting on February 23, 2005, based on the recommendation of the board's actuarial and underwriting committee and reports of the fund's actuaries.

The board is also required to promulgate by rule the annual fees for the operation of the injured patients and families compensation mediation system, based on the recommendation of the director of state courts. This rule implements the funding level recommendation of the board's actuarial and underwriting committee by establishing mediation panel fees for the next fiscal year at \$34.00 for physicians and \$2.00 per occupied bed for hospitals, representing a decrease from 2004-05 fiscal year mediation panel fees.

Effective July 1, 2005

Ins 50.30—Relating to Actuarial Opinion and Summary

Section Ins 50.30, Wis. Adm. Code, currently requires licensed property and casualty insurers, among others, that file a NAIC financial statement to also file an actuarial opinion. Under current law OCI may also ask an insurer to file an actuarial summary, actuarial report and work papers. This rule requires all domestic property and casualty insurers that are required to file an actuarial opinion to also file an actuarial opinion summary, and to prepare an actuarial report and supporting work papers. The rule also notes that OCI, as under current law, may require a licensed nondomestic property and casualty insurer to file a summary, actuarial report and supporting work papers. The rule also notes that OCI may require a domestic property and casualty insurer to file the actuarial report and supporting work papers. The actuarial

summary, actuarial report and supporting work papers support the actuarial opinion, which is a public document; however, the rule notes the required actuarial summary and, if required to be filed, the actuarial report and supporting work papers, with their detailed proprietary information, may be retained as confidential by OCI under s. 601.465, Wis. Stat. The rule is based on the NAIC Property and Casualty Actuarial Opinion Model Law ("NAIC Model").

Effective February 1, 2006

In 2005, OCI had the following emergency rules in effect:

Ins 8.49 Appendix 1—Relating to Small Employer Uniform Employee Application for Group Health Insurance

The federal Medicare program has implemented a new drug benefit program known as Medicare Part D that first becomes effective January 1, 2006, for eligible individuals. Additionally, the federal government has also modified the Health Insurance Portability and Accountability Act (HIPAA) to include the requirement of additional descriptive information for persons who after a qualifying event permits the employee the option of a special enrollment period to understand how to obtain and apply for coverage. The proposed rule incorporates reference of Medicare Part D and amends the notification portion of the uniform application to include the additional information required by HIPAA.

Specifically, the modifications include 3 edits to the small employer uniform application for group health insurance. In section V of the application a sentence has been added in accordance with an amendment to HIPAA that informs an employee how to obtain information on electing health insurance coverage through a special election period due to a qualifying event. This information is to be provided at the time the employee waives the right to obtain health insurance through the small employer. The next two edits occur in section VI of the application to include the option for the applicant to indicate that the employee, dependent or spouse has Medicare Part D and the date the coverage began. These changes comply with the Medicare Prescription Drug, Improvement and Modernization Act (MMA) of 2003.

During the July 2005 meeting of the life and disability advisory council, a motion was passed to request the Office of the Commissioner of Insurance to modify the uniform application to comply with the MMA and HIPAA changes. The proposed rule incorporates the changes requested by the council in accordance with

MMA and HIPAA. Failure to amend the current rule will result in insurers being unable to properly underwrite the small employer group since it would lack Medicare Part D participation information and an employee may not have sufficient information needed to make an appropriate election decision following a qualifying event.

In order to meet the deadlines required by the MMA and HIPAA the Office of the Commissioner of Insurance is promulgating this rule both as an emergency rule and as a permanent rule concurrently. The hearing that is scheduled for November 8, 2005, will meet both hearing requirements within ss. 227.17 and 227.24 (4), Wis. Stat. Effective November 4, 2005

Ins 17.01(3) and 17.28(6)—Relating to Annual Injured Patients and Families Compensation Fund Fees for Fiscal Year Beginning July 1, 2005

This rule establishes the fees which participating health care providers must pay to the fund for the fiscal year beginning July 1, 2005. These fees represent a 30 % decrease compared with fees paid for the 2004-05 fiscal year. The board approved these fees at its meeting on February 23, 2005, based on the recommendation of the board's actuarial and underwriting committee and reports of the fund's actuaries.

The board is also required to promulgate by rule the annual fees for the operation of the injured patients and families compensation mediation system, based on the recommendation of the director of state courts. This rule implements the funding level recommendation of the board's actuarial and underwriting committee by establishing mediation panel fees for the next fiscal year at \$34.00 for physicians and \$2.00 per occupied bed for hospitals, representing a decrease from 2004-05 fiscal year mediation panel fees.

Effective June 27, 2005

Advisory Boards and Councils

Wisconsin law, s. 15.04, Wis. Stat., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Wis. Stat., authorizes the Commissioner to create advisory councils and committees to assist in dealing with regulatory problems. The Commissioner is to provide by rule for the creation, governance, duties, and termination of any council or committee that is established. The expert advice provided the Commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The Commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various councils and boards with which OCI is involved follows:

Group Insurance Board (Board)

Section 15.165 (2), Wis. Stat., created a Group Insurance Board in the Department of Employee Trust Funds. The Commissioner or designee is a member of the Board. The Group Insurance Board is authorized to enter into contracts with insurers to provide group insurance plans or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, and life insurance authorized for state and other public employees under ch. 40, Wis. Stat. The specific powers of the Board are enumerated under s. 40.03 (6), Wis. Stat.

Insurance Security Fund Board (Board)

This Board administers the Insurance Security Fund established by ch. 646, Wis. Stat., to provide a mechanism for protecting insureds in the event of liquidation of insurers and to assess the cost of such protection among insurers. The Commissioner, along with the Attorney General, and the State Treasurer, are members of this Board and serve with ten representatives of insurers appointed by the Commissioner upon consideration of the recommendation of insurance organizations.

Injured Patients and Families Compensation Fund Board (Board)

The Board was created by s. 619.04 (3), Wis. Stat. It is a 13-member Board that consists of 3 insurance industry representatives, a member named by the Wisconsin Academy of Trial Lawyers, a member named by the State Bar Association, 2 members named by the State Medical Society of Wisconsin, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner who serves as the chair. The members as of December 31, 2005, were:

Mark Femal, Public Member
Robert Jaeger, M.D., State Medical Society
James Jansen, Wisconsin Academy of Trial Lawyers
Barbara Kuhl, Public Member
David Maurer, Industry Representative
Paul Mestelle, Industry Representative
Kermit Newcomer, M.D., Public Member
George Quinn, Wisconsin Hospital Association
Joan Schmit, Public Member
Christopher Spencer, Industry Representative
Susan Turney, M.D., State Medical Society
John Walsh, State Bar Association

Wisconsin Retirement Board

The Wisconsin Retirement Board is created in the Department of Employee Trust Funds by s. 15.165 (3) (b), Wis. Stat. It is a nine-member Board. Six members represent employers or employees who participate in the Wisconsin retirement system, one is a participating state employee, one is a public member, and one is the Commissioner or an experienced actuary in OCI. The Board studies and recommends alternative administrative policies, authorizes and terminates disability annuity payments, and considers administrative rules that relate to participants in the retirement system other than teachers.

Council on Fire Service Training Programs

This body, authorized by s. 15.947, Wis. Stat., functions under the State Board of Vocational, Technical and Adult Education, and furnishes advice and guidance to the Board in the establishment and maintenance of training programs in fire prevention and protection. The council is comprised of representatives from the Division of Emergency Government (Bureau of Civil Defense and Disaster Control), the Department of Workforce Development, and OCI, together with six members of fire departments appointed by the Governor for staggered sixyear terms.

Joint Survey Committee on Retirement Systems

This committee performs duties mandated under s. 13.50, Wis. Stat. The committee is comprised of two majority party senators, one minority party senator, two majority party representatives to the assembly, one minority party representative to the assembly, an assistant attorney general, a member of the public selected by the Governor, the Commissioner or a designated experienced actuary in OCI, and the Secretary of the Department of Employee Trust Funds.

This committee evaluates all legislative proposals that would create or modify any system of retirement for public officers or employees. No such bill may be acted upon by the legislature until it has been referred to this committee for preparation of a written report. The report must indicate the probable cost involved, the effect of the proposal upon the actuarial soundness of existing retirement systems, and the desirability of the proposal as a matter of public policy.

Retirement Research Committee

This committee performs duties mandated under s. 13.51, Wis. Stat. Its membership represents employee and employer groups having vested interests in various state retirement programs. The committee has investigatory powers over all state retirement systems for public employees. In addition, it may require any public pension or retirement system to furnish it with periodic financial reports and records. The committee conducts a continuous review of retirement benefits afforded to public employees under the existing state system. It maintains a current reference library of all public employee pension and retirement plans throughout the United States and makes its findings and recommendations available to the Governor and the legislature.

Life and Disability Advisory Council

This council, created by s. Ins 6.79, Wis. Adm. Code, advises the Commissioner on regulatory matters in the areas of life and disability insurance. The council has four insurance company members, two agent members, and three public members. The members during 2005 were:

Russ Cain, Wisconsin Manufacturers & Commerce, Madison

Mary French, French, O'Sheridan & Associates, Madison

Karen E. Geiger, Blue Cross Blue Shield of Wisconsin, Milwaukee

Robert Palmer, Dean Health Plan, Madison

Steve Stribling, Northwestern Mutual Life Ins. Co., Milwaukee

John Sheski, Wisconsin Physicians Service Insurance Corporation, Madison Roberta Riportella, UW Madison, Madison James Sykes, UW Madison Medical School, Madison

Property and Casualty Advisory Council

This council, created by s. Ins 6.79, Wis. Adm. Code, advises the Commissioner on regulatory matters in the areas of property and casualty insurance. The council has four insurance company members, two agent members, and three public members. The members during 2005 were:

James Thomas, Society Insurance a Mutual Company, Fond du Lac, Chair

John Duwell, West Bend Mutual Insurance Company, West Bend

Lemuel Eaton, Metro Milwaukee Fair Housing Council, Milwaukee

Maryelyn Geisler, American Family Mutual Insurance Company, Madison

Mary Kaiser, RJF Agencies Inc., Eau Claire

Brian Peacy, Employers Insurance Company of Wausau, Wausau

Bill Smith, National Federation of Independent Business, Madison

Steve Tauke, Marshall & Ilsey Corporation, Milwaukee

Charles Vang, Charles V. Vang Insurance Agency, Milwaukee

Bulletins to Insurers

January 13, 2005: To all town mutual insurance companies regarding application of s. 612.13 (1m), Wis. Stat., regarding inside directors. This bulletin answers frequently asked questions OCI has received regarding the application of s. 612.13 (1m), Wis. Stat., related to inside directors.

February 4, 2005: To all insurance companies and resident intermediary firms regarding disclosure required by s. 628.32, Wis. Stat. This bulletin is a reminder that an insurance intermediary (insurance agent or broker) who accepts compensation from an insured is required by Wisconsin law to make certain disclosures.

June 28, 2005: To health insurance writers of Medicare supplement, Medicare select, and Medicare cost coverage regarding the Medicare Prescription Drug, Improvement and Modernization Act (MMA) of 2003 and exclusionary riders for outpatient prescription drug benefits. This bulletin applies to all health insurers that have Medicare supplement, Medicare select or Medicare cost coverage in place or that plan to issue or market existing approved policy forms after January 1, 2006. This bulletin describes form filing requirements for riders to Medicare supplement, Medicare select or Medicare cost policies in order to facilitate the policy form and rate approval process.

August 16, 2005: To health writers of Medicare supplement, Medicare cost, and Medicare select coverage regarding amendments to Wisconsin Medicare supplement rule. This bulletin is a brief description of the major changes to Wisconsin's Medicare supplement rule.

September 23, 2005: To insurers writing Medigap policies in Wisconsin regarding creditable and noncreditable coverage notices. The Centers for Medicare and Medicaid Services (CMS) and the National Association of Insurance Commissioners (NAIC) have drafted creditable coverage and non-creditable coverage notices that Medigap insurers are required to provide to their policyholders regarding the outpatient prescription drug coverage included in their policies. Medigap insurers that have policyholders with outpatient prescription drug coverage under existing policies are required to provide notice to these policyholders between September 15 and November 14, 2005, regarding whether the coverage is creditable or non-creditable. The creditable coverage and non-creditable coverage notices are available on CMS's Web site.

September 26, 2005: To all insurers authorized to write credit life and/or credit accident and sickness insurance regarding revised prima facie credit life and credit

accident and sickness insurance rates. Section Ins 3.25 (13) (c), Wis. Adm. Code, provides on or before October 1, 1990, and each three years after that, the commissioner shall give written notice to all authorized insurers specifying the prima facie rates to be effective for the three-year period beginning on the next January 1. The periodic adjustments of the credit life rates are only based on differences in claim costs. The result is a new basic loss ratio that fulfills the presumption that benefits are reasonable to the premiums charged, as required by s. 424.209 (1), Wis. Stat. This bulletin is a written notice of the new basic loss ratio of 42% for credit life insurance and the new prima facie rates for credit life and credit accident and sickness insurance to become effective for the three-year period beginning on January 1, 2006.

November 17, 2005: To life insurers and fraternal benefit societies licensed in Wisconsin regarding filing of the regulatory asset adequacy issues summary. This bulletin discusses the changes to Subchapter V of ch. Ins 50, Wis. Adm. Code, that was amended effective December 31, 2005, resulting in requiring an actuarial opinion based on asset adequacy analysis for all life insurers and fraternal benefit societies (i.e., there are no more exemptions based on size). Pursuant to s. Ins 50.79 (1) (e) and (3), Wis. Adm. Code, insurers licensed in Wisconsin are required to file a Regulatory Asset Adequacy Issues Summary (RAAIS) by March 15. This office will keep the information in the RAAIS confidential as specified in the aforementioned regulation.

December 13, 2005: To property and casualty insurers licensed in Wisconsin regarding filing of the actuarial opinion summary. This bulletin discusses the changes to Subchapter V of ch. Ins 50, Wis. Adm. Code, which was amended effective December 31, 2005. This office has completed a change in s. Ins 50.30, Wis. Adm. Code, which will be published in January 2006. The revised rule will require property and casualty insurers filing the yellow annual statement blank to prepare a document titled, Actuarial Opinion Summary (AOS). The revised regulation will apply to annual statements filed for 2005. The specific requirements for preparing the AOS are included in the National Association of Insurance Commissioners Annual Statement Instructions. Wisconsin-domiciled property and casualty insurers are required to file the AOS with this office by March 15. This office will keep the information in the AOS confidential as specified in the regulation.

Copies of the bulletins are available on OCI's Web site at http://oci.wi.gov/bulletin.htm.

Segregated Funds

54	

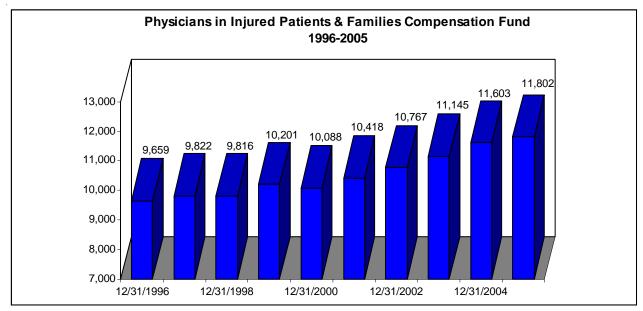

Injured Patients and Families Compensation Fund (Fund)

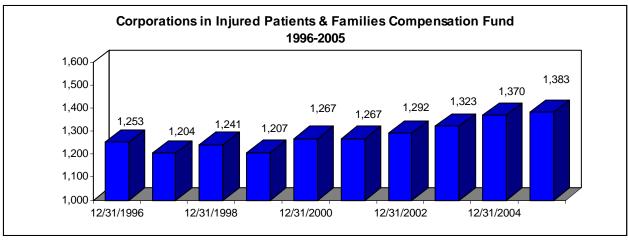

The Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-member Board of Governors (Board) that consists of 3 insurance industry representatives, a member named by the Wisconsin Academy of Trial Lawyers, a member named by the State Bar Association, 2 members named by the State Medical Society of Wisconsin, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner of Insurance who serves as the chair. The Fund's administrative staff is provided by OCI.

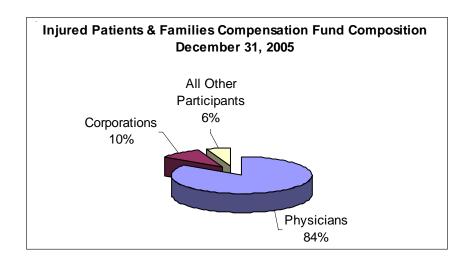

The Board is assisted by an Underwriting and Actuarial Committee, a Legal Committee, a Claims Committee, an Investment/Finance and Audit Committee, a Risk Management Steering Committee, and a Peer Review Council. The Board and its committees meet quarterly.

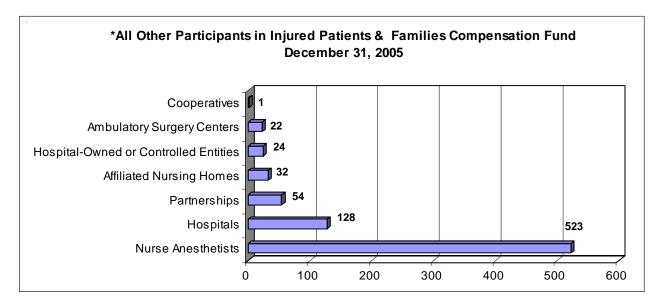

The Fund operates on a fiscal year basis—July 1 through June 30. Administrative costs, operating costs, and claim payments are funded through assessments on participating health care providers.

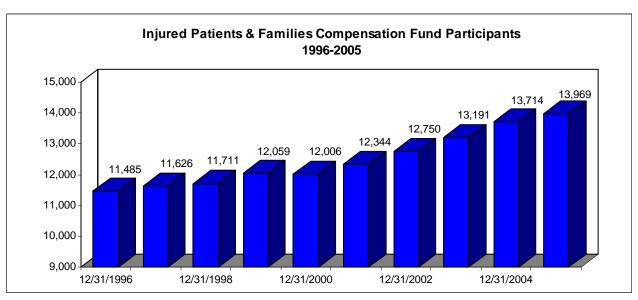

As of December 31, 2005, the vast majority of Fund participants were physicians at 84% with corporations comprising another 10% and the remaining 6% comprised of various other participant types, as illustrated in the charts below. At year-end 2005, Fund participants totaled 13,969 comprised of 11,802 physicians, 1,383 corporations, 523 nurse anesthetists, 128 hospitals with 32 affiliated nursing homes, 54 partnerships, 24 hospital-owned or controlled entities, 22 ambulatory surgery centers, and 1 cooperative.

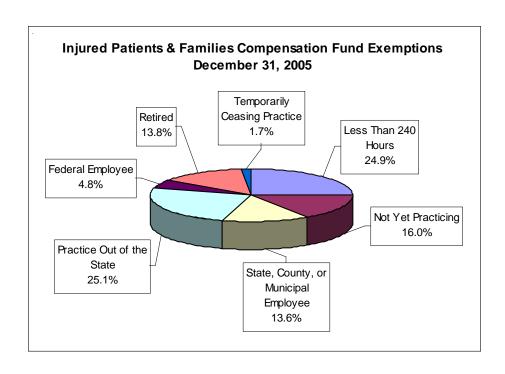

From July 1, 1975, through December 31, 2005, 5,227 claims had been filed in which the Fund was named. During this period, the Fund's total number of paid claims increased to 627, totaling \$596,253,376. Of the total number of claims in which the Fund has been named, 4,373 claims have been closed with no indemnity payment. Of the remaining open claims reported as of December 31, 2005, 34 cases carried aggregate case reserves of \$59,087,852, while 193 cases had no reserves established.

2005 Major Activities

• In July 2005, the Wisconsin Supreme Court issued its ruling in the *Ferdon* case in which the court declared the cap on non-economic damages to be unconstitutional. This decision results in a potentially significant impact financially on the Fund. Due to the long tailed nature of medical malpractice, the actual effects of this decision will not be quantifiable for some time. It is expected that claim payments will increase. This ruling contributed to the Board's decision to increase fees by 25% for the 2006-2007 fiscal year. The effects of this decision will be closely monitored.

- Fund administration, in conjunction with counsel, is also closely monitoring current challenges to the constitutionality of the wrongful death cap. The Supreme Court has accepted a case and oral arguments will take place in April 2006. These caps are currently at \$350,000 for an adult and \$500,000 for a child. In addition, the issue of awarding damages for pain and suffering in addition to damages for wrongful death is on appeal.
- Fund administration closely monitors the use of outside counsel. Pursuant to a court decision in 2000, the Fund hires separate defense counsel on each claim. Fund staff monitors the claims and the use of this outside counsel to ensure that while the Fund receives the necessary representation, that legal fees are controlled.
- Extensive work continued during 2005 to verify and process up-to-date exemption status for providers that held a license to practice in Wisconsin but for which a current exemption or certificate was not on file with the Fund. Providers that remain in noncompliance are referred to their respective licensing boards for enforcement action by that board. As of December 31, 2005, 9,596 providers claimed an exemption from the Fund. The various basis for the exemptions are illustrated in the chart below:

Following are financial statements—statement of net assets and statement of revenues, expenses and changes in Fund equity—for the Fund for the fiscal year ending June 30, 2005. The figures reported are on an unaudited basis.

Local Government Property Insurance Fund (Fund)

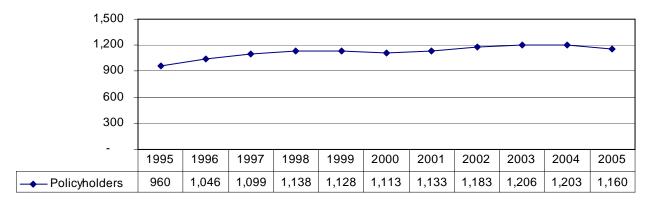

The purpose of the Fund is to make reasonably priced property insurance available for tax-supported local government property such as government buildings, schools, libraries, and motor vehicles. The Fund provides policy and claim service to the policyholders. As of January 1, 2002, the Fund changed the contract administrator to The ASU Group. As a result of this change, the policy and claims administration services office was relocated to Madison, Wisconsin.

During fiscal year 2005 the Fund continued to enhance program and administrative operations relating to its computer system, the role of its advisory committee and claims and underwriting services. Specifically, a major computer system conversion to Windows-based software was completed in 2005. System changes, to date, have improved the collection, analysis and reporting of

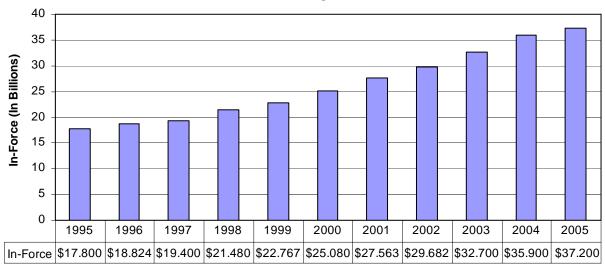

premium and loss financial data which is now being posted on the Fund's enhanced Web page. The Fund's advisory committee, comprised of Fund policyholders, provided input on policyholder matters including ongoing projects relating to a policy rewrite project, an electronic statement of values form, an electronic survey form, a probable maximum loss study and developing a policyholder loss control program.

As of June 30, 2005, the Fund insured 1,160 policyholders: 63 counties, 326 schools, 162 cities, 220 towns, 269 villages, and 120 miscellaneous (libraries, etc.). With new business and terminations, the overall number of policyholders decreased by 43 (-3.6%) since the previous fiscal year-end. Two graphs are included that reflect changes in the Fund's policyholder base and growth in its insurance coverage in force.

Number of Policyholders Fiscal Years 1995 - 2005

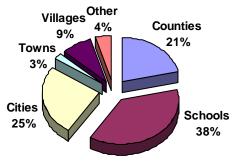

Growth of Coverage In-Force

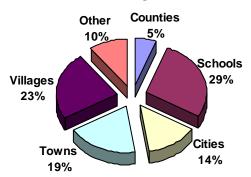

The Fund's insurance in force represents property that is insured against loss. The more property insured, the greater the potential for a loss. The total amount of insurance in force as of June 30, 2005, was \$37.2 billion, up from \$35.9 billion as of the previous fiscal year-end. The Fund's total insurance in force increased \$1.3 billion over the prior year while its surplus (total assets minus total liabilities) increased approximately \$10.3 million over the same time period.

Attached are three pie charts reflecting the premium earned and the percent of policies by type of policyholder entity, and a breakdown of the type of policy purchased. The majority of the Fund's insureds are using the valuation project service that began in 1988. This method of valuing buildings, contents, property in the open and contractor's equipment was developed to promote equity in premiums and the proper reporting of values. Valuation participants not only have broader coverage than those insureds that purchase a coinsurance policy but also enjoy the benefits of automatic computer-generated statements of value. The coinsurance policy requires the insured to establish the insurance value for the property, which caps the maximum recovery in the event of a total loss and can also impose limitations when paying partial losses if the property is not insured to full value.

Percent of Policies by Entity Type Fiscal Year Ending June 30, 2005

The Fund's balance sheet and income statement for the fiscal year ending June 30, 2005, are included with this report. As a result of the rate increases the Fund implemented in 2002 and 2003 and changes in the rating formula, the Fund experienced an underwriting gain of approximately \$9.1 million and a net income of almost \$10.3 million after investment income was taken into consideration.

Effective July 1, 2005, for new or renewal business the Fund adopted rating decreases for the following lines of business:

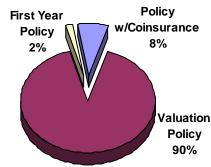

- Monies and Securities Coverage rates were reduced by 13.2%.
- Automobile Physical Damage Coverage rates were reduced by 7.6%.
- Inland Marine rates for "D" (new) or "C" (Coinsurance) policies were reduced by 12.9%. The Fund's Valuation "V" policy already includes inland marine coverage at no extra charge.
- Building and contents rates for first year new business were also reduced 50% for townships and 35% for all other entities.

Effective December 1, 2005, for business renewing over the ensuing 12 months:

 For building and contents rates the Fund adopted Insurance Service Office's (ISO) experience loss adjustments projected to result in a 16% overall reduction in the rate, on average.

Fund management will continue to monitor insurance in force, claims trends and Fund surplus when evaluating the Fund's rating structure. Claims costs coupled with higher self-insured Fund reinsurance retention levels and reinsurance premium will continue to be factors considered in the rate-setting analysis.

State Life Insurance Fund (Fund)

The Fund is a segregated fund located within OCI. The Fund offers a maximum of \$10,000 of life insurance to state residents. Operating as a mutual insurance company, the Fund is supervised by the Commissioner.

Section 607.15, Wis. Stat., requires the Fund to distribute annually among the policyholders its net profits and to the extent practicably possible, maintain a ratio of surplus to assets between 7% and 10%. In 2005, a

distribution of \$1.5 million was paid to policyholders in the form of dividends.

Wisconsin is the only state in the nation that offers a life insurance program to residents. All policies issued are participating and there is no marketing of the Fund. The lapse rate on Fund policies is a low .7%. As of December 31, 2005, there were 29,467 policies in force.

Division of Administrative Services

64	

The administrator of the Division of Administrative Services supervises the division and is responsible for the supervision and monitoring of the agency budget, personnel activities, data processing, and general administrative services.

Information Services Section

The Information Services Section provides new applications project management, architecture, design work and programming; network and database operations and security; maintenance support for all in-house computer applications and interfaces for all external applications; hardware and software testing and acquisitions; e-mail account administration and security; and help desk support for desktop and laptop PCs, printers, faxes, scanners and copiers. The section strives for 99.9% uptime of the database and network. Agency telecommunications services are also provided or coordinated through this section.

Applications

On the applications side of the Information Services Section, the following work was accomplished to improve user applications:

- Put out several new builds of the OCI Enterprise system to incorporate periodic improvements in applications such as Complaints and Legal.
- Provided maintenance work for the Injured Patients and Families Compensation Fund system, such as: quarterly billing; account maintenance; updating noncompliance letters—both certificate and financial noncompliance, logging and generation process; reports maintenance and updates as requested by users and by specific program updates such as noncompliance letters, fiscal survey, and billing; running payment scripts manually if problems occur during automatic polling; claims maintenance to adjust claim amounts and void claim vouchers as needed; and maintenance to the rate change form for updating time recording for Wausau claims administration users.
- Converted the Service of Process system from a dBase application to an Oracle database application.
- Completed the upgrade for reporting data to the NAIC's Regulatory Information Retrieval System (RIRS) and Complaints Data System (CDS).
- Upgraded an application designed to generate Premium Tax vouchers on the Web.

- Completed the high level analysis to convert a number of Web forms used for capturing information from insurance entities.
- Began working to prepare for the migration of our primary insurance regulatory software system to a Web-based application.
- Worked as part of a team to plan for and conduct a migration of the agency's e-mail system to an enterprise-wide e-mail system administered by the Department of Administration.
- Worked as part of a team to plan for and conduct a migration of selected agency servers to a consolidated server management structure within the Department of Administration.
- Completed the conversion of most officewide templates to a Template Wizard in MS XP.
- Completed an application to record administrative actions from other state agencies.
- Began work on a project to replace aging image capture workstations, which included investigating and purchasing the hardware and software and contracting with a vendor to provide setup and programming support.
- Began work on a Web application to provide the public with access to documents for approved Rate and Policy Form filings.

Technical

On the technical side of the Information Services Section, the following list was accomplished to improve business users' computing environment:

- Migrated from the Hosted Contact Center Suite (HCCS) Automated Call Distribution (ACD) System to the CCAnywhere ACD System to improve handling of large volumes of telephone calls and provide better reports on the calls themselves.
- Upgraded OCI's production database from Oracle version 8.17 to Oracle version 10g.
- Set up a wireless network for use on insurance company exams.

- Worked to set up a location to receive notifications from the NAIC's On-Line Fraud Reporting System.
- Redesigned the LAN Access Form and process for giving employees rights within the LAN.
- Upgraded our Integrated Development Environments (IDEs) from JBuilder X to JBuilder 2005.
- Upgraded certain monitors to flat screen monitors.

Management

On the management side of the Information Services Section, the following list was accomplished to improve overall program management:

- Completed DOA/DET surveys on the OCI server environment, e-mail set-up and IT asset management.
- Implemented a system for developer time reporting as a project planning and budgeting tool.
- Implemented MS Project Professional software and MS Project Server to provide a better framework and reporting tool for managing our portfolio of IT projects.
- Completed NAIC technology surveys including a survey on the status of the state's technology environments.
- Began work to update the agency's disaster recovery plan.
- Prepared a checklist of disaster readiness for vendors who provide processing services on behalf of OCI.

Services Section

The Staff Services Section provides basic and essential office services including records management, forms management, mail services, walk-in and telephone reception, Web site maintenance and management, service of process, and general office support.

Records Management

The records manager is a liaison to agency business areas for issues involving records in all media, and the position is a liaison to outside agencies including the State Historical Society, the Department of Administration's Records Management Section, the Division of Enterprise Technology, and on cross-agency teams resolving records issues. The records manager attends meetings of the State Web Administrator's Group and becomes involved in special tasks, especially interagency, when appropriate. The records manager is also part of agency committees and workgroups, including the Information Technology (IT) Strategic Planning Committee.

Responses to open records requests for information are tracked closely by the records coordinator. The office expends great effort to respond quickly and efficiently to the many public requests we receive. Records are provided to requesters via numerous formats: paper, microfilm, and electronic. Records requests are significant (mostly from industry) and generate just under \$34,000 in revenue from copies made.

The records manager works closely with enterprise and agency IT staff in resolving records in digital format issues. Records life-cycle concerns are addressed to protect records assets according to appropriate agency, public, and legal needs.

Effective records management practices allow us to better serve the insurance industry and the general public, as well as our staff. Through operation of our Central Files Section, the records coordinator makes public records available. Examples of these records include:

- Insurance company rates, approved policy forms, articles and bylaws, biographical sketches of officers and directors, financial examination reports, holding company registrations, contracts, correspondence, and financial statements.
- Consumer complaint information (closed files only).

Forms Management

The office is required by statute to administer and maintain a Forms Management program. All office forms and brochures, regardless of format or method of delivery, are reviewed for statutory requirements and agency standards. An inventory and history file is kept for each form, brochure, and special report. This material is composed using a variety of specialized tools and is then distributed and made available via digital and paper means. The forms manager is a liaison with office staff, the agency Printing Coordinator, and other state agencies.

Publications Distribution

Also available through Staff Services are publications with helpful information for people shopping for insurance. Titles in greatest demand include:

Via the Web:

- Medicare Supplement Insurance Approved Policies
- Consumer's Guide to Insurance for Small Business Owners
- Wisconsin Guide to Health Insurance for People with Medicare
- ANSI Claim Adjustment Reason Codes
- Health Insurance for Small Employers and Their Employees

While publications access is increasingly more popular via direct access on our Web site (oci.wi.gov), some constituents still require or desire hard copy publications. Hard copies are requested in person, over the telephone, via e-mail to publications@oci.state. wi.us, and via an on-line publications order form. Web delivery is rapidly growing as constituents find that the most current information that they seek is readily available.

Mail Service

By offering centralized mail service to the agency, staff provides an essential office function. Mail center staff handles all incoming mail for the entire agency. The process involves receiving, opening, determining appropriate business area for response, date stamping, and sorting to mailboxes. The mail center is also a central area where package deliveries are accepted and announced, and agency storage for publications and other program area supplies are handled. Mail center staff accumulates agency-wide outgoing mail in this area and prepares it for pick-up as well.

Reception Service

Our receptionists are the first people visitors to the agency meet. These individuals greet all comers to our office and assist them in their business needs. The receptionists also take incoming telephone calls to the central switchboard, determine the needs of the callers, and transfer calls appropriately. When callers encounter problems or have special needs they easily return to our main reception area where they are treated to personalized assistance. Our goal is always to find the most appropriate agency staff person to provide direct assistance. The reception staff also has other responsibilities that complement their reception duties. Scheduling, publications request fulfillment, and outgoing certified mail preparation are among the many other tasks handled here.

Web Service

The OCI internal and external Web sites are managed within Staff Services. In coordination with other agency staff, via the OCI Web Committee, and with significant involvement with other state agency Web efforts (participation on various inter-agency Web subcommittees), we focus on providing information useful to our audiences 24 hours a day and finding new methods to provide greater content. We frequently reassess the value of the information provided on our sites and strive to assure fresh content consistent with current issues. There were 165 new Web pages added in 2005. Another 879 existing pages were updated.

We take great care with how we utilize the Web to provide information to our constituents. A Web service is not unlike direct telephone, postal mail, or even face-to-face contact. Management of that interface requires constant attention to assure our Web visitors can readily find what they need.

2005 Statistics

Statistics for 2005 show an overall increase in the provision of service or information with a larger part of that being fulfilled by Web services. The changing mix allows Staff Services to continue to produce high-quality results for internal and external customers. There is a continued steady upward trend in access to our information via our Web services. Our Web's "distinct hosts served," an approximate measure of the number of distinct visitors to our Web site, totaled 148,000 in 2003, 173,458 in 2004, and 185,730 in 2005. Our publications viewed via the Web continues to rise yet paper copies continue to be available.

Business Services Section

Business Services staff provide accounts receivables, cashiering service, processing of vouchers for accounts payable, biennial and operating budget preparation, including monitoring, analysis and projections, and recording, analysis and reporting of all agency revenues and expenditures. Business Services staff also process all agency requests for printing, furniture, office supplies and contracts for services according to state procurement requirements with the intent of providing a most effective working environment for all agency staff. Additionally, the Business Services Section, with the cooperation of building management, strives to achieve physical accommodations for maximum comfort, security, and safety, for staff and visitors alike.

Some of the accomplishments of the Business Services Section during the past year include:

- Processed 133 purchase orders, including 51 contract print purchase orders.
- Contracted for services worth \$7,800,000.
- Under a new state contract, 82 additional new credit cards were issued to staff for travel. This was done to fulfill the mandate from the Department of Administration that determined all hotel and airline travel be purchased using the state Visa card. Also under the new credit card contract, all administration of the program is done on-line (i.e., processing new applications, terminations and bi-weekly reports run for audit purposes) by the OCI program administrator.
- Processed and deposited approximately \$18 million in checks and cash.
- Performed preaudits and approved approximately 6,000 agency vendor payment vouchers.
- Reviewed and processed 394 travel reimbursements.
- Calculated and issued 179 company exam assessment bills.
- Generated and mailed monthly late invoice payment notices to ensure timely collection of receivables.
- Prepared monthly reports on cash receipts, state and county sales tax filings, premium tax collections, and overdue accounts receivables.

- Completed GAAP financial statements for General Fund and Liquidation Accounts.
- Continued to act as liaison with the Department of Administration regarding its Fleet Driver Policies and Fleet Management Policies.
- Implemented the Department of Administration Enterprise Travel Program.
- Continued to monitor and update agency's internal control plan.
- Served as subject matter experts on the finance, purchasing and budget committees for the Integrated Business Information Systems (IBIS) and the implementation of the State's new Enterprise Resource Planning (ERP) system.
- Implemented a series of budget and position transactions needed to reflect administrative requirements in 2005 Wisconsin Act 25 (the biennial budget bill).
- In conjunction with the Department of Health and Family Services, continued enhancing an Administrative Rules Web site that has been called "one of the nation's most advanced Internet applications for public policy-making."
- Began updating the agency's Continuity of Operations Plan/Continuity of Government Plan to guide agency business resumption activities in the event a disaster interrupts business operations.
- Updated the Business Services Section resource and reference page on the agency's Intranet.
- Provided technical budget assistance and guidance to OCI managers and staff.
- Purchased ergonomically correct, adjustable task chairs for each workstation in need of updating.
- Provided personalized ergonomic assessments to employees responding to an offer to conduct such assessments. Followed up by purchasing ergonomic equipment and arranging for other adaptations to maximize operational comfort of employees.

Human Resources Section

The Human Resources Section is responsible for providing leadership and services to achieve a quality workforce to support the mission of the agency. The Human Resources Section provides support in the recruitment, hiring and retention of a skilled, committed and diverse workforce needed to provide high-quality services to Wisconsin citizens. The function of the Human Resources Section encompasses recruitment, classification, compensation, payroll, benefits, employee education and training.

2005 Major Accomplishments

- During this time period, 9 permanent hiring transactions were made and 7 reclassifications were considered.
- Coordinated transition efforts related to the ACE initiative.
- Seven individuals were put At-Risk due to budget changes. Three found employment outside the agency. Efforts to assist the remaining four individuals continues.
- Assisted in the development of a reorganization plan for the agency.

- Participated in COOP/COG efforts.
- Coordinated efforts to address recruitment issues relating to bilingual needs within the agency.
- Participated on statewide Workforce Planning task force efforts.
- Continued the agency's ongoing supported work efforts by renewing the employment of disabled individuals through the organization Community Work Services, Inc.
- Conducted/coordinated a number of training and information sessions including:
 - 1. Microsoft Project Server:
 - Web Access for Team Members
 - Using Microsoft Project Server for Project Managers & Resource Managers
 - Plan, Deploy & Manage an Enterprise Project Management Solution
 - Microsoft Project
 - 2. Requirements Management With Use Cases
 - 3. Red Cross CPR/AED/First Aid (Spring & Fall)

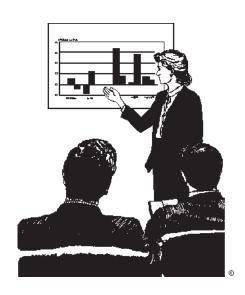

Alternative Work Patterns

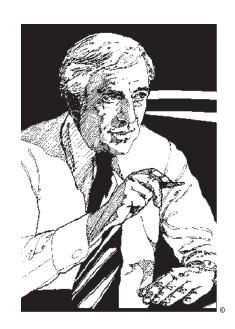

OCI is cognizant of the need to offer a flexible work environment in order to maximize the employment options available to existing and potential state employees and to meet the needs of our constituents. OCI encourages the utilization of alternative work patterns such as flex time, part-time, and shared-time schedules to increase productivity, extend services, reduce absenteeism, improve employee morale, allow for employee development, and maximize energy conservation through ridesharing and use of mass transit systems. Currently our staff includes two job-share arrangements and four

part-time permanent employees. Ninety-one percent of the agency's staff has some form of nonstandard work schedule. The agency also reviews requests, on a case-by-case basis, from staff who wish to temporarily work from their home. The agency recognizes that alternative work pattern schedules may provide opportunities for individuals to productively utilize their skills, talents, and abilities. It recognizes that a traditional, full-time, work schedule may not meet the needs of individuals whom, due to age, health, or family circumstances, find such a schedule in conflict with responsibilities outside of work.

Division of Regulation and Enforcement

The Division of Regulation and Enforcement, through its Bureau of Financial Analysis and Examinations and Bureau of Market Regulation, and in conjunction with the office's Legal Unit, is responsible for enforcing the state's insurance laws. In addition, the Division has primary responsibility in developing and maintaining the office's consumer publications and providing information and material to the office's Web site. In compliance with s. 601.01(5), Wis. Stat., the Division works with other state and federal regulatory agencies in carrying out the purposes of the Wisconsin insurance laws and the mission of the office.

Bureau of Financial Analysis and Examinations (Bureau)

The principal function of the Bureau of Financial Analysis and Examinations is to monitor the financial condition of all insurers licensed to do business in Wisconsin and determine whether their financial condition meets the minimum requirements for continued operation in Wisconsin. Monitoring includes the examination of the accounts and records of insurance companies organized under Wisconsin law and the analysis of financial statements of all insurers licensed to do business in the State of Wisconsin, the review of CPA audit reports, and updates to the company profile database.

The Bureau maintains and reviews holding company filings required by ch. Ins 40, Wis. Adm. Code, reviews financial reports for surplus lines insurers, administers insurer applications for admission to Wisconsin, and processes merger and acquisition plans. The Bureau also collects and processes all premium taxes submitted by insurers.

2005 Major Accomplishments

- Examined 50 domestic insurers.
- Analyzed the financial statements of over 1,850 insurers.
- Licensed 7 domestic insurers, 30 nondomestic insurers, 9 gift annuities, 4 motor clubs, and 7 warranty plans; dissolved 1 domestic and 1 nondomestic insurer, and permitted 8 licensed entities to withdraw from Wisconsin.
- Reviewed and amended the Wisconsin certificate of authority for 4 nondomestic insurers that converted from mutual to stock form.
- Reviewed changes of control of 7 domestic insurers, pursuant to holding company regulations.
- Reviewed and approved 7 mergers involving domestic insurers.

- Approved 4 changes of domicile into Wisconsin including Liberty Mutual Fire Ins. Co., a multibillion dollar insurer formerly domiciled in Massachusetts, and 1 change of domicile out of Wisconsin.
- Reviewed and enhanced the procedures for financial analysis and monitoring of licensed insurers.
- Continued the development of a process for insurance companies to file Wisconsin-specific forms electronically with OCI.
- Continued the development of automated applications used in financial analysis and examinations.
- Continued the development of insurer financial and demographic data on the OCI Internet Web site.
- Continued participation in OCI Information Technology Planning and Standards Committee charged with the development of comprehensive plans and standards for the agency and bureau.
- Continued the reengineering of OCI's financial database and applications (with Information Services Section).
- Participated in the office's Web Committee in order to continually update the office's Web site pertaining to Bureau processes and procedures.
- Participated in NAIC task forces and working groups, including: Financial Condition (E) Committee, Accounting Practices and Procedures Task Force, Examination Oversight Task Force, Capital Adequacy Task Force, Analyst Team System Oversight, Audit Software, Emerging Accounting Issues, Financial Analysis Handbook (Chair), Financial Analysis Working Group, Financial Analysis Research and Development (Chair), Financial Examiners Handbook, Insurance Holding Company, International Accounting Standards, National Treatment, Property and Casualty Reinsurance, Risk Based Capital Ad Hoc, Statutory Accounting Principles, and Risk Assessment.

Companies in Liquidation

American Star Insurance Company, In Liquidation

American Star Insurance Company was placed into liquidation on November 16, 1992. Matthew C. Mandt is appointed as special deputy liquidator.

American Star is headquartered in Lafayette, California, and had business in force mainly in Arizona, California, Idaho, Nevada, Oregon, and Washington state. There was no business in force in Wisconsin. American Star wrote commercial multi-peril, property, auto, liability, and surety business.

American Star filed a September 30, 1992, quarterly financial statement indicating capital and surplus of approximately \$5.5 million. A preliminary review of American Star's reserves for losses and loss adjustment expenses showed them to be deficient by about \$15.9 million, implying a negative net worth of about \$10.4 million. Furthermore, American Star had not obtained reinsurance coverage for policies it had written or renewed for December 1, 1992. Due to the foregoing factors, further transaction of business was hazardous to its policyholders and the general public, and American Star's owners consented to the liquidation.

Under the liquidation order, policies in force were terminated the earliest of: December 1, 1992, the date the policy expired, or the date new coverage was obtained by the agent. Certain guaranty funds extended the period of coverage for residents of their respective states, if such extension was required by law or administrative action. Ancillary liquidation proceedings were established in California, Idaho, Oregon, and New Mexico, and all have now been closed. The California ancillary liquidation proceeding was reopened on March 30, 2001, to allow a distribution of Proposition 103 rebates to California policyholders in the amount of \$1,750,000, but has since been closed. The Proposition 103 settlement was substantially below the \$10,362,838 reserved as of December 31, 1999.

At least 64,511 notices were mailed to agents, policyholders, state insurance commissioners, guaranty funds, claimants, former policyholders, and other parties whose interests may in some way be affected by the liquidation. The deadline for filing claims with the liquidator was November 16, 1993. Unexcused late filings will not be considered for payment.

On January 28, 1994, the liquidation court approved a plan to provide state guaranty funds with \$20,000,000

in early access payments to be used for the return of unexpired premiums to policyholders and payment of claims. Early access payments were made during 1994 after each participating guaranty fund gave its written assent to the terms of the plan. Altogether the estate has advanced \$34,256,799.62 to participating guaranty funds under four early access agreements, of which \$29,403,159.43 has been converted into nonrefundable dividends.

The liquidation court has approved additional dividends, over and above the foregoing \$29,403,159.43, for full or partial payment of various class 1, 3, 4, 5, and 7 claims filed with state guaranty funds and directly with the estate, as recommended by the liquidator. Such additional dividends aggregated to \$13,480,227.09 as of December 31, 2005.

On December 3, 2003, the estate made a distribution of \$11,606,892.07, representing full payment of principal and interest on the Class 10 surplus note claim.

In order to effectuate an orderly and timely closure of the estate, while respecting the rights and interests of all classes of claimants, the Liquidator published a general notice of intent to close the estate in newspapers of wide circulation within each of the states in which American Star was licensed at the time of its being placed into liquidation. In addition, individual written notice was sent to each claimant and/or claimant's attorney identified by the claims analysis project as having a reasonable potential for loss or loss adjustment expense exposure when the estate could locate contact information for such individuals. Claimants had 60 days, which was until December 5, 2005, to inform the estate of any claims or be forever barred, subject to the jurisdiction of and right of appeal to the Liquidation Court.

Due to the absence of any valid new claim being reported as a result of the individual and published notices of the Liquidator's intent to close the estate and the paucity of claim activity in recent years, the Liquidator is taking measures to close the estate.

As of December 31, 2005, the estate reported assets of \$31,017,888. Claims in classes 1 through 10 were estimated at \$19,649,291, resulting in an estimated surplus of \$11,368,596.

Family Health Plan Cooperative, In Liquidation

Family Health Plan Cooperative was placed into liquidation on October 16, 2000. Matthew C. Mandt was appointed as special deputy liquidator.

Family Health Plan was headquartered in Brookfield, Wisconsin, and had business in force only in Wisconsin. Family Health Plan wrote health maintenance organization business and had just over 72,000 enrollees.

Under the liquidation order, policies in force were terminated the earliest of November 1, 2000, the date the policy expired, or the date new coverage was obtained by the enrollee. The liquidator assumed an Omnibus Agreement by and among Family Health Plan, Aurora Health Care (Aurora), United Wisconsin Services, Inc. (UWS), and Family Health Systems, Inc. The provisions of the Omnibus Agreement were approved by the court and the liquidator proceeded to:

- Convey the assets of Family Health Plan to Aurora and UWS as set forth in the agreement;
- Assign certain liabilities to Aurora and UWS as set forth in the agreement;
- Retain certain designated excluded liabilities of the estate of Family Health Plan; and
- Establish claims procedures and other liquidation processes.

On October 31, 2000, 6,958 notices were mailed to creditors and other parties whose interests may in some way be affected by the liquidation. The deadline for filing claims with the liquidator was May 1, 2001.

Pre-liquidation claims for benefits under Family Health Plan policies, with the exception of Medicare select policies, were assumed by Compcare Health Services Insurance Corporation. Medicare select policies were assumed by Blue Cross Blue Shield of Wisconsin. Virtually all these claims have been settled.

Fifty-two claims were filed relating to potential liabilities not related to insurance policy benefits. Twenty-two claims were approved by the Court for payment, three claims were approved in part and the remaining claims were denied. Seven claimants filed objections to the Court's denial. One of the denied claims has been settled and the Court has dismissed four other denied claims. Three other actions are currently proceeding outside of the Liquidation Court relating to medical malpractice claims. Hearings will be held to resolve the remaining claims to which objections have been received.

Discussions have been initiated with parties of the Omnibus Agreement to help facilitate the payment of claims. In addition, other potential exposures are being investigated before a final distribution of assets can be made.

Master Plumbers' Limited Mutual Liability Company, In Rehabilitation

Master Plumbers' Limited Mutual Liability Company was placed in rehabilitation on March 29, 1994, by the Circuit Court for Dane County, Wisconsin. Roger A. Peterson succeeded Matthew C. Mandt as Special Deputy Rehabilitator in 2004 with the approval of the court. Society Insurance, a Mutual Company performs claim adjustment and administrative services for the rehabilitator pursuant to a contract approved by the court.

Master Plumbers' issued assessable policies and was licensed only in Wisconsin. The company wrote worker's compensation, other liability, and auto liability coverage

for plumbers. All policies were written on an annual basis with January 1 effective dates.

In December 1993, pursuant to an order issued by the Commissioner, the company levied an assessment upon its policyholders equal to one additional annual premium. Collection of this assessment has been deferred until such time as funds may be needed. To date, it has not been necessary to collect this assessment.

As of December 31, 2005, Master Plumbers' reported assets of \$1,214,520, liabilities of \$786,232, and surplus of \$428,288.

Bureau of Market Regulation (Bureau)

The Bureau of Market Regulation consists of five sections: Complaints and Central Services, Accident and Health Insurance, Health and Life Insurance, Property and Casualty Insurance, and Agent Licensing. Agent licensing activities are described in a separate section.

The Bureau of Market Regulation is responsible for the administration and enforcement of laws and rules relating to all market conduct activities of insurers and agents. In order to complete its duties, the Bureau conducts market analysis and targeted market conduct examinations of insurers in the areas of underwriting and rating; marketing, advertising and sales; claims; and policyholder services and grievances. The Bureau investigated and resolved 8,186 written consumer complaints and inquiries and answered 35,000 telephone inquiries during 2005. The Bureau also processed 3,300 rate and rule filings and approved 5,840 policy form filings during 2005.

During 2005, the Bureau of Market Regulation focused on developing and enhancing the market analysis process, participating in the market conduct annual statement project, completing a detailed analysis of the senior citizen annuity insurance market and assisting consumers in understanding Medicare Part D and its effect on Medicare supplement insurance and the other changes that occurred due to the Medicare Prescription Drug, Improvement and Modernization Act (MMA) of 2003. Bureau staff provided assistance to the legal staff in investigating complaints involving unsuitable sales of annuities to senior citizens.

Market Conduct Annual Statement

The Market Conduct Annual Statement (MCAS) was developed through the National Association of Insurance Commissioners with the input of state regulators and representatives from the industry. It is a permanent project in which 21 states, including Wisconsin, are currently participating. The MCAS is an analysis tool that states can use to review market activity of the entire insurance marketplace in a consistent manner and to identify companies whose practices are outside normal ranges. The project collects data on an industry-wide basis and is comprised of two major components: a Life & Annuity statement and a Property & Casualty statement. The Property & Casualty statement is further divided into two subsections: a Private Passenger Automobile section and a Homeowner's section.

For the 2004 Life & Annuity MCAS, licensed companies with positive subject life premium and/or annuity considerations were required to participate in the project in Wisconsin. A total of 380 companies participated in the project by filing statements with OCI. For the 2004 Property & Casualty MCAS, licensed companies with positive subject homeowner's and/or private passenger automobile premium were required to participate in the project in Wisconsin. A total of 237 companies participated in the project and OCI received 207 private passenger automobile statements and 145 homeowner's statements.

Level 1 Market Analysis

In 2005, Wisconsin conducted analysis on 130 companies for five lines of business:homeowner's, personal auto, group health, individual health and life. The analysis followed a uniform process that included reviews of complaints and information collected in the financial statements and other NAIC databases. Analysts in each state identified companies for further action and recorded the results of the reviews in the NAIC Market Analysis Review System (MARS). The increased focus on market analysis resulted in a nationwide reduction of 18% in the number of market conduct examinations between 2003 and 2005.

2005 Major Accomplishments

- Worked closely with the Wisconsin Medicare Part D
 Task Force to provide technical assistance and resources on the insurance aspects of the changes
 resulting from the MMA of 2003 and the implementation of the Medicare prescription drug plans.
- Tripled the number of companies reviewed as part of the national market analysis program and participated in more detailed reviews that resulted in reviews of companies representing 85% of the market for five key lines of business and coordinated with other states to identify companies for further action.
- Continued to improve the market conduct examination program by working with other states through the NAIC Market Analysis Working Group and the Uniformity Working Group to develop standards for core competencies, coordinate examinations; improve uniformity in the process and shorten the timelines to complete and adopt examination reports.

- Participated in the Market Conduct Annual Statement project, collecting and analyzing data on claims and underwriting in life, homeowner's and auto insurance and working with the other states to use the data as part of the market analysis program.
- Continued to focus on investigating complaints about sales of life insurance and annuities to senior citizens by identifying incoming calls and complaints and referring them to assigned investigators to contact consumers and investigating and preparing actions against insurance agents who were targeting elderly consumers.
- Completed a market analysis project of annuity writers to determine whether companies had developed practices and procedures regarding the sale of annuities to senior citizens.
- Improved the rate and form filing process by updating the property and casualty and health insurance checklists, publishing review standards checklists for life and annuity lines and providing forms and instructions for rate and form filings on the OCI Web site.
- Continued to increase the number of rate and form filings submitted electronically resulting in faster processing and reduced errors in filing. By the end of 2005, 50% of the filings each month were submitted electronically as compared to 40% at the end of 2004.

- Participated in developing administrative rules involving defined network and preferred provider health insurance plans and grievances; Medicare supplement insurance; and the uniform small employer application.
- Continued the urban outreach project by participating as liaison to the Insurance Services Committee of the Neighborhood Housing Services, providing staff to conduct training sessions for consumer groups in cooperation with the Community Insurance Information Center in Milwaukee and facilitated meetings between insurers and consumer groups.
- Participated in the Wisconsin Insurance Plan, the Wisconsin Automobile Insurance Plan meetings; quarterly meetings with the Worker's Compensation Rating Bureau and the Department of Workforce Development; and provided technical assistance to Wisconsin Emergency Management and the Health Insurance Risk-Sharing Plan (HIRSP).
- Served on the following NAIC committees, task forces and working groups: Senior Issues Task Force, Speed to Market Task Force, Operational Efficiencies Working Group, the Interstate Compact National Standards Working Group, the Market Conduct Annual Statement Subgroup, Market Analysis Working Group, Market Conduct Uniformity Working Group, Market Analysis Tools Automation Subgroup, Level 2 Market Analysis Subgroup, and the Producer Licensing Working Group.

Trends in Complaints

OCI received an increased number of complaints and inquiries about Medicare supplement insurance due to the notices required for Medicare Part D implementation. There were also complaints about the marketing of Medicare Advantage plans that included the drug coverage. OCI continued to receive a significant number of complaints from consumers concerned about the high cost of health insurance. Consumers complained about the difficulty of finding affordable health insurance that provided the level of coverage they desired. There were complaints and inquiries about alternatives to health insurance, primarily discount plans that provided little coverage for the consumers who purchased the plans. There were inquiries about high deductible plans including medical savings accounts and health savings accounts. There were also complaints about the increase in the rates for long-term care insurance.

OCI noted significant complaints about the suitability of the sale of life insurance and annuities to senior citizens. Many of these complaints resulted in enforcement actions. There were also complaints about the difficulty in finding some types of property and casualty insurance and improper notices of nonrenewal. In the personal lines area, there were complaints about claims settlement practices and underwriting. Consumers expressed concern about the use of credit information and external sources of information in determining eligibility for insurance.

The following tables summarize the Bureau's complaint data. Table I shows a comparison of complaint activity over the last six years. A complaint is defined as a written expression of dissatisfaction with an insurance company or agent. Complaints may initially be received either in person, by telephone, by e-mail, or in writing. To be considered a formal complaint that initiates an inquiry or investigation, a complaint should be in writing. The data presented is based upon formal complaints.

In addition to the formal complaints, the Bureau also handled over 35,000 general inquiries or requests for information in 2005. Most such inquiries were by telephone, with the remainder being written communications, including e-mail, and "walk-ins."

Table II shows 2004 and 2005 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance. Table III shows the area of insurance operations that generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations.

Table III shows the basis for complaints. Over half the complaints involve claim problems. Policyholder service is the second most common reason for filing a complaint.

Complainants may appeal the results of the Bureau's determination on their complaints when the complaints were not resolved as originally requested. The appeal gives the complainants an opportunity to have their complaints reviewed by the office's management staff or to provide additional information on their complaint to office management. Table V reflects the complaint appeal activity. The low number of complaint appeals makes trend analysis difficult. However, complaint appeals are reviewed by agency management to ensure consumers are provided a complete explanation of the decision surrounding their complaint.

Agent Licensing Section

The Agent Licensing Section conducts licensing examinations for insurance agents; licenses agents, reinsurance intermediaries, managing general agents, certain corporations and firms, employee benefit plan administrators, viatical settlement brokers; and reviews and approves prelicensing and continuing education providers and courses.

During 2005, there were 15,118 tests administered in all lines of insurance to candidates seeking a resident agent license. In all, a total of 20,037 new licenses were issued to resident and nonresident agent candidates.

As of December 31, 2005, there were 101,471 licensed insurance agents and 648,422 active appointments by insurance companies authorizing the licensed agents to market their products.

2005 Projects

 Finalizing programming effort with the Wisconsin Department of Justice to create an electronic interface to automatically receive background information checks on all resident applicants. Once completed, this enterprise initiative will be available for use by all state agencies.

- The sixth continuing education biennial reporting period for agents began January 1, 2005. Promissor, Inc., continues to administer the entire program, which includes provider, instructor, and course approval, as well as course tracking. To satisfy the biennial requirements, agents affected needed to earn 24 credit hours by February 15, 2007.
- Continued involvement with the NAIC in the enhancement of the National Insurance Producer Registry (NIPR). The database is speeding up and simplifying the licensing process and provides benefits to both regulators and industry. Wisconsin participated as a pilot state for the project, and provides daily updates to the database along with all other states.
- Continued participation in the NAIC's Producer Working Group. The goal of this committee, comprised of state regulators and industry representatives, is to improve the effectiveness and efficiency of the state licensing process and resulting uniformity through increased coordination, automation, standardization, and reciprocity.

Commercial Liability Insurance Reports

Section 601.422, Wis. Stat.

The following tables summarize the reports on commercial liability insurance required by s. 601.422, Wis. Stat., that were received in 2005. All of the information is for commercial liability insurance written in Wisconsin by authorized insurers. The data required by this statute were collected from the following three sources:

- 1. the insurers themselves,
- 2. statistical agents utilized by the insurers, and
- 3. the NAIC database.

Reporting threshholds were established by this office in conjunction with the statistical agents to eliminate insurers who write marginal amounts of insurance.

Tables IA and IB include information required for policy years 2002 and 2003, respectively. Lines one and two were calculated by applying the ratios of investment gain and other expenses to net premium earned for other liability as reported in the Insurance Expense Exhibit to direct premiums earned. The Insurance Expense Exhibit information is on a calendar year basis, therefore the ratios applied represent the average of the two calendar years included in the applicable policy year. The number of policies written, the number of claims closed without payment, and the number of legal actions filed were provided by the insurers. The remaining policy year information was provided by statistical agents.

It should be noted that the liability for claims incurred but not reported (IBNR) is calculated differently depending on the market. In particular, approximations for the IBNR liability for excess and umbrella insurance are based on the general liability expected loss ratio. The long-tailed nature of these two lines can create difficulty when attempting to establish an accurate liability for claims IBNR even after three or four years of development.

As noted previously, much of the data is from individual insurers and the statistical agents they utilize. These reports have been accepted by this office without audit.

Table II summarizes key ratios and averages for supplemental commercial liability data for the most recent five policy years. Several cells in this table are incomplete due to lack of activity for selected categories in certain policy years. Incomplete cells are indicated by an asterisk.

Medical Malpractice Insurance Reports

Section 601.427, Wis. Stat.

The following table summarizes the reports on medical malpractice insurance required by s. 601.427, Wis. Stat., that were received in 2006. All of the information is for medical malpractice insurance written in Wisconsin by authorized insurers. Insurers that wrote less than \$300,000 annually in medical malpractice insurance premiums in Wisconsin were not required to report.

The first three lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next fifteen lines are for the policy years shown by the column headings.

This report includes the experience of the Wisconsin Health Care Liability Insurance Plan. It does not include the experience of the Injured Patients and Families Compensation Fund.

It should be noted that the data are from individual insurer reports and have been accepted by this office without audit. In addition, the data do not separate occurrence policy experience from claims-made policy experience. These two types of policies have different claims payment experience patterns.

This report combines the experience for all physician and surgeon classifications, other health care professionals, hospital, and other health care facilities. The individual classification reports by company, from which the summary table was derived, have been maintained in this office.

Independent Review Process

According to state insurance law, health insurance claimants have a right to an independent review of an adverse determination or an experimental treatment determination by an insurer. These reviews are carried out by Independent Review Organizations (IROs) registered with OCI. Every year, IROs certified to do reviews in Wisconsin are required to submit to OCI a report for the prior calendar year's experience. The independent review process allows a consumer to appeal

some health insurance claims denials to an independent third party. The results from the reports for calendar year 2005 are summarized below.

For more information on the independent review process, see the consumer brochure "Fact Sheet on the Independent Review Process in Wisconsin" available on OCI's Web site at http://oci.wi.gov/pub_list/pi-203.htm.

IRO	Total Received	Total	Number Adverse Determinations		Number Both Adverse Experimental Treatment		Number (%) Partially Reversed	Number (%) Upheld
IPRO	21	4	13	3	1	5	1	11

Associates								(100.0%)
Totals	126	9	90	17	8	31	7	77
						(27.0%)	(6.1%)	(66.9%)

^{*} An IRO may decline a case if it determines that the dispute is not eligible for an independent review, the request was received directly from the consumer, or the IRO has a potential conflict of interest.

The independent review program began in 2002. The chart below summarizes the total percent of insurers' decisions that were upheld and the total reversed in whole or in part by the IROs.

	Upheld	Reversed
2002	57.8%	42.2%
2003	65.3	34.7
2004	61.5	38.5
2005	66.9	33.1

^{**} In 2 cases, the insurer voluntarily reversed its denial before the IRO completed its review.

Consumer Publications

The following consumer publications are available from OCI. Copies of all brochures are available on-line on OCI's Web site: http://oci.wi.gov/pub_list.htm.

Financial and Statistical Data

Notes to Tables

The financial information was obtained from the NAIC database downloaded on June 13, 2006, for those companies filing electronically with the NAIC and annual statements filed with OCI for those companies not filing electronically with the NAIC. The tables report the financial position of companies licensed to do business in Wisconsin as of December 31, 2005, and the results of their 2005 operations. Companies in rehabilitation and liquidation may not be included in the financial data.

Table A includes Risk Retention Groups and Vehicle Protection Plans as authorized insurers. Neither group of entities is technically authorized as they are not issued a certificate of authority to write business. Risk Retention Groups are required to register with this office pursuant to the Federal Liability Risk Retention Act of 1986. Vehicle Protection Plans register with this office pursuant to the requirements of s. 100.203, Wis. Stat., and ch. Ins 14, Wis. Adm. Code.

Tables B-I do not contain financial data for the Other Entities Subject to Limited Regulation.

Direct premiums and deposits for life business reported in Tables B and D includes direct premiums written, annuity, deposit, and other considerations and policyholder dividends used for renewals and paid-up additions. Direct premiums written reported in Table E excludes dividends, and deposit and other considerations. Direct benefits and dividends paid includes both benefits paid and dividends paid or applied during the year.

Direct premiums written in Table E includes insurers with negative premiums written. This results in premiums written for the 20 ranked insurers in certain lines of business to be greater than all insurers writing that line of business.

All of the amounts in Tables F-I, except ratio amounts, have been rounded to thousands. Ratios in excess of "999" were reported as "999" and ratios less than "0" were reported as "0". Ratio results outside these thresholds are meaningless.

Explanation of Terms Used in Tables

The "Wisconsin Operations" columns report the direct premiums and losses for Wisconsin only business for 2005. The "Nationwide Operations" columns report the net premiums and losses for all operations for 2005.

"Direct" business refers to business for which the insurer issued an insurance policy and accepted the premium. "Net" business is direct business plus reinsurance assumed and less reinsurance ceded.

"Reinsurance" is the transfer of risk between insurance companies. Almost all direct writing companies use reinsurance to transfer a portion of the risk associated with its direct policies. Reinsurance assumed is accepting the risk of other insurers, while reinsurance ceded is transferring the risk to other insurers. Some companies specialize in providing reinsurance to other companies versus writing business directly.

"Premium Written" is usually defined as premium billed by fire and casualty companies. Rules of life insurance accounting require reporting premiums actually collected. Premium written is a measure of sales activity in the state for the year.

"Premium Earned" is the result of premiums written in the current and previous years, and in some instances, premiums to be written in the future for current coverages. It is approximately the pro-rata portion of the premium charged for each policy for the portion of coverage provided within the calendar year.

"Losses Incurred" equals losses paid, plus an estimate at the close of the current year of the amounts to be paid in the future for all unsettled claims as of the financial statement date, less the corresponding estimate made at the end of the prior year. If the estimates were exactly correct, then the incurred losses would be the actual cost of all claims arising from coverage provided during the current year. The estimates would also include amounts for IBNR claims (incurred but not reported). Loss

adjustment expenses are also included in the losses incurred for nationwide operations of Title Companies.

"Annuity Considerations" is revenue received for annuity contracts during the year. The amount corresponds to premiums written on insurance contracts.

"Deposits" are amounts placed with the insurer that do not incorporate risk from the death or disability of the policyholder and are more comparable to financial or investment instruments than insurance contracts.

"Other Considerations" are annuity considerations or other deposits, which are not allocated to a specific policy, but include an insurable risk.

The "Net Loss Ratio" is equal to net losses incurred plus net loss adjustment expenses incurred, divided by net premiums earned. The "Expense Ratio" is equal to underwriting expenses divided by net premiums written. The loss ratio is determined based on net premiums earned as losses occur randomly throughout the policy term which matches the period the premiums are earned. The expense ratio is determined using net premiums written, because most underwriting expenses (commissions, home office underwriting, and clerical expenses) are incurred at the time the policy is written, not evenly throughout the policy term.

The "Wisconsin Direct Loss Ratio" is a pure loss ratio equal to the direct losses incurred divided by the direct premiums earned for Wisconsin business. This ratio does not include Loss Adjustment Expenses. For insurers with small direct premiums earned, this ratio may not be a meaningful representation of their overall operations. Negative losses incurred would result from the company overestimating the cost to settle open claims as of the end of the prior year or the receipt of salvage or other recoveries from claims paid in prior years which were in excess of amounts incurred for the current year claims.

Directory of Licensed Insurers

This directory includes all companies, fraternal benefit societies, associations, and town mutuals licensed or otherwise authorized to transact the business of insurance in this state as of December 31, 2005. (For current

information, see OCI's Web site at http://ociaccess.oci.wi.gov/CmpInfo/CmpInfo.oci). The codes used to designate the kind of company and a brief description of each follows.

BP—Blue Plan. A domestic insurance corporation incorporated under ch. 611 or ch. 613, Wis. Stat. Blue plans offer health insurance to individual or group subscribers on an indemnity basis, or offer services through an embedded health maintenance organization using contracted service providers. Blue plans file the NAIC Health annual statement blank.

CC—Continuing Care Organization. Organized under ch. 647, Wis. Stat. Continuing care organizations provide nursing, medical, or personal care services, and maintenance services, for a period over one year or the duration of a person's life, conditioned upon payment of an entrance fee or a portion of the person's estate. Continuing care organizations file a financial statement, on a GAAP basis, which is audited by an independent CPA.

DP—**Dental Plan.** Similar to a blue plan, except that indemnity or services are limited to dental services.

FC—Fire and Casualty Company. A domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual or stock company. Fire and casualty companies write a wide range of property and liability coverages, and individual and group health insurance. Fire and casualty companies file the NAIC Fire and Casualty annual statement blank.

FR—Fraternal Benefit Society (or Mutual Benefit Society). May be a domestic benefit society organized and operating under ch. 614, Wis. Stat., or a nondomestic benefit society operating under ch. 618, Wis. Stat. A fraternal benefit society is a nonstock corporation which exists for social, educational, charitable, or religious purposes, and also may sell individual life or health insurance to its members. A fraternal is governed through a lodge system and a representative form of government, and members voluntarily perform charitable, educational, etc. services for other members or the public. Fraternal benefit societies file the NAIC Fraternal Orders annual statement blank.

GA—Gift Annuity Corporation. Established by a domestic or foreign nonprofit corporation under ch. 615, Wis. Stat. Gift annuities receive gifts of money or property, in return for agreeing to pay an annuity to the donor. Remaining income may be transferred to the nonprofit corporation for its charitable, religious, etc. purposes. Gift annuities file the NAIC Charitable Annuity Corporations annual statement blank.

HM—Health Maintenance Organization (HMO). Established under chs. 185, 611, 613, or 618, Wis. Stat., and operates under ch. 609, Wis. Stat. HMOs may be for profit, nonprofit, or a cooperative. An HMO makes available comprehensive health care services (performed by providers contracted by the HMO) to enrolled participants for predetermined fixed payments. An HMO may hire medical service providers as employees, or may contract with existing hospitals and clinics to provide services to participants. HMOs file the NAIC Health annual statement blank.

LC—Life and Accident and Health Company. May be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual company or a stock company. Life and

accident and health companies write a wide range of life, annuity, individual, and group health insurance. Life and accident and health companies file either the NAIC Life and Accident and Health annual statement blank or the NAIC Health annual statement blank.

LH—Limited Service Health Organization (LSHO). Similar to an HMO, except that it provides a limited range of health care services (such as vision or dental) to participants. LSHOs file the NAIC Health annual statement blank.

MC—Motor Club Plan. Established under ch. 616, Wis. Stat. A motor club plan may provide emergency road service, towing, bail bonds, map and touring service, etc. to members. Motor club plans file a financial statement which has been audited by an independent CPA.

MX-Miscellaneous Other Insurer.

RE—Reciprocal Exchange. A nondomestic insurer licensed under ch. 618, Wis. Stat. Reciprocals are unincorporated associations, operating through an attorney-in-fact, by which subscribers with similar interests (e.g., lumberyards, dry cleaners) provide fire and casualty insurance to each other through the exchange of insurance contracts. Reciprocals file the NAIC Fire and Casualty annual statement blank.

RS—Rate Service Organization. These entities are licensed under s. 625.31, Wis. Stat., to file rates on behalf of designated insurers. These entities are not licensed insurers and are not authorized to transact the business of insurance.

TC—Title Company. May be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer operating under ch. 618, Wis. Stat. Title companies notify a prospective purchaser of recorded liens or easements on a parcel of real estate, and provide insurance against loss due to other defects in title to property (e.g., due to forgery, fraud, errors in public records, wills not probated, etc.). Title companies file the NAIC Title Insurance annual statement blank.

TM—Town Mutual of Wisconsin. A domestic fire and casualty insurer subject to ch. 612, Wis. Stat., as an assessable mutual. Town mutuals are authorized to write a limited range of property and liability coverage, in a limited number of counties in Wisconsin. Town mutuals may file either the NAIC Fire and Casualty annual statement blank or the Wisconsin Town Mutual annual statement blank.

VP—Vision Plan. Similar to a blue plan, except that indemnity or services provided are limited to eye care services.

WP—Warranty Plan. Established under ch. Ins 15, Wis. Adm. Code. A warranty plan is a third party which provides repair, replacement, or maintenance services in connection with the sale of goods from seller to buyer (e.g., automobiles, homes, appliances, etc.). (Warranties by the seller, manufacturer, or provider of service directly to the buyer are exempted from regulation by this office.) Warranty plans file audited GAAP based financial statements with this office.
