ORDER OF THE COMMISSIONER OF INSURANCE AMENDING,
REPEALING AND CREATING A PERMANENT RULE.

Rule No.: Agency 145 – Ch. INS 17.01, 17.28 (3) (c) and (6), Wis. Admin. Code

The Commissioner of Insurance proposes an order to amend s. Ins 17.01 (3) (c) 1., 2., and 3., and 17.28 (3) (c); and, to repeal and recreate s. Ins 17.28 (6), Wis. Admin. Code, relating to the Injured Patients and Families Compensation Fund Annual Fund and Mediation Panel Fees, and ISO code amendments for the fiscal year beginning July 1, 2013, and affecting small business.

The statement of scope for this rule SS 042-13, was approved by the Governor on April 16, 2013, published in Register No. 688, on April 30, 2013, and approved by the Commissioner on May 10, 2013. The notice of hearing was published in Register No. 690 on June 30, 2013. The rule hearing was held on July 23, 2013 and the comment period closed August 6, 2013. The permanent rule was submitted to and approved by the Governor on January 8, 2014. No comments were received from any Legislative committee and all periods for review have passed.

RULE SUMMARY BY THE OFFICE OF THE COMMISSIONER OF INSURANCE (OCI)

1. Statutes interpreted.
   ss. 655.27 (3), and 655.61, Wis. Stats.

2. Statutory authority.
   ss. 601.41 (3), 655.004, 655.27 (3) (b), and 655.61, Wis. Stats.

3. Explanation of agency authority.
   The injured patients and families compensation fund ("fund"), was established by and operated under Ch. 655, Stats. The commissioner of insurance with approval of the board of governors ("board") is required to annually set the fees for the fund and the medical mediation panel by administrative rule. The proposed fees comply with the limitation delineated in s. 655.27 (3) (br), Stats. Section 655.04, Stats., provides that the director of state courts and the commissioner may promulgate rules necessary to enable them to perform their responsibilities under this chapter. Pursuant to s. 655.27 (3) (b), Stats., the commissioner, after approval by the board, shall by rule set the fees to the fund and s. 655.61, Stats., requires the board, by rule, to set the fees charged to health care providers at a level sufficient to provide the necessary revenue to fund the medical mediation panels. Further, s. 601.41 (3), Stats., provides that the commissioner shall have rule-making authority pursuant to s. 227.11 (2), Stats.

4. Related statutes or rules.
   None.

5. Plain language analysis.
   This proposed rule establishes the fees that participating health care providers must pay to the fund for the fiscal year beginning July 1, 2013. These fees represent a 5% decrease from fees paid for the 2012-2013 fiscal year. The board approved these
fees at its meeting on December 19, 2012, based on the recommendation of the
board's actuarial and underwriting committee and reports of the fund's actuaries.

The board is also required to promulgate by rule the annual fees for the operation of
the injured patients and families compensation medical mediation system, based on
the recommendation of the director of state courts. The recommendation of the
director of state courts was reviewed by the board’s actuarial and underwriting
committee. This rule implements the funding level approved by the board on March
20, 2013 by establishing mediation panel fees for the next fiscal year at $0 for
physicians and $0 per occupied bed for hospitals, representing a decrease of $22.50
per physician and a decrease of $4.50 per occupied bed for hospitals from 2012-13
fiscal year mediation panel fees.

Finally this rule includes changes to the Insurance Services Office (ISO) code listing
to address corrections to several classification specialties as well as new
classification specialties. ISO codes are the numerical designation for a health care
provider's specialty and are used to classify the provider for assessment purposes.
Errors identified in the ISO codes or specialty narratives for three specialties have
been corrected. A third specialty had duplicate listings resulting in the exclusion of
another specialty which has now been added. The Doctor of Osteopathy (D.O.)
designated ISO codes have been added for two specialties previously listed only
under the Doctor of Medicine (M.D.) ISO codes.

6. Summary of, and comparison with, any existing or proposed federal statutes and
regulations.

To the fund board’s and OCI’s knowledge there is no existing or proposed federal
regulation that is intended to address fund rates, administration or to fund medical
mediation panel activities.

7. Comparison with rules in adjacent states.

To the fund board's and OCI’s knowledge there are no similar rules in the adjacent
states to compare this rule to as none of adjacent states have a fund created by
statute where rates are directed to be established yearly by rule as is true in
Wisconsin.

8. Summary of factual data and analytical methodologies.

None. This rule establishes annual fund fees pursuant to the requirements of the
above-noted Wisconsin statutes. The recommendation to the board regarding the
fund fee and the medical mediation panel assessment is developed and reviewed
annually by the fund's actuary and the board’s actuarial and underwriting committee.
The actuarial and underwriting committee after review and discussion with the fund’s
actuaries present the information and the actuary’s report to the board for
consideration. This proposed rule reflects the rates approved by the board at the
December 19, 2012 and March 20, 2013 board meetings.

9. Analysis and supporting documentation used to determine effect on small business
or in preparation of an economic impact analysis.

This decrease in fund fees will have a positive effect on small businesses in
Wisconsin, particularly those that employ physicians and other health care
professionals. The mediation panel fee is assessed only on physicians and
hospitals, not on corporations or other health care entities that will also benefit from
the reduction to zero fees for fiscal year 2014. The fund fee decrease will affect only those small businesses that pay the fund fees and mediation panel fees on behalf of their employed physicians. The fund fee decrease will not have a significant effect nor should it negatively affect the small business’s ability to compete with other providers.

10. Effect on small business.

This rule will have little or no effect on small businesses. The decrease contained in the proposed rule will require providers to pay reduced fund fees which will decrease the operational expenses for the providers. The decrease in fees promulgated by this rule should not result in a significant fiscal effect on the private sector.

11. A copy of any comments and opinion prepared by the Board of Veterans Affairs under s. 45.03 (2m), Stats., for rules proposed by the Department of Veterans Affairs.

None.

This rule change will have no significant effect on the private sector as this proposed rule reduces fees to participants in the fund and reduces mediation panel fees to zero. The fund is a segregated account and does not impact state funds. The rule decreases fees and therefore does not have an effect on county, city, village, town, school district, technical college district and sewerage district fiscal liabilities and revenues.
