Spring Valley Mutual Insurance Company (SVMIC)	Minnesota
The General Automobile Insurance Company Inc. (GAIC)	Wisconsin
Trusted Resource Underwriters Exchange (TRUE)	Florida

Representatives of all states that have domestic companies in the Group except South Carolina, participated in the examination, with Wisconsin acting in the capacity as the lead state for the coordinated examination.

The examination was conducted using a risk-focused approach in accordance with the National Association of Insurance Commissioners (NAIC) *Financial Condition Examiners Handbook*. This approach sets forth guidance for planning and performing the examination of an insurance company to evaluate the financial condition, assess corporate governance, identify current and prospective risks

(including those that might materially affect the financial condition, either currently or prospectively), and evaluate system controls and procedures used to mitigate those risks.

All accounts and activities of the companies were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and evaluating management's compliance with statutory accounting principles, annual statement instructions, and Wisconsin laws and regulations. The examination does not attest to the fair presentation of the financial statements included herein. If during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately at the end of the "Financial Data" section in the area captioned "Reconciliation of Surplus per Examination."

Emphasis was placed on those areas of the Group's operations accorded a high priority by the examiner-in-charge when planning the examination. Special attention was given to the actions taken by the Group to satisfy the recommendations and comments made in the previous examination reports.

The Group is annually audited by an independent public accounting firm as prescribed by s. Ins 50.05, Wis. Adm. Code. The Group is approved to file consolidated audited financial statements that include AFMICS and all of its wholly owned and affiliated property and casualty insurance companies except HICNY, pursuant to s. Ins. 50.09, Wis. Adm. Code. All of the property and casualty subsidiaries and affiliates included in the consolidated audited financial statements of the Group are participants in 100% reinsurance arrangements with AFMICS. An integral part of this compliance examination was the review of the independent accountant's work papers. Based on the results of the review of these work papers, alternative or additional examination steps deemed necessary for the completion of this examination were performed. The examination work papers contain documentation concerning the alternative or additional examination steps performed during the examination.

Certain financial data in this report is rounded to the nearest thousand which may cause slight rounding differences for the totals. The report discloses which numbers are rounded.

Independent Actuary's Review

An independent actuarial firm was engaged under a contract with the Wisconsin Office of the Commissioner of Insurance. The actuary reviewed the adequacy of the Group's loss and loss adjustment

expense reserves. The actuary's results were reported to the examiner-in-charge. As deemed appropriate, reference is made in this report to the actuary's conclusion.

Investment Review

The Capital Markets Bureau of the NAIC was engaged by the Office of the Commissioner of Insurance to perform a review of the AFMICS's invested assets portfolio as of December 31, 2021. The results of that review were reported to the examiner-in-charge. As deemed appropriate, reference is made in this report to the findings of the review.

II. HISTORY AND PLAN OF OPERATION

American Family Mutual Insurance Company, S.I. owns 100% interest in property and casualty insurance subsidiaries through a downstream holding company, AmFam, Inc. AFMICS was organized in 1927 as Farmers' Mutual Automobile Insurance Company (Farmers' Mutual). In 1963, Farmers' Mutual changed its name to American Family Mutual Insurance Company (AFMIC). Effective January 1, 2017, AFMIC converted into a stock insurance company owned by a newly organized mutual insurance holding company and changed its name to American Family Mutual Insurance Company, S.I.

ASICW was incorporated on April 5, 1961, under the provisions of ch. 611, Wis. Stat., as American Standard Insurance Company. In 1962, American Standard Insurance Company adopted the name American Standard Insurance Company of Wisconsin. ASICOH was incorporated on November 21, 1995 under the laws of the state of Ohio and commenced business on January 1, 1996. Effective September 30, 2016, ASICOH redomiciled from Ohio to Wisconsin. Midvale Indemnity Company was incorporated in 1970. It was acquired by AFMICS in 2012 under its former name, Lumberman's Casualty Insurance Company (LCIC). LCIC changed its name to Midvale Indemnity Company in 2013. MIC redomiciled from Illinois to Wisconsin effective November 16, 2017.

On December 31, 2012, AFMIC, through its wholly owned subsidiary AmFam, Inc., acquired 100% of the ownership in PGC Holdings Corp (PGC Holdings), a Delaware corporation. PGC Holdings directly and indirectly owns three insurance companies: GAIC, PGAC, and PGACO. The three insurance companies are referred to as Permanent General Companies (PGC). In August 2017 all three companies redomiciled to Wisconsin from Ohio.

On December 31, 2013, AFMIC, through AmFam, Inc., acquired 100% ownership in Homesite Group Incorporated (HGI), a Delaware corporation. HGI directly and indirectly owns nine insurance companies: HIC, HCT, HICCA, HICFL, HICGA, HICIL, HICNY, HICMW, and HLT. Collectively, these nine insurance companies are referred to as the "Homesite" Group. In September 2016, HIC, HCT, and HICMW redomiciled to Wisconsin from Kansas, Connecticut, and North Dakota, respectively.

Effective January 1, 2017, the Group's corporate structure was reorganized as a mutual insurance holding company. As part of the reorganization, AFMIC formed two new holding company entities: a mutual holding company, American Family Insurance Mutual Holding Company (AFIMHC), and

a wholly owned subsidiary of AFIMHC, AmFam Holdings, Inc. (AmFam Holdings). AFMIC then converted to a stock insurer, changed its name to AFMICS, and issued three million shares of \$1 par common stock to AmFam Holdings. AmFam Holdings issued 100% of its voting securities to AFIMHC, which became the ultimate controlling party of the Group which includes all insurance and non-insurance entities in the holding company group. Existing and future mutual policyholders' membership interests in AFMIC were replaced with membership interests in AFIMHC. Policyholders of American Family Insurance Company and American Standard Insurance Company of Ohio were also granted membership rights in AFIMHC. There are no plans for AFMICS to sell stock publicly.

On October 31, 2018, Main Street America Group Mutual Holdings, Inc. (MSA Holdings), a mutual insurance holding company organized under the laws of the State of Florida, merged with and into AFIMHC, with AFIMHC being the surviving corporation. MSA Holdings was the ultimate owner of Main Street America Group, Inc. (MSAGI), a Florida corporation, which directly and indirectly owns 100% interest in five insurance companies and is affiliated with three mutual insurance companies through common management and affiliation agreements. The MSA Group insurance companies are NGM, MSAAC, ODIC, and MSAPIC, all domiciled in Florida, MSA Insurance Company (MSAIC), domiciled in South Carolina, affiliates GDMIC domiciled in Indiana, and SVMIC and AMIC both domiciled in Minnesota. Collectively, these companies are referred to as "the MSA Group". All insurance companies except MSAIC are included in the current financial examination. The MSA Group entities participated in a separate financial examination for the period of January 1, 2016, through December 31, 2020, with Florida, South Carolina, Minnesota, and Indiana. MSAIC Insurance Company was included in that exam, and South Carolina issued a final examination report with no adverse findings on September 4, 2021. As a result of the merger, all policyholders that had membership interest in MSA Holdings prior to the merger were converted into and granted membership interest in AFIMHC. Subsequent to the merger, AFIMHC contributed 100% of the issued and outstanding capital stock of MSAGI to AFMICS.

On October 1, 2019, AFIMHC, through its indirect, wholly owned subsidiary AmFam, Inc., acquired 100% ownership of IDS Property Casualty Insurance Company and its wholly owned affiliate, Ameriprise Insurance Company from Ameriprise Financial, Inc. IDS Property Casualty Insurance Company's name was subsequently changed to American Family Connect Property and Casualty

Insurance Company, and Ameriprise Insurance Company's name was changed to American Family Connect Insurance Company.

The primary operating company brands in the Group are: American Family, Connect, Homesite, Permanent General Companies, and Main Street America (collectively the "Opcos".) The Opcos cede their business to AFMICS, either directly, or through the lead companies in their respective subgroups, which then retrocede all business to AMFICS. The only exception is HICNY which retains 20% of its business. Included below are the descriptions of the product offerings and distribution channels by each Opco. The descriptions include a general overview of each Opco and detailed information for each company included in this report. The MSA Group does not have a company domiciled in Wisconsin, however, a description of MSAGI is included to provide a holistic overview of the Group.

American Family Brand Entities

The American Family brand's property and casualty book of business is offered by five companies – AFMICS, AFIC, ASICOH, ASICW, and MIC. The major products are primarily marketed through a captive agency force of approximately 2,500 agents operating in 19 predominantly non-coastal states with a primary focus on the Midwest. The American Family brand products include personal automobile, homeowners, farm owners, mobile homeowners, and commercial multiple peril. Agreements with Affiliates

Second Amended and Restated Intercompany Services and Cost Allocation Agreement

Effective July 1, 2020, AFMICS and certain of its subsidiaries and affiliates entered into a Second Amended and Restated Intercompany Services and Cost Allocation Agreement. Under this agreement, AFMICS may provide to the other parties and one or more of the other parties may provide to AFMICS goods, third party services, and management and other direct services, including executive, corporate strategy, legal, corporate governance, product development, underwriting, marketing, customer service, sales, policy administration, billing, claims, reserving, financial, treasury, investment, enterprise risk, reinsurance, internal audit, and other services used by the parties in the conduct of their business operations. The costs of services provided under this agreement are reimbursed based on the actual costs of the services provided or on a pass-through basis for the services provided by third parties. Settlement of all charges is done on a net basis and no less frequently than on a quarterly basis. This agreement replaced an Amended and Restated Intercompany Services and Cost Allocation Agreement between AFMICS and certain of its affiliates that was effective January 1, 2017. Currently, all companies included in this report are parties to this agreement.

Service and Cost Allocation Agreement between AFCIC and AFCPCIC

There is a Service and Cost Allocation Agreement between AFCIC and AFCPCIC effective January 1, 2006. Under this agreement, AFCPCIC provides all services essential to the day-to-day operation of AFCIC as requested by AFCIC. AFCIC reimburses AFCPCIC for expenses calculated to reflect only the actual value and cost to AFCPCIC for providing such services. Settlement of fees and expenses are made within 30 days of the end of each quarterly period of the fiscal year.

Second Restated Tax Allocation Agreement between AFMICS and Subsidiaries and Affiliates

AFMICS and certain of its subsidiaries and affiliates, including ASICW, AFIC, ASICOH, MIC, AFCIC, PGC Holdings, and HGI, are parties to a tax allocation agreement executed in 2002 and later amended multiple times to reflect the additions of various affiliated parties to the agreement. The agreement was amended in 2023 to become the Second Amended and Restated Tax Allocation Agreement. AFCPCIC was added to the agreement effective January 1, 2023.

The agreement provides the basis for computation and the method of settlement of federal income tax payments and refunds within the Group. The method for allocation is the percentage method under Treas. Reg. § 1.1502-33(d)(3) using the 100% allocation method. Under this agreement, AFMICS prepares and files a consolidated federal income tax return that includes all affiliates of the Group. Final settlement is due within 90 days of the filing of the consolidated federal tax return.

Tax Allocation Agreement between Homesite Group Incorporated and Subsidiaries

Companies in the Homesite Group, including Homesite Group Incorporated, HCT, HICMW, and HIC are parties to a Consolidated Federal Income Tax Liability Agreement effective January 1, 2013, and amended effective December 31, 2014. Under the agreement, each party participates in a federal income tax return filed on a consolidated basis. The method of allocation among the companies is based upon the separate return calculation with current credit for net losses. Intercompany tax balances are settled quarterly.

Tax Allocation Agreement between PGC Holdings Corp. and Subsidiaries

Companies in the Permanent General Group, including PGC Holdings, PGACO, PGAC, and GAIC, are parties to a Tax Allocation Agreement effective October 1, 2010, and amended effective January 1, 2021. Under the agreement, each party participates in a federal income tax return filed on a

consolidated basis. The method of allocation among the companies is based upon the separate return calculation with current credit for net losses. Intercompany tax balances are settled no less frequently than 30 days after the relevant filing or filing dates.

V. REINSURANCE

The company's reinsurance portfolio and strategy at the time of the examination are described below. All reinsurance agreements were determined to have proper insolvency, entire contract, arbitration, and intermediary clauses as required by the Statement of Statutory Accounting Principles (SSAP) No. 62R. In addition, these agreements were found to include language that properly transfers risk as required by SSAP No. 62R.

Affiliated Ceding Contracts

Effective July 1, 2010, AFMICS I entered into a 100% quota share agreement with AFLIC, under which AFLIC assumed a closed long-term care book of business written by AFMICS I.

Effective November 1, 2020, AFMICS I entered into a 100% Quota Share Reinsurance Agreement with its affiliate, Bowhead Insurance Company, Inc. (BICI). Under the agreement, BICI assumes 100% of AFMICS I's gross liability under all policies either 1) produced by Bowhead Specialty Underwriters, Inc., and issued by HCT, HICFL, and MIC pursuant to the terms of separate Managing General Agency Agreements between Bowhead Underwriters and each of HCT, HICFL, and MIC, or 2) specified classes and lines of business issued by certain affiliates of AFMICS I on or after November 1, 2020 and reinsured by AFMICS I.

Nonaffiliated Ceding Contracts

The external catastrophe ceded reinsurance program is purchased for the entire Group. The various layers of the non-catastrophe property per risk and casualty excess reinsurance programs are utilized by the operating companies as appropriate for their risk and business needs.

Non-Catastrophe

AFMICS I purchases a non-catastrophe reinsurance program for property and casualty non-catastrophe exposure for the American Family, Main Street America, and Connect operating companies. The program consists of Excess of Loss treaties and automatic facultative coverage for limits exceeding reinsurance coverage provided by the treaties. For casualty exposure, the Group retains the first \$2 million per occurrence and purchases four layers of reinsurance. Reinsurance coverage provides a limit of \$48 million in excess of the Group's retention, with some lines of business carrying a higher retention

and lower limit. All layers offer reinstatements, which vary depending on the layer, from free and unlimited to one reinstatement per layer at full price.

For property, the Group retains the first \$2 million and co-participates 17% and 35% in the next two layers respectively, \$4 million in excess of \$2 million and \$4 million in excess of \$6 million, for the total coverage of \$8 million in excess of the initial retention of \$2 million. The next two layers, fully ceded, provide coverage of \$15 million in excess of \$10 million and \$25 million in excess of \$25 million, for total reinsurance coverage of \$48 million in excess of the Group's initial retention of \$2 million, with some lines of business carrying a higher retention and lower limit. All four layers offer reinstatements which vary from free and unlimited to one at full price.

The Group also buys supplemental facultative coverage for limits greater than \$50 million.

Catastrophe

AFMICS I purchases a group property catastrophe reinsurance program for the American Family, Homesite, Main Street America, Permanent General, and Connect operating companies. The current structure provides a \$2.375 billion limit excess of \$500 million retained, with six traditional reinsurance layers supplemented by three catastrophic bond issues. The traditional reinsurance layers provide coverage against all-weather perils including named storms.

The first layer provides coverage of \$150 million, excess of retention of \$500 million, and is 50% placed. The second and third layers cover \$400 million excess of \$650 million, and \$450 million excess of \$1.05 billion, respectively, and are 95% placed. The fourth layer covers the next \$600 million excess of \$1.5 billion and is 97.5% placed. The fifth layer covers \$650 million excess of \$2.1 billion and is 95% placed. The final layer covers \$125 million excess of \$2.75 billion and is fully placed. AFMICS I sponsored three catastrophe bonds issued through Four Lakes Re Ltd. which are supplemental to the Group's catastrophe program and considered in the calculation of the Group's participation level at each layer of reinsurance coverage. The first bond, \$175 million, was issued in 2020, followed by a \$125 million issuance in 2021 and \$100 million issued in December 2022. The catastrophe bond coverage provides reinsurance protection against losses from named storms, earthquakes, severe thunderstorms, winter storms, and wildfires across the United States. Coverage afforded by each issue runs for three years.

Affiliated Assuming Contracts

AFMICS I reinsures all subsidiary and affiliate business under 100% quota share agreements, with the exception of HICNY which retains 20% of its business and TRUE and Bowhead which are not reinsured by AFMICS I. Below is a description of the existing quota share arrangements.

Effective January 1, 2012, AFMICS I entered into separate Amended and Restated Quota Share Reinsurance Agreements with ASICW, ASICOH, and AFIC, assuming 100% of each company's losses and claims expenses.

Effective January 1, 2013, AFMICS I entered into a 100% Quota Share Reinsurance Agreement with MIC assuming 100% of losses and claims expenses. The agreement is applicable to policies in runoff or in force on or after the effective date, as well as new and renewal policies.

Effective January 1, 2014, AFMICS I entered into a Loss Portfolio Transfer and 100% Quota Share agreement with HICMW assuming 100% of in force, new, and renewal direct and assumed losses. HICMW also has separate Loss Portfolio Transfer and 100% Quota Share Agreements in effect with each of the remaining Homesite affiliates under which 100% of losses are ceded to HICMW, which are then retroceded to AFMICS I. The only exception is HICNY which cedes 80% of losses to HICMW. The effect of these agreements is that AFMICS I ultimately assumes all Homesite Group's premiums and losses other than the 20% retained by HICNY. Effective January 1, 2016, the Quota Share Agreement between HICMWI and HICNY was amended to reduce HICMW's quota share to 80%.

Effective January 1, 2017, AFMICS I entered into a Loss Portfolio Transfer and 100% Quota Share agreement with PGAC assuming 100% of in force, new, and renewal direct and assumed losses. PGAC also has separate Loss Portfolio Transfer and 100% Quota Share agreements in effect with PGACO and GAIC under which 100% of losses are ceded to PGAC, which are then retroceded to AFMICS I.

Effective January 1, 2019, AFMICS I entered into a Loss Portfolio Transfer and 100% Quota Share agreement with NGM assuming 100% of runoff, in force, new, and renewal direct and assumed business. NGM also has separate 100% Quota Share agreements in effect with each of its subsidiaries and affiliates under which 100% of losses are ceded to NGM, which are then retroceded to AFMICS I.

Effective January 1, 2020, AFMICS I entered into a Loss Portfolio Transfer and 100% Quota Share agreement with AFCPCIC assuming 100% of runoff, in force, new, and renewal direct and assumed business. AFCPCIC also has a separate 100% Quota Share agreement in effect with its subsidiary AFCIC under which 100% of losses are ceded to AFCPCIC, which are then retroceded to AFMICS I.

Nonaffiliated Assuming Contracts

The companies in the Group assume business from unaffiliated parties with the main goal of diversifying its risk profile. Historically, assumed reinsurance was primarily focused on property business which has been written by ASICW since 2011. Starting in 2021, all new business is written by AFCPCIC and reinsurance offerings were expanded into the casualty space. NGM also assumes business, primarily non-standard auto on a quota share basis. After the acquisition of the MSA Group in 2019, this business became a part of the Group's assumed reinsurance portfolio. The companies write both pro rata and excess-of-loss treaty business. All business assumed by any of the AFMICS I subsidiaries is ceded to AFMICS I under the existing quota share agreements. The companies utilize primarily broker channels to acquire business. The companies in the Group also assume business through various involuntary reinsurance pools and programs.

VI. FINANCIAL DATA

The following financial statements reflect the financial condition of AFMICS, the lead company in the Group, as reported to the commissioner of insurance in the December 31, 2021, annual statement. Also included in this section are schedules that reflect the growth of AFMICS, NAIC Insurance Regulatory Information System (IRIS) ratio results for the period under examination for AFMICS, and the compulsory and security surplus calculation for AFMICS. The financial statements of the remaining companies included in this report are included in Appendix B. All dollar figures are in thousands. Adjustments made as a result of the examination are noted at the end of this section in the area captioned "Reconciliation of Surplus per Examination."

Ratio No. 6 measures the amount of the company's net investment income as a percentage of the average amount of cash and invested assets. The exceptional results in 2018 and 2020 were due to the inclusion of extraordinary distributions from the affiliated companies (see narrative below) in the investment income. The exceptional result in 2018 was due to the low interest rate environment as well as the company's reliance on tax-exempt bonds, which usually have a lower yield.

AFMICS I assumes 100% of underwriting activity (both written and assumed), except for HICNY, which retains 20% of its business, and TRUE and Bowhead, which are not reinsured by AFMICS I.

Gross and net premiums written increased 77% and 73%, respectively, over the period subject to examination. Group net premium written grew both organically as well as through two significant acquisitions. In addition, three intercompany reinsurance transactions have been executed since 2017. On January 1, 2017, AFMICS I entered a loss portfolio transfer and 100% quota share agreement with PGAC. Total premiums written and assumed by PGAC in 2021 were \$837 million. On January 1, 2019, AFMICS I entered a Loss Portfolio Transfer and 100% Quota Share Agreement with NGM which contributed \$1.3 billion to AFMICS I's gross written premium. And finally, on January 1, 2020, AFMICS I entered a Loss Portfolio Transfer and 100% Quota Share Agreement with AFCPCIC, which added \$1.1 billion to AFMICS I's gross premium written. Overall, the acquisitions accounted for approximately half of the total premium growth reported by AFMICS I over the examination period. In 2020 and 2021, AFMICS I provided policyholder premium relief of approximately \$502 million and \$112 million, respectively, in response to the global COVID-19 pandemic.

Business operations produced an underwriting loss in each year under examination, which is illustrated by the combined ratio ranging from 101.5% in 2020 to 105.8% in 2017. Underwriting losses reported by the Group are predominantly attributed to higher-than-normal losses from natural catastrophe perils, including Midwest convective storms, hurricane, and winter storms impacting homeowners and commercial lines and from rising claim severity in auto and home lines. Severity rose rapidly with inflation during late 2021 and early 2022 in all physical damage coverages, outpacing premium increases over that period. The expense ratio in 2020 increased 2.7%, with approximately half of the change driven by COVID-19 premium relief payments recognized as a reduction in premium written and earned. Underwriting losses were offset by net investment income, resulting in AFMICS I reporting net income in each year under examination. In 2018 net income included a \$500 million extraordinary dividend from AFLIC (via AmFam, Inc.) that was used for the purpose of funding AFMICS I's non-contributory qualified pension plan. In 2020, AFMICS I received extraordinary dividends of approximately \$797 million from its Wisconsin-domiciled subsidiaries. The purpose of the dividends aligns with the Group's overall capital

management strategy to centrally manage capital at the AFMICS level. The dividends were reported as part of net investment income and unrealized losses on common stock of affiliates. Neither dividend distribution had an impact on the surplus reported by AFMICS.

Total admitted assets increased 68% during the period under examination. The increase was driven primarily by the acquisitions of the MSA and Connect entities. Thus, in 2019, total admitted assets increased 26% over the prior year due to an increase of \$2.4 billion in bonds and an increase of \$1.6 billion in affiliated common stock. The increase in bonds was mainly due to the Loss Portfolio Transfer between AFMICS and NGM that became effective on January 1, 2019. The increase in common stock was primarily due to the investment in AFCPCIC. In 2020, total admitted assets increased 14%, compared to the prior year. The increase was driven by an increase in long-term bonds, largely due to the loss portfolio transfer with AFCPCIC executed on January 1, 2020.

Surplus increased 37% during the period covered by the current examination. The largest increase of \$1.7 million was reported in 2021. AFMICS contributed approximately \$514.2 million to AmFam, Inc., to fund the acquisition of Bold Penguin, Inc., a technology company that simplifies the process of obtaining small business insurance. AFMICS funded this contribution by a loan of \$510 million from the Federal Home Loan Bank – Chicago (FHLB). In March 2021 AmFam Holdings, Inc. executed the placement of \$1 billion of senior unsecured notes in the private market and made a capital contribution of \$900 million to AFMICS. A part of this contribution was used to repay a loan from FHLB.

Subsequent Events

As of December 31, 2022, AFMICS reported a net underwriting loss of \$1.6 billion and a net loss of \$1.4 billion. The combined ratio for 2022 was 110.2%. Primary factors driving underwriting results were several significant catastrophe weather events and inflationary pressure. Net investment income in 2022 was reduced by \$491 million of net realized capital losses, largely on bond dispositions. Surplus decreased \$2.0 billion, or 22%, compared to prior year end, and was \$7.3 billion as of December 31, 2022. The decrease in surplus was driven by the net loss and by the increase in net unrealized capital losses of \$837 million.

Reconciliation of Surplus per Examination

No adjustments were made to surplus as a result of the examination. The amount of surplus reported by the company as of December 31, 2021, is accepted.

Summary of Current Examination Results

The current examination resulted in no recommendations. There were no adjustments or reclassifications to the balance sheet amounts as a result of this examination.

VIII. CONCLUSION

American Family Mutual Group includes 29 property and casualty and two life insurance companies domiciled in ten states. The current examination, which covered the period from January 1, 2017, to December 31, 2021, included 28 property and casualty and two life insurers. Representatives from nine states participated in the examination. This examination report includes 13 Wisconsin-domiciled property and casualty insurance companies.

Effective January 1, 2017, the company underwent a corporate reorganization and formed a mutual holding company. There were two major acquisitions during the examination period. The MSA Group was acquired in 2018, and the Connect entities were acquired in 2019. The acquisitions are part of the company's strategy to broaden its geographic footprint as well as its distribution channels.

Gross and net premiums written increased 77% and 73%, respectively, over the examination period. Group writings grew both organically as well as through acquisitions.

The current examination determined that all companies included in this report complied with the recommendations from the prior examination. The current examination resulted in no recommendations.

IX. SUMMARY OF COMMENTS AND RECOMMENDATIONS

The current examination resulted in no recommendations. There were no adjustments or reclassifications to the balance sheet amounts as a result of this examination.
