

Injured Patients & Families Compensation Fund

Tony Evers, Governor of Wisconsin
Nathan Houdek, Commissioner of Insurance

How to Verify Your Email Address in the IPFCF System

The Injured Patients & Families Compensation Fund (IPFCF or the “Fund”) uses email as the primary source of communication with each Fund participant. To ensure that each Fund participant can maintain their IPFCF compliance they should always have a personal nonwork email address on file with the IPFCF.

It is important to use a personal nonwork email address because it prevents missed notifications for the licensed Fund participant regardless of work location or employer.

Having a personal nonwork email address on record with the IPFCF does not prevent an employer or group administrator from being able to gain access to the Fund participants IPFCF correspondence and invoices if that is desired.

To verify what email address is currently on record with the IPFCF the Fund participant should log onto their IPFCF Provider Portal account here: <https://ipfcfsecure.oci.wi.gov/>

Once the provider has logged onto their account they will be taken to the Portal Home page. From the Home page you will select the **My Account** button on the left side of the screen.
