SECURA SELECT INSURANCE COMPANY  
Neenah, Wisconsin

and this report is respectfully submitted.

**I. INTRODUCTION**

The previous examination of SECURA Insurance Company (SECURA Insurance) and SECURA Supreme Insurance Company (SECURA Supreme) was conducted in 2019 as of December 31, 2018. SECURA Select Insurance Company (SECURA Select) was created by SECURA Insurance on October 13, 2023. This is the first examination of SECURA Select. The current examination covered the intervening period ending December 31, 2023, and included a review of such subsequent transactions as deemed necessary to complete the examination.

The examination of the Group included the following companies:

<b>Company</b>	<b>State</b>
SECURA Insurance Company	Wisconsin
SECURA Supreme Insurance Company	Wisconsin
SECURA Select Insurance Company	Wisconsin

The examination was conducted using a risk-focused approach in accordance with the National Association of Insurance Commissioners (NAIC) *Financial Condition Examiners Handbook*. This approach sets forth guidance for planning and performing the examination of an insurance company to evaluate the financial condition, assess corporate governance, identify current and prospective risks (including those that might materially affect the financial condition, either currently or prospectively), and evaluate system controls and procedures used to mitigate those risks.

All accounts and activities of the Group were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and evaluating management's compliance with statutory accounting principles, annual statement instructions, and Wisconsin laws and regulations. The examination does not attest to the fair presentation of the financial statements included herein. If during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately at the end of the "Financial Data" section in the area captioned "Reconciliation of Surplus per Examination."

Emphasis was placed on those areas of the Group's operations accorded a high priority by the examiner-in-charge when planning the examination.

The Group is annually audited by an independent public accounting firm as prescribed by s. Ins 50.05, Wis. Adm. Code. An integral part of this compliance examination was the review of the independent accountant's work papers. Based on the results of the review of these work papers, alternative or additional examination steps deemed necessary for the completion of this examination were performed. The examination work papers contain documentation concerning the alternative or additional examination steps performed during the examination.

#### **Independent Actuary's Review**

An independent actuarial firm was engaged under a contract with the Wisconsin Office of the Commissioner of Insurance (OCI). The actuary reviewed the adequacy of the companies' loss and loss adjustment expense reserves. The actuary's results were reported to the examiner-in-charge. As deemed appropriate, reference is made in this report to the actuary's conclusion.

## VIII. CONCLUSION

SECURA Insurance is a mutual insurer writing commercial, personal, farm, and specialty lines with a goal to drive profitable business through a conservative but open-minded approach to risk selection. The company is licensed in 27 states. It participates in an intercompany pooling agreement with its subsidiary, SECURA Supreme, whereby each company shares the net retained underwriting risk in accordance with their pooling participation (90% and 10%, respectively). In 2023, a new subsidiary, SECURA Select, was formed. It has not yet begun writing business. The current examination, which covers the period from January 1, 2019, to December 31, 2023, was conducted by the Wisconsin Office of the Commissioner of Insurance. This examination report includes all three insurance companies under examination.

Wisconsin is the company's largest market, representing 25% of the 2023 book of business, followed by Minnesota at 18%. The company's largest lines of business are commercial multiple peril (non-liability portion) and worker's compensation, which represent approximately 14% and 13%, respectively, of the book of business. However, these lines will represent a larger portion of the Group's book of business in the future with the Group's decision in 2023 to fully exit the personal lines insurance market by the end of 2025.

For three of the five years under examination, the company reported a net income. There were net losses in 2022 and 2023 due to elevated loss and LAE expenses. Since the previous examination, the company's policyholders' surplus has increased by 25%.
