The Honorable Scott Walker
Governor, State of Wisconsin
115 East State Capitol
Madison, WI 53702

Dear Governor Walker:

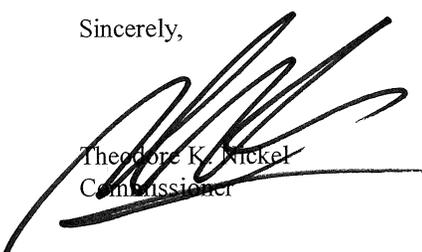

I am pleased to submit the 147th *Wisconsin Insurance Report*, covering calendar year 2015 activities.

One of the highlights of the report is the completion of a number of projects which will make the Office of the Commissioner of Insurance (OCI) more responsive to our customers. For consumers, we have implemented a new consumer portal which not only makes it easier for consumers to file insurance complaints but also has shaved more than 7 days off the response time. For the industry, the consumer portal has made it easier for companies to receive, review, and respond to consumer complaints. We have also migrated all of our payments to an electronic system which makes it easier for OCI to collect required fees and makes it easier for industry to pay them. Similarly, our movement to the State Based Systems back office software has made it easier for insurers, agents, and educational vendors to interact with OCI and provides better access to real-time data. In the long run, these new processes will pay dividends through a positive impact on the experience our customers have with OCI, lowering their cost to do business with state government and making OCI operations more efficient.

The report also highlights the continuing growth of the Wisconsin insurance industry. Over 2,100 companies, 380 of them domiciled in the state, are vying for a piece of Wisconsin's insurance market. This makes Wisconsin the second largest insurance market in the country. The insurance industry is also a major employer in the state ranking eighth in the nation for insurance jobs. As one of the largest industries in Wisconsin, the insurance industry provides an estimated \$10 billion in direct and indirect wages to Wisconsinites. Wisconsin insurers are also good corporate citizens that give back to their communities through charitable and volunteer efforts.

The result is an insurance industry which protects Wisconsin consumers, provides jobs, and contributes to the Wisconsin economy. This report will provide you with details about the industry's participants and the activities of the agency.

Sincerely,

Theodore K. Nickel
Commissioner

*By chapter 56, section 32, General Laws of 1870, the Secretary of State was Commissioner of Insurance ex officio until 1878. The Office of the Commissioner of Insurance was made elective in 1881. In 1911 the office was made appointive instead of elective.

Introduction

Whether it is auto, home, life, commercial, or health, insurance plays an important role in people's lives. Insurance provides protection when consumers and businesses need it most. The Office of the Commissioner of Insurance (OCI) was created by the legislature in 1870 and vested with broad powers to ensure that the insurance industry meets the insurance needs of Wisconsin citizens responsibly and adequately. In short, our job is to ensure that the insurance industry lives up to its promises and the industry has the financial resources to fulfill the promises into the future.

The importance of fair, effective, and timely regulation of the insurance industry offers OCI a special challenge in meeting its public mission of leading the way in informing and protecting the public and responding to their insurance needs.

The major functions of the office include:

- Responding to consumer complaints against agents and insurance companies and attempting to bring the matter to a fair and reasonable conclusion.
 - Investigating and pursuing administrative actions against agents and insurers who violate Wisconsin insurance laws and regulations.
 - Conducting financial examinations of domestic and foreign insurers to assure compliance with Wisconsin regulations and rules.
 - Monitoring the financial status of licensed companies and applicant companies to provide early warning of financial difficulty.
 - Issuing licenses to companies, agents, brokers, surplus lines brokers, managing general agents, reinsurance brokers and managers, and organizations, including employee benefit plan administrators.
 - Examining and analyzing rates filed by insurance companies to determine if they meet actuarial guidelines.
 - Evaluating insurance policies that are sold in Wisconsin to determine if they meet the requirements of Wisconsin's laws.
 - Conducting a comprehensive program of consumer education and public information to educate consumers about insurance through public speaking, insurance guides, press releases and distribution of comparison guides.
 - Developing legislation and promulgating administrative rules that ensure a strong insurance market through proactive policy and skillful enforcement.
 - Operating a state life insurance fund, a property fund for the property owned by local units of government, and a patients compensation fund insuring health care providers for medical malpractice.
 - Developing and using business intelligence tools to better evaluate the insurance market, spot trends, and focus regulatory resources on problem areas.

II. Executive Initiatives

Regulatory Developments and Trends

The Office of the Commissioner of Insurance (OCI) was created by the legislature in 1870 and vested with broad powers to ensure that the insurance industry responsibly and adequately meet the insurance needs of Wisconsin citizens. Wisconsin has a tradition of sound regulation combined with strong consumer protections. A solid regulatory framework recognizes that consumers and the marketplace are best served by efficient, market-oriented regulation of the business of insurance.

Wisconsin's insurance marketplace is reflective of the competitive environment that keeps insurers doing business in Wisconsin. The healthy and competitive nature of the insurance industry has helped to keep insurance rates in Wisconsin among the lowest in the country. Our auto insurance premiums are 3rd lowest in the nation. Our homeowner's insurance rates are also consistently low.

OCI is responsible for regulation of all aspects of the insurance industry in Wisconsin. In regulating the private insurance market, OCI's major accomplishments in 2015 include:

- Licensing 22,337 new agents, 2 new domestic insurers, 5 nondomestic insurers, 2 vehicle protection products, 1 life settlement provider, and 19 service contract providers.
- Examining 38 domestic insurance companies' finances and analyzing more than 1,850 financial statements.
- Closing and completing 5 market conduct examinations, 41 internal reviews consisting of desk audits and market conduct analysis of companies in 11 lines of business.
- Responding to more than 25,000 consumer inquiries and 3,780 written consumer complaints, and recovering over \$7.8 million for policyholders.
- Enrolling over 600 insurance companies in OCI's new complaint portal. As a result, we shaved more than 7 days off our response times.

Educating and Informing the Insurance Consumer

Consumer education is critical in a competitive-based insurance market. Informed consumers have an incentive

to invest in the effort to identify the insurance products that best fit their needs and budgets. In 2015, OCI reviewed and updated its extensive list of consumer publications. OCI staff provided consumer education at numerous public speaking events.

OCI also reaches out to the traditionally underserved population. The staff is tasked with developing relationships, educating consumers, and providing assistance in the case of a disaster.

Using Technology for Insurance Regulation

OCI continues to improve state regulation and service through the use of technology by implementing Web applications that enable our constituents to access information and transact business. The commitment to the use of technology is a key strategy in the agency's business plan. Technology achievements in 2015 included enrollment of new insurers in our new complaint system. The new system allows OCI to track complaints more precisely and speeds up the processing time. We are now able to track the success of the new system, and consumers are seeing their responses sped up by an average of 7.4 days.

Implementation of the Patient Protection and Affordable Care Act

Wisconsin continues to be the primary regulator of the health insurance market despite federal interference. OCI has worked extensively to protect the state's right to regulate health insurance and implemented a communication plan to inform consumers and employers about changes that occurred in 2015. OCI has continued to work with various stakeholders including representatives of the federal government, consumers, agents, insurance companies, and others to protect consumers.

Coordination Among the States

OCI continued its leading role in the National Association of Insurance Commissioners (NAIC), serving on dozens of committees, task forces, and working groups, including chairing the Mortgage Insurance (E) Working Group, Health Care Reform Regulatory Alternatives (B) Working Group, Regulatory Framework (B) Task Force, Network Adequacy Subgroup and the Contingent Deferred Annuities (A) Working Group.

During 2015, OCI used the Market Conduct Annual Statement (MCAS) as a tool to assist states in conducting coordinated evaluation of insurers. The MCAS collects data on an industry wide basis to allow regulators to evaluate company activity outside normal ranges. OCI also participated in the Market Analysis Review System (MARS) that creates a uniform process across participating states for review of data collected from insurer financial statements and other regulatory filings.

Wisconsin continues active participation with the Interstate Insurance Product Regulation Compact (IIPRC), that creates a single point of filing for insurance company forms, allowing multiple states to review a single filing.

Development of standards that are consistent and consistently applied across the states allows consumers to benefit from better regulatory tools and analysis and insurers to benefit by avoiding the cost of complying with variations in regulatory processes among the states.

Emerging Trends

OCI, through its involvement with the NAIC, continues to work with other state regulators toward a more uniform regulatory system that ensures consistent regulation while still recognizing state authority. The state-based regulatory system has continued to prove the most effective method to regulate insurance.

OCI has continued to work with state and federal regulators on issues surrounding mortgage guarantee insurance reforms.

In 2015, OCI continued implementation of a number of projects that resulted from recent legislative and regulatory changes including:

- Implementation of the Model Holding Company Act and Own Risk Solvency Assessment to ensure better financial regulation of insurers.
- Continuing active monitoring of the suitability of annuity sales in Wisconsin, particularly those directed to our senior citizens.
- Assisting consumers, employers, agents, and insurers with continued health insurance reform issues.
- Continuing to actively monitor issues surrounding long-term care insurance.
- Reviewing activities surrounding life insurance claims practices.
- Working with the industry to ensure timely disaster responses.

Legislation

During 2015 Governor Walker signed legislation that affects the business of insurance in Wisconsin. Legislative materials can be found on the Internet at legis.wisconsin.gov and also may be obtained from the Wisconsin Legislative Council, 1 East Main Street, Suite 401, Madison, WI 53701-2536, or by calling (608) 266-1307.

The list of Wisconsin laws follows:

Stat.

Injured Patients and Families Compensation Fund Assessments: Sections 76 through 84 of Act 90 amend s. 655.27, Wis. Stat., to simplify the setting of assessments contributed by health care providers to the Injured Patients and Families Compensation Fund (Fund) and mediation fund. As under prior law, Fund assessments are set by the Commissioner of Insurance and mediation fund assessments are set by the Fund's Board of Governors, but the assessments no longer have to be set by rule, as they are now. They must be submitted to the Joint Committee on Finance, which has the authority to modify the assessments.

Licensing of Nonresidents: Section 46 of Act 90 amends s. 628.07, Wis. Stat., to simplify the process for nonresident applicants to obtain insurance agent licenses in Wisconsin. Section 628.07, Wis. Stat., as amended, waives any examination requirement for a nonresident applicant provided that (1) the nonresident applicant is licensed in his or her home state, (2) the applicant's home state license is in good standing, and (3) the applicant's home state has license qualifications which are equivalent to those required by Wisconsin for resident applicants.

Continuing Education Noncompliance: Section 47 of Act 90 requires that the Commissioner give 60 days' notice prior to revocation of an insurance agent's license based on the agent's failure to comply with continuing education requirements.

Reporting Requirements: Act 90 simplifies annual reporting requirements in a number of areas, removing requirements for specified covered entities to submit certain kinds of agent commission rate reports, commercial liability insurance reports, product liability insurance reports, and cancellation and rescission reports. Act 90 also amends the submission of executive compensation reports to cover only insurance companies' directors, officers, and members of executive management, as defined by the Commissioner.

Underwriting Records: Act 90 continues existing requirements requiring small employer insurers to maintain detailed records relating to their rating and renewal underwriting methods and practices and to make those records available to the Commissioner, but it discontinues a requirement that such insurers obtain on an annual basis an actuarial opinion attesting to the insurer's methods and practices.

Sharing of Information with International Regulatory Agencies: Act 90 permits the Commissioner to share certain information, including confidential information, concerning entities subject to OCI oversight with international insurance regulators and supervisory colleges, such as the International Association of Insurance Supervisors (IAIS). It also specifies that OCI need not disclose publicly information sent to or received from IAIS.

Local Government Property Insurance Fund: Act 90 requires that premiums for coverage under the Local Government Property Insurance Fund be paid within 30 days after the effective date of coverage instead of 60 days.

Powers of Stock Company Boards and Committees: Act 90 modernizes governance procedures applicable to Wisconsin domestic stock insurance companies by permitting certain actions previously required to be taken at formal board or committee meetings to be taken by written consent of the board or committee members.

Participating Life Insurance: Participating life insurance is insurance in which policyholders participate in company profits by receiving dividends. Act 90 clarifies that the business judgment rule applies to insurers in computing surplus and calculating dividends to be distributed to policyholders.

Wisconsin Insurance Security Fund Assessments: Act 90 specifies how an insurer whose license or certificate of authority is surrendered, expires, is otherwise terminated, or which converts to a different type of entity or license is subject to an assessment fee for the Wisconsin Insurance Security Fund. After surrender, expiration or termination, the insurer remains subject to assessments covering periods prior to the surrender, expiration or termination. Before and after conversion, the insurer is subject to assessment for the applicable Wisconsin Insurance Security Fund account(s).

Care Management Organizations: Act 90 exempts from application of the insurance statutes those care

management organizations which (1) administer the family care benefit and (2) offer only mental health or alcohol and other drug abuse treatment services.

Town Mutuals: Act 90 makes numerous changes to laws governing town mutuals, including (1) allowing an entire board to serve as an adjustment committee if no adjustment committee is appointed, (2) allowing town mutuals to insure real property and contents owned by a member in an adjoining county, (3) modifying s. 612.32, Wis. Stat., governing coverage of livestock, farm vehicles and farm machinery temporarily located outside a town mutual's territory, (4) repealing s. 612.53, Wis. Stat., governing town secretaries administering oaths and taking acknowledgements, (5) eliminating the requirement that the words "town mutual" be part of the company's corporate name, and (6) repealing s. 612.31, Wis. Stat., governing reinsurance.

Qualified Financial Contracts (QFCs) in Receivership: Act 90 also creates s. 645.675, Wis. Stat., which adopts Section 711 of the NAIC Insurer Receivership Model Act. It is intended to standardize the treatment of QFCs, defining certain rights and obligations of insurers and parties to such agreements when the insurer is subject to a rehabilitation or liquidation.

Effective November 13, 2015

Administrative Rules

In 2015, OCI promulgated the following changes in the Wisconsin Administrative Code.

Ins 2.14 (4) (g) 1. and 2., 2.15 (3) (b) 1. and 2., 2.15 (4) (c), 2.15 (8), Appendix 1 to 2.15, and 2.16 (3) (a) 2.—Relating to disclosure requirements for life insurance and annuity contracts

The rule changes the buyer's guide that is furnished to Wisconsin consumers during the sale of annuities. In 2013, the National Association of Insurance Commissioners (NAIC) revised and updated the NAIC buyer's guide to include information about fixed, indexed and variable annuities. The NAIC now offers three versions of the Buyer's Guide for Deferred Annuities: a general information guide, a fixed annuity guide, and a variable annuity guide. Section Ins 2.15, Wis. Adm. Code, was amended to permit insurers and agents to use the most current version of the applicable NAIC Buyer's Guide for Deferred Annuities, rather than the Wisconsin Buyer's Guide to Annuities. As a result of this change, the outdated Wisconsin Buyer's Guide to Annuities has been discontinued. Wisconsin adopted the NAIC Life Insurance Buyer's Guide in 1998. Using the NAIC guides for both life insurance and annuities provides uniformity and consistency for insurers, agents and consumers. In addition, the delivery of the applicable buyer's guide is required in sales of variable annuities.

Section Ins 2.16 (3) (a) 2., Wis. Adm. Code, was amended to change the reference from "Wisconsin Buyer's Guide to Annuities" to "Buyer's Guide" so that s. Ins 2.16 (3) (a) 2., Wis. Adm. Code, conforms with the amendments to s. Ins 2.15, Wis. Adm. Code. This was a minor technical change to ensure consistent cross references in the Wisconsin Administrative Code.

Section Ins 2.14 (4) (g) 1., Wis. Adm. Code, was repealed to bring the rule up to date with a change in the law that occurred in 1998. The entire subdivision was deleted because the sentence stating "[F]urther explanation of the intended use of these indexes is provided in the life insurance buyer's guide" was incorrect as no such explanation was contained in the NAIC Life Insurance Buyer's Guide concerning cost indexes. The explanation was previously included in OCI's Life Insurance Buyer's Guide which was replaced with the NAIC buyer's guide by rule change in January 1998. This was a minor technical change to the existing rule which did not encompass a change

of existing policy with respect to the disclosure rules applicable to life insurance.

Effective September 1, 2015

Applicable March 1, 2016

Ins 2.13 (6) (d) 2., 2.30 (2) (f) to (j), 2.30 (3) (c), 2.30 (cm), and 2.30 (3m)—Relating to 2012 Individual Annuity Reserving Mortality Table and affecting small business

The rule provides life insurers with the option to use the 2012 Individual Annuity Reserving Mortality Table (2012 IAR Table) when determining the minimum standard of valuation for individual annuity and pure endowment contracts issued on or after January 1, 2015, while requiring use of the 2012 IAR Table for contracts issued on or after January 1, 2016. The rule modernizes an outdated table that risked leaving insurers with an insufficient level of reserves. The 2012 IAR Table is comprised of a basic experience table with margins (2012 IAM Period Table) and a projection scale. The addition of a projection scale to the 2012 IAR Table allows the Table to remain up to date over a longer period of time because it allows the Table to adjust by considering the most accurate statistics during each valuation year.

Effective September 1, 2015

Ins 6.77 (title), (1)—Relating to exemption from required uninsured motorist, underinsured motorist and medical payment coverages

The rule repeals exemptions contained in s. Ins 6.77 (4) (am) and (b), Wis. Adm. Code, and provisions relating to those exemptions contained in s. Ins 6.77 (3) (am) and (6), Wis. Adm. Code, that are identical to exemptions added to s. 632.32 (4) and (4m), Wis. Stat. In particular, 2011 Wisconsin Acts 14 and 224, created exemptions for excess and umbrella policies and commercial liability policies covering only non-owned autos from having to offer or include uninsured motorist coverage, underinsured motorist coverage and medical payment coverage. The rule removes redundant provisions and reduces the risk of confusion.

Effective December 1, 2015

Ins 40—Relating to holding company reporting requirements for insurers and affecting small businesses

The rule modifies the reporting requirements for licensed insurers that are a part of an insurance holding company system. Wisconsin's rule generally follows

the National Association of Insurance Commissioners (NAIC) Insurance Holding Company System Regulatory Model Act (Model Act) and Insurance Holding Company System Model Regulation (Model Regulation). The NAIC has made changes to its Model Act and Model Regulation to modernize the regulation by better addressing transactions involving complex insurance holding company organizations and insurers licensed in multiple jurisdictions. Wisconsin must adopt certain of those changes in substantively the same form as the NAIC Model Act and Model Regulation so that the Wisconsin Office of the Commissioner of Insurance (OCI) remains an accredited regulatory agency. Domestic insurers benefit when OCI maintains its accreditation because as an NAIC accredited state, domestic insurers are only subject to certain filing requirements with OCI and financial examination by OCI. Without accreditation, domestic insurers could be subject to financial examination and filing requirements for all jurisdictions in which they operate. This could include examination from all 51 U.S. jurisdictions for some insurers. Without accreditation, the cost of doing business for Wisconsin's domestic insurance industry would increase because their regulation by other states would increase. The changes are similar to those adopted or that will be adopted in other states and work to promote uniformity for insurance holding company systems operating across multiple states.

The changes to the rule include the development of a pre-acquisition notice to be filed in acquisitions involving insurers. The rule also requires the annual filing of a confidential enterprise risk report by insurers who are part of a holding company group. The enterprise risk report identifies the material risks within the insurance holding company system that could pose enterprise risk to the insurer. The rule also includes small modifications and

clarifications to current reporting requirements. Finally, the rule implements assessments to insurers who are subject to a supervisory college.

Effective September 1, 2015

In 2015, OCI had the following emergency rule in effect:

Ins 17.01 (3) and Ins 17.28 (6)—Relating to Injured Patients and Families Compensation Fund (Fund), Annual Fund and Mediation Panel Fees, for the fiscal year beginning July 1, 2015

This rule establishes the fees that participating health care providers must pay to the Fund for the fiscal year beginning July 1, 2015. These fees represent a 34% decrease from fees paid for the 2014-2015 fiscal year. The board approved these fees at its meeting on December 17, 2014, based on the recommendation of the board's actuarial and underwriting committee and reports of the Fund's actuaries.

The board was also required to promulgate by rule the annual fees for the operation of the Injured Patients and Families Compensation Fund medical mediation system, based on the recommendation of the director of state courts. The recommendation of the director of state courts was reviewed by the board's actuarial and underwriting committee. This rule implements the funding level approved by the board on March 18, 2015, by establishing mediation panel fees for the next fiscal year at \$13.50 for physicians and \$2.75 per occupied bed for hospitals, representing an increase of \$5.75 per physician and an increase of \$1.25 per occupied bed for hospitals from 2014-2015 fiscal year mediation panel fees.

Advisory Boards, Committees, and Councils

Wisconsin law, s. 15.04, Wis. Stat., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Wis. Stat., authorizes the Commissioner to create advisory councils and committees to assist in dealing with regulatory issues. The Commissioner is to provide, by rule, for the creation, governance, duties, and termination of any council or committee that is established. The expert advice provided to the Commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The Commissioner and staff members also serve on various councils and boards thus aiding Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various boards, committees, and councils with which OCI is involved follows:

Birth to 3 Program Interagency Coordinating Council

The Wisconsin Birth to 3 Program Interagency Coordinating Council (ICC) was established by the Governor of Wisconsin to advise and assist the Department of Health Services (DHS) in the performance of the responsibilities established under Part C of the Individuals with Disabilities Education Act. The mission of the ICC is to advise, review, analyze, and monitor the implementation of the state's early intervention system, maintain a forum for communication relative to early intervention and make recommendations to DHS regarding the effective implementation of the early intervention system.

Governor's Committee for People with Disabilities

In 1948, a Governor's committee was established with one goal: to improve employment opportunities for people with disabilities. The group's mission was broadened in 1976 to cover many aspects of disability in Wisconsin, and the group became the Governor's Committee for People with Disabilities (GCPD) which is dedicated to enhancing the health and general well being of disabled citizens in Wisconsin. The committee consists of the Lt. Governor and not more than 20 other members, including 6 members appointed from specific statutory councils: the Council on Blindness, the Council for the Deaf and Hard of Hearing, the Council on Developmental Disabilities, the Council

on Mental Health, the Council on Alcohol and Other Drug Abuse, and the Council on Physical Disabilities. The majority of members are people with disabilities.

Governor's Council on Financial Literacy

This council was created in Executive Order 92, March 30, 2005, and continued by Governor Walker in Executive Order 24, April 6, 2011. The council consists of 25 members or less, with a chairperson and two vice chairpersons selected from within the group. The council is directed to collaborate with the Office of the Commissioner of Insurance and other government agencies, private entities and non-profit organizations, consider and implement research and policy initiatives, and serve as a sounding board for the Office of the Governor and the Office of Financial Literacy in the Department of Financial Institutions to provide guidance and develop strategies to improve financial literacy among Wisconsin's citizens. The council also promotes the statewide financial literacy awareness and education campaign entitled Money Smart Week Wisconsin.

Group Insurance Board

Section 15.165 (2), Wis. Stat., created an 11-member Group Insurance Board in the Department of Employee Trust Funds. The Commissioner or designee is a member of the board. The Group Insurance Board is authorized to enter into contracts with insurers to provide group insurance plans or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, and life insurance authorized for state and other public employees under ch. 40, Wis. Stat. The specific powers of the board are enumerated under s. 40.03 (6), Wis. Stat.

Health and Life Insurance Advisory Council

The Health and Life Insurance Advisory Council advises the Commissioner on regulatory matters in the area of health and life insurance. The council meets on an as-needed basis. Insurance Security Fund Board

This board administers the Insurance Security Fund established by ch. 646, Wis. Stat., to provide a mechanism for protecting insureds in the event of liquidation of insurers

and to assess the cost of such protection among insurers. The Commissioner, along with the Attorney General and the State Treasurer, are members of this board and serve with ten representatives of insurers appointed by the Commissioner upon consideration of the recommendation of insurance organizations.

Joint Survey Committee on Retirement Systems

This committee performs duties mandated under s. 13.50, Wis. Stat. This committee evaluates all legislative proposals that would create or modify any system of retirement for public officers or employees. No such legislative proposal (bill) may be acted upon by the legislature until it has been referred to this committee for preparation of a written report. The committee has investigatory powers over all state retirement systems for public employees. In addition, it may require any public pension or retirement system to furnish it with periodic financial reports and records. The committee conducts a continuous review of retirement benefits afforded to public employees under the existing state system. It maintains a current reference library of all public employee pension and retirement plans throughout the United States and makes its findings and recommendations available to the Governor and the legislature.

Wisconsin Insurance Plan Governing Committee

The Wisconsin Insurance Plan is a risk-sharing plan for property insurance companies created by s. Ins 4.10, Wis. Adm. Code. The purpose of the plan is to help qualified property owners obtain insurance coverage if they are unable to find adequate coverage in the private market. The plan is overseen by a Governing Committee subject to the supervision of the Commissioner of Insurance. The Governing Committee consists of eight insurer representatives, two insurance agents, and five public members. The Commissioner of Insurance appoints the agents and the public members and selects a liaison to attend meetings. Seven of the insurer representatives are selected by trade associations. One is elected by insurers that are not members of these trade associations.

Wisconsin Retirement Board

The Wisconsin Retirement Board is created in the Department of Employee Trust Funds by s. 15.165 (3) (b), Wis. Stat. The board has nine members. Six members represent employers or employees who participate in the Wisconsin retirement system, one is a participating state employee, one is a public member, and one is the Commissioner or an experienced actuary in OCI. The board studies and recommends alternative administrative policies, authorizes and terminates disability annuity payments, and considers administrative rules that relate to participants in the retirement system other than teachers.

Wisconsin State Council on Alcohol and Other Drug Abuse

The State Council on Alcohol and Other Drug Abuse was created in the Office of the Governor in August 1970

to provide leadership and coordination regarding alcohol and other drug abuse (AODA) issues confronting the state. Wisconsin Act 210 was enacted on April 6, 1994, merging the Citizens Council on Alcohol and Other Drug Abuse with the state council. The bill expanded the duties and the membership of the state council. The State Council on Alcohol and Other Drug Abuse recommends, coordinates, and reviews the efforts of state agencies to control and prevent alcohol and drug abuse. It evaluates program effectiveness, recommends improved programming, issues reports to educate people about the dangers of drug abuse, and allocates responsibility for various alcohol and drug abuse programs among state agencies. The 22-member council consists of the Governor, the Attorney General, the Superintendent of the Department of Public Instruction, the Secretary of the Department of Health Services, the Commissioner of Insurance, the Secretary of the Department of Corrections, the Secretary of the Department of Transportation and the chairperson of the Pharmacy Examining Board, or their designees; a representative of the controlled substances board; a representative of any Governor's committee or commission created under subch. I of ch. 14 to study law enforcement issues; 6 members (1 of whom is a consumer representing the public at large) with demonstrated professional, research or personal interest in alcohol and other drug abuse problems, appointed for four-year terms; a representative of an organization or agency which is a direct provider of services to alcoholics and other drug abusers; a member of the Wisconsin County Human Service Association, Inc., who is nominated by that association; and 2 members of each house of the legislature, representing the majority party and the minority party in each house.

The CompScope™ program is funded by employers, insurers, state funds, state governments, rating organizations and a labor organization seeking to help achieve a more stable, equitable worker's compensation system. The Wisconsin Office of the Commissioner of Insurance is a member of the advisory committee.

III. Legislative Relations and Communications

The director of Legislative Relations and Communications provides advice on executive matters affecting the office's goals and initiatives, directs the office's legislative initiatives and communication activities, and provides advice on technical insurance-related issues.

Public Information and Communications

The Public Information and Communications (PIC) section has primary responsibility in developing and maintaining the office's consumer publications, providing information and materials on the office's Web site, providing insurance education and outreach, and providing basic and essential services including forms management.

The OCI Web sites are managed within PIC in accordance with the group's communication plan. Industry and constituents readily utilize information and support available via this interface. We frequently reassess the value of the information provided on our site and strive to assure fresh content consistent with current issues. There were 118 new Web pages added in 2015. Another 859 pages were updated.

The office is required by statute to administer and maintain a Forms Management program. All office forms and brochures, regardless of format or method of delivery, are reviewed for statutory requirements and agency standards. An inventory and history file is kept for each form, brochure, and special report. This material is composed using a variety of specialized tools and is then distributed and made available via digital and paper means. The Forms Manager is a liaison with office staff, the agency Printing Coordinator, and other state agencies.

Insurance Education and Outreach

The mission of OCI is to lead the way in informing and protecting the public and responding to their insurance needs. A key component to fulfilling the mission is to engage and empower individuals with knowledge of insurance laws. OCI understands the value of insurance education and fosters communication to raise awareness while understanding the needs of different audiences. Education and outreach efforts serve as a vital link between OCI and the people it serves. In-person activities are routinely conducted by the Commissioner, Deputy Commissioner, Legislative Liaison, and the Education and Outreach Specialist. In addition to the formal speaking requests, OCI finds legitimate value in outreach activities as a means to identify how OCI can effectively respond to the public regarding their insurance needs.

OCI recognizes the state of Wisconsin has many unique populations and strives to establish meaningful relationships that will inform and motivate the public interest in the value of the agency and the Wisconsin insurance laws. Outreach activities occur at various levels and include communities, government organizations, non-profit groups, tribes, veterans, youth organizations, as well as others. Additionally, OCI provides assistance to industry professionals and educators through presentations and educational materials.

Education and outreach activities are conducted throughout the state of Wisconsin reaching hundreds of consumers and interested parties. In 2015, some of the activities focused specifically on veterans, tribes, financial literacy, automobile insurance, and senior populations.

2015 Major Accomplishments

PIC continued to put the communication plan into action. As a result, OCI had thousands of consumer contacts over the course of 2015, and OCI raised its profile with the general public. Other accomplishments included:

 - Developed working relationships with community support organizations on tribal, county, and federal levels.
 - Continued to provide outreach and education to veterans and those organizations that provide services to current veterans and those transitioning from the military.

This area is responsible for monitoring and maintaining agency policies and procedures, managing administrative matters affecting the business operation of the agency, and serving as liaison with the Department of Administration-Human Resources as well as staff development. In an effort to strive to achieve physical accommodations for maximum comfort, security, and safety for staff and visitors alike, this area is responsible for the management of building maintenance and security, along with provision of health and safety oversight. This section is responsible for the agency's records management and administers office management services, including risk management, health and safety, building maintenance, front desk, mailroom, central records, and parking coordination. Alternative Work Patterns

OCI is cognizant of the need to offer a flexible work environment in order to maximize the employment options available to existing and potential state employees and to meet the needs of our constituents. OCI encourages the utilization of alternative work patterns such as flex time and part-time to increase productivity, extend services, reduce absenteeism, improve employee morale, allow for employee development, and maximize energy conservation through ridesharing and use of mass transit

systems. Approximately 90% of the agency's staff has some form of nonstandard work schedule. The agency recognizes that alternative work pattern schedules may provide opportunities for individuals to productively utilize their skills, talents, and abilities. It recognizes that a traditional full-time work schedule may not meet the needs of individuals who, due to age, health, or family circumstances, find such a schedule in conflict with responsibilities outside of work.

Injured Patients and Families Compensation Fund (Fund)

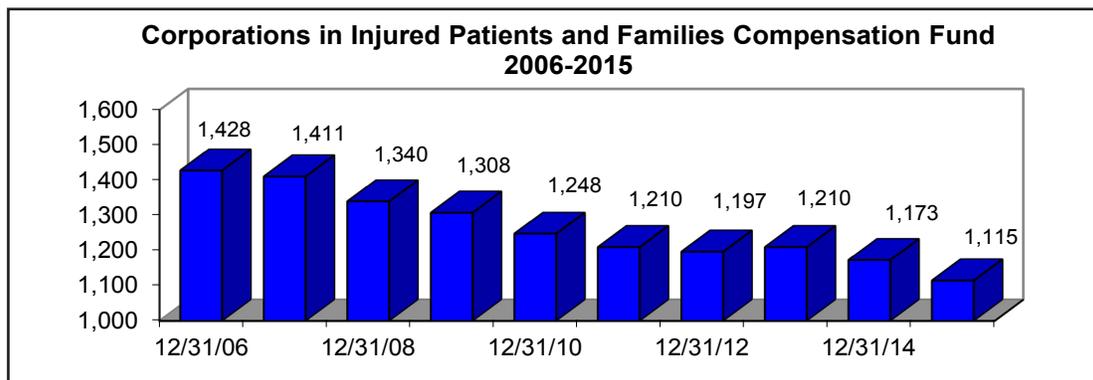

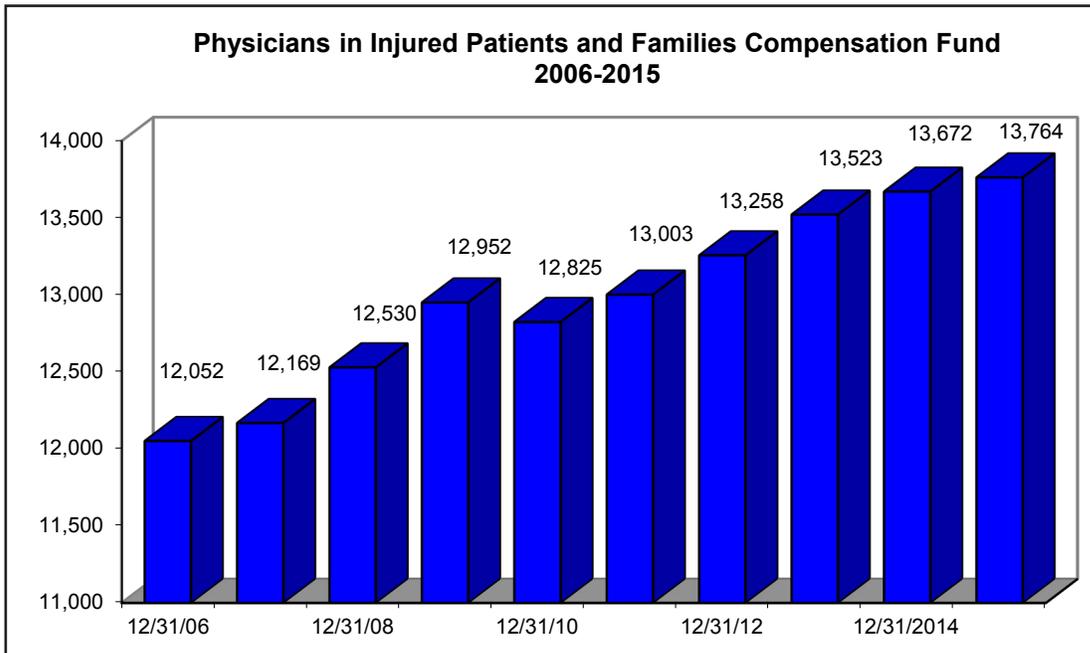

The Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-member Board of Governors (Board) that consists of 3 insurance industry representatives, a member named by the Wisconsin Association for Justice, a member named by the State Bar of Wisconsin, 2 members named by the Wisconsin Medical Society, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner of Insurance who serves as the chair. The Fund’s administrative staff is provided by OCI.

The Board is assisted by an Actuarial and Underwriting Committee, a Legal Committee, a Claims Committee, a Finance/Investment/Audit Committee, a Risk Management and Patient Safety Committee, and a

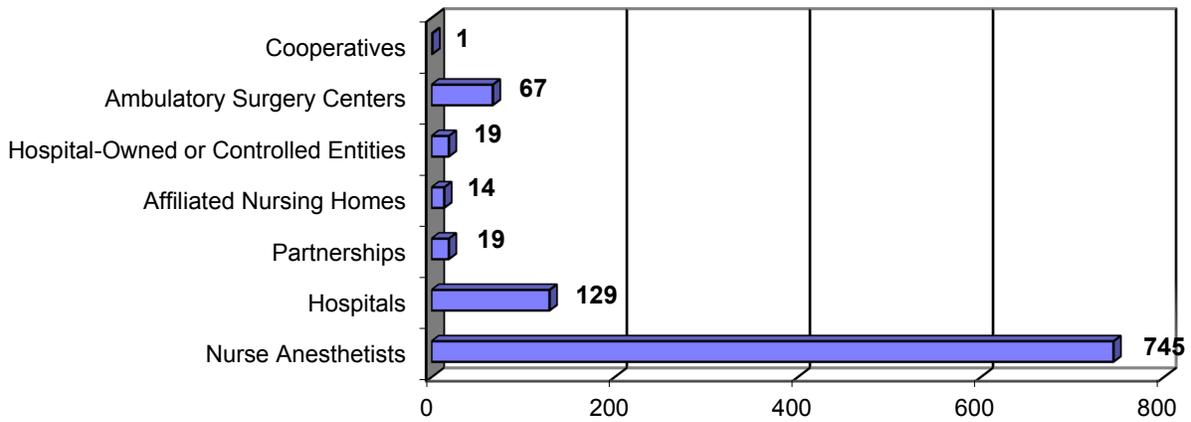

Peer Review Council. The Board and its committees meet quarterly.

The Fund operates on a fiscal year basis—July 1 through June 30. Administrative costs, operating costs, and claim payments are funded through assessments on participating health care providers.

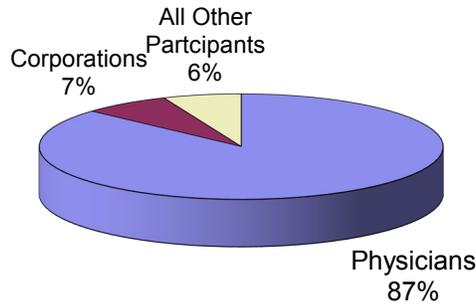

As of December 31, 2015, the vast majority of Fund participants were physicians at 87%, with corporations comprising another 7% and the remaining 6% comprised of various other participant types as illustrated in the charts below. At year-end 2015, Fund participants totaled 15,873, comprised of 13,764 physicians, 1,115 corporations, 745 nurse anesthetists, 129 hospitals with 14 affiliated nursing homes, 67 ambulatory surgery centers, 19 partnerships, 19 hospital-owned or controlled entities, and 1 cooperative.

From July 1, 1975, through December 31, 2015, 6,036 claims had been filed in which the Fund was named. During this period, the Fund's total number of paid claims was 668, totaling \$861,555,840. Of the total number of claims in which the Fund was named, 5,228 claims were closed with no indemnity payment.

2015 Major Activities

- The 2015 release of enhancements to the Web-based interface to the Fund system provides benefits to participants and staff by offering online availability of standard forms (Request for Exemption and Request for Retroactive Coverage). Of 5,000 Request for Exemption forms filed in 2015, 3,000 were completed electronically.

The 2015 enhancements are part of a series of ongoing releases of Fund system development initiated in 2010.

- Release of 2010 provided web-based interface for Fund system.
- Release of 2011 provided carriers and self-insurers secure access to download certificates.
- Release of 2012 allowed the general public to search the database for participant coverage records and provided participants and employers secure access to paperless billing.
- Release of 2013 allowed participants to make electronic payment and update certain account information.
- Release of 2014 improved processes for participants with secure access, allowing for updates of employee counts and outpatient visits online as well as receive electronic notice of noncompliance issues.

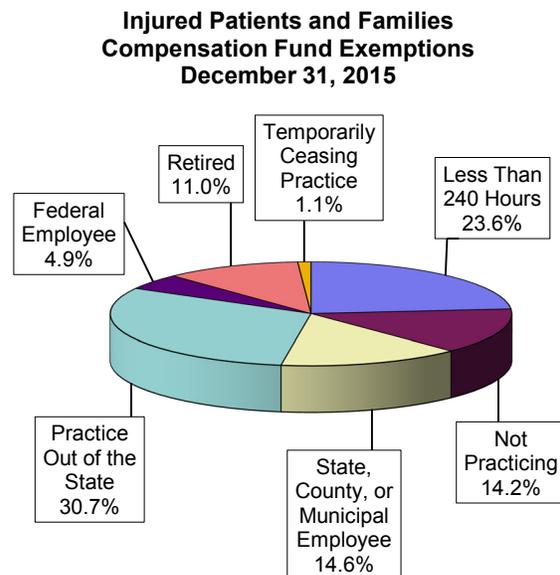

Continued development will incorporate further functionality for improved customer service.

Links to the public database and to secure log-in access are available on OCI's Fund Web page (oci.wi.gov/Pages/Funds/IPFCFAccessFundSystem.aspx).

- Fund administration closely monitors the use of outside counsel. Pursuant to a court decision in 2000, the Fund hires separate defense counsel on each claim. Fund staff monitors the claims and the use of this outside counsel to ensure that, while the Fund receives the necessary representation, legal fees are controlled.

- Pursuant to a Legislative Audit Bureau recommendation and a directive by the Board, an actuarial audit was performed in 2011 on the analysis performed in 2010 by the outside actuarial firm. This audit opinion concluded that the assumptions and methodologies used by the Fund's actuary and the risk margin of 25% established by the Board were reasonable. A recommendation was made to reduce the discount factor used to discount the claim liability reserves. Prior to the issuance of the audit report, the Board reduced the discount factor by .5%, to 5.0%, applicable to June 30, 2012, reserves. In 2012, the Board reduced the discount factor another .5%, to 4.5%, applicable to June 30, 2013, reserves and in 2015 the Board reduced the discount factor .5% to 4.0%, applicable to the June 30, 2014, reserves.

- The Fund continually monitors and updates the exemption status for providers that held a license to practice in Wisconsin but for which a current exemption or certificate of insurance was not on file with the Fund. Providers that remain in noncompliance are referred to their respective licensing boards for appropriate enforcement action by that board. As of December 31, 2014, there were 12,415 providers exempt from participation in the Fund. The various bases for exemption are illustrated in the chart below.

Following are financial statements—statement of net position and statement of revenues, expenses and changes in Fund position—for the Fund for the fiscal year ending June 30, 2015.

Local Government Property Insurance Fund (Fund)

The Fund is established by ch. 605, Wis. Stat. The purpose of the Fund is to make property insurance available for local government units. The Commissioner of Insurance, by law, is designated as the Fund's manager. The Fund has one state employee who supervises day-to-day operations of the Fund by contracting for specialized services. The Fund contracts with: ASU Group (policy, claims and appraisal services), University of Wisconsin-Madison (rate development), Willis (broker of record), AMI Risk Consultants (actuarial services), and Borgelt, Powell, Peterson & Frauen (legal).

As of June 30, 2015, the Fund insured 955 policyholders: 68 counties, 232 schools, 126 cities, 153 towns, 243 villages, and 133 miscellaneous (libraries, etc.) jurisdictions. Combining new business and terminations, the overall number of policyholders decreased by 88 since the previous fiscal year-end. The Fund had 57 builder's risk policies at June 30, 2015, versus 61 as of June 30, 2014.

The Fund's insurance coverage in force represents property that is insured against loss. The more property insured, the greater the potential for a loss. The total amount of insurance coverage in force as of June 30, 2015, was \$51 billion, down from \$52 billion as of the previous fiscal year-end.

The Fund's balance sheet and income statement for the fiscal year ending June 30, 2015, are included with this report. The Fund experienced an underwriting loss of approximately \$5,000,00 following an underwriting loss of \$14,900,000 the previous year.

Fund management will continue to monitor insurance in force, claims trends and Fund surplus when evaluating the Fund's rating structure. The decline in surplus also affects the Fund's rates. The Fund actuarially determines rate increases or decreases in order to maintain adequate levels of surplus.

State Life Insurance Fund (Fund)

The Fund is a segregated fund located within OCI. The Fund offers a maximum of \$10,000 of life insurance to state residents. Operating as a mutual insurance company, the Fund has a manager and is supervised by the Commissioner.

Wisconsin is the only state in the nation that offers a life insurance program to residents. All policies issued are participating and there is no marketing of the Fund. The lapse rate on Fund policies is a low 0.02%. As of December 31, 2015, there were 25,132 policies in force.

Section 607.15, Wis. Stat., requires the Fund to distribute annually among the policyholders its net profits and, to the extent practicably possible, maintain a ratio of surplus to assets between 7% and 10%. In 2015, a distribution of \$3.6 million was paid to policyholders in the form of dividends.

Companies in Liquidation or Rehabilitation

Ambac Assurance Corporation Segregated Account, in Rehabilitation

Ambac Assurance Corporation Segregated Account was placed in rehabilitation on March 24, 2010, by William D. Johnston, a Lafayette County Circuit Court Judge, presiding by a judicial assignment order of the Circuit Court for Dane County, Wisconsin. Roger A. Peterson was the appointed special deputy commissioner until January 22, 2016. Deputy Commissioner of Insurance Daniel J. Schwartz was appointed special deputy commissioner on February 17, 2016.

Ambac Assurance Corporation (Ambac), headquartered in New York, New York, is the successor to American Municipal Bond Assurance Corporation, which was incorporated in Wisconsin on September 29, 1970. The company operates as a financial guaranty insurer, and its principal business is the guaranty of timely payment of principal and periodic interest when due on credit obligations. The company is licensed in all U.S. states, the District of Columbia, Guam, Puerto Rico and U.S. Virgin Islands.

In the mid-1990s, Ambac began offering financial guaranty insurance on riskier, higher-margin private “structured finance” investments, including residential mortgage-backed securities (RMBS) and collateralized debt obligations of asset-backed securities (CDOs of ABS). When the riskier insured structured finance investments began to deteriorate en masse during the economic crisis of 2008, Ambac’s projected future liabilities grew while its credit ratings and statutory surplus plummeted. Consequently, its prospects for writing new business evaporated, it stopped writing new policies, and it initiated an informal run-off.

These events created a hazard for policyholders. At the time of rehabilitation, Ambac’s investment portfolio assets had a current market value of approximately \$8 to \$9 billion, plus an estimated \$1.5 to \$2 billion in future unearned premiums discounted to present value. Many of Ambac’s assets would not yield fair value if liquidated immediately and used to pay short-term claims. The inopportune sale of Ambac’s long-term, presently undervalued assets would result in a net loss of claims-paying resources available to all policyholders—a “fire sale” as opposed to a fair and equitable distribution for the benefit of policyholders as a whole.

Absent restructuring efforts, there was an increasing risk that Ambac might not have been able to satisfy all claims made under the company’s policies as they

developed over the next 30 years. More specifically, there was an increasing risk that policyholders who presented short-tail claims in the early years would have received payment for a larger percentage of their claims than policyholders who presented claims in the more distant future.

As part of the restructuring and with the approval of the Office of the Commissioner of Insurance, Ambac established an optional segregated account pursuant to s. 611.24, Wis. Stat., effective March 24, 2010, for the purpose of segregating certain segments of its liabilities and consenting to the subsequent rehabilitation of the Segregated Account under ch. 645, Wis. Stat. Policies allocated to the Ambac Assurance Corporation Segregated Account (Segregated Account) are primarily those policies with material projected impairments, including the books of RMBS, most of which were expected to mature within approximately 4 years, and certain CDOs of ABS policies, most of which were not expected to mature for 20 or more years, as well as certain other policies with provisions that could result in loss of control rights or demands to pay non-economic, accelerated damages at the expense of other policyholders of Ambac. Ambac allocated to the Segregated Account all liabilities assumed as reinsurer under reinsurance agreements. To support the Segregated Account, Ambac also allocated to it a \$2 billion secured note (which has now been fully paid) and a last-dollar reinsurance policy limited only by the assets of, and a minimum surplus as regards policyholders of \$100,000,000 in the General Account of Ambac. Ambac also allocated to the Segregated Account its limited liability interest in Ambac Credit Products, LLC, Ambac Conduit Funding LLC, Aleutian Investments LLC and Juneau Investments LLC.

Ambac was appointed as a Management Services Provider to the Segregated Account under a Management Services Agreement for so long as such agreement is in effect. Nothing prevents the Segregated Account from retaining additional service providers. In addition, pursuant to the terms of a Cooperation Agreement, Ambac and the Segregated Account have agreed on certain matters related to decision-making, information sharing, tax compliance and allocation of expenses.

On March 13, 2014, the Rehabilitator announced the receipt of favorable rulings from the IRS regarding certain tax issues associated with potential amendments to the rehabilitation plan for the Segregated Account.

Ambac Assurance Corporation Segregated Account, in Rehabilitation (continued)

On April 21, 2014, the Rehabilitator filed a motion in the Circuit Court of Dane County, Wisconsin, for approval of certain proposed amendments (the Amendments) to the plan of rehabilitation. The Rehabilitator's motion for approval of the amendments was approved by Judge Johnston on June 11, 2014. The Amendments modify the mechanism for handling claims under the rehabilitation plan. Instead of a combination of cash payments and interest-bearing surplus notes pursuant to the original plan, holders of Permitted Policy Claims would receive a combination of cash payments (Interim Payments) and deferred amounts will be established equal to the remaining balance of such claims (Deferred Amounts). Payments of Deferred Amounts will be made at such times as the Rehabilitator deems appropriate, in his sole discretion, based on an analysis of estimated liabilities, available claims-paying resources and other considerations relevant to equitable treatment of claims and the best interests of policyholders. With the exception of adjustments for certain under-collateralized transactions, Deferred Amounts will accrete at an effective annual rate of 5.1%. Permitted General Claims will be entitled to receive Junior Deferred Amounts accreting at 5.1% per year, instead of junior surplus notes bearing interest at 5.1%, as specified by the original rehabilitation plan.

In conjunction with amending the rehabilitation plan, the Rehabilitator increased Interim Payments. The 25% level specified in the original rehabilitation plan was increased to the level of 45%. Hence, the rehabilitation plan, as amended, provides that (i) holders of Permitted Policy Claims will receive Interim Payments in cash equal to 45% of their claims, and (ii) the Segregated Account will record Deferred Amounts on its books in favor of the respective holders in an amount equal to 55% of such claims, which will accrete at an effective annual rate of 5.1%.

To maintain parity among policyholders, the Rehabilitator effectuated a Deferred Payment to provide that policyholders that had received 25% cash payments on Permitted Policy Claims since the Interim Payments began on September 20, 2012, received an equalizing payment in cash in an amount equal to 26.67% of such holders' Deferred Amounts, including the value of Accretion. The Amendments require proportionate redemptions on Segregated Account Surplus Notes, as and when payments are made on Deferred Amounts, including the equalizing payment referenced above. Pursuant to the terms of the Settlement Agreement entered into by Ambac Assurance Corporation and various settling counterparties on June 7, 2010, Ambac Assurance Corporation is also required to make proportionate redemptions on its Surplus Notes if the Segregated Account redeems any Segregated Account Notes.

Following the retirement of Judge William D. Johnston at the conclusion of his term of office on July 31, 2015, the case was reassigned to Judge Richard G. Niess of the Circuit Court for Dane County, Wisconsin.

As of December 31, 2015, the Ambac Assurance Corporation Segregated Account reported assets of \$10,966,341, liabilities of \$(376,666,395), surplus of \$387,632,736, and net income of \$149,481,964. The negative liability exists because the General Account's reinsurance policy provides coverage on surplus notes issued in satisfaction of claims. As of December 31, 2015, the Segregated Account had disbursed \$3,497,469,759 to policyholder trustees and claim submitting agents, including the issuance of \$53,000,000 in surplus notes at par value, on \$6,465,076,726 of permitted policy claims, including amounts paid or permitted to bondholders under commutations.

Partnership Health Plan, Inc., in Liquidation

Partnership Health Plan, Inc. (Partnership Health Plan), a Wisconsin health maintenance organization insurer, was placed into rehabilitation by Dane County Circuit Court, State of Wisconsin, on January 18, 2013. The rehabilitation proceeding was commenced against Partnership Health Plan after it lost its contract with the Wisconsin Department of Health Services (DHS) to provide Family Care Partnership services.

Partnership Health Plan was headquartered in Eau Claire, Wisconsin, and had business in force only in Wisconsin. Partnership Health Plan contracted with the Department of Health Services to provide managed health and long-term care support to participants in the Family Care Partnership Program, a comprehensive program of services for older adults and people with physical disabilities. The 1,394 members were transitioned into either another partnership program or another long-term care program overseen by DHS effective January 1, 2013.

The insurer was ordered to be liquidated by Dane County Circuit Court, State of Wisconsin, on July 25, 2013.

The Court appointed Richard A. Hinkel as Special Deputy Liquidator of Partnership Health Plan, Inc.

On July 29, 2013, 450 notices were mailed to members, creditors and other parties whose interests may in some way be affected by the liquidation. The deadline for filing claims with the liquidator was January 31, 2014. There were 49 proof-of-claim forms filed and they were reviewed to determine amounts payable, if any. To date payments totaling \$1,049,970 have been made to creditors. All claims have been reviewed, and those that have been allowed have been paid. One disputed claim remains to be resolved as well as 2 late-filed claims.

As of December 31, 2015, Partnership Health Plan had assets of \$4,802,564, liabilities of \$95,000, and surplus of \$4,707,564.

Bureau of Market Regulation

In 2015 the Bureau of Market Regulation (Bureau) consisted of six sections: Complaints and Central Services, Accident and Health Insurance, Health and Life Insurance, Property and Casualty Insurance, Federal Health Insurance Rate Review, and Agent Licensing. Agent licensing activities are described in a separate section.

The Bureau of Market Regulation is responsible for the administration and enforcement of laws and rules relating to all market conduct activities of insurers and agents. In order to complete its duties, the Bureau conducts market analysis and targeted market conduct examinations of insurers in the areas of underwriting and rating; marketing, advertising and sales; claims; and policyholder services and grievances. The Bureau investigated and resolved 3,780 written consumer complaints and inquiries and answered over 25,000 telephone inquiries. The Bureau also processed 3,301 rate and rule filings and received 6,127 policy form filings.

Market Conduct Annual Statement

The Market Conduct Annual Statement (MCAS) was developed through the National Association of Insurance Commissioners (NAIC) with the input of state regulators and representatives from the industry. The MCAS is an analysis tool that states can use to review market activity of the entire insurance marketplace in a consistent manner and to identify companies whose practices are outside normal ranges. The project collects data on an industry-wide basis and is comprised of three major components: a Life & Annuity statement, a Property & Casualty statement, and a Long-Term Care statement. The Life & Annuity statement is further divided into four lines of business: Individual Life Cash Value Products, Individual Life Non-Cash Value Products, Individual Fixed Annuities, and Individual Variable Annuities. The Property & Casualty statement is further divided into two subsections: a Private Passenger Automobile section and a Homeowner's section. The Long-Term Care statement is divided into three lines of business: Stand-Alone, Life Hybrid, and Annuity Hybrid.

For the 2015 Life & Annuity MCAS, licensed companies with at least \$50,000 in subject life premium and/or annuity considerations were required to participate in the project in Wisconsin. OCI received 240 life statements and 126 annuity statements. For the 2015 Property & Casualty MCAS, licensed companies with at least \$50,000 in subject homeowner's and/or

private passenger automobile premium were required to participate in the project in Wisconsin. OCI received 147 private passenger automobile statements and 132 homeowner's statements. For the 2015 Long-Term Care MCAS, licensed companies with any in-force LTC Stand-Alone, Life LTC Hybrid, or Annuity LTC Hybrid business were required to participate in the project in Wisconsin. A total of 91 companies participated in the project by filing statements with OCI.

Level 1 and Level 2 Market Analysis

Wisconsin conducted analysis on 41 insurance companies for 11 lines of business: credit, group accident and health, group annuity, group life, homeowner's, individual accident and health, individual annuity, individual life, long-term care, Medicare supplement, and private passenger auto. The analysis followed a uniform process that included the review of information collected in the financial statements and other NAIC databases to identify companies for additional review. Examiners conducted the additional reviews, identified companies for further action, and recorded the results of the reviews in the NAIC Market Analysis Review System (MARS). Examiners then used a comprehensive guide to complete a more detailed analysis of the identified companies in up to 21 areas of review. This process was used to identify companies for further review up to and including market conduct examinations.

2015 Major Accomplishments

- Closed and completed 5 market conduct examinations and 41 internal reviews consisting of desk audits and market conduct analysis of companies in 11 lines of business.
- Provided 181 domestic company market regulation analysis reports for the Bureau of Financial Analysis and Examinations.
- Signed participation agreements to assist in two multi-state collaborative Market Conduct Exams by providing state-specific information and assistance to the lead states.
- Increased participation in the company complaint access portal to over 600 companies. The system has significantly streamlined our complaint process for both consumers and companies. Companies can

- view, track, and respond to their consumer complaints online. This portal increased efficiencies within the agency by reducing mailing and printing costs as well as reduced the response time for consumers on average 7.4 days.
- Developed new market conduct business analysis tools to better visualize and analyze market conduct activity for companies conducting business in Wisconsin. This new tool is expected to help streamline OCI's internal market conduct processes and procedures.
 - Continued to work closely with the Centers for Medicare & Medicaid Services (CMS) to facilitate insurer, agent, and consumer questions regarding the implementation of the Federal Affordable Care Act.
 - Continued to improve the market analysis and the market conduct examination program by working with other states through the NAIC Market Information Systems Task Force, Market Analysis Working Group, the Market Conduct Examination Standards Working Group, and the Market Analysis Procedures Working Group to coordinate examinations, improve uniformity in the market conduct examination and analysis process, and work collaboratively with other states.
 - Actively participated in the NAIC Market Accreditation Working Group to help facilitate the development of market conduct accreditation standards.
 - Reviewed comprehensive health insurance policy form filings and performed health insurer desk audits in order to ensure they are complying with both federal and state requirements.
 - Participated in the Market Conduct Annual Statement program, collecting and analyzing data on claims, complaints, and underwriting in life, annuities, homeowner's and auto insurance and using the data as part of the market analysis program.
 - Provided technical assistance and support in the updating and revision of a variety of consumer publications available from OCI.
 - Participated in the Wisconsin Insurance Plan and the Wisconsin Automobile Insurance Plan meetings, quarterly meetings with the Worker's Compensation Rating Bureau and the Department of Workforce Development, and provided technical assistance to Wisconsin Emergency Management.
 - Served on the following NAIC committees, task forces and working groups: Market Information Systems Task Force, Producer Licensing Working Group, the Interstate Insurance Product Regulation Commission, the Market Analysis Procedures Working Group, and the Market Conduct Examination Standards Working Group.

Trends in Complaints

In 2015, OCI received the highest number of calls and complaints about health insurance. The most common inquiry and complaint was about how to obtain coverage; additionally, OCI continues to receive questions regarding the implementation of federal laws related to health insurance. OCI also continued to receive complaints and inquiries about alternatives to health insurance, primarily discount plans that provided little coverage for the consumers who purchased the plans. There were also complaints and inquiries about Medicare Advantage products due to companies dropping out of the market, changing service areas, and modifying benefits during the open enrollment.

OCI continued to receive complaints about rate increases on long-term care insurance policies. During 2015, the rate increases ranged from 9% to 100.70% for 17 companies that submitted rate filings. These rate increases affected 9,829 policyholders.

The following tables summarize the Bureau's complaint data. Table I shows a comparison of complaint activity over the last six years. A complaint is defined as a written expression of dissatisfaction with an insurance

company or agent. Complaints may initially be received either in person, by telephone, by e-mail, or in writing. To be considered a formal complaint that initiates an inquiry or investigation, a complaint should be in writing. The data presented is based upon formal complaints.

In addition to the formal complaints, the Bureau also handled over 25,000 general inquiries or requests for information in 2015. Most inquiries were by telephone, with the remainder being written communications, including e-mail, and "walk-ins."

Table II shows 2014 and 2015 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance. Table III shows the area of insurance operations that generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations.

Table III shows the basis for complaints. Fifty percent of the complaints involved claim problems. Policyholder service was the second most common reason for filing a complaint.

Complainants may appeal the results of the Bureau's determination on their complaints when the complaints were not resolved as originally requested. The appeal gives the complainants an opportunity to have their complaints reviewed by the office's management staff or to provide additional information. Table V below reflects the complaint appeal activity. Due to the low number of complaint appeals, trend analysis is difficult. However, complaint appeals are reviewed by agency management to ensure consumers are provided a complete explanation of the decision surrounding their complaint.

Managed Care Specialist

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to the Bureau of Market Regulation. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Administering the state's independent review program is the responsibility of the managed care specialist.

determination or an experimental treatment determination by an insurer. These reviews are carried out by Independent Review Organizations (IROs) registered with OCI. Every year, IROs certified to do reviews in Wisconsin are required to submit to OCI a report for the prior calendar year's experience. The independent review process allows a consumer to appeal some health insurance claims denials to an independent third party. The results from the reports for calendar year 2015 are summarized below.

Independent Review Process

Under Wisconsin law, health insurance claimants have a right to an independent review of an adverse

The independent review program began in 2002. Beginning in 2012, most health plans were required to follow the independent review process outlined in federal law. Independent reviews performed under the federal law may not be included in the reports submitted by the Wisconsin-certified IROs. - Enhanced the transmission and processing of information and notifications using the National Insurance Producer Registry (NIPR) which benefited both individuals and business entities in processing applications, appointments, continuing education credits, and licensing updates.
- Continued to enhance electronic services to allow licensees to have access to managing and maintaining their license electronically, providing the most accurate, up-to-date information available.
- Continued the comprehensive review and updating of all business rules to ensure that the automated licensing systems utilize current and correct business rules and are functioning properly.
- Continued to monitor implementation of National Association of Registered Agents and Brokers (NARAB) through the National Association of Insurance Commissioners (NAIC) and the National Insurance Producer Registry (NIPR).
- Participated in the NAIC's Producer Licensing Working Group and the Producer Licensing Task Force. The goal of these committees is to improve the effectiveness and efficiency of the state licensing process resulting in uniformity through increased coordination, automation, standardization, and reciprocity.

Medical Malpractice Insurance Reports
Section 601.427, Wis. Stat.

The following table summarizes the reports on medical malpractice insurance required by s. 601.427, Wis. Stat., that were received in 2016. All of the information is for medical malpractice insurance written in Wisconsin by authorized insurers. Insurers that wrote less than \$300,000 annually in medical malpractice insurance premiums in Wisconsin were not required to report.

The first three lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next fifteen lines are for the policy years shown by the column headings.

This report includes the experience of the Wisconsin Health Care Liability Insurance Plan. It does not include the experience of the Injured Patients and Families Compensation Fund.

It should be noted that the data is from individual insurer reports and has been accepted by this office without audit. In addition, the data does not separate occurrence policy experience from claims-made policy experience. These two types of policies have different claims payment experience patterns.

This report combines the experience for all physician and surgeon classifications, other health care professionals, hospital, and other health care facilities. The individual classification reports by company, from which the summary table was derived, have been maintained in this office.

Rate Review

The Office of the Commissioner of Insurance is responsible for enforcing the Wisconsin health insurance laws and thereby regulating the commercial health insurance market in Wisconsin. Rooted in the Wisconsin insurance laws is an approach to insurance regulation that supports functional competition. Functional competition is defined as competition wherein all participants, including consumers, have access to the market on a level playing field. Functional competition in the marketplace supports the pricing of health insurance products at premium rates that reasonably reflect the medical costs, demographics and utilization patterns of health care delivery in Wisconsin, and is therefore critical to a well-functioning market. In keeping with the mission of OCI to protect Wisconsin's insurance consumers and fulfill its obligation to enforce the Wisconsin insurance laws, OCI is committed to support the many strengths of the market as it exists today and facilitate continued competition in the market in the years to come.

Prior to September 1, 2011, Wisconsin required that individual health insurance rates used to develop premiums for individual policies be filed with OCI. There was no standard filing format in place. Rates used to

develop premiums for group policies were not required to be filed. Beginning September 1, 2011, Wisconsin requires that health insurance rates used to develop premiums for individual policies, including individually underwritten policies sold through associations, and fully insured group policies issued to employers with 2 -50 employees (small group policies) be filed with OCI. Filings are required to be submitted in a standardized format. Filings are reviewed for compliance with all applicable laws and regulations, as well as to determine whether there is any indication the premium rates filed are unreasonable. The Wisconsin insurance laws provide that rates are not unreasonable if a sufficient level of functional competition exists in the market. Rate filings made with OCI are generally available for public viewing on the OCI Web site.

The OCI Rate Review Team is responsible for establishing and enforcing rate filing requirements, reviewing comprehensive individual and small group rate filings, and monitoring trends in the Wisconsin comprehensive health insurance marketplace. In 2015, Wisconsin had a competitive comprehensive health insurance market with 21 companies offering individual coverage, 31 companies offering small group coverage, and 29 companies offering large group coverage.

VI. Financial and Statistical Data

Notes to Tables

The financial information was obtained from the NAIC database downloaded on May 13, 2016, for those companies filing electronically with the NAIC and annual statements filed with OCI for those companies not filing electronically with the NAIC. The tables report the financial position of companies licensed to do business in Wisconsin as of December 31, 2015, and the results of their 2015 operations. Companies in rehabilitation and liquidation may not be included in the financial data.

Table A includes individual entities which may possess multiple licenses. An example would be entities which have a Service Contract Provider, Warranty Plan Administrator, and Vehicle Protection Plan license. Risk Retention Groups are required to register with this office pursuant to the Federal Liability Risk Retention Act of 1986. They are not issued a license to write direct business in Wisconsin.

Tables B-I do not contain financial data for the Other Entities Subject to Limited Regulation.

Direct premiums and deposits for life business reported in Tables B and D include direct premiums written; annuity, deposit and other considerations; and

policyholder dividends used for renewals and paid-up additions. Direct premiums written reported in Table E excludes dividends and deposit and other considerations. Direct benefits and dividends paid includes both benefits paid and dividends paid or applied during the year.

Tables B, D, and G include non-health premiums written and benefits paid reported for Life insurers filing on the health blank. In Table D, the premiums written were included in Other and benefits paid were included in All Other Benefits due to lack of detail of the information filed. Life premiums totaling \$3,295,403 were not included in Table E due to the lack of detail in the information provided.

Direct premiums written in Table E includes insurers with negative premiums written. This results in premiums written for the 20 ranked insurers in certain lines of business to be greater than all insurers writing that line of business.

All of the amounts in Tables F-I, except ratio amounts, have been rounded to thousands. Ratios in excess of 999% were reported as "999" and ratios less than 0 were reported as "0". Ratio results outside these thresholds are meaningless.

Explanation of Terms Used in Tables

The “*Wisconsin Operations*” columns report the direct premiums and losses for Wisconsin-only business for 2015. The “*Nationwide Operations*” columns report the net premiums and losses for all operations for 2015.

“*Direct*” business refers to business for which the insurer issued an insurance policy and accepted the premium. “*Net*” business is direct business plus reinsurance assumed and less reinsurance ceded.

“*Reinsurance*” is the transfer of risk between insurance companies. Almost all direct writing companies use reinsurance to transfer a portion of the risk associated with its direct policies. Reinsurance assumed is accepting the risk of other insurers, while reinsurance ceded is transferring the risk to other insurers. Some companies specialize in providing reinsurance to other companies versus writing business directly.

“*Premium Written*” is usually defined as premium billed by fire and casualty companies. Rules of life insurance accounting require reporting premiums actually collected. Premium written is a measure of sales activity for the year.

“*Premium Earned*” is the result of premiums written in the current and previous years and, in some instances, premiums to be written in the future for current coverages. It is approximately the pro rata portion of the premium charged for each policy for the portion of coverage provided within the calendar year.

“*Losses Incurred*” equals losses paid, plus an estimate at the close of the current year of the amounts to be paid in the future for all unsettled claims as of the financial statement date, less the corresponding estimate made at the end of the prior year. If the estimates were exactly correct, then the incurred losses would be the actual cost of all claims arising from coverage provided during the current year. The estimates would also include amounts for IBNR claims (incurred but not reported).

Loss adjustment expenses are also included in the losses incurred for nationwide operations of title companies.

“*Annuity Considerations*” is revenue received for annuity contracts during the year. The amount corresponds to premiums written on insurance contracts.

“*Deposits*” are amounts placed with the insurer that do not incorporate risk from the death or disability of the policyholder and are more comparable to financial or investment instruments than insurance contracts.

“*Other Considerations*” are annuity considerations or other deposits which are not allocated to a specific policy but include an insurable risk.

The “*Net Loss Ratio*” is equal to net losses incurred plus net loss adjustment expenses incurred, divided by net premiums earned. The “*Expense Ratio*” is equal to underwriting expenses divided by net premiums written. The loss ratio is determined based on net premiums earned as losses occur randomly throughout the policy term which matches the period the premiums are earned. The expense ratio is determined using net premiums written, because most underwriting expenses (commissions, home office underwriting, and clerical expenses) are incurred at the time the policy is written, not evenly throughout the policy term.

The “*Wisconsin Direct Loss Ratio*” is a pure loss ratio equal to the direct losses incurred divided by the direct premiums earned for Wisconsin business. This ratio does not include Loss Adjustment Expenses. For insurers with small direct premiums earned, this ratio may not be a meaningful representation of their overall operations. Negative losses incurred would result from the company overestimating the cost to settle open claims as of the end of the prior year or the receipt of salvage or other recoveries from claims paid in prior years which were in excess of amounts incurred for the current year claims.
