The Honorable Jim Doyle
Governor, State of Wisconsin
115 E. State Capitol
Madison, WI 53702

Dear Governor Doyle:

I am pleased to submit the 138th *Wisconsin Insurance Report* covering 2006.

Wisconsin's tradition of sound regulation, combined with strong consumer protections, continued over the past year. Highlights of the Office of the Commissioner of Insurance's (OCI) accomplishments and innovations are as follows:

- Successful reorganization of the agency. The reorganization better positions the agency to meet its most critical needs during the next 3-5 years, better integrates various functions, and increases OCI's flexibility to respond to changes.
- Participation in the first annual statewide Money Smart Week Wisconsin. OCI sponsored an Insurance and Financial Fair, published in English and Spanish consumer tips for saving on auto and homeowner's insurance and buying insurance over the Internet and released several press releases on how to buy insurance for the different stages of your life.
- Implementation of administrative rules relating to defined network and preferred provider health plans and grievances, Medicare supplement insurance, the small employer uniform application for group health insurance and agent licensing procedures.
- Enhancement of the market analysis process by conducting an in-depth analysis on selected companies and participation in the market conduct annual statement program for life and personal lines insurance.
- Implementation of the Web-based Sircon insurance regulation business management application for agent licensing and company regulation functions.
- Examination of 43 domestic insurers; analysis of over 1,900 annual statements.

Sincerely,

Sean Dilweg

*By chapter 56, section 32, General Laws of 1870, the Secretary of State was Commissioner of Insurance ex officio until 1878. The Office of the Commissioner of Insurance was made elective in 1881. In 1911 the office was made appointive instead of elective.

Introduction

Every individual and business in Wisconsin depends upon insurance. Whether it is auto, home, life, or health, insurance plays an important role in people's lives. The Office of the Commissioner of Insurance (OCI) was created by the legislature in 1870 and vested with broad powers to ensure that the insurance industry meets the insurance needs of Wisconsin citizens responsibly and adequately.

The importance of fair, effective, and timely regulation of the insurance industry, as well as continuing efforts toward health care reforms offer OCI a special challenge in meeting its public mission of leading the way in informing and protecting the public and responding to their insurance needs.

The major functions of the office include:

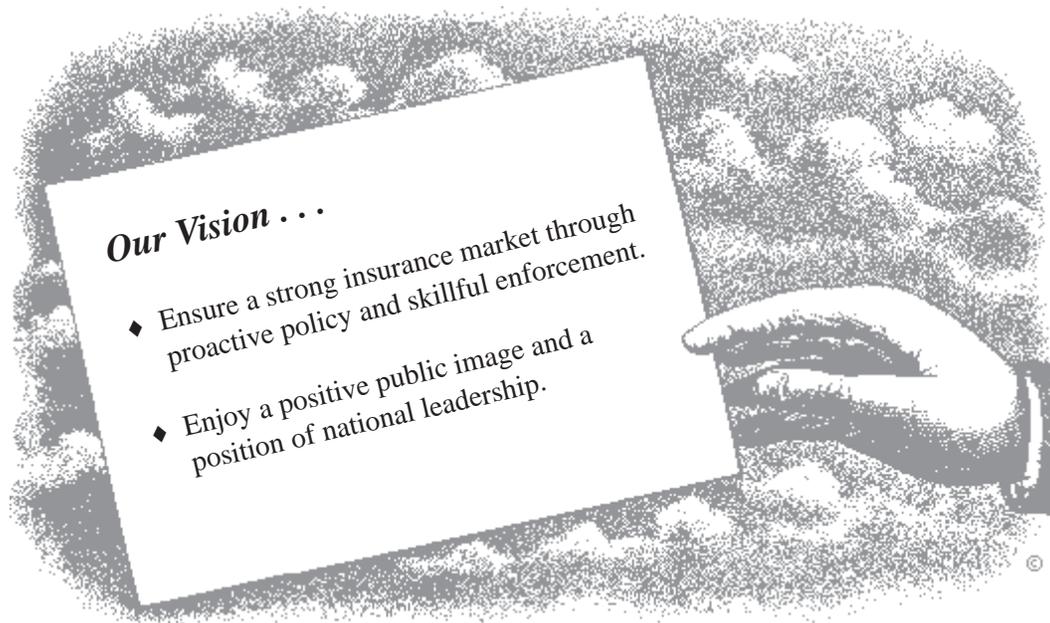

- Reviewing insurance policies that are sold in Wisconsin to determine if they meet the requirements of Wisconsin's laws.
 - Conducting financial examinations of domestic and foreign insurers to assure compliance with Wisconsin regulations and rules.
 - Monitoring the financial status of licensed companies and applicant companies to provide early warning of financial difficulty.
 - Issuing licenses to companies, agents, brokers, surplus lines brokers, managing general agents, reinsurance brokers and managers, and organizations including employee benefit plan administrators.
 - Examining and analyzing rates filed by insurance companies to determine if they are excessive, inadequate, or unfairly discriminatory.
 - Investigating and processing consumer complaints against agents and insurance companies and attempting to bring the matter to a fair and reasonable conclusion.
 - Researching special insurance problems through data collection and analysis and publishing conclusions and recommendations in special reports.
 - Developing legislation and promulgating administrative rules that ensure a strong insurance market through proactive policy and skillful enforcement.
 - Investigating and pursuing administrative actions against agents and insurers who violate Wisconsin insurance laws and regulations. Penalties include suspension or revocation of licenses and fines.
 - Conducting a comprehensive program of consumer education and public information to educate consumers about insurance through public speaking and distribution of information booklets and comparison guides.
 - Operating a state life insurance fund, a property fund for the property owned by local units of government, and a patients compensation fund insuring health care providers for medical malpractice.

I. Administration of the Office

Organization and Staffing of the Office of the Commissioner of Insurance

Organizational Structure

The office is divided into the Legal Unit, the Health Funds and Communications and the Funds and Program Management areas, and the Division of Regulation and Enforcement.

Legal Unit

The Legal Unit represents the office in administrative proceedings, provides legal advice to staff, represents or supervises representation of the office in litigation and insurance company receiverships, provides legal services for the Injured Patients and Families Compensation Fund, Wisconsin Health Care Liability Insurance Plan, Local Government Property Insurance Fund and State Life Insurance Fund, and develops legislative proposals and administrative rules.

Health Funds and Communication

This unit provides advice on executive matters affecting the office's goals and initiatives, directs the office's legislative initiatives, communications activities, and provides advice on technical insurance-related issues.

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to this unit. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Administering the state's independent review program is the responsibility of the managed care specialist.

This unit also has administrative responsibilities for the Injured Patients and Families Compensation Fund. The Fund provides medical malpractice protection to health care providers for claims in excess of \$1,000,000 per claim or \$3,000,000 annual aggregate for each policy year.

Funds and Program Management

This unit is responsible for all general administrative functions of the agency including information technology, project management, budget, accounting, facilities management, and support services. This area acts as liaison between the agency and the Department of Administration for procurement, staff development and human resource services.

This unit also has administrative responsibilities for the Local Government Property Insurance Fund and the State Life Insurance Fund.

- The Local Government Property Insurance Fund offers property insurance protection to participating Wisconsin local government units.
- The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding \$10,000 per person.

Division of Regulation and Enforcement

The division is responsible for carrying out all of the office's insurance regulatory and enforcement responsibilities. In addition, it assists with the office's consumer education program by providing technical expertise in the development and publication of the office's insurance consumer education publications. The division is also responsible for the development and promulgation of administrative rules interpreting insurance statutes. Finally, the division has a major role in the office's participation in the National Association of Insurance Commissioners, a trade association made up of the country's chief insurance regulators.

The division fulfills its regulatory responsibilities primarily through its two bureaus, described below.

Bureau of Financial Analysis and Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts on-site financial examinations of domestic insurer operations, administers insurer rehabilitations and liquidations, audits and collects insurer premium taxes and fees, licenses insurance companies, reviews holding company transactions, reviews change of control transactions, and collects fire department dues from insurers for the fire department dues program.

Bureau of Market Regulation. This bureau reviews the rates, forms, and contracts filed with the agency by insurers; determines compliance with applicable laws and rules; initiates appropriate administrative actions; examines insurer underwriting and rating procedures, advertising files, claims processes and policyholder services; staffs several risk-sharing plans; provides assistance to consumers in resolving problems with insurers and agents; disseminates information to the public; investigates agent activities; conducts field reviews of insurer operations; and administers the insurance intermediaries testing and licensing program.

II. Executive Initiatives

Regulatory Developments and Trends

The Office of the Commissioner of Insurance (OCI) is responsible for examining industry financial practices and market conduct, licensing agents, reviewing policy forms for compliance with state legislation, investigating consumer complaints and providing consumer information. A strong, cooperative regulatory oversight of insurer insolvency and insurer marketing activities ensures that a healthy marketplace exists to serve customers. Wisconsin's competitive spirit helps keep insurance rates for consumers among the lowest in the country.

One of the most important roles OCI provides to Wisconsin citizens is the handling of their insurance complaints. In 2006, OCI investigated and resolved 8,282 written consumer complaints and inquiries and answered 35,000 telephone inquiries. These efforts, along with market conduct examinations, helped recover nearly \$4.6 million for insurance policyholders.

Wisconsin consumers who file complaints with our office give high marks to our consumer protections. OCI conducts an annual survey on the handling of claims-related complaints. This survey provides valuable information on whether the agency is providing services in a timely, courteous, and understandable manner. A survey of more than 900 complainants showed that 94% said their complaint was handled promptly and 92% would contact the OCI again with an insurance problem.

Educating and Informing Consumers

OCI has long considered educated and well-informed consumers essential to keeping the Wisconsin insurance market competitive. An essential part of the agency's mission is to keep the public informed about insurance matters. The insurance needs of the public are constantly changing. It is important to keep up with demographic changes in Wisconsin and to address the needs of special populations (age, income, limited English proficiency).

Senior citizens continue to be inundated with information and confused about changes in Medicare Part D and Medicare Advantage plans. OCI made senior issues a top priority by working closely with the Wisconsin Medicare Part D Task Force to provide training, technical assistance and resources on the insurance aspects of the changes resulting from the Medicare Modernization Act of 2003 and the annual open enrollment for the Medicare prescription drug plans.

In 2004 Governor Jim Doyle signed new legislation that made Wisconsin the first state in the country to protect

senior citizens from questionable or unsuitable sales of annuity and life insurance products by unscrupulous agents and insurers. OCI's program to investigate and prevent marketing abuses relating to insurance products sold to the elderly has increased the number of administrative actions against agents.

As the number of Spanish-speaking residents of Wisconsin increases, OCI continues to develop tools to assist agents and insurers, as well as consumers, by making more resources available in Spanish. OCI enhanced its consumer services to Spanish-speaking consumers through the hiring of several native Spanish-speaking examiners, translating form letters and conducting workshops and training sessions for community groups to make them aware of the OCI and the services it offers to Spanish-speaking consumers. As of March 1, 2006, insurance agent exams are offered in Spanish.

Providing information with which individuals and families can make informed decisions about their insurance needs is a critical part of OCI's mission. In 2006 the office added several new brochures and consumer tips to its extensive list of consumer publications, including *Consumer's Guide to Grievances and Complaints* and *Insurance 101, a Guide for College Students*

Business-Driven Technology Initiatives

Evolving technological advances in the business world have had a major impact on how insurance companies conduct business. In today's technology-driven world the commitment to the use of technology is a key strategy in the agency's business plan. Technology accomplishments in 2006 include:

- Implementing several Web applications enabling external customers to access information and transact business 24/7. (Web Rates and Forms Look-up; Company Billing Appointment Lists; and Legal Orders dating back to 1964).
- Chartering a new project to create digital images of rates and forms that were previously only found on microfilm.
- Completing the imaging of all company documents.
- Updating the agency's Continuity of Operations Plan/Continuity of Government Plan to guide agency business resumption activities in the event a disaster interrupts business operations.

- Developing an Internet filing project to convert Web forms to more user-friendly, interactive forms that save data to a centralized database.

Coordination Among the States

The National Association of insurance Commissioners (NAIC) is continuing its ongoing and ambitious agenda to achieve an effective national regulatory system, while still protecting consumers and industry participants in each state. OCI continued its leading role in the NAIC, serving on dozens of committees, task forces, and working groups. Major accomplishments include:

- Participating as 1 of 25 states in the Market Conduct Annual Statement project, collecting and analyzing data on claims and underwriting in life, annuities, homeowner's and auto insurance and working with the other states to use the data as part of the market analysis program.
- Continuing to improve the market analysis and the market conduct examination program by working with other states to develop standards for core competencies, coordinate examinations, improve uniformity in the process, work collaboratively with other states, and shorten the timelines to complete and adopt examination reports.
- Continuing to work with the NAIC to enhance the National Insurance Producer Registry (NIPF). The database is speeding up and simplifying the licensing process and provides benefits to both regulators and industry.
- Participating in the NAIC's Producer Working Group. The goal of this committee, comprised of state regulators and industry representatives, is to improve the effectiveness and efficiency of the state licensing process and resulting uniformity through increased coordination, automation, standardization, and reciprocity.

Economic Impact of Insurance Industry

The insurance industry is a major factor in Wisconsin's economic growth and prosperity. Over

370 insurers are domiciled in the state of Wisconsin. The map on the following page shows the Wisconsin-domiciled companies that are regulated by the OCI.* Wisconsin companies write \$52 billion in net premiums, ranking us sixth in the nation in that category as well as making insurance a leading export industry for Wisconsin. Companies of various sizes sell a vast array of products. Many national industry leaders are located throughout Wisconsin. Wisconsin is home to leaders in credit unions, churches, jewelry stores, whole life, fraternal and mortgage insurance.

During 2006 there were 20,849 new licenses issued to resident and nonresident agent candidates. As of December 2006, there were 102,816 licensed insurance agents and 692,405 active appointments by insurance companies authorizing the licensed agents to market their insurance products.

Emerging Trends

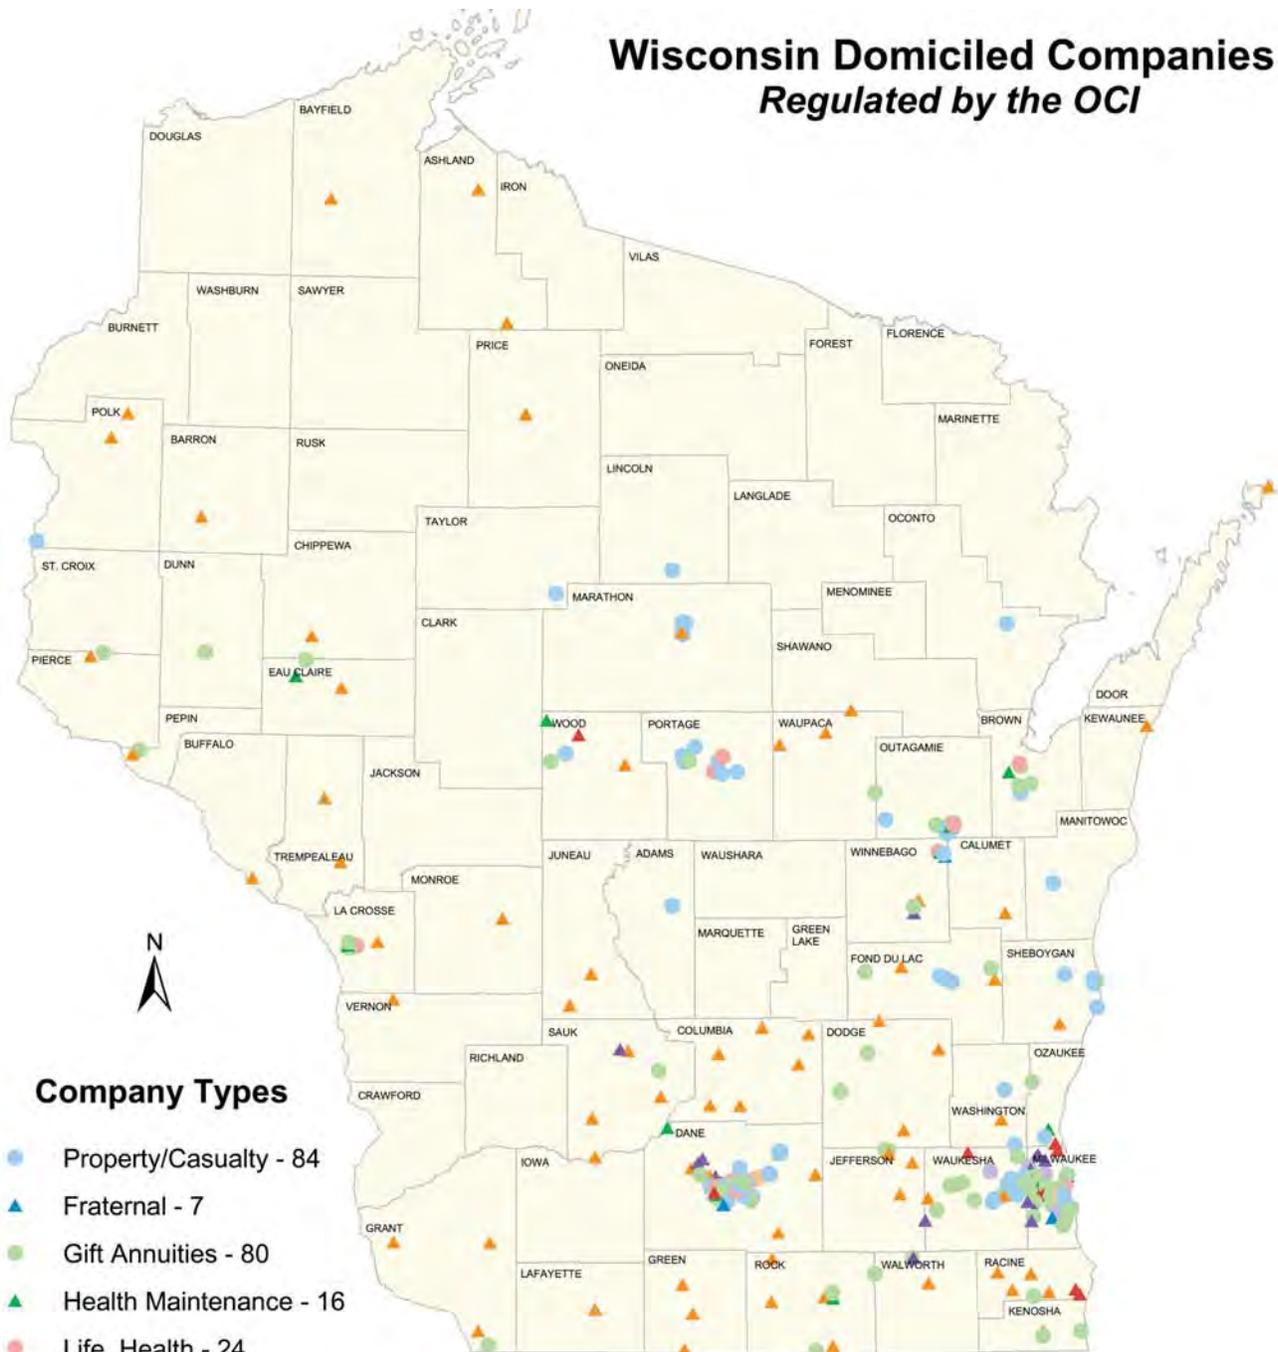

Health care reform continues to influence insurance discussions as escalating health care costs have become the core problem facing Wisconsin's employers and families. OCI will continue to work with the Governor, policymakers, health care providers and insurers to find ways to make health care more affordable for Wisconsin families.

The upcoming years will prove challenging for the office as it continues to lead the way on a variety of issues emerging and remaining in the spotlight, such as federal vs. state regulation, the baby boomer generation heading into retirement, and climate change and global warming.

Wisconsin is a leader in the regulatory arena. OCI, along with the Governor, the Wisconsin legislature and the NAIC, is committed to market efficiency and consumer protection. We will continue to work together to look for ways to streamline our operations and increase efficiencies to ensure Wisconsin's leadership role in insurance regulation and promote a healthy insurance marketplace.

* The number of domiciled companies changes periodically as insurers enter or leave the market. This map offers a snapshot of the market as of the creation date.

Specifies that the health benefit purchasing cooperative is to provide health care benefits under a single group health care policy or plan through a contract between the cooperative and an insurer. All members receive their benefits under this group health care policy or plan. The Act specifies that the contract is between the cooperative and the insurer, rather than between members of the cooperative and the insurer. The Act specifies that an insurer that contracts with a cooperative that provides health care benefits for more than 50 individuals who are members of the cooperative or employees of one or more members of the cooperative is not a small employer insurer with respect to that contract. In addition, a definition is created in ch. 635, Wis. Stat., the chapter of the statutes that regulates small employer health insurance, to specify that the term “small employer” does not include a cooperative that provides health care benefits for more than 50 individuals who are members or employees of one or more members of the cooperative, and the term does not include a member of the cooperative.

Administrative Rules

In 2006, OCI promulgated the following changes in the Wisconsin Administrative Code:

Ins 6, 26 and 28, Wis. Adm. Code—Relating to agent licensing procedures

These changes attempt to move OCI closer to the National Association of Insurance Commissioners (NAIC) model standards for licensing producers. In May of 2006, OCI also converted the licensing software used from “COSMOS” to “Sircon” requiring certain changes.

Fee and CE Reporting Changes

The NAIC model has renewal billings and continuing education (CE) compliance due based on the agent’s month and year of the current license issuance. In order to change from our current system of billing and requiring CE compliance once every two years, there needs to be a transition period. This transition ensures that all agents pay the same overall fees and requires 12 CE credit hours per year. The following is a description of how the new billing/CE procedures will be transitioned:

Year	Notice Type	Recipients of Notice	Notice Dates
2005	CE-24 credits	All Residents	Current System: Notice sent 12/04, suspended 2/05 and revoked 4/05
2006	Fee (no fee change) (Resident = \$25 and Nonresident = \$50)	All Agents	Current System: Notice sent 12/05, suspended 2/06 and revoked 4/06
2007	50% Fee (Resident = \$12.50 and Nonresident = \$25) CE = 24 credits (no ethics credits required)	Odd year in license issue date Residents - odd year in license issue date	Dates of Future Fee and CE Notices: Send notice at least 60 days prior to the agent’s birth month last day If no payment or CE is not completed, suspend for 60 days starting on the last day of the agent’s birth month Revoke 60 days after suspended
2008	Fee (Resident = \$25 and Nonresident = \$50) CE = 36 credits (for the last 3 years and including 3 ethics credits)	Even year in license issue date Residents - even year in license issue date	
2009	Fee (Resident = \$25 and Nonresident = \$50) CE = 24 credits (including 3 ethics credits)	Odd year in license issue date Residents - odd year in license issue date	
2010	Fee (Resident = \$25 and Nonresident = \$50) CE = 24 credits (including 3 ethics credits)	Even year in license issue date Residents - even year in license issue date	
(Repeat 2009 and 2010 for odd and even years in the future)			

The fees are not being increased.

These changes require all insurers to do appointments and terminations of agents on line. Currently, most insurers utilize this method.

The Sircon system automatically checks the current status of nonresident agent licensing in their home state, alleviating the need for agents to provide a paper Certificate of Licensing. In addition, the Department of Justice crime checks will be done electronically. This will eliminate another paper item that applicants currently have to obtain and bring to the testing site.

Surplus Lines Changes

These changes do not change the current procedures but incorporate them into the rules.

Prelicensing Education Changes

Other changes clarify how the hours for prelicensing education are calculated and expand the exemptions for prelicensing education for agents who hold certain professional designations.

Programs that offer courses are required to notify OCI electronically of all agents who have taken any course, eliminating the paper certification now required with the agent's application. Most providers that offer prelicensing education also offer continuing education and currently provide the continuing education information electronically. The requirement to also provide the prelicensing education information electronically should not be a burden for the providers.

Continuing Education (CE) Changes

OCI requires that 3 hours of the 24 CE hours needed every two years be devoted to the ethics of insurance for CE reporting due after December 31, 2007. This exposure to discussions of ethics will hopefully inform or expand agent's views of how insurance should be marketed and is part of the national standard. Programs that offer courses will be required to notify OCI electronically of all agents who have taken any course, eliminating the paper notifications. Most providers do this already.

In the past, there have been relatively few "correspondence courses" approved for CE. These changes specifically allow correspondence courses and set some criteria for approval.

Effective November 1, 2006

Ins 8.49 Appendix 1, Wis. Adm. Code—Relating to small employer uniform employee application for group health insurance

The federal Medicare program has implemented a new drug benefit program known as Medicare Part D that first became effective January 1, 2006, for eligible individuals. Additionally the federal government has also modified the Health Insurance Portability and Accountability Act (HIPAA) to include the requirement of additional descriptive information for persons who after a qualifying event are permitted the option of a special enrollment period to understand how to obtain and apply for coverage. The rule incorporates reference to Medicare Part D and amends the notification portion of the uniform application to include the additional information required by HIPAA.

Specifically, the modifications include three edits to the small employer uniform application for group health insurance. In section V of the application a sentence has been added in accordance with an amendment to HIPAA that informs an employee how to obtain information on electing health insurance coverage through a special election period due to a qualifying event. This information is to be provided at the time the employee waives the right to obtain health insurance through the small employer. At the request of the life and disability advisory council, the signature line for spouses in section V was deleted. In addition, technical grammatical corrections were made to the application as identified by legislative council. The final two edits occur in section VI of the application to include the option for the applicant to indicate that the employee, dependent or spouse has Medicare Part D and the date the coverage began. These changes comply with the Medicare Prescription Drugs, Improvement and Modernization Act (MMA) of 2003.

During the July 2005 meeting of the life and disability advisory council, a motion was passed to request the OCI to modify the uniform application to comply with the MMA and HIPAA changes. The rule incorporates the changes requested by the council in accordance with MMA and HIPAA.

In order to meet the deadlines required by the MMA and HIPAA, the OCI promulgated this rule both as an emergency rule and as a permanent rule concurrently. The hearing on November 8, 2005, met both hearing requirements within ss. 227.17 and 227.24 (4), Wis. Stat.

Section 8.49, Wis. Adm. Code, may be enforced under ss. 601.41, 601.64, 601.65, Wis. Stat., or ch. 645,

Wis. Stat., or any other enforcement provision of chs. 600 to 646, Wis. Stat.

Effective May 1, 2006

Ins 9, 3.67 and 18.03, Wis. Adm. Code—Relating to revising requirements for insurers offering a defined network plan, preferred provider plan and a limited service health organization plan in order to comply with recent changes in state laws

The term “managed care plan” has been replaced with “defined network plan” in ch. 609, Wis. Stat., established by 2001 Wisconsin Act 16, therefore, necessitating change within the insurance administrative code. In addition, many revisions have been made to ch. Ins 9, Wis. Adm. Code, to reflect the changes in ch. 609, Wis. Stat., including modifications reflecting the unique nature of preferred provider plans and changes in the marketplace since 2001 including regulatory changes that enhance consumer protection enacted by surrounding states.

Chapter 609, Wis. Stat., through definition of defined network and preferred provider plans, creates a narrow distinction between those types of plans with preferred provider plans being defined as health care plans while defined network plans must meet the definition of a health benefit plan. While most insurers offering preferred provider plans meet the definition of a defined network plan, some insurers do not. Chapter 609, Wis. Stat., contains a continuum of requirements with some overlap and some distinction among health plans. For instance, some requirements apply to all insurers offering defined network plans, some requirements apply to insurers offering defined network plans that are not also preferred provider plans and some requirements apply only to insurers offering preferred provider plans or other types of plans including health maintenance or limited service health organizations. The rule continues these distinctions by having some requirements apply to all defined network plans, some requirements apply to defined network plans that are not also preferred provider plans and some apply only to preferred provider plans, health maintenance or limited service health organizations. Within the rule an insurer offering a preferred provider plan that, due to changes in benefits or other requirements no longer meets the definition of a preferred provider plan, will be described as being subject to the requirements of a defined network plan even if the insurer offering the preferred provider plan could meet both the definition of a defined network plan and preferred provider plan.

This rule also reflects numerous modifications arising from a cooperative effort of the Commissioner and representatives from the insurance industry. Starting

November 2004, four public working meetings were held to discuss each section of the rule. Additional work groups comprised of representatives from industry and the OCI met two additional times to work on the ancillary provider language and criteria for preferred provider plans. Participants at the open meetings were invited to comment and make recommendations or specific modifications to the rule. At the end of the last working public meeting held May 9, 2005, the Commissioner invited written comment on the entire proposed rule.

This rule defines preferred provider plans starting with the definition at s. 609.01, Wis. Stat., and clarifies and interprets the statutory requirements. Insurers offering a preferred provider plan cannot require a referral to obtain coverage for care from either a participating or nonparticipating provider. Among other requirements for insurers offering a preferred provider plan, if the insurer uses utilization management, including preauthorization or similar methods for denying access to or coverage of the services of nonparticipating providers without just cause and with such frequency as to indicate a general business practice, such methods shall result in the insurer’s preferred provider plan being treated by the Commissioner as a defined network plan and subject to all requirements of a defined network plan. The Commissioner recognizes utilization management and preauthorization as appropriate tools for controlling costs of the insurer and may protect enrollees from incurring additional costs for care. Therefore, the rule does not prohibit or limit the proper use of utilization management or preauthorization. OCI will, however, track insurers’ use of these tools through complaints and market conduct examinations to determine if the insurer has developed a pattern, without just cause, for denying coverage. If such a pattern is uncovered then the insurer would be subject to regulation as a defined network plan.

This rule reflects the amendments within ch. 609, Wis. Stat., by delineating unique reporting and other regulatory requirements between insurers that offer preferred provider plans versus other types of plans including defined network plans, health maintenance and limited service health organizations. Significant provisions that demonstrate the unique regulatory treatment between defined network and preferred provider plans include: defined network plans are required to have quality assurance plans containing standards relating to access to care and continuity and quality of care while preferred provider plans are required to conduct remedial action plans and to develop procedures for remedial action to address quality problems; defined network plans must notify affected enrollees upon the termination of the provider from the plan and preferred providers may

contract with another entity or providers to notify the enrollees of the termination, although the preferred provider does remain ultimately responsible for ensuring notifications are sent; defined network plans must report data similar to HEDIS for consumer information and preferred provider plans do not; both defined network plans and preferred provider plans are required to have sufficient number and type of providers within the network to adequately deliver all covered services; however, defined network plans must comply with all access standards while preferred provider plans need to have at least one participating primary care provider and one participating provider that has an expertise in obstetrics and gynecology that is accepting patients but the preferred provider plan need not offer a choice of participating providers.

In order for insurers offering a preferred provider plan to be regulated under the less rigorous regulatory requirements, the insurer must comply with the regulatory requirements. Insurers offering a preferred provider plan must provide the same covered benefits without requiring the enrollee to obtain a referral. The Commissioner recognizes that certain covered services may appropriately be best provided through contracted providers, for example the use of "Centers of Excellence" for transplants or cancer treatment. Further, the mandated benefit for immunizations requires the insurer to offer as a covered benefit immunizations but the insurer need only cover the benefit when the immunization is given by a participating provider. Finally, some insurers offer services beyond the mandated limits as covered benefits with a greater differential in coverage and may limit the expanded benefits to services received from participating providers. Therefore, the proposed rule creates a narrow exception to permit specific, limited services to be covered by participating providers with a greater differential in coverage than when the services are provided by nonparticipating providers including the possibility of coverage only when the services are performed by a participating provider (i.e., immunizations or annual physicals).

As recognized by both the industry and by the Commissioner, deductibles, co-payments and coinsurance are appropriate tools to steer enrollees towards participating providers. Although an appropriate tool, the differences between the deductibles, co-payments and coinsurance that an enrollee is required to pay when services are performed by a participating provider as compared to nonparticipating providers should only be enough to create the incentive to utilize preferred providers. The Commissioner received and reviewed numerous comments on where the line should be drawn

to create the proper balance between the insurers' desire to steer enrollees towards participating providers yet not so great that as a result enrollees are exposed to potentially significant financial penalties. Therefore, the rule requires the insurers offering a preferred provider plan that desire to be subject only to the lesser regulatory requirements of preferred provider plans to comply with the following: coverage of the same benefits, unless specifically excepted, with the insurer paying not less than 60% coinsurance and the enrollee paying not more than 40% coinsurance for services performed by a nonparticipating provider. As an alternate, the insurer may pay not less than 50% coinsurance and the enrollee pay not more than 50% coinsurance for the services performed by a nonparticipating provider when the insurer provides the enrollee with a disclosure of limited coverage. Failure of the insurer to offer 60% coinsurance coverage without a disclosure notice or 50% coinsurance coverage with the disclosure notice will result in the insurer being treated as a defined network plan and not eligible for the lesser regulatory standards.

Additionally, the insurer offering a preferred provider plan that applies a coinsurance percentage when services are performed by nonparticipating providers at a different percentage than the coinsurance percentage that is applied when the services are performed by participating providers shall have the difference be no greater than 30%. If the percent difference is greater than 30% the insurer is required to provide the enrollee with a disclosure notice. If an insurer offering a preferred provider plan applies a deductible that is different for participating providers than for nonparticipating providers, the deductible for the same services when performed by a nonparticipating provider must be no more than 2 times greater or no more than \$2,000 more than the deductible that is applied when performed by a participating provider. If the deductible is more than 2 times greater or is more than \$2,000 than the deductible that is applied when performed by participating providers, the insurer is required to provide the enrollee with a disclosure notice. If the insurer offering a preferred provider plan applies a co-payment that is different for participating providers than for nonparticipating providers, the co-payment for the same services when performed by a nonparticipating provider must be no more than 3 times greater or no more than \$100 for services of a health care provider or no more than \$300 for services of a health care facility. If the co-payment is greater than 3 times or more than \$100 for health care provider services or more than \$300 for health care facilities, the insurer is required to provide the enrollee with a disclosure notice. The disclosure notice that is required to be given is contained within the rule and is similar to the notice provided in the state of Illinois.

An insurer offering a preferred provider plan must apply material exclusions equally regardless if the services are performed by either participating or nonparticipating providers and offer or use no other incentives than the financial incentives of out-of-pocket limits and maximum limits and cost-sharing arrangement including deductibles, co-payments and coinsurance as described above, to encourage its enrollees to use participating providers. The exception to this requirement is for the steering of enrollees to Centers of Excellence for transplants and specified disease treatment services and immunizations pursuant to s. 632.895 (14), Wis. Stat., or other preventive health care services when the insurer complies with disclosure requirements at the time the product is marketed, purchased and within the policy form in a prominent location.

Insurers offering a preferred provider plan shall include within the participating provider contracts a provision requiring the participating provider that schedules an elective procedure or other scheduled non-emergency care to fully disclose to the enrollee at the time of scheduling the name of each provider that will or may participate in the delivery of care and whether each provider is a participating or nonparticipating provider. The requirement is for participating providers that are located within Wisconsin or located in the border counties of contiguous states and provide services to Wisconsin enrollees. The insurer shall include a disclosure, in a form consistent with the language contained in Appendix D, which informs enrollees of potential financial implications of using nonparticipating providers and to encourage the enrollee to contact the insurer for assistance in locating an appropriate participating provider. The intent of this requirement is to address the frequent complaint from Wisconsin consumers alleging that, although the enrollee sought care from a participating surgeon at a participating hospital, the ancillary providers including anesthesiology or other specialist was nonparticipating and as a result the enrollee incurred large, unexpected medical bills. It is expected that with additional information in advance of the needed service, enrollees will be able to work with insurers and providers to make the best informed medical and financial decisions. Insurers offering a preferred provider plan are not required to have a quality assurance program and are instead subject to remedial action plans as mentioned earlier. The remedial action plan requires the insurer offering a preferred provider plan to develop procedures for taking effective and timely remedial actions to address issues arising from access to and continuity of care. The rule requires the remedial action plan to contain at least all of the following: designation of a senior-level staff person responsible for oversight of the plan, a written plan for

the oversight of any function that is delegated to other contracted entities, a procedure for periodic review of the insurer's performance or the performance of a contracted entity, periodic and regular review of grievances, complaints and OCI complaints, a written plan for maintaining the confidentiality of protected information, documentation of timely correction of access to and continuity of care issues identified in the plan to include the date the insurer was aware of the issue, the type of issue, the person responsible for the development and management of the plan, the remedial action plan utilized in each situation, the outcome of the action plan, and the established time frame for reevaluation of the issue to ensure resolution and compliance with the remedial action plan.

Emergency medical care treatment coverage was identified by the Commissioner as another specific type of service for which the office frequently receives complaints from Wisconsin consumers. This form of regulation is found in the surrounding states and is most similar to the regulation in Iowa. To further clarify the prudent person mandate for coverage of emergency medical care, the rule contains requirements for both insurers offering a defined network plan and a preferred provider plan that provide emergency medical care treatment as a covered benefit. These insurers shall provide that treatment as though the provider was a participating provider when the enrollee cannot reasonably reach a preferred provider or is admitted for inpatient care even if the care is provided by a nonparticipating provider. The plans must reimburse the provider at the nonparticipating provider rate and apply any deductibles, co-payments and coinsurance or other cost-sharing provisions, if applicable, at the participating provider rate.

Insurers offering defined network plans and preferred provider plans are both required to annually certify compliance with applicable access standards. Insurers offering defined network plans and preferred provider plans must both provide covered benefits by plan providers with reasonable promptness with respect to geographic location, hours of operation, waiting times for appointments in provider offices and after hours care reflecting the usual practice in the local area with geographic availability reflecting the usual medical travel times within the community. This requirement is not new and does not require insurers to mandate to participating providers the provider's hours of operation. Rather when the insurer is required to reply to the office, the insurer must demonstrate that the hours of operation, waiting time for appointments and after-hours care of the participating providers is reasonable based upon the geographic

location and usual medical travel times within that community.

The Commissioner finds that the circumstances of insurers offering a group or blanket health insurance policy require that the insurer offering the policy otherwise exempt from chs. 600 to 646, Wis. Stat., under s. 600.01 (1) (b) 3., Wis. Stat., in order to provide adequate protection to Wisconsin enrollees and the public those insurers shall comply with s. Ins 9.32 (2), Wis. Adm. Code, and s. 609.22 (2), Wis. Stat., when it covers 100 or more residents of this state under a policy that is otherwise exempt under s. 600.01 (1) (b) 3., Wis. Stat.

Finally, the rule includes several new definitions of terms that were requested by the industry to assist in clarifying relationships between insurers and providers and to clarify what entities are subject to specific requirements.

The rule will be enforced under ss. 601.41, 601.64, 601.65, Wis. Stat., or ch. 645, Wis. Stat., or any other enforcement provision of chs. 600 to 646, Wis. Stat. This rule includes a significantly delayed applicability date to give insurers ample time to comply with the various provisions including sufficient time to submit to the OCI forms for approval prior to use.

Effective March 1, 2006

Ins 9, Wis. Adm. Code—Relating to defined network plans, preferred provider plans, limited service health organizations

This rule:

1. Changes subchapter III title to reflect regulation of defined network, preferred provider and limited service health organization plans.
2. Eliminates the term “limited scope plan” from provisions governing defined network and preferred provider plans. The Commissioner’s intent is to eliminate the application to limited scope plans of certain rules promulgated in Clearinghouse Rule 05-059 as evidenced by the creation of s. Ins 9.015, Wis. Adm. Code, exempting certain limited scope plans from regulation under ch. Ins 9, Wis. Adm. Code.
3. Changes provisions governing improper utilization practices so as to prohibit improper practices but not deem the insurer a defined network plan. This provision will be enforced by the office following expiration of the rule suspension.
4. Eliminates specific requirements relating to network location, hours, waiting times and availability of

after-hours care but retains the requirement that access must be reasonably prompt consistent with normal practices and standards in the area. This provision will be enforced by the office following expiration of the rule suspension.

5. Repeals the emergency coverage section suspended by the Joint Committee for Review of Administrative Rules (JCRAR).
6. Creates a requirement that insurers offering preferred provider plans cover at a participating provider rate emergency care received from nonparticipating providers until the nonparticipating provider has met its obligation to treat the enrollee under the federal Emergency Medical Treatment and Active Labor Act (EMTALA). This provision will be enforced by the office following expiration of the rule suspension.

Effective January 1, 2007

Ins 17.28, Wis. Adm. Code—Relating to annual patients compensation fund and mediation fund fees for the fiscal year beginning July 1, 2006

This rule establishes the fees which participating health care providers must pay to the fund for the fiscal year beginning July 1, 2006. These fees represent a 25% increase compared with fees paid for the 2005-06 fiscal year. The board approved these fees at its meeting on December 14, 2005, based on the recommendation of the board’s actuarial and underwriting committee and reports of the fund’s actuaries.

This rule includes fees for two new categories of health care providers:

1. A new part-time classification for physicians as approved by the fund’s board for those physicians working 1,040 hours or less per fiscal year, and
2. A new classification for organizations or enterprises not specified as a partnership or corporation, such as a limited liability company (LLC), that are organized and operated in this state for the primary purpose of providing the medical services of physicians or nurse anesthetists pursuant to 2005 Wisconsin Act 36.

This rule includes additions to the Insurance Services Office (ISO) code listing to address new classification specialties. ISO codes are the numerical designation for a health care provider’s specialty and are used to classify the provider for assessment purposes.

The board is also required to promulgate by rule the annual fees for the operation of the injured patients and families compensation mediation system, based on the

recommendation of the director of state courts. The recommendation of the director of state courts was reviewed by the board's actuarial and underwriting committee which recommended to the board an amount slightly less than what was requested based in part upon the ending balance in the mediation system projected financials. This rule implements the funding level approved by the board by establishing mediation panel fees for the next fiscal year at \$25.00 for physicians and \$2.00 per occupied bed for hospitals, representing a decrease of \$9.00 per physician from 2005-06 fiscal year mediation panel fees.

Effective July 1, 2006

In 2006, OCI had the following emergency rules in effect:

Ins 6.77, Wis. Adm. Code—Relating to underinsured and uninsured motorist coverage in umbrella and commercial policies

This rule removes the requirement that umbrella and commercial policies give notice of the availability of underinsured motorists coverage. The obligation to give this notice would rest solely with the insurer writing the auto coverage.

In addition, the current exemption from the requirement to offer uninsured motorists for umbrella policies would be expanded to include commercial liability policies.

Effective September 29, 2006

Ins 9.25 and 9.27, Wis. Adm. Code—Relating to preferred provider plan applicability dates and affecting small business plan limited exemption

The rule clarifies the applicability dates for ss. Ins 9.25 and 9.27, Wis. Adm. Code, and specifies that insurers offering preferred provider plans that are issued prior to January 1, 2007, and periodically renewed after December 31, 2006, and that would otherwise be affected by ss. Ins 9.25 and 9.27, Wis. Adm. Code, will be grandfathered from compliance with those new requirements. The requirements of ss. Ins 9.25 and 9.27, Wis. Adm. Code, will be applicable to an insurer offering a preferred provider plan on or after January 1, 2007.

Advisory Boards and Councils

Wisconsin law, s. 15.04, Wis. Stat., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Wis. Stat., authorizes the Commissioner to create advisory councils and committees to assist in dealing with regulatory problems. The Commissioner is to provide by rule for the creation, governance, duties, and termination of any council or committee that is established. The expert advice provided the Commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The Commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various councils and boards with which OCI is involved follows:

Birth to 3 Interagency Coordinating Council (ICC)

The Council was first established in Executive Order 17, June 26, 1987, recreated in Executive Order 334, May 21, 1998, and continued in Executive Order 17, July 23, 2004. Often called the "Birth to 3 ICC," it was created to comply with the federal Individuals With Disabilities Act of 1986 and recreated to comply with the federal Individuals With Disabilities Education Act of 1997. The Council advises and assists with the Department of Health and Family Services in the development and administration of early intervention services for infants and toddlers with developmental delays and their families. The Council consists of at least 15 members and not more than 25 members. The Council is directed by the Governor to include at least 4 parents of children aged 12 or younger with disabilities with at least 1 of these parents having a child age 6 years or younger; at least 4 private or public providers of early intervention services; at least 1 state legislator; at least 1 member involved in personnel training; at least 1 member from the Department of Public Instruction responsible for preschool services to children with disabilities; at least 1 member from the agency responsible for the state governance of health insurance (Commissioner of Insurance or the Commissioner's designee); at least 1 representative from the Wisconsin Council on Developmental Disabilities; at least 1 representative of a Head Start agency or program; and other members representing state agencies that provide services or payment for early intervention services to

infants and toddlers and their families. Members, other than those serving ex officio, serve three-year terms.

Council on Fire Service Training Programs

This body, authorized by s. 15.947, Wis. Stat., functions under the State Board of Vocational, Technical and Adult Education, and furnishes advice and guidance to the Board in the establishment and maintenance of training programs in fire prevention and protection. The council is comprised of representatives from the Division of Emergency Government (Bureau of Civil Defense and Disaster Control), the Department of Workforce Development, and OCI, together with six members of fire departments appointed by the Governor for staggered six-year terms.

Governor's Committee for People With Disabilities

In 1948, a Governor's Committee was established with one goal: to improve employment opportunities for people with disabilities. The group's mission was broadened in 1976 to cover many aspects of disability in Wisconsin, and the group became the Governor's Committee for People with Disabilities (GCPD). The Governor's Committee is dedicated to enhancing the health and general well being of disabled citizens in Wisconsin. The committee consists of the Lt. Governor and not more than 20 other members, including 6 members appointed from specific statutory councils: Council on Blindness, Council for the Deaf and Hard of Hearing, Council on Developmental Disabilities, Council on Mental Health, Council on Alcohol and Other Drug Abuse, and Council on Physical Disabilities. The Committee selects a representative and informs the GCPD afterwards. The selected person is then appointed by the Governor and remains part of the GCPD as long as they are serving on their respective Council. The majority of members are people with disabilities.

Governor's Council on Financial Literacy

This Council was created in Executive Order 92, March 30, 2005. The Council consists of 20 members or less. The Council's mission is to measurably improve the financial literacy of Wisconsin citizens to ensure that resources are utilized in an efficient and meaningful manner. This will be accomplished by collaborating with existing state agencies (the Department of Financial Institutions, the Jump\$tart Coalition for Personal Financial Literacy, the State Superintendent, the Secretary

of the Department of Workforce Development, the Commissioner of Insurance and the Secretary of the Department of Revenue), private entities, and non-profit associations. The Council serves as a continuous sounding board for the Governor's office and the Department of Financial Institution's Office of Financial Literacy.

Group Insurance Board (Board)

Section 15.165 (2), Wis. Stat., created a Group Insurance Board in the Department of Employee Trust Funds. The Commissioner or designee is a member of the Board. The Group Insurance Board is authorized to enter into contracts with insurers to provide group insurance plans or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, and life insurance authorized for state and other public employees under ch. 40, Wis. Stat. The specific powers of the Board are enumerated under s. 40.03 (6), Wis. Stat.

Health Insurance Risk-Sharing Plan Authority

The Health Insurance Risk-Sharing Plan Authority (HIRSP Authority) was created for the primary purpose of assuming the administration of HIRSP, beginning on July 1, 2006.

The board of directors of the HIRSP Authority consists of the Commissioner of Insurance (Commissioner) or the Commissioner's designee, as a nonvoting member, and 13 other members who are appointed by the Governor, with the advice and consent of the senate, for staggered three-year terms. The members include: 4 insurers; 4 health care providers (a representative of the State Medical Society, a representative of the Wisconsin Hospital Association, a representative of the State Pharmacy Society, and a representative of health care plans); 2 policyholders; a small business representative that purchases private health insurance; a professional consumer advocate; and a representative of the public.

Injured Patients and Families Compensation Fund Board (Board)

Society of Wisconsin, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner who serves as the chair. The members as of December 31, 2006, were:

Mark Femal, Public Member
Robert Jaeger, M.D., State Medical Society
James Jansen, Wisconsin Academy of Trial Lawyers
Barbara Kuhl, Public Member
David Maurer, Industry Representative
Paul Mestelle, Industry Representative

Insurance Security Fund Board (Board)

This Board administers the Insurance Security Fund established by ch. 646, Wis. Stat., to provide a mechanism for protecting insureds in the event of liquidation of insurers and to assess the cost of such protection among insurers. The Commissioner, along with the Attorney General, and the State Treasurer, are members of this Board and serve with ten representatives of insurers appointed by the Commissioner upon consideration of the recommendation of insurance organizations.

This committee evaluates all legislative proposals that would create or modify any system of retirement for public officers or employees. No such bill may be acted upon by the legislature until it has been referred to this committee for preparation of a written report. The report must indicate the probable cost involved, the effect of the proposal upon the actuarial soundness of existing retirement systems, and the desirability of the proposal as a matter of public policy.

This committee performs duties mandated under s. 13.51, Wis. Stat. Its membership represents employee and employer groups having vested interests in various state retirement programs. The committee has investigatory powers over all state retirement systems for public employees. In addition, it may require any public pension or retirement system to furnish it with periodic financial reports and records. The committee conducts a continuous review of retirement benefits afforded to public employees under the existing state system. It maintains a current reference library of all public employee pension and retirement plans throughout the United States and makes its findings and recommendations available to the Governor and the legislature.

Wisconsin Retirement Board

The Wisconsin Retirement Board is created in the Department of Employee Trust Funds by s. 15.165 (3) (b), Wis. Stat. It is a nine-member Board. Six members represent employers or employees who participate in the Wisconsin retirement system, one is a participating state employee, one is a public member, and one is the Commissioner or an experienced actuary in OCI. The Board studies and recommends alternative administrative policies, authorizes and terminates disability annuity payments, and considers administrative rules that relate to participants in the retirement system other than teachers.

Wisconsin State Council on Alcohol and Other Drug Abuse

The State Council on Alcohol and Other Drug Abuse was created in the Office of the Governor in August 1970 to provide leadership and coordination regarding alcohol and other drug abuse (AODA) issues confronting the state. Wisconsin Act 210 was enacted on April 6, 1994, merging the Citizens Council on Alcohol and Other Drug Abuse with the State Council. The bill expanded the duties and the membership of the State Council. The State Council on Alcohol and Other Drug Abuse recommends, coordinates, and reviews the efforts of state agencies to control and prevent alcohol and drug abuse. It evaluates program effectiveness, recommends improved programming, issues reports to educate people about the dangers of drug abuse, and allocates responsibility for various legislation. The 22-member council consists of the Governor, the Attorney General, the state Superintendent of the Department of Public Instruction,

the Secretary of Health and Family Services, the Commissioner of Insurance, the Secretary of the Department of Corrections, the Secretary of the Department of Transportation and the chairperson of the Pharmacy Examining Board, or their designees; a representative of the controlled substances board; a representative of any Governor's committee or commission created under subch. I of ch. 14 to study law enforcement issues; 6 members (1 of whom is a consumer representing the public at large) with demonstrated professional, research or personal interest in alcohol and other drug abuse problems, appointed for four-year terms; a representative of an organization or agency which is a direct provider of services to alcoholics and other drug abusers; a member of the Wisconsin County Human Service Association, Inc., who is nominated by that association; and 2 members of each house of the legislature, representing the majority party and the minority party in each house, chosen as are the members of standing committees in their respective houses.

Bulletins to Insurers

III. Health Funds and Communications

The administrator of Health Funds and Communications is responsible for providing advice on executive matters affecting the office's goals and initiatives and directs the office's legislative initiatives, communication activities, and provides advice on technical insurance-related issues. This unit also has administrative responsibilities for the Injured Patients and Families Compensation Fund.

Public Information and Communications

The Public Information and Communications Section has primary responsibility in developing and maintaining the office's consumer publications, providing information and materials on the office's Web site, and provides basic and essential services including records management, forms management, and service of process.

The office is required by statute to administer and maintain a Forms Management program. All office forms and brochures, regardless of format or method of delivery, are reviewed for statutory requirements and agency standards. An inventory and history file is kept for each form, brochure, and special report. This material is composed using a variety of specialized tools and is then distributed and made available via digital and paper means. The forms manager is a liaison with office staff, the agency Printing Coordinator, and other state agencies.

The OCI internal and external Web sites are managed within Public Information and Communications. In coordination with other agency staff, via the OCI Web Committee and with significant involvement with other state agency Web efforts (participation on various inter-agency Web subcommittees), we focus on providing information useful to our audiences 24 hours a day and finding new methods to provide greater content. We frequently reassess the value of the information provided on our site and strive to assure fresh content consistent with current issues. There were 164 new Web pages added in 2006. Another 941 existing pages were updated.

We take great care with how we utilize the Web to provide information to our constituents. A Web service is not unlike direct telephone, postal mail, or even face-to-face contact. Management of that interface requires constant attention to assure our Web visitors can readily find what they need.

Managed Care Specialist

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to this unit. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Administering the state's independent review program is the responsibility of the managed care specialist.

determination by an insurer. These reviews are carried out by Independent Review Organizations (IROs) registered with OCI. Every year, IROs certified to do reviews in Wisconsin are required to submit to OCI a report for the prior calendar year's experience. The independent review process allows a consumer to appeal some health insurance claims denials to an independent third party. The results from the reports for calendar year 2006 are summarized below.

Independent Review Process

According to state insurance law, health insurance claimants have a right to an independent review of an adverse determination or an experimental treatment

For more information on the independent review process, see the consumer brochure "Fact Sheet on the Independent Review Process in Wisconsin" available on OCI's Web site at http://oci.wi.gov/pub_list/pi-203.htm.

Injured Patients and Families Compensation Fund (Fund)

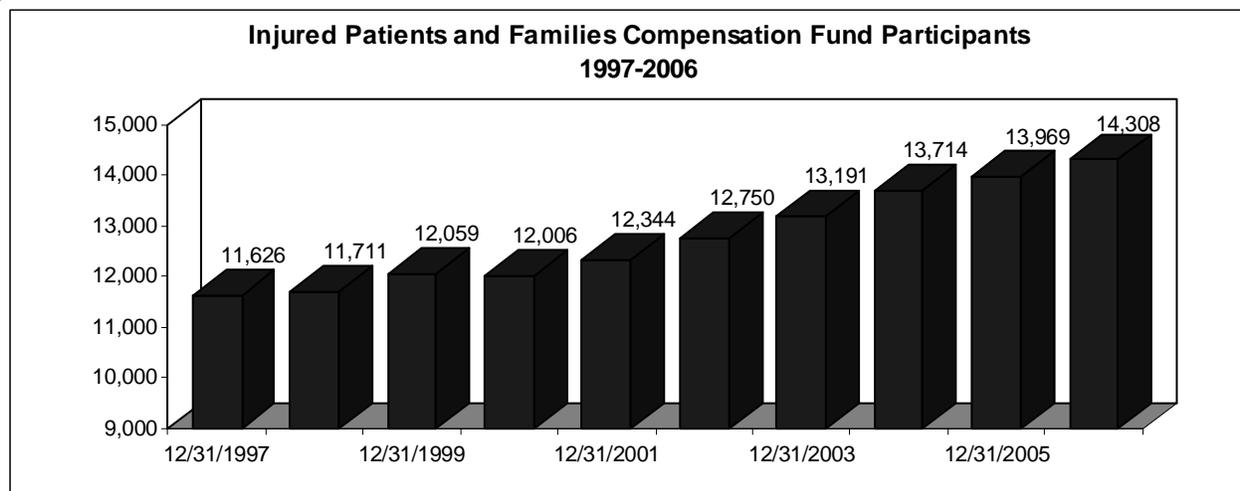

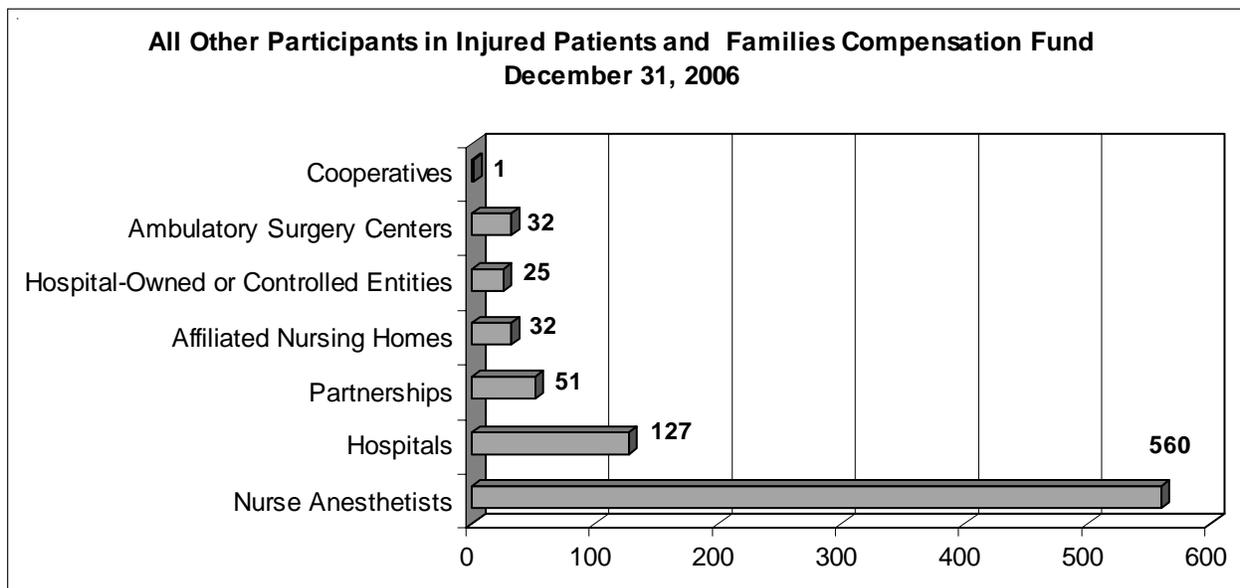

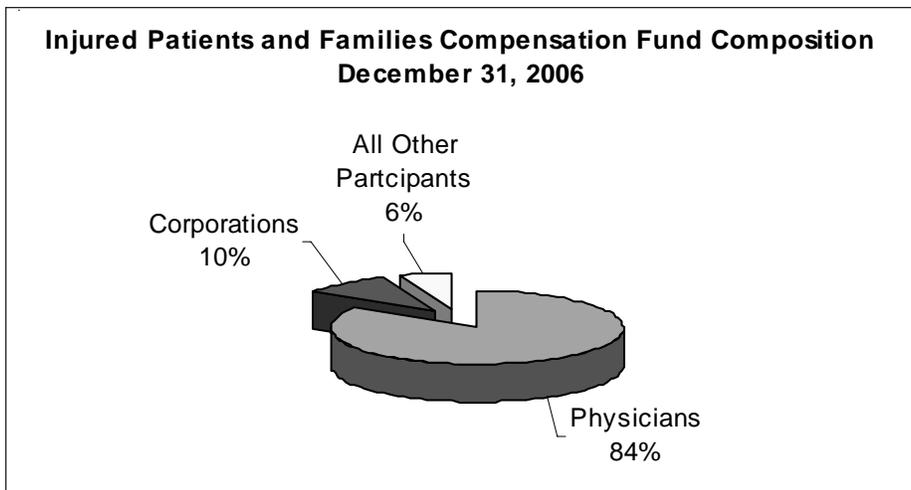

The Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-member Board of Governors (Board) that consists of 3 insurance industry representatives, a member named by the Wisconsin Academy of Trial Lawyers, a member named by the State Bar Association, 2 members named by the State Medical Society of Wisconsin, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner of Insurance who serves as the chair. The Fund's administrative staff is provided by OCI.

The Fund operates on a fiscal year basis—July 1 through June 30. Administrative costs, operating costs, and claim payments are funded through assessments on participating health care providers.

As of December 31, 2006, the vast majority of Fund participants were physicians at 84% with corporations comprising another 10% and the remaining 6% comprised of various other participant types, as illustrated in the charts below. At year-end 2006, Fund participants totaled 14,308 comprised of 12,052 physicians, 1,428 corporations, 560 nurse anesthetists, 127 hospitals with 32 affiliated nursing homes, 51 partnerships, 32 ambulatory surgery centers, 25 hospital-owned or controlled entities, and one cooperative.

The Board is assisted by an Underwriting and Actuarial Committee, a Legal Committee, a Claims Committee, an Investment/Finance and Audit Committee, a Risk Management Steering Committee, and a Peer Review Council. The Board and its committees meet quarterly.

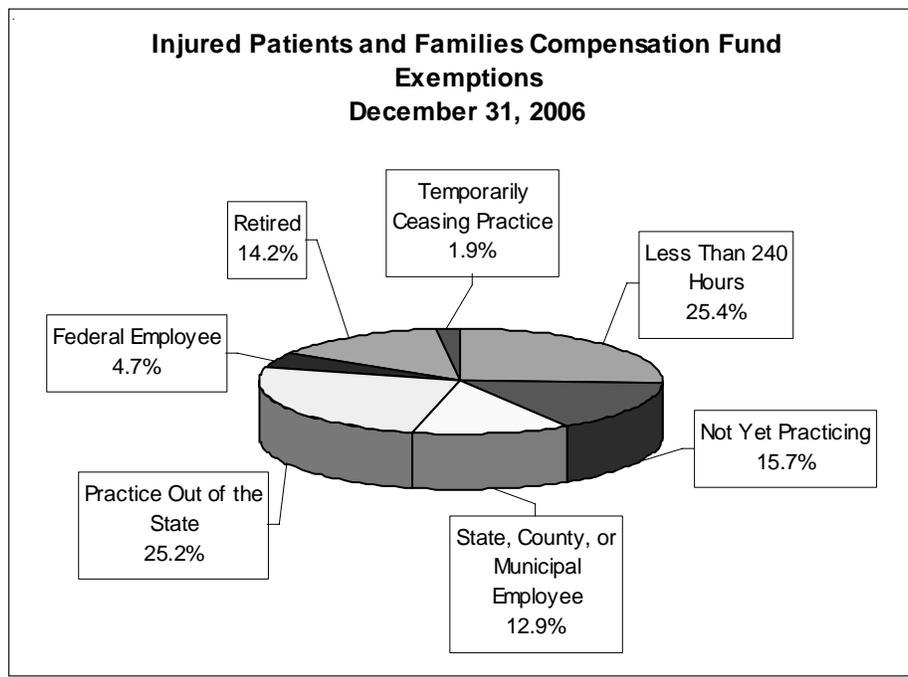

From July 1, 1975, through December 31, 2006, 5,372 claims had been filed in which the Fund was named. During this period, the Fund's total number of paid claims was 638, totaling \$633,080,789. Of the total number of claims in which the Fund has been named, 4,488 claims have been closed with no indemnity payment.

2006 Major Activities

- In July 2005, the Wisconsin Supreme Court issued its ruling in the Ferdon case in which the court declared the cap on non-economic damages to be unconstitutional. This decision results in a potentially significant impact financially to the Fund. Subsequently, a new non-economic damages cap of \$750,000 was established by the Legislature and signed into law by the Governor effective for incidents arising after April 6, 2006. Due to the long-tailed nature of medical malpractice, the actual effects of these decisions will not be quantifiable for some time. However, the ruling on the Ferdon case contributed to the Board's decision to increase fees by 25% for the 2006-2007 fiscal year. The effects of this decision will be closely monitored.
- In July 2006, the Wisconsin Supreme Court issued its ruling in the Bartholomew case in which the court declared that an injured party could receive damages for pain and suffering for the time prior to death. Specifically in this case the surviving spouse was able to recover the amount for wrongful death and

was also entitled to receive an amount for pain and suffering that his wife had experienced prior to her death. The decision resulted in many questions as to how this decision will be applied going forward. Fund administration, in conjunction with counsel, will closely monitor the cases which may be impacted by this decision. The cap on wrongful death was not affected by this decision. The caps currently are \$350,000 for an adult and \$500,000 for a child.

- Fund administration closely monitors the use of outside counsel. Pursuant to a court decision in 2000, the Fund hires separate defense counsel on each claim. Fund staff monitors the claims and the use of this outside counsel to ensure that while the Fund receives the necessary representation, that legal fees are controlled.
- Extensive work continued during 2006 to verify and process up-to-date exemption status for providers that held a license to practice in Wisconsin but for which a current exemption or certificate was not on file with the Fund. Providers that remain in noncompliance are referred to their respective licensing boards for enforcement action by that board. As of December 31, 2006, 10,620 providers claimed an exemption from the Fund. The various basis for the exemptions are illustrated in the chart below:

Management Analysis and Planning

The Management Analysis and Planning Section (MAPS) supports the mission of the Office of the Commissioner of Insurance through oversight of the agency's business planning processes in the areas of financial management, project management, staff development and office management. During 2006, the agency was faced with the elimination of 6.0 FTE positions due to a statewide consolidation initiative. As a result it was necessary for the agency to reevaluate its organizational structure, thus creating the Management Analysis and Planning Section. This section is responsible for the agency's budget, accounting, and fiscal responsibilities and administers the agency-wide project management program; staff development; continuity of operations planning, and office management services, including: risk management; health and safety; mail and reception functions. MAPS staff also serves as liaison between the agency and the Department of Administration for human resources, training and procurement services.

Financial Management

This area provides accounting, budgeting, contract management, internal control, procurement, risk management, and vendor payment services for the Office of the Commissioner of Insurance. The section produces the annual operating budgets for all units of the agency, external financial reports at the fund and agency level, GAAP reports, and required statutory reports, e.g., Ethics Board Sunshine Act and minority contracting reports.

The staff is responsible for providing technical budget assistance and guidance to OCI managers and staff, tracking expenditures and revenues, collecting accounts receivables, calculating and billing of the annual examination assessment, administering the state purchasing card program, cashing and serving as liaison with the Department of Administration-Procurement.

Some of the accomplishments in this area during the past year include:

- Conducted exercises of the Continuity of Operations Plan, as well as provided training to assigned staff.
- Started /facilitated pandemic planning for the agency.
- Prepared the agency's 2007-2009 Biennial Budget Request.

Project Management

In 2006, MAPS was given Executive Management direction and support to define and implement procedures and standards that would facilitate more rigorous project management, oversight, and communication with the expectation that organizational efficiency and project performance will improve.

The Project Management Program in MAPS is designed to ensure business process and information technology projects that are undertaken are aligned with OCI's Strategic Business Plan, facilitate the Project Governance Board meetings, provide project status reports to the Project Governance Board, and ensure consistency between projects and project managers for performance metrics, documentation, and communication.

The following activities were accomplished to improve the Project Management Program:

- Expanded the agency's Project Management Program to include business process and information technology projects.
- Developed a procedure for staff to propose new business process and information technology projects.
- Developed standardized forms to be used by all project managers including Project Idea Statements and Business Cases.
- Conducted project management process improvement sessions.
- Increased the number of staff trained in project management to serve as project managers.

Staff Development

The Department of Administration began providing training support for the agency beginning mid-2006 due to the consolidation efforts. OCI felt a need to continue to provide assistance in the area of staff development in the provision of technical training, management of insurance industry related staff development, monitoring of industry related career development program activities, coordination of agency training needs identification, and management of training records, while also serving as liaison with the Department of Administration-Training.

Training activities in 2006 included:

- Utilized all available NAIC grant/zone funds to support our regulatory training needs.
- Provided specialized industry training in-house, including ACL training.
- Use Case training for Project Managers and business partners.

This area is responsible for monitoring and maintaining agency policies and procedures, managing administrative matters affecting the business operation of the agency, and serving as liaison

with the Department of Administration-Human Resources. In an effort to strive to achieve physical accommodations for maximum comfort, security, and safety for staff and visitors alike, this area is responsible for the management of building maintenance and security, along with provision of health and safety oversight. - Coordinated the development of a publication inventory system database.
- Responded to employees' ergonomic needs.

Alternative Work Patterns

OCI is cognizant of the need to offer a flexible work environment in order to maximize the employment options available to existing and potential state employees and to meet the needs of our constituents. OCI encourages the utilization of alternative work patterns such as flex time, part-time, and shared-time schedules to increase productivity, extend services, reduce absenteeism, improve employee morale, allow for employee development, and maximize energy conservation through ridesharing and use of mass transit systems. Currently our staff includes two job-share arrangements and four part-time permanent

employees. Ninety-one percent of the agency's staff has some form of nonstandard work schedule. The agency also reviews requests, on a case-by-case basis, from staff who wish to temporarily work from their home. The agency recognizes that alternative work pattern schedules may provide opportunities for individuals to productively utilize their skills, talents, and abilities. It recognizes that a traditional, full-time, work schedule may not meet the needs of individuals whom, due to age, health, or family circumstances, find such a schedule in conflict with responsibilities outside of work.

Local Government Property Insurance Fund (Fund)

The purpose of the Fund is to make reasonably priced property insurance available for tax-supported local government property such as government buildings, schools, libraries, and motor vehicles. The Fund has a manager and is supervised by the Commissioner. The Fund provides policy and claim service to the policyholders. The Fund's contract administrator is The ASU Group. The ASU Group office is located in Madison, Wisconsin.

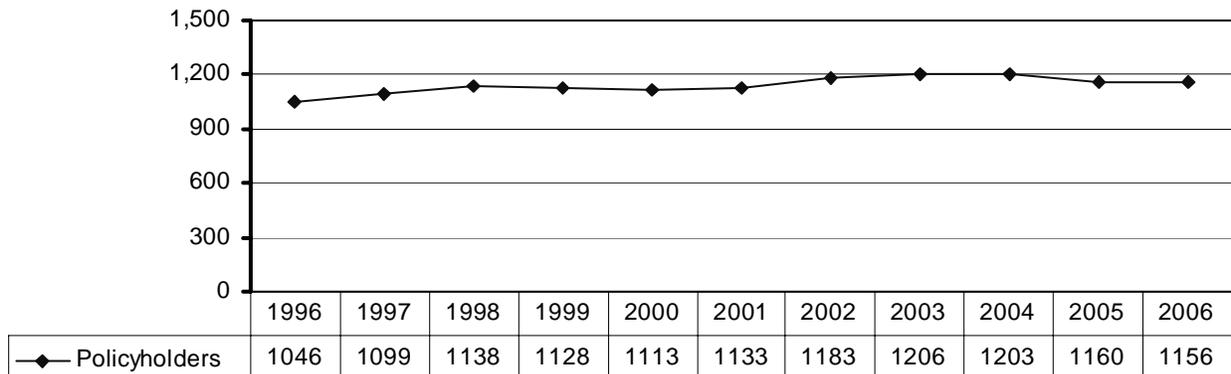

During fiscal year 2006 the Fund continued to enhance program and administrative operations relating to its computer system, the role of its advisory committee and claims and underwriting services. Specifically, a major enhancement to policy processing, including renewals and all policy changes continued in 2006. The Electronic Statement of Values (ESOV) project is a Web-based program that will allow policyholders to make all of their policy property changes on line. Functionality within ESOV will also give the policyholder the option

to export their statement of values to Excel format and sort by department.

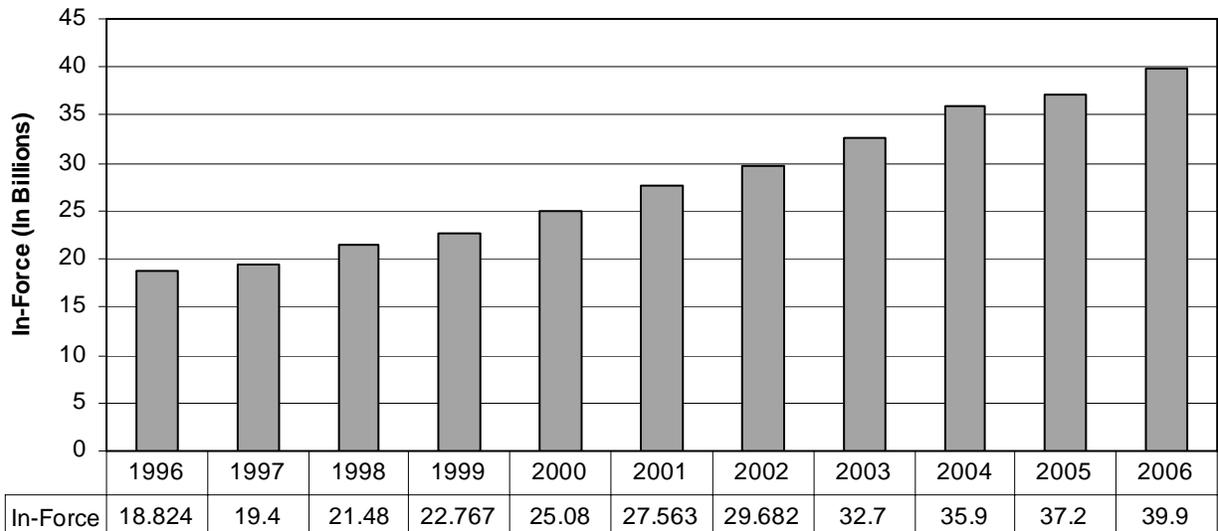

The Fund's advisory committee, comprised of Fund policyholders, provided input on policyholder matters including ongoing projects relating to a policy rewrite project, the electronic statement of values project, an electronic survey form, a probable maximum loss study and developing a policyholder loss control program.

As of June 30, 2006, the Fund insured 1,156 policyholders: 62 counties, 326 schools, 162 cities, 212 towns, 269 villages, and 125 miscellaneous (libraries, etc.). With new business and terminations, the overall number of policyholders decreased by 4 since the previous fiscal year-end. Two graphs are included that reflect changes in the Fund's policyholder base and growth in its insurance coverage in force.

**Number of Policyholders
Fiscal Years 1996 - 2006**

Growth of Coverage In-Force

The Fund's insurance in force represents property that is insured against loss. The more property insured, the greater the potential for a loss. The total amount of insurance in force as of June 30, 2006, was \$39.9 billion, up from \$37.2 billion as of the previous fiscal year-end. The Fund's total insurance in force increased \$2.7 billion over the prior year while its surplus (total assets minus total liabilities) increased approximately \$4.5 million over the same time period.

Below are three pie charts reflecting the premium earned and the percent of policies by type of policyholder entity, and a breakdown of the type of policy purchased. The majority of the Fund's insureds are using the valuation project service that began in 1988. This method of valuing buildings, contents, property in the open and contractor's equipment was developed to promote equity in premiums and the proper reporting of values. Valuation participants not only have broader coverage than those insureds that purchase a coinsurance policy but also enjoy the benefits of automatic computer-generated statements of value. The coinsurance policy requires the insured to establish the insurance value for the property, which caps the maximum recovery in the event of a total loss and can also impose

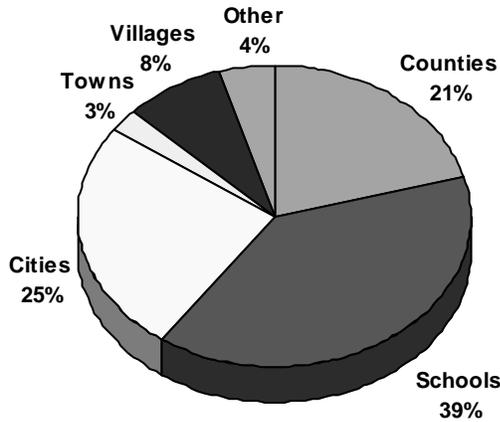

limitations when paying partial losses if the property is not insured to full value.

The Fund's balance sheet and income statement for the fiscal year ending June 30, 2006, are included with this report. The Fund experienced an underwriting gain of approximately \$2.4 million and a net income of almost \$4.5 million after investment income was taken into consideration.

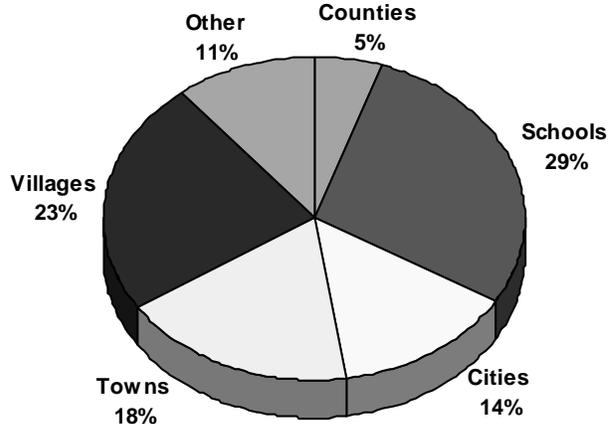

Effective July 1, 2006, for new and renewal business the Fund implemented additional deductible credits of 5% for all deductible amounts. Also, effective July 1, 2006, for building and content rates the Fund adopted the Insurance Service Office's (ISO) experience loss adjustments projected to result in a 8% overall reduction in the rate, on average.

Fund management will continue to monitor insurance in force, claims trends and Fund surplus when evaluating the Fund's rating structure. Claims costs coupled with higher self-insured Fund reinsurance retention levels and reinsurance premium will continue to be factors considered in the rate-setting analysis.

State Life Insurance Fund (Fund)

The Fund is a segregated fund located within OCI. The Fund offers a maximum of \$10,000 of life insurance to state residents. Operating as a mutual insurance company, the Fund has a manager and is supervised by the Commissioner.

Section 607.15, Wis. Stat., requires the Fund to distribute annually among the policyholders its net profits and to the extent practicably possible, maintain a ratio of

surplus to assets between 7% and 10%. In 2006, a distribution of \$2.1 million was paid to policyholders in the form of dividends.

Wisconsin is the only state in the nation that offers a life insurance program to residents. All policies issued are participating and there is no marketing of the Fund. The lapse rate on Fund policies is a low 1.2%. As of December 31, 2006, there were 29,046 policies in force.

V. Division of Regulation and Enforcement

The Division of Regulation and Enforcement, through its Bureau of Financial Analysis and Examinations and Bureau of Market Regulation, and in conjunction with the office's Legal Unit, is responsible for enforcing the state's insurance laws. In addition, it assists with the office's consumer education program by providing technical expertise in the development and publication of the office's consumer education publications. In compliance with s. 601.01(5), Wis. Stat., the Division works with other state and federal regulatory agencies in carrying out the purposes of the Wisconsin insurance laws and the mission of the office.

Bureau of Financial Analysis and Examinations (Bureau)

The principal function of the Bureau of Financial Analysis and Examinations is to monitor the financial condition of all insurers licensed to do business in Wisconsin and determine whether their financial condition meets the minimum requirements for continued operation in Wisconsin. Monitoring includes the examination of the accounts and records of insurance companies organized under Wisconsin law and the analysis of financial statements of all insurers licensed to do business in the State of Wisconsin, the review of CPA audit reports, and updates to the company profile database.

The Bureau maintains and reviews holding company filings required by ch. Ins 40, Wis. Adm. The Bureau also collects and processes all premium taxes submitted by insurers.

Companies in Liquidation or Rehabilitation

American Star Insurance Company, In Liquidation

American Star Insurance Company was placed into liquidation on November 16, 1992. Matthew C. Mandt is appointed as special deputy liquidator.

American Star had business in force mainly in Arizona, California, Idaho, Nevada, Oregon, and Washington state. There was no business in force in Wisconsin. American Star wrote commercial multi-peril, property, auto, liability, and surety business.

American Star filed a September 30, 1992, quarterly financial statement indicating capital and surplus of approximately \$5.5 million. A preliminary review of American Star's reserves for losses and loss adjustment expenses showed them to be deficient by about \$15.9 million, implying a negative net worth of about \$10.4 million. Furthermore, American Star had not obtained reinsurance coverage for policies it had written or renewed for December 1, 1992. Due to the foregoing factors, further transaction of business was hazardous to its policyholders and the general public, and American Star's owners consented to the liquidation.

Under the liquidation order, policies in force were terminated the earliest of: December 1, 1992, the date the policy expired, or the date new coverage was obtained by the agent. Certain guaranty funds extended the period of coverage for residents of their respective states, if such extension was required by law or administrative action. Ancillary liquidation proceedings were established in California, Idaho, Oregon, and New Mexico, but have all now been closed. The California ancillary liquidation proceeding was reopened on March 30, 2001, to allow a distribution of Proposition 103 rebates to California policyholders in the amount of \$1,750,000.

On January 28, 1994, the liquidation court approved a plan to provide state guaranty funds with early access payments to be used for the return of unexpired premiums to policyholders and payment of claims. Altogether, the estate advanced \$34,256,799.62 to participating guaranty funds under four early access agreements, most of which has been converted into nonrefundable dividends.

The liquidation court has approved dividends for full and partial payment of various class 1, 3, 4, 5, 7 and 8 claims filed with state guaranty funds and directly with the estate, as recommended by the liquidator. Such dividends aggregated to \$44,659,525 as of December 31, 2006.

On December 3, 2003, the estate made a distribution of \$11,606,892.07, representing full payment of principal and interest on the Class 10 surplus note claim.

On December 19, 2006, the liquidation court approved a motion to establish a segregated account, a petition to establish a rehabilitation proceeding, and a motion for approval of a rehabilitation plan and termination of the rehabilitation estate. Under the terms of the motions and petition, the liquidator established a segregated account for satisfaction of any and all remaining known claims against the liquidation estate and for subsequent administrative expenses, including wind-up costs, with the remainder of funds to be reallocated to American Star's general account for the benefit of its sole shareholder upon termination of the segregated account. In a parallel rehabilitation proceeding, the liquidator contributed \$17,934,039 to the general account from the segregated account and assigned to it American Star's corporate charter. Since no further administration of the general account appeared necessary, the general account of American Star Insurance Company was released from rehabilitation to the control of its sole shareholder, TPB Holdings, Inc., a wholly-owned subsidiary of City National Bank.

The liquidator expects to close the segregated account during 2007 upon payment of remaining claims and filing of final tax returns.

As of December 31, 2006, the estate reported assets of \$13,766,299. Claims in classes 1 through 10 were estimated at \$11,711,502, resulting in an estimated surplus of \$2,054,797.

Family Health Plan Cooperative, In Liquidation

Family Health Plan Cooperative was placed into liquidation on October 16, 2000. Matthew C. Mandt was appointed as special deputy liquidator.

Family Health Plan was headquartered in Brookfield, Wisconsin, and had business in force only in Wisconsin. Family Health Plan wrote health maintenance organization business and had just over 72,000 enrollees.

Under the liquidation order, policies in force were terminated the earliest of November 1, 2000, the date the policy expired, or the date new coverage was obtained by the enrollee. The liquidator assumed an Omnibus Agreement by and among Family Health Plan, Aurora Health Care (Aurora), United Wisconsin Services, Inc. (UWS), and Family Health Systems, Inc. The provisions of the Omnibus Agreement were approved by the court and the liquidator proceeded to:

- Convey the assets of Family Health Plan to Aurora and UWS as set forth in the agreement;
- Assign certain liabilities to Aurora and UWS as set forth in the agreement;
- Retain certain designated excluded liabilities of the estate of Family Health Plan; and
- Establish claims procedures and other liquidation processes.

On October 31, 2000, 6,958 notices were mailed to creditors and other parties whose interests may in some way be affected by the liquidation. The deadline for filing claims with the liquidator was May 1, 2001.

Pre-liquidation claims for benefits under Family Health Plan policies, with the exception of Medicare select policies, were assumed by Compcare Health Services Insurance Corporation. Medicare select policies were assumed by Blue Cross Blue Shield of Wisconsin. Virtually all these claims have been settled.

Fifty-two claims were filed relating to potential liabilities not related to insurance policy benefits. Twenty-two claims were approved by the Court for payment, three claims were approved in part and the remaining claims were denied. Seven claimants filed objections to the Court's denial. One of the denied claims has been settled and the Court has dismissed four other denied claims. Three other actions are currently proceeding outside of the Liquidation Court relating to medical malpractice claims. Hearings will be held to resolve the remaining claims to which objections have been received.

Discussions have been initiated with parties of the Omnibus Agreement to help facilitate the payment of claims. In addition, other potential exposures are being investigated before a final distribution of assets can be made.

Master Plumbers' Limited Mutual Liability Company, In Rehabilitation

Master Plumbers' Limited Mutual Liability Company was placed in rehabilitation on March 29, 1994, by the Circuit Court for Dane County, Wisconsin. Roger A. Peterson is appointed as special deputy rehabilitator. Society Insurance, a Mutual Company performs claim adjustment and administrative services for the rehabilitator pursuant to a contract approved by the court.

Master Plumbers' issued assessable policies and was licensed only in Wisconsin. The company wrote worker's compensation, other liability, and auto liability coverage

for plumbers. All policies were written on an annual basis with January 1 effective dates.

In December 1993, pursuant to an order issued by the Commissioner, the company levied an assessment upon its policyholders equal to one additional annual premium. Collection of this assessment has been deferred until such time as funds may be needed. To date, it has not been necessary to collect this assessment.

As of December 31, 2006, Master Plumbers' reported assets of \$1,232,125, liabilities of \$786,903, and surplus of \$445,222.

Northwestern National Insurance Company of Milwaukee, Wisconsin, In Rehabilitation

On October 18, 2006, the Commissioner of Insurance petitioned the Dane County Circuit Court for the rehabilitation of Northwestern National Insurance Company of Milwaukee, Wisconsin (NNIC). A hearing on the petition was scheduled for March 8, 2007. After this hearing, the Dane County Circuit Court entered an order for rehabilitation on March 12, 2007.

NNIC was incorporated as a Wisconsin domestic stock property and casualty insurance corporation on February 20, 1869. NNIC wrote both direct insurance and reinsurance. In 1986, the company began a run-off operation. Since that time, except for mandatory writings, including guaranteed renewable accident and health insurance policies, assignments, and retroactive adjustments and endorsements to prior year policies, NNIC has written no new business.

Affiliates, Universal Reinsurance Corporation and Bellefonte Underwriters Insurance Company, were merged with and into NNIC effective January 1, 1991, and June 30, 1991, respectively. These affiliated insurers were also in run-off prior to the mergers.

By a stipulation and order dated May 13, 2004, the Commissioner and NNIC agreed that, pursuant to a restructuring plan, NNIC would establish a segregated account from which it would satisfy its obligations to its direct policyholders and certain other obligations. All other obligations of NNIC, including reinsurance obligations, would be satisfied from NNIC's remaining funds in its general account.

As part of the restructuring plan, NNIC offered reinsureds an opportunity to voluntarily commute all business ceded by the reinsureds to its general account. Approximately 75% of the total number of reinsureds representing approximately 71% of the total liabilities of the general account have entered into commutation agreements with NNIC.

As of December 31, 2006, the general account of NNIC reported assets of \$79,712,677, liabilities of \$130,490,628, and surplus of \$(50,777,951). As of December 31, 2006, the segregated account of NNIC reported assets of \$70,133,577, liabilities of \$63,357,853, and surplus of \$6,775,724.

Bureau of Market Regulation (Bureau)

The Bureau of Market Regulation consists of five sections: Complaints and Central Services, Accident and Health Insurance, Health and Life Insurance, Property and Casualty Insurance, and Agent Licensing. Agent licensing activities are described in a separate section.

The Bureau of Market Regulation is responsible for the administration and enforcement of laws and rules relating to all market conduct activities of insurers and agents. In order to complete its duties, the Bureau conducts market analysis and targeted market conduct examinations of insurers in the areas of underwriting and rating; marketing, advertising and sales; claims; and policyholder services and grievances. The Bureau investigated and resolved 8,282 written consumer complaints and inquiries and answered 35,000 telephone inquiries during 2006. The Bureau also processed 3,400 rate and rule filings and approved 4,834 policy form filings during 2006.

During 2006, the Bureau of Market Regulation enhanced the market analysis process by conducting in depth analysis on selected companies and participating in the market conduct annual statement program for life and personal lines insurance. Health examiners spent considerable time assisting consumers with questions about plan year changes in Medicare Part D and Medicare Advantage plans. Bureau staff provided assistance to the legal staff in investigating complaints involving unsuitable sales of annuities and Medicare Part D and Medicare Advantage policies to senior citizens.

Market Conduct Annual Statement

The Market Conduct Annual Statement (MCAS) was developed through the National Association of Insurance Commissioners with the input of state regulators and representatives from the industry. It is a permanent project in which 25 states, including Wisconsin, are currently participating. The MCAS is an analysis tool that states can use to review market activity of the entire insurance marketplace in a consistent manner and to identify companies whose practices are outside normal ranges. The project collects data on an industry-wide basis and is comprised of two major components: a Life & Annuity statement and a Property & Casualty statement. The Property & Casualty statement is further divided into two subsections: a Private Passenger Automobile section and a Homeowner's section.

For the 2005 Life & Annuity MCAS, licensed companies with at least \$50,000 in subject life premium and/or annuity considerations were required to participate in the project in Wisconsin. A total of 313 companies participated in the project by filing statements with OCI. For the 2005 Property & Casualty MCAS, licensed companies with at least \$10,000 in subject homeowner's and/or private passenger automobile premium were required to participate in the project in Wisconsin. A total of 213 companies participated in the project and OCI received 184 private passenger automobile statements and 130 homeowner's statements.

Level 1 and Level 2 Market Analysis

Wisconsin conducted analysis on 130 companies for five lines of business: homeowner's, personal auto, group health, individual health, and life. The analysis followed a uniform process that included reviews of complaints and information collected in the financial statements and other NAIC databases. Analysts in each state identified companies for further action and recorded the results of the reviews in the NAIC Market Analysis Review System (MARS). In 2006, examiners identified 30 companies for a more detailed analysis. Examiners used a comprehensive guide to complete a detailed analysis of the company in 21 areas of review.

2006 Major Accomplishments

- Worked closely with the Wisconsin Medicare Part D Task Force to provide training, technical assistance and resources on the insurance aspects of the changes resulting from the Medicare Modernization Act of 2003 and the annual open enrollment for the Medicare prescription drug plans.
- Continued to improve the market analysis and the market conduct examination program by working with other states through the NAIC Market Analysis Working Group, the Market Analysis Priorities Working Group, the Market Analysis Research and Development Subgroup, the Market Conduct Annual Statement Subgroup, and the Uniformity Working Group to develop standards for core competencies, coordinate examinations, improve uniformity in the process, work collaboratively with other states, and shorten the timelines to complete and adopt examination reports.

- Participated in the Market Conduct Annual Statement program, collecting and analyzing data on claims and underwriting in life, annuities, homeowner's and auto insurance and using the data as part of the market analysis program.
- Continued to focus on investigating complaints about sales of life insurance and annuities to senior citizens by identifying incoming calls and complaints and referring them to assigned investigators to contact consumers and investigating and preparing actions against insurance agents who were targeting elderly consumers.
- Improved the rate and form filing process by adopting the uniform transmittal document and the uniform product coding matrices, updating the property and casualty and health insurance checklists, and publishing review standards checklists for life and annuity lines.
- Participated in developing administrative rules involving defined network and preferred provider plans and grievances, Medicare supplement insurance, and the uniform small employer application.
- Continued the urban outreach project by providing staff to conduct training sessions for consumer groups in cooperation with the Community Insurance Information Center in Milwaukee and facilitated meetings between insurers and consumer groups.
- Enhanced the consumer services to Spanish-speaking consumers through the hiring of several native Spanish-speaking examiners, translating form letters and conducting workshops and training sessions for community groups to make them aware of the OCI and the services it offers to Spanish-speaking consumers.
- Participated in the Wisconsin Insurance Plan, the Wisconsin Automobile Insurance Plan meetings; quarterly meetings with the Worker's Compensation Rating Bureau and the Department of Workforce Development; and provided technical assistance to Wisconsin Emergency Management and the Health Insurance Risk-Sharing Plan (HIRSP).
- Served on the following NAIC committees, task forces and working groups: Senior Issues Task Force, Speed to Market Task Force, Operational Efficiencies Working Group, the Interstate Compact National Standards Working Group, the Market Analysis Priorities Working Group, the Market Analysis Handbook Working Group, the Market Conduct Annual Statement Subgroup, Market Analysis Working Group, Market Conduct Uniformity Working Group, Market Analysis Research and Development Subgroup, Consumer Complaint Handling Working Group, the SERFF Board of Directors, and the Producer Licensing Working Group.

Trends in Complaints

OCI received an increased number of complaints and inquiries about Medicare supplement, Medicare Part D and Medicare Advantage plans. OCI continued to receive complaints from consumers concerned about the high cost of health insurance. Consumers complained about the difficulty of finding affordable health insurance that provided the level of coverage they desired. There were complaints and inquiries about alternatives to health insurance, primarily discount plans that provided little coverage for the consumers who purchased the plans. There were inquiries about high deductible plans including medical savings accounts and health savings accounts. There were also complaints about the increase in the rates for long-term care insurance.

OCI noted significant complaints about the suitability of the sale of life insurance and annuities to senior citizens. There were also complaints about the difficulty in finding some types of property and casualty insurance and improper notices of nonrenewal. In the personal lines area, there were complaints about claims settlement practices and underwriting. Consumers expressed concern about the use of credit information and external sources of information in determining eligibility for insurance.

The following tables summarize the Bureau's complaint data. Table I shows a comparison of complaint

activity over the last six years. A complaint is defined as a written expression of dissatisfaction with an insurance company or agent. Complaints may initially be received either in person, by telephone, by e-mail, or in writing. To be considered a formal complaint that initiates an inquiry or investigation, a complaint should be in writing. The data presented is based upon formal complaints.

In addition to the formal complaints, the Bureau also handled over 35,000 general inquiries or requests for information in 2006. Most such inquiries were by telephone, with the remainder being written communications, including e-mail, and "walk-ins."

Table II shows 2005 and 2006 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance. Table III shows the area of insurance operations that generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations.

Table III shows the basis for complaints. Over half the complaints involve claim problems. Policyholder service is the second most common reason for filing a complaint.

Complainants may appeal the results of the Bureau's determination on their complaints when the complaints were not resolved as originally requested. The appeal gives the complainants an opportunity to have their complaints reviewed by the office's management staff or to provide additional information on their complaint to office management. Table V reflects the complaint appeal activity. The low number of complaint appeals makes trend analysis difficult. However, complaint appeals are reviewed by agency management to ensure consumers are provided a complete explanation of the decision surrounding their complaint.

Agent Licensing Section

The Agent Licensing Section conducts licensing examinations for insurance agents; licenses agents, reinsurance intermediaries, managing general agents, certain corporations and firms, employee benefit plan administrators, viatical settlement brokers; and reviews and approves prelicensing and continuing education providers and courses.

During 2006, there were 15,831 tests administered in all lines of insurance to candidates seeking a resident agent license. In all, a total of 20,849 new licenses were issued to resident and nonresident agent candidates.

As of December 31, 2006, there were 102,816 licensed insurance agents and 692,405 active appointments by insurance companies authorizing the licensed agents to market their products.

2006 Projects

- Finalized programming effort with the Wisconsin Department of Justice to create an electronic interface to automatically receive background information checks on all resident applicants. Scheduled for completion in early 2007. This enterprise initiative will be available for use by all state agencies.
- Completed rule-making initiative to adopt uniform national standards for agent licensing.
- Modified all agent expiration dates to end of licensee's birth month. Provided all licensees with updated license copies.
- Continued involvement with the NAIC in the enhancement of the National Insurance Producer Registry (NIPR). The database is speeding up and simplifying the licensing process and provides benefits to both regulators and industry. Wisconsin participated as a pilot state for the project, and provides daily updates to the database along with all other states.
- Continued participation in the NAIC's Producer Working Group. The goal of this committee, comprised of state regulators and industry representatives, is to improve the effectiveness and efficiency of the state licensing process and resulting uniformity through increased coordination, automation, standardization, and reciprocity.

Commercial Liability Insurance Reports
Section 601.422, Wis. Stat.

The following tables summarize the reports on commercial liability insurance required by s. 601.422, Wis. Stat., that were received in 2006. All of the information is for commercial liability insurance written in Wisconsin by authorized insurers. The data required by this statute were collected from the following three sources:

1. the insurers themselves,
2. statistical agents utilized by the insurers, and
3. the NAIC database.

Reporting thresholds were established by this office in conjunction with the statistical agents to eliminate insurers who write marginal amounts of insurance.

Tables IA and IB include information required for policy years 2003 and 2004, respectively. Lines one and two were calculated by applying the ratios of investment gain and other expenses to net premium earned for other liability as reported in the Insurance Expense Exhibit to direct premiums earned. The Insurance Expense Exhibit information is on a calendar year basis, therefore the ratios applied represent the average of the two calendar years included in the applicable policy year. The number of policies written, the number of claims closed without payment, and the number of legal actions filed were provided by the insurers. The remaining policy year information was provided by statistical agents.

It should be noted that the liability for claims incurred but not reported (IBNR) is calculated differently depending on the market. In particular, approximations for the IBNR liability for excess and umbrella insurance are based on the general liability expected loss ratio. The long-tailed nature of these two lines can create difficulty when attempting to establish an accurate liability for claims IBNR even after three or four years of development.

As noted previously, much of the data is from individual insurers and the statistical agents they utilize. These reports have been accepted by this office without audit.

Table II summarizes key ratios and averages for supplemental commercial liability data for the most recent five policy years. Several cells in this table are incomplete due to lack of activity for selected categories in certain policy years. Incomplete cells are indicated by an asterisk.

Medical Malpractice Insurance Reports

Section 601.427, Wis. Stat.

The following table summarizes the reports on medical malpractice insurance required by s. 601.427, Wis. Stat., that were received in 2007. All of the information is for medical malpractice insurance written in Wisconsin by authorized insurers. Insurers that wrote less than \$300,000 annually in medical malpractice insurance premiums in Wisconsin were not required to report.

The first three lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next fifteen lines are for the policy years shown by the column headings.

This report includes the experience of the Wisconsin Health Care Liability Insurance Plan. It does not include the experience of the Injured Patients and Families Compensation Fund.

It should be noted that the data are from individual insurer reports and have been accepted by this office without audit. In addition, the data do not separate occurrence policy experience from claims-made policy experience. These two types of policies have different claims payment experience patterns.

This report combines the experience for all physician and surgeon classifications, other health care professionals, hospital, and other health care facilities. The individual classification reports by company, from which the summary table was derived, have been maintained in this office.

VI. Financial and Statistical Data

Notes to Tables

The financial information was obtained from the NAIC database downloaded on June 12, 2007, for those companies filing electronically with the NAIC and annual statements filed with OCI for those companies not filing electronically with the NAIC. The tables report the financial position of companies licensed to do business in Wisconsin as of December 31, 2006, and the results of their 2006 operations. Companies in rehabilitation and liquidation may not be included in the financial data.

Table A includes Risk Retention Groups and Vehicle Protection Plans as authorized insurers. Neither group of entities is technically authorized as they are not issued a certificate of authority to write business. Risk Retention Groups are required to register with this office pursuant to the Federal Liability Risk Retention Act of 1986. Vehicle Protection Plans register with this office pursuant to the requirements of s. 100.203, Wis. Stat., and ch. Ins 14, Wis. Adm. Code.

Tables B-I do not contain financial data for the Other Entities Subject to Limited Regulation.

Direct premiums and deposits for life business reported in Tables B and D includes direct premiums written, annuity, deposit, and other considerations and policyholder dividends used for renewals and paid-up additions. Direct premiums written reported in Table E excludes dividends, and deposit and other considerations. Direct benefits and dividends paid includes both benefits paid and dividends paid or applied during the year.

Direct premiums written in Table E includes insurers with negative premiums written. This results in premiums written for the 20 ranked insurers in certain lines of business to be greater than all insurers writing that line of business.

All of the amounts in Tables F-I, except ratio amounts, have been rounded to thousands. Ratios in excess of 999% were reported as "999" and ratios less than 0 were reported as "0". Ratio results outside these thresholds are meaningless.

Explanation of Terms Used in Tables

The “*Wisconsin Operations*” columns report the direct premiums and losses for Wisconsin only business for 2006. The “*Nationwide Operations*” columns report the net premiums and losses for all operations for 2006.

“*Direct*” business refers to business for which the insurer issued an insurance policy and accepted the premium. “*Net*” business is direct business plus reinsurance assumed and less reinsurance ceded.

“*Reinsurance*” is the transfer of risk between insurance companies. Almost all direct writing companies use reinsurance to transfer a portion of the risk associated with its direct policies. Reinsurance assumed is accepting the risk of other insurers, while reinsurance ceded is transferring the risk to other insurers. Some companies specialize in providing reinsurance to other companies versus writing business directly.

“*Premium Written*” is usually defined as premium billed by fire and casualty companies. Rules of life insurance accounting require reporting premiums actually collected. Premium written is a measure of sales activity in the state for the year.

“*Premium Earned*” is the result of premiums written in the current and previous years, and in some instances, premiums to be written in the future for current coverages. It is approximately the pro-rata portion of the premium charged for each policy for the portion of coverage provided within the calendar year.

“*Losses Incurred*” equals losses paid, plus an estimate at the close of the current year of the amounts to be paid in the future for all unsettled claims as of the financial statement date, less the corresponding estimate made at the end of the prior year. If the estimates were exactly correct, then the incurred losses would be the actual cost of all claims arising from coverage provided during the current year. The estimates would also include amounts for IBNR claims (incurred but not reported). Loss

adjustment expenses are also included in the losses incurred for nationwide operations of Title Companies.

“*Annuity Considerations*” is revenue received for annuity contracts during the year. The amount corresponds to premiums written on insurance contracts.

“*Deposits*” are amounts placed with the insurer that do not incorporate risk from the death or disability of the policyholder and are more comparable to financial or investment instruments than insurance contracts.

“*Other Considerations*” are annuity considerations or other deposits, which are not allocated to a specific policy, but include an insurable risk.

The “*Net Loss Ratio*” is equal to net losses incurred plus net loss adjustment expenses incurred, divided by net premiums earned. The “*Expense Ratio*” is equal to underwriting expenses divided by net premiums written. The loss ratio is determined based on net premiums earned as losses occur randomly throughout the policy term which matches the period the premiums are earned. The expense ratio is determined using net premiums written, because most underwriting expenses (commissions, home office underwriting, and clerical expenses) are incurred at the time the policy is written, not evenly throughout the policy term.

The “*Wisconsin Direct Loss Ratio*” is a pure loss ratio equal to the direct losses incurred divided by the direct premiums earned for Wisconsin business. This ratio does not include Loss Adjustment Expenses. For insurers with small direct premiums earned, this ratio may not be a meaningful representation of their overall operations. Negative losses incurred would result from the company overestimating the cost to settle open claims as of the end of the prior year or the receipt of salvage or other recoveries from claims paid in prior years which were in excess of amounts incurred for the current year claims.

VII. Directory of Licensed Insurers

Directory of Licensed Insurers

This directory includes all companies, fraternal benefit societies, associations, and town mutuals licensed or otherwise authorized to transact the business of insurance in this state as of December 31, 2006. (For current

information, see OCI's Web site at <http://ociaccess.oci.wi.gov/CmpInfo/CmpInfo.oci>). The codes used to designate the kind of company and a brief description of each follows.

CC—Continuing Care Organization. Organized under ch. 647, Wis. Stat. Continuing care organizations provide nursing, medical, or personal care services, and maintenance services, for a period over one year or the duration of a person's life, conditioned upon payment of an entrance fee or a portion of the person's estate. Continuing care organizations file a financial statement, on a GAAP basis, which is audited by an independent CPA.

FR—Fraternal Benefit Society (or Mutual Benefit Society). May be a domestic benefit society organized and operating under ch. 614, Wis. Stat., or a nondomestic benefit society operating under ch. 618, Wis. Stat. A fraternal benefit society is a nonstock corporation which exists for social, educational, charitable, or religious purposes, and also may sell individual life or health insurance to its members. A fraternal is governed through a lodge system and a representative form of government, and members voluntarily perform charitable, educational, etc. services for other members or the public. Fraternal benefit societies file the NAIC Fraternal Orders annual statement blank.

GA—Gift Annuity Corporation. Established by a domestic or foreign nonprofit corporation under ch. 615, Wis. Stat. Gift annuities receive gifts of money or property, in return for agreeing to pay an annuity to the donor. Remaining income may be transferred to the nonprofit corporation for its charitable, religious, etc. purposes. Gift annuities file the NAIC Charitable Annuity Corporations annual statement blank.

HMO—Health Maintenance Organization (HMO). Established under chs. 185, 611, 613, or 618, Wis. Stat., and operates under ch. 609, Wis. Stat. HMOs may be for profit, nonprofit, or a cooperative. An HMO makes available comprehensive health care services (performed by providers contracted by the HMO) to enrolled participants for predetermined fixed payments. An HMO may hire medical service providers as employees, or may contract with existing hospitals and clinics to provide services to participants. HMOs file the NAIC Health annual statement blank.

IRO—Independent Review Organizations. These entities are certified under s. 632.835, Wis. Stat., to provide independent medical reviews to resolve some coverage disputes between an insured individual and the health insurer. To be certified, the IRO must demonstrate that it is unbiased and that its clinical peer reviewers are qualified and independent.

LAH—Life and Accident and Health Company. May be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual company or a stock company. Life and accident and health companies write a wide range of life, annuity, individual, and group health insurance. Life and accident and health companies file either the NAIC Life and Accident and Health annual statement blank or the NAIC Health annual statement blank.

LHSO—Limited Health Service Organization (LHSO). Similar to an HMO, except that it provides a limited range of health care services (such as vision or dental) to participants. LSHOs file the NAIC Health annual statement blank.

MC—Motor Club Plan. Established under ch. 616, Wis. Stat. A

motor club plan may provide emergency road service, towing, bail bonds, map and touring service, etc. to members. Motor club plans file a financial statement which has been audited by an independent CPA.

PC—Property and Casualty Company. A domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual or stock company. Fire and casualty companies write a wide range of property and liability coverages, and individual and group health insurance. Fire and casualty companies file the NAIC Fire and Casualty annual statement blank. Some nondomestic insurers licensed under ch. 618, Wis. Stat., are called reciprocals. Reciprocals are unincorporated associations, operating through an attorney-in-fact, by which subscribers with similar interests (e.g., lumberyards, dry cleaners) provide fire and casualty insurance to each other through the exchange of insurance contracts. Reciprocals file the NAIC Fire and Casualty annual statement blank.

RS—Rate Service Organization. These entities are licensed under s. 625.31, Wis. Stat., to file rates on behalf of designated insurers. These entities are not licensed insurers and are not authorized to transact the business of insurance.

TI—Title Company. May be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer operating under ch. 618, Wis. Stat. Title companies notify a prospective purchaser of recorded liens or easements on a parcel of real estate, and provide insurance against loss due to other defects in title to property (e.g., due to forgery, fraud, errors in public records, wills not probated, etc.). Title companies file the NAIC Title Insurance annual statement blank.

TM—Town Mutual of Wisconsin. A domestic fire and casualty insurer subject to ch. 612, Wis. Stat., as an assessable mutual. Town mutuals are authorized to write a limited range of property and liability coverage, in a limited number of counties in Wisconsin. Town mutuals may file either the NAIC Fire and Casualty annual statement blank or the Wisconsin Town Mutual annual statement blank.

VI—Viatical Settlement Providers. Established under s. 632.68, Wis. Stat., to provide payment to the policyholders of a life insurance policy who has a catastrophic or life threatening illness or condition.

Stat., to provide warranty coverage to vehicle protection products, including alarm system, body-part marketing products, steering locks, window-etch products, pedal and ignition locks, fuel and ignition kill switches, and electronic, radio, and satellite tracking devices.

WP—Warranty Plan. Established under ch. Ins 15, Wis. Adm. Code. A warranty plan is a third party which provides repair, replacement, or maintenance services in connection with the sale of goods from seller to buyer (e.g., automobiles, homes, appliances, etc.). (Warranties by the seller, manufacturer, or provider of service directly to the buyer are exempted from regulation by this office.) Warranty plans file audited GAAP based financial statements with this office.
