Office of the Commissioner
of Insurance
125 S. Webster St.

Dear Mr. Gomez,

It has come to my attention that the State of Michigan has shown some interest in purchasing stocks of the Physicians Insurance Corporation of Wisconsin (PIC-WI). The undersigned physician is opposed to such a sale as being contrary to the best interests of the physicians of the State of Wisconsin and to its citizenry. I strongly urge your office to act in opposition to such an action.

Sincerely,

Stephen E. Robbins, MD
