The Honorable Jim Doyle
Governor, State of Wisconsin
115 E. State Capitol
Madison, WI 53702

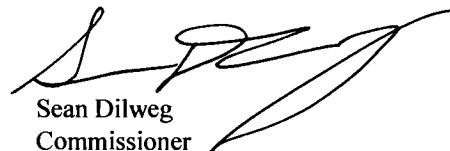

Dear Governor Doyle:

I am pleased to submit the 139th *Wisconsin Insurance Report* covering 2007.

Wisconsin's tradition of sound regulation, combined with strong consumer protections, continued over the past year. Highlights of the Office of the Commissioner of Insurance's (OCI) accomplishments and innovations are as follows:

- Creation of several new OCI advisory committees and councils. The expert advice provided by these committees and councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.
- Implementation of administrative rules relating to long-term care insurance, the sale of life insurance to the military and annuities.
- Participation in training programs with the Wisconsin Medicare Part D Task Force. OCI provided technical assistance and resources on the insurance aspects of the changes resulting from the Medicare Modernization Act of 2003 and the annual open enrollment for the Medicare prescription drug plans.
- Creation of an electronic interface with the Wisconsin Department of Justice to complete on-line Crime Information Bureau reports at the time an individual makes their examination reservation for an insurance intermediary license. This enterprise initiative is now available for use by all state agencies.
- Development of automated applications used in financial analysis and examinations.
- Examination of 54 domestic insurers; analysis of over 2,000 annual statements.

Sincerely,

Sean Dilweg
Commissioner

*By chapter 56, section 32, General Laws of 1870, the Secretary of State was Commissioner of Insurance ex officio until 1878. The Office of the Commissioner of Insurance was made elective in 1881. In 1911 the office was made appointive instead of elective.

Introduction

Every individual and business in Wisconsin depends upon insurance. Whether it is auto, home, life, or health, insurance plays an important role in people's lives. The Office of the Commissioner of Insurance (OCI) was created by the legislature in 1870 and vested with broad powers to ensure that the insurance industry meets the insurance needs of Wisconsin citizens responsibly and adequately.

The importance of fair, effective, and timely regulation of the insurance industry, as well as continuing efforts toward health care reforms offer OCI a special challenge in meeting its public mission of leading the way in informing and protecting the public and responding to their insurance needs.

The major functions of the office include:

- Reviewing insurance policies that are sold in Wisconsin to determine if they meet the requirements of Wisconsin's laws.
 - Conducting financial examinations of domestic and foreign insurers to assure compliance with Wisconsin regulations and rules.
 - Monitoring the financial status of licensed companies and applicant companies to provide early warning of financial difficulty.
 - Issuing licenses to companies, agents, brokers, surplus lines brokers, managing general agents, reinsurance brokers and managers, and organizations including employee benefit plan administrators.
 - Examining and analyzing rates filed by insurance companies to determine if they are excessive, inadequate, or unfairly discriminatory.
 - Investigating and processing consumer complaints against agents and insurance companies and attempting to bring the matter to a fair and reasonable conclusion.
 - Researching special insurance problems through data collection and analysis and publishing conclusions and recommendations in special reports.
 - Developing legislation and promulgating administrative rules that ensure a strong insurance market through proactive policy and skillful enforcement.
 - Investigating and pursuing administrative actions against agents and insurers who violate Wisconsin insurance laws and regulations. Penalties include suspension or revocation of licenses and fines.
 - Conducting a comprehensive program of consumer education and public information to educate consumers about insurance through public speaking and distribution of information booklets and comparison guides.
 - Operating a state life insurance fund, a property fund for the property owned by local units of government, and a patients compensation fund insuring health care providers for medical malpractice.

I. Administration of the Office

Organization and Staffing of the Office of the Commissioner of Insurance

Organizational Structure

The office is divided into the Legal Unit, the Health Funds and Communications and the Funds and Program Management areas, and the Division of Regulation and Enforcement.

Legal Unit

The Legal Unit represents the office in administrative proceedings, provides legal advice to staff, represents or supervises representation of the office in litigation and insurance company receiverships, provides legal services for the Injured Patients and Families Compensation Fund, Wisconsin Health Care Liability Insurance Plan, Local Government Property Insurance Fund and State Life Insurance Fund, and develops legislative proposals and administrative rules.

Health Funds and Communication

This unit provides advice on executive matters affecting the office's goals and initiatives, directs the office's legislative initiatives, communications activities, and provides advice on technical insurance-related issues.

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to this unit. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Administering the state's independent review program is the responsibility of the managed care specialist.

This unit also has administrative responsibilities for the Injured Patients and Families Compensation Fund. The Fund provides medical malpractice protection to health care providers for claims in excess of \$1,000,000 per claim or \$3,000,000 annual aggregate for each policy year.

Funds and Program Management

This unit is responsible for all general administrative functions of the agency including information technology, project management, budget, accounting, facilities management, and support services. This area acts as liaison between the agency and the Department of Administration for procurement, staff development and human resource services.

This unit also has administrative responsibilities for the Local Government Property Insurance Fund and the State Life Insurance Fund.

- The Local Government Property Insurance Fund offers property insurance protection to participating Wisconsin local government units.
- The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding \$10,000 per person.

Division of Regulation and Enforcement

The division is responsible for carrying out all of the office's insurance regulatory and enforcement responsibilities. In addition, it assists with the office's consumer education program by providing technical expertise in the development and publication of the office's insurance consumer education publications. The division is also responsible for the development and promulgation of administrative rules interpreting insurance statutes. Finally, the division has a major role in the office's participation in the National Association of Insurance Commissioners, a trade association made up of the country's chief insurance regulators.

The division fulfills its regulatory responsibilities primarily through its two bureaus, described below.

Bureau of Financial Analysis and Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts on-site financial examinations of domestic insurer operations, administers insurer rehabilitations and liquidations, audits and collects insurer premium taxes and fees, licenses insurance companies, reviews holding company transactions, reviews change of control transactions, and collects funds from insurers under the fire department dues program.

Bureau of Market Regulation. This bureau conducts market conduct examinations and market analysis of licensed insurers; determines compliance with applicable laws and rules; handles consumer contacts and consumer complaints about licensees; processes rate and policy form filings, initiates appropriate administrative actions; staffs several risk-sharing plans; disseminates information to the public; investigates agent activities; and administers the insurance intermediaries licensing and continuing education program.

II. Executive Initiatives

Regulatory Developments and Trends

The Office of the Commissioner (OCI) was created by the Legislature in 1871 and vested with broad powers to ensure that the insurance industry responsibly and adequately meet the insurance needs of Wisconsin citizens. Wisconsin has a tradition of sound regulation combined with strong consumer protections. A solid regulatory framework recognizes that consumers and the marketplace are best served by efficient, market-oriented regulation of the business of insurance.

Wisconsin's insurance marketplace is reflective of the competitive environment that keeps insurers doing business in Wisconsin. The healthy and competitive nature of the insurance industry has helped to keep insurance rates in Wisconsin some of the lowest in the country. Our auto insurance premiums are second lowest in the nation. Our homeowner's insurance rates are also consistently low.

Wisconsin continues to lead the way for savings in worker's compensation insurance. In 2007 OCI announced a 2.47% decrease in the overall worker's compensation rate for the upcoming year. Wisconsin became the first state to protect laborers with worker's compensation in 1911. Wisconsin has a very stable and successful worker's compensation insurance system that has developed over many years.

The OCI is responsible for regulation of all aspects of the insurance industry in Wisconsin. In regulating the private insurance market, OCI's major accomplishments in 2007 include:

- Licensing 114,422 insurance agents, 3 new domestic insurers, 28 nondomestic insurers, 15 gift annuities and 1 warranty plan.
- Examining 54 domestic insurance companies' finances, analyzing 2,000 financial statements, conducting market analysis on 116 companies for five lines of business and identifying 89 companies for further analysis.
- Responding to 35,000 consumer inquiries and 8,840 written consumer complaints and recovering over \$8 million for policyholders.

Educating and Informing the Insurance Consumer

Consumer education is critical in a competitive-based insurance market. Consumers have an incentive to invest in the effort to identify the insurance products that best fit their needs and budgets. In 2007 OCI added three new brochures to its extensive list of consumer publications: *12 Things to Know Before Signing up for Medicare Part D*, *Personal Property Home Inventory*, and *Documents and Records Fact Sheet*. Other consumer education initiatives in 2007 include:

- Improving consumer awareness of insurance issues related to property and casualty insurance policies, insurance needs of college students, and tips for severe weather. Through a series of press releases OCI encouraged Wisconsin consumers to regularly review their insurance needs and update coverage as appropriate. No one wants a situation where it is discovered after the fact that they have inadequate insurance coverage.
- Developing a variety of consumer information materials and providing training and technical assistance on the insurance aspects of the changes resulting from the Medicare Modernization Act of 2003 and the annual open enrollment for the Medicare prescription drug plans.
- Creating an internal Communications Plan designed to improve agency awareness to legislators, consumers, consumer groups, small business owners and community leaders. The Communications Plan identifies goals and strategies and outlines policies and procedures for multiple internal and external communications.
- Sponsoring an Insurance and Financial Fair as part of the second annual statewide Money Smart Week WisconsinSM. In 2005 Governor Doyle signed an Executive Order that created the Governor's Council on Financial Literacy. The Council is part of a proactive approach to improving financial literacy in Wisconsin and making the state the recognized national leader when it comes to promoting financial literacy.

Using Technology for Insurance Regulation

OCI continues to improve state regulation and service through the use of technology by implementing Web applications that enable our constituents to access information and transact business. The commitment to the use of technology is a key strategy in the agency's business plan. Technology accomplishments in 2007 include:

- Eliminating all paper requirements for resident insurance agent candidates and significantly reducing the amount of time required to review applications and ultimately grant a license. All preclicensing schools are now required to bank course completion information electronically.
- Initiating a microfilm to digital format copy project in order to bring company rates and forms previously only available on microfilm into a format which will be made available online via the agency Web site.
- Increasing the number of rate and form filings submitted electronically resulting in more expeditious review and approval of filings. Over 80% of the filings were submitted through the electronic filing system (SERFF) by the end of 2007.
- Continuing the development of the Internet Filing (Fillable Forms) project that will convert Web forms to more user-friendly, interactive forms that save data to a centralized database.

We frequently reassess the value of the information provided on our Web site and strive to assure fresh content consistent with current issues. In 2007, 124 new Web pages were added and another 885 pages were updated.

Coordination Among the States

OCI continued its leading role in the National Association of Insurance Commissioners (NAIC), serving on dozens of committees, task forces, and working groups. Commissioner Dilweg testified nationally on both Medicare Advantage and on mental health parity.

OCI plans to continue its active participation in the NAIC's ongoing and ambitious agenda to modernize state regulation by providing regulation that balances vigorous consumer protection with dynamic business competition to provide a healthy marketplace for consumers. Protecting consumers is the hallmark of state regulation.

Emerging Trends

The upcoming years will prove challenging for the office as it continues to lead the way on a variety of issues emerging and remaining in the spotlight. OCI continues to receive inquiries and complaints about the difficulty of finding affordable health insurance that provides the level of coverage that consumers are looking for. We will continue to work with Governor Doyle, legislators, other agencies and the insurance industry to reduce costs, improve quality, and improve access to affordable health care coverage.

As the baby boom generation heads into retirement over the next 20 years OCI will continue to make senior issues a top priority. Senior citizens, family members and people who work with senior citizens will need answers to questions about Medicare supplement and long-term care insurance policies as well as information about insurance products that will increase financial security in retirement.

Global warming and the associated climate change represent a significant challenge for insurance regulators and the insurance industry. We will continue to work with the NAIC and the insurance industry to examine the impact climate change issues will have on insurance consumers, insurers and insurance regulators.

The insurance industry is an extremely vital part of Wisconsin's economy. We will continue to work with the insurance industry to keep insurance a positive influence in Wisconsin. A competitive, healthy marketplace benefits the consumer as well as the state.

Legislation

During 2007 Governor Doyle signed legislation that affects the business of insurance in Wisconsin. Legislative materials may be obtained from the Wisconsin Legislative Council, One East Main Street, Suite 401, Madison, Wisconsin 53703-3382, or by calling (608) 266-1304.

Legislative material also can be found on the Internet at www.legis.state.wi.us.

The list of new Wisconsin laws affecting the business of insurance follows:

2007 Wisconsin Act 20—State budget bill

Sections 601.415 (8), 628.348, 632.726, 632.85 and 632.875 (g), Wis. Stat.
(See www.legis.state.wi.us/2007/data/acts/07Act20.pdf)

Created to provide for the certification of Long-Term Care (LTC) partnership policies and to cooperate with the Department of Health and Family Services in approving the training program for agents who sell LTC insurance policies. Certified policies must satisfy all the following criteria:

- Meet the definition of a qualified LTC insurance policy under 26 USC 7702B (b).
- Meet the LTC insurance model regulations and the requirements of the LTC insurance model act promulgated by the National Association of Insurance Commissioners that are specified in 42 USC 1396p (b)(5).
- The policy includes the applicable inflation protection specified in 42 USC 1396p (b)(1)(C)(iii)(IV).

In order to sell LTC insurance policies in Wisconsin persons must be licensed intermediaries and must complete an approved training program in order to understand the relation of LTC insurance to the Medical Assistance program and are able to explain to consumers the protections offered by LTC insurance and how this type of insurance relates to private and public financing of LTC. The approved training program under s. 49.45 (31) (c), Wis. Stat., shall include the following:

- Initial training that is not less than 8 hours, by January 1, 2009.
- Ongoing training of not less than 4 hours per session every 24 months after the initial training.

- Training shall cover, at a minimum, LTC insurance, LTC services, qualified partnerships, and the relationship between qualified partnerships and other public and private coverage of LTC services.

The Commissioner may approve the initial and ongoing training sessions for continuing education requirements.

2007 Act 20 requires that an insurer include additional information when it changes a current procedural terminology code (CPT code). The Act requires that the insurer provide the reason and the source for its change to the CPT code if an insurer changes a CPT code submitted by a health care provider on a health insurance claim form. Regardless if the claim is filed electronically or on paper, insurers need to explain the change. The information may be provided in written form whether added to an existing communication or separate document to providers and to insureds.

2007 Act 20 provides that if an insurer restricts or terminates an insured's coverage for reasons other than in accordance with the terms of the contract for insurance and, as a result, the insured becomes liable for payment for all of the treatment, then the insurer shall provide a detailed explanation of the clinical rationale and the basis in the policy, plan, or contract or in applicable law for the insurer's restriction or termination of coverage. The detailed explanation may be provided in written form whether added to an existing communication or separate document to insureds. For purposes of this section payment of co-payments, deductibles or other cost-sharing arrangements does not necessitate a detailed explanation.

2007 Act 20 provides that for chiropractic services when an insurer restricts or terminates coverage the insurer shall provide a detailed explanation of the clinical rationale and of the basis in the policy, plan, contract or in applicable law. Insurers may provide the explanation in written form whether added to an existing communication or separate document to providers and to insureds. For purposes of this section payment of co-payments, deductibles or other cost-sharing arrangements does not necessitate a detailed explanation.

Administrative Rules

In 2007, OCI promulgated the following changes in the Wisconsin Administrative Code:

Ins 2.81, Wis. Adm. Code—Relating to use of the 2001 CSO Preferred Class Structure Mortality Table in determining reserve liabilities

Existing provisions establish mortality tables to be used by insurers to calculate minimum reserves and requirements related to testing and reporting of actuarial information. This rule will allow insurers, meeting prescribed conditions, to use the 2001 CSO Preferred Class Structure Mortality Table as adopted by the National Association of Insurance Commissioners (NAIC) at the September 2006 national meeting and published in the NAIC Proceedings (Third Quarter 2006) in determining minimum reserves on policies written after January 1, 2007. The table will allow insurers to reflect differences in mortality between preferred and standard lives in establishing reserve liabilities to more precisely fit the characteristics of outstanding policies. The proposed rule will increase the ability of insurers and the Commissioner to monitor financial status by reference to required reports as well as the financial examination process.

Effective January 1, 2007

Ins 6.77, Wis. Adm. Code—Relating to underinsured and uninsured motorist coverage in umbrella and commercial policies and affecting small business

This rule clarifies exactly which policies are subject to s. 632.32 (4), uninsured motorist coverage (UM), and (4m), underinsured motorist coverage (UIM), Wis. Stat., and what notices need to be provided.

For UM, the rule does not require that umbrella liability and excess liability policies include UM. (This continues the current requirement for umbrella liability policies to not have to include UM.) Commercial auto policies and commercial liability policies that cover owned automobiles would be required to include UM under s. 632.32 (4), Wis. Stat., for both owned and non-owned automobiles. Commercial liability policies that only cover non-owned motor vehicles would not be required to include UM.

For UIM, the rule exempts commercial liability policies, commercial auto policies, personal umbrella liability policies and personal excess liability policies from the statutory provisions of s. 632.32 (4m), Wis. Stat. As a substitute, these policies are required to give notice of

whether or not UIM is available from the insurer but does not require the insurer to write such coverage. Lastly, the rule ensures that existing policyholders will receive notice of the availability of UIM at their next renewal.

The Commissioner finds that the interests of Wisconsin insureds or creditors or of the public do not require such regulation and that these changes will adequately protect the public and clarify the responsibility of insurers writing the coverage.

These changes modify the rule in light of the recent Supreme Court decisions, including *Rebernick v American Family Mutual Ins Company*, 2006 WI 27 and *Rocker v USAA Casualty Ins Company*, 2006 WI 26. The interpretations made by the court are inconsistent with current insurer practices and OCI's expectation of what would be covered in these types of policies.

The *Rebernick* court held, in pertinent part, that UIM in s. 632.32 (4m), Wis. Stat., applies to personal umbrella policies that include automobile liability coverage. Section 632.32 (4m), Wis. Stat., specifies that an insurer writing a policy for liability arising out of the ownership, maintenance, or use of a motor vehicle must give the insured notice of the availability of UIM.

Although the issue in the *Rocker* court specifically related to the provisions in s. 632.32 (6) (a), Wis. Stat., which deals with coverage for a motor vehicle handler, the *Rocker* court broadly endorsed the applicability of s. 632.32, Wis. Stat., to commercial liability policies, including commercial umbrella policies, that provide for loss or damage resulting from an accident caused by a motor vehicle, except as otherwise provided.

When s. 632.32, Wis. Stat., was modified in 1985, OCI believed that the new provisions related to UM were meant to apply to personal auto policies and not commercial policies. In 1987, OCI amended s. Ins 6.77, Wis. Adm. Code, to clearly exempt umbrella policies from the UM requirements. If OCI considered commercial policies to be covered by s. 632.32, Wis. Stat., it would have included those in the exemption. For about 20 years, this was the view of the agency. In 1995, s. 632.32, Wis. Stat., was again modified to add paragraph (4m) dealing with UIM. Consistent with OCI's prior view and the discussions at the time, this new UIM section was not applied to commercial or umbrella policies. With the recent Supreme Court cases, including *Rebernick v American Family Mutual Ins Company*, 2006 WI 27 and *Rocker v USAA*

Casualty Ins Company, 2006 WI 26, this viewpoint has been examined again.

After reviewing the recent Supreme Court decisions, OCI found that the interpretations made by the court are inconsistent with current insurer practices and OCI's expectation of what should be covered in these types of policies. Compliance with these broad interpretations would create significant, if not impossible, compliance problems for many insurers. Some insurers who write umbrella coverage or commercial liability policies do not write, and are not even licensed to write, automobile coverage. Obtaining reinsurance for UM and UIM is problematic or unavailable for some insurers.

Effective July 1, 2007

Ins 9.25 (8) and 9.27 (4), Wis. Adm. Code—Relating to preferred provider plan applicability dates and affecting small business

This rule changes the applicability dates for ss. Ins 9.25 and 9.27, Wis. Adm. Code, and specifies that insurers offering preferred provider plans that are issued prior to January 1, 2007, and periodically renewed without substantive modification after December 31, 2006, that would otherwise be affected by ss. Ins 9.25 and 9.27, Wis. Adm. Code, will be grandfathered from compliance with those new requirements. The requirements of ss. Ins 9.25 and 9.27, Wis. Adm. Code, will be applicable to an insurer offering a preferred provider plan on or after January 1, 2007. Sections 9.25 (8) and 9.27 (4), Wis. Adm. Code, may be enforced under ss. 601.41, 601.64, 601.65, Wis. Stat., or ch. 645, Wis. Stat., or any other enforcement provision of chs. 600 to 646, Wis. Stat.

Effective May 1, 2007

Ins 17.25 (12m) and 17.28 (6s), Wis. Adm. Code—Relating to peer review surcharge rates for WHCLIP and the fund and affecting small business

This rule establishes the surcharge rates which a health care provider may be required to pay to the fund or the plan. These surcharge rates are based upon the number of claims paid on behalf of a health care provider in addition to the dollar amount of those claims. Paid claim reports are reviewed by the fund's peer review council, and, if deemed appropriate, the council makes a recommendation to the board of governors to assess a surcharge to the health care provider for their coverage under the fund. The board approved these surcharge rates at its meeting on December 14, 2005, based on the

recommendation of the board's actuarial and underwriting committee and reports of the fund's actuaries.

Effective July 1, 2007

Ins 17.28(6), Wis. Adm. Code—Relating to fund fees and mediation panel fees for fiscal year 2008, and affecting small business

This rule establishes the fees which participating health care providers must pay to the fund for the fiscal year beginning July 1, 2007. These fees represent a 5 % increase compared with fees paid for the 2006-07 fiscal year. The board approved these fees at its meeting on December 20, 2006, based on the recommendation of the board's actuarial and underwriting committee and reports of the fund's actuaries. The board is also required to promulgate by rule the annual fees for the operation of the injured patients and families compensation mediation system, based on the recommendation of the director of state courts. The recommendation of the director of state courts was reviewed by the board's actuarial and underwriting committee which recommended to the board an amount slightly less than what was requested based in part upon the ending balance in the mediation system projected financials. This rule implements the funding level approved by the board by establishing mediation panel fees for the next fiscal year at \$17.00 for physicians and \$1.00 per occupied bed for hospitals, representing a decrease of \$8.00 per physician and \$1.00 per occupied bed for hospitals from 2006-07 fiscal year mediation panel fees.

Effective July 1, 2007

Ins 50, Wis. Adm. Code—Relating to annual audited financial reports, annual financial statements and examinations and affecting small business

This rule clarifies the requirements for qualification of an independent certified public accountant to be retained by an insurer for the purpose of expressing an opinion on financial statements in annual audited financial reports required to be filed with the Commissioner. The rule establishes that an accountant or accounting firm is not qualified if an agreement of indemnity or release from liability has been entered into with an insurer with the intent or effect to shift or limit the liability of the accountant or accounting firm for failure to adhere to applicable auditing or professional standards. The rule requires that an independent certified public accountant consider procedures illustrated in the National Association of Insurance Commissioners (NAIC) financial condition examiner's handbook as the accountant deems necessary.

Advisory Boards, Committees, and Councils

Wisconsin law, s. 15.04, Wis. Stat., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Wis. Stat., authorizes the Commissioner to create advisory councils and committees to assist in dealing with regulatory problems. The Commissioner is to provide by rule for the creation, governance, duties, and termination of any council or committee that is established. The expert advice provided the Commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The Commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various boards, committees, and councils with which OCI is involved follows:

Annuity Sales Supervision Advisory Committee

Stat., for the period August 1, 2007, through April 30, 2009, or until it completes its mission, whichever first occurs. Kim Shaul, Deputy Commissioner, serves as the committee Chairperson and Kathleen Rivera has taken on the role of committee Reporter. The committee work product will be considered in formalizing an administrative rule setting forth the minimum supervisory requirements that annuity writers need to meet in order to sell annuity products in the state of Wisconsin. The committee has three representatives from companies selling life insurance, one representative from the Wisconsin Council of Life Insurers (WCLI), two independent financial advisors, one member from the Department of Financial Institutions, one representative of securities dealers, one legislator and four public members. Birth to 3 Interagency Coordinating Council (ICC)

The council was first established in Executive Order 17, June 26, 1987, recreated in Executive Order 334, May 21, 1998, and continued in Executive Order 17, July 23, 2004. Often called the "Birth to 3 ICC," it was created to comply with the federal Individuals With Disabilities Act of 1986 and recreated to comply with the federal Individuals With Disabilities Education Act of 1997. The council advises and assists with the Department of Health and Family Services in the development and administration of early intervention services for infants and toddlers with developmental delays and their families. The council consists of at least 15 members and not more than 25 members. The council is directed by the Governor to include at least 4 parents of children aged 12 or younger with disabilities with at least 1 of these parents having a child age 6 years or younger; at least 4 private or public providers of early intervention services; at least 1 state legislator; at least 1 member involved in personnel training; at least 1 member from the Department of Public Instruction responsible for preschool services to children with disabilities; at least 1 member from the agency responsible for the state governance of health insurance (Commissioner of Insurance or the Commissioner's designee); at least 1 representative from the Wisconsin Council on Developmental Disabilities; at least 1 representative of a Head Start agency or program; and other members representing state agencies that provide services or payment for early intervention services to infants and toddlers and their families. Members, other than those serving ex officio, serve three-year terms.

Governor's Committee for People With Disabilities

In 1948, a Governor's Committee was established with one goal: to improve employment opportunities for people with disabilities. The group's mission was broadened in 1976 to cover many aspects of disability in Wisconsin, and the group became the Governor's Committee for People with Disabilities (GCPD). The Governor's Committee is dedicated to enhancing the health and general well being of disabled citizens in Wisconsin. The committee consists of the Lt. Governor and not more than 20 other members, including 6 members appointed from specific statutory councils: Council on Blindness, Council for the Deaf and Hard of Hearing, Council on Developmental Disabilities, Council on Mental Health, Council on Alcohol and Other Drug Abuse, and Council on Physical Disabilities. The committee selects a representative and informs the GCPD afterwards. The selected person is then appointed by the Governor and remains part of the GCPD as long as they are serving on their respective council. The majority of members are people with disabilities.

Governor's Council on Financial Literacy

This council was created in Executive Order 92, March 30, 2005. The council consists of 20 members or less. The council's mission is to measurably improve the financial literacy of Wisconsin citizens to ensure that resources are utilized in an efficient and meaningful manner. This will be accomplished by collaborating with existing state agencies (the Department of Financial Institutions, the JumpStart Coalition for Personal Financial Literacy, the State Superintendent, the Secretary of the Department of Workforce Development, the Commissioner of Insurance and the Secretary of the Department of Revenue), private entities, and non-profit associations. The council serves as a continuous sounding board for the Governor's office and the Department of Financial Institution's Office of Financial Literacy.

Group Insurance Board (Board)

Section 15.165 (2), Wis. Stat., created a Group Insurance Board in the Department of Employee Trust Funds. The Commissioner or designee is a member of the Board. The Group Insurance Board is authorized to enter into contracts with insurers to provide group insurance plans or to provide the benefits on a self-insured basis. It also provides general administrative policy for the group insurance programs for health care, income disability benefits, and life insurance authorized for state and other public employees under ch. 40, Wis. Stat. The specific powers of the Board are enumerated under s. 40.03 (6), Wis. Stat.

This council advises the Commissioner on regulatory matters in the areas of health insurance. The Health Advisory Council meets quarterly. The members are appointed by the Commissioner and serve a three-year term. Health Insurance Risk-Sharing Plan Authority

The Health Insurance Risk-Sharing Plan Authority (HIRSP Authority) was created for the primary purpose of assuming the administration of HIRSP, beginning on July 1, 2006.

The board of directors of the HIRSP Authority consists of the Commissioner of Insurance (Commissioner) or the Commissioner's designee, as a nonvoting member, and 13 other members who are appointed by the Governor, with the advice and consent of the senate, for staggered three-year terms. The members include: 4 insurers; 4 health care providers (a representative of the State Medical Society, a representative of the Wisconsin Hospital Association, a representative of the State Pharmacy Society, and a representative of health care plans); 2 policyholders; a small business representative that purchases private health insurance; a professional consumer advocate; and a representative of the public.

Injured Patients and Families Compensation Fund Board (Board)

The Board was created by s. 619.04 (3), Wis. Stat. It is a 13-member Board that consists of 3 insurance industry representatives, a member named by the Wisconsin Association for Justice, a member named by the State Bar of Wisconsin, 2 members named by the Wisconsin Medical Society, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner who serves as the chair. The members as of December 31, 2007, were:

Randy Blumer, Industry Representative
Dennis Conta, Public Member
Stan Davis, Public Member
Scott Froehlke, Public Member
Erik Huth, Industry Representative

Insurance Security Fund Board (Board)

This Board administers the Insurance Security Fund established by ch. 646, Wis. Stat., to provide a mechanism for protecting insureds in the event of liquidation of insurers and to assess the cost of such protection among insurers. The Commissioner, along with the Attorney General, and the State Treasurer, are members of this Board and serve with ten representatives of insurers appointed by the Commissioner upon consideration of the recommendation of insurance organizations.

Interagency Council on Transportation Coordination (ICTC)

This council was created on October 4, 2005, by Governor Jim Doyle. Major goals of the council are to eliminate administrative barriers in state agencies to human services transportation (HST) coordination, and through the work of a consultant develop a Wisconsin model of HST coordination with implementation strategies. The model will enhance coordination and mobility for individuals through service duplication, increased efficiency of services provided, and broader sharing of transportation services.

The Wisconsin state agencies represented on the council are: Department of Veterans Affairs; Department of Health and Family Services (includes Medicaid, Family Care and Aging); Department of Workforce Development (includes the Division of Vocational Rehabilitation and the Wisconsin Employment Transportation Assistance Program); Office of the Commissioner of Insurance; and Department of Transportation.

Joint Survey Committee on Retirement Systems

This committee performs duties mandated under s. 13.50, Wis. Stat. The committee is comprised of two majority party senators, one minority party senator, two majority party representatives to the assembly, one minority party representative to the assembly, an assistant attorney general, a member of the public selected by the Governor, the Commissioner or a designated experienced actuary in OCI, and the Secretary of the Department of Employee Trust Funds.

This committee evaluates all legislative proposals that would create or modify any system of retirement for public officers or employees. No such bill may be acted upon by the legislature until it has been referred to this committee for preparation of a written report. III. Health Funds and Communications

The administrator of Health Funds and Communications is responsible for providing advice on executive matters affecting the office's goals and initiatives and directs the office's legislative initiatives, communication activities, and provides advice on technical insurance-related issues. This unit also has administrative responsibilities for the Injured Patients and Families Compensation Fund.

Public Information and Communications

The Public Information and Communications Section has primary responsibility in developing and maintaining the office's consumer publications, providing information and materials on the office's Web site, and provides basic and essential services including records management, forms management, printing and service of process.

The office is required by statute to administer and maintain a Forms Management program. All office forms and brochures, regardless of format or method of delivery, are reviewed for statutory requirements and agency standards. An inventory and history file is kept for each form, brochure, and special report. This material is composed using a variety of specialized tools and is then distributed and made available via digital and paper means. The forms manager is a liaison with office staff, the agency Printing Coordinator, and other state agencies.

The OCI Web sites are managed within Public Information and Communications in accordance with the group's Communication Plan. Web management issues are addressed in a committee with representatives of all agency areas. Industry and constituents readily utilize information and support available via this interface. We frequently reassess the value of the information provided on our site and strive to assure fresh content consistent with current issues. There were 124 new Web pages added in 2007. Another 885 pages were updated.

2007 Major Accomplishments

- Created an internal Communications Plan designed to improve agency awareness of the Public Information and Communications Unit. The Communications Plan summarizes the work done in the unit, identifies goals and strategies, and outlines policies and procedures for multiple internal and external communications.
- Created the *Wisconsin Insurance Update*. In an ongoing effort to keep policymakers informed of what's going on at OCI, the agency developed a monthly newsletter to the legislature and other interested parties.
- Published the OCI quarterly newsletter, the *Wisconsin Insurance News (WIN)*. The WIN provides information to agents, insurers, regulators and the public about Wisconsin's insurance market and its regulation.
- Staffed several new and existing OCI advisory councils and committees. The expert advice provided the Commissioner through these councils and committees results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.
- Published to OCI's Web site information on OCI's advisory councils and committees including committee members, agendas, minutes and presentation materials.
- Participated in the second annual statewide Money Smart Week WisconsinSM by sponsoring an Insurance and Financial Fair. Money Smart Week WisconsinSM was created by the Governor's Council on Financial Literacy which Governor Jim Doyle formed to improve financial literacy in Wisconsin.
- Continued to extend our consumer education outreach to Spanish-speaking consumers by increasing the number of Spanish publications and consumer alerts available on OCI's Web site.
- Coordinated the office's Latino and urban outreach activities by meeting with leaders in the Latino and urban communities to discuss the consumer services that OCI can provide to the community. Provided consumer publications and fact sheets for community training and informational programs.
- Created new publications to help consumers become familiar with the terms used when buying a home and to be prepared before disaster strikes and they are faced with a loss: *Buying a Home – Insurance Terms to Remember*, *Personal Property Inventory Guide*, *Documents and Records Fact Sheet*.

- Added participation in three subcommittees of the Public Records Board: E-mail Retention, Records Resource Management, and Records Officer Council. Agency and enterprise issues addressed in these subcommittees are directed to the Public Records Board.
- Shifted print material requests (publications, forms, and miscellaneous jobs) to e-mail submitted requests where it was previously done only by paper requests.
- Initiated a microfilm to digital format copy project in order to bring company rates and forms previously only available on microfilm into a format which will be made available online via the agency Web site.

Managed Care Specialist

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to this unit. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Administering the state's independent review program is the responsibility of the managed care specialist.

Independent Review Process

According to state insurance law, health insurance claimants have a right to an independent review of an adverse determination or an experimental treatment

determination by an insurer. These reviews are carried out by Independent Review Organizations (IROs) registered with OCI. Every year, IROs certified to do reviews in Wisconsin are required to submit to OCI a report for the prior calendar year's experience. The independent review process allows a consumer to appeal some health insurance claims denials to an independent third party. The results from the reports for calendar year 2007 are summarized below.

For more information on the independent review process, see the consumer brochure "Fact Sheet on the Independent Review Process in Wisconsin" available on OCI's Web site at oci.wi.gov/pub_list/pi-203.htm.

TOTALS	128	11	90	21	6	32 (27.4%)	7 (5.9%)	78 (66.7%)

* An IRO may decline a case if it determines that the dispute is not eligible for an independent review, the request was received directly from the consumer, or the IRO has a potential conflict of interest.

The independent review program began in 2002. The chart below summarizes the total percent of insurers' decisions that were upheld and the total reversed in whole or in part by the IROs.

	Upheld	Reversed
2002	57.8%	42.2%
2003	65.3	34.7
2004	61.5	38.5
2005	66.9	33.1
2006	73.4	26.6
2007	66.7	33.3

In order to be certified, an IRO must demonstrate that it is unbiased and that its clinical peer reviewers are qualified and independent. IROs must be recertified by OCI biennially.

Injured Patients and Families Compensation Fund (Fund)

The Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-member Board of Governors (Board) that consists of 3 insurance industry representatives, a member named by the Wisconsin Association for Justice, a member named by the State Bar of Wisconsin, 2 members named by the Wisconsin Medical Society, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner of Insurance who serves as the chair. The Fund's administrative staff is provided by OCI.

The Board is assisted by an Underwriting and Actuarial Committee, a Legal Committee, a Claims Committee, an Investment/Finance and Audit Committee, a Risk Management and Patient Safety Committee,

and a Peer Review Council. The Board and its committees meet quarterly.

The Fund operates on a fiscal year basis—July 1 through June 30. Administrative costs, operating costs, and claim payments are funded through assessments on participating health care providers.

As of December 31, 2007, the vast majority of Fund participants were physicians at 84% with corporations comprising another 10% and the remaining 6% comprised of various other participant types, as illustrated in the charts below. At year-end 2007, Fund participants totaled 14,424 comprised of 12,169 physicians, 1,411 corporations, 586 nurse anesthetists, 127 hospitals with 31 affiliated nursing homes, 46 partnerships, 32 ambulatory surgery centers, 21 hospital-owned or controlled entities, and one cooperative.

From July 1, 1975, through December 31, 2007, 5,461 claims had been filed in which the Fund was named. During this period, the Fund's total number of paid claims was 646, totaling \$666,085,017. Of the total number of claims in which the Fund has been named, 4,614 claims have been closed with no indemnity payment.

2007 Major Activities

- Fund administration closely monitors the use of outside counsel. Pursuant to a court decision in 2000, the Fund hires separate defense counsel on each claim. Fund staff monitors the claims and the use of this outside counsel to ensure that while the Fund receives the necessary representation, that legal fees are controlled.
- Fund administration is monitoring the lawsuit filed by the Wisconsin Medical Society challenging the constitutionality of the provision in 2007 Wisconsin

Act 20 which transferred monies from the Fund to the Medicaid Trust Account.

- Extensive work continued during 2007 to verify and process up-to-date exemption status for providers that held a license to practice in Wisconsin but for which a current exemption or certificate was not on file with the Fund. Providers that remain in noncompliance are referred to their respective licensing boards for enforcement action by that board. As of December 31, 2007, 11,551 providers claimed an exemption from the Fund. The various bases for the exemptions are illustrated in the chart below:

Office Management

The Office Management area provides essential office leadership and services in an effort to achieve a quality workforce and environment in support of the mission of the agency. This area is responsible for monitoring and maintaining agency policies and

procedures, managing administrative matters affecting the business operation of the agency, and serving as liaison with the Department of Administration-Human Resources. In an effort to strive to achieve physical accommodations for maximum comfort, security, and safety for staff and visitors alike, this area is responsible for the management of building maintenance and security, along with provision of health and safety oversight. The Office Management area is also responsible for providing the agency's mail, reception and publication distribution services.

Some of this area's major accomplishments for 2007 were:

- Continued the agency's ongoing supported work efforts by renewing the employment of disabled individuals through the organization Community Work Services, Inc.
- Responded to requests for both individual and bulk publication orders.
- Maintained the development of a publication inventory system database.
- Responded to employees' ergonomic needs.
- Developed an agency cultural/diversity survey.
- Developed contractor confidentiality agreements.

Alternative Work Patterns

OCI is cognizant of the need to offer a flexible work environment in order to maximize the employment options available to existing and potential state employees and to meet the needs of our constituents. OCI encourages the utilization of alternative work patterns such as flex time, part-time, and shared-time schedules to increase productivity, extend services, reduce absenteeism, improve employee morale, allow for employee development, and maximize energy conservation through ridesharing and use of mass transit systems. Currently our staff includes two job-share arrangements and four part-time permanent

employees. Ninety-one percent of the agency's staff has some form of nonstandard work schedule. The agency also reviews requests, on a case-by-case basis, from staff who wish to temporarily work from their home. The agency recognizes that alternative work pattern schedules may provide opportunities for individuals to productively utilize their skills, talents, and abilities. It recognizes that a traditional, full-time, work schedule may not meet the needs of individuals whom, due to age, health, or family circumstances, find such a schedule in conflict with responsibilities outside of work.

Local Government Property Insurance Fund (Fund)

The purpose of the Fund is to make reasonably priced property insurance available for tax-supported local government property such as government buildings, schools, libraries, and motor vehicles. The Commissioner of Insurance by law is designated as the Fund's Manager. The Fund has one state employee who supervises day-to-day operations of the Fund by contracting for specialized services, such as claims and policy administration, which are performed by The ASU Group located in Madison, Wisconsin.

During fiscal year 2007 the Fund continued to enhance program and administrative operations relating to its computer system, the role of its advisory committee and claims and underwriting services. Specifically, a major enhancement to policy processing, including renewals and all policy changes continued in 2007. The Electronic Statement of Values (ESOV) project is a Web-

based program that allows policyholders to make all of their policy changes on line. Functionality within ESOV also gives the policyholder the option to export their statement of values to Excel spreadsheet format and sort by department. The Fund's advisory committee, comprised of 21 Fund policyholders, completed work on a policy rewrite project and continued to work on developing a policyholder loss control program.

As of June 30, 2007, the Fund insured 1,147 policyholders: 62 counties, 326 schools, 160 cities, 202 towns, 274 villages, and 123 miscellaneous (libraries, etc.). Combining new business and terminations, the overall number of policyholders decreased by 9 since the previous fiscal year-end. Two graphs are included that reflect changes in the Fund's policyholder base and growth in its insurance coverage in force.

**Number of Policyholders
Fiscal Years 1997 - 2007**

**Local Government Property Insurance Fund
Growth of Coverage In-Force**

The Fund's insurance in force represents property that is insured against loss. The more property insured, the greater the potential for a loss. The total amount of insurance in force as of June 30, 2007, was \$42.8 billion, up from \$39.9 billion as of the previous fiscal year-end. The Fund's total insurance in force increased \$2.9 billion over the prior year while its surplus (total assets minus total liabilities) increased approximately \$2 million over the same time period.

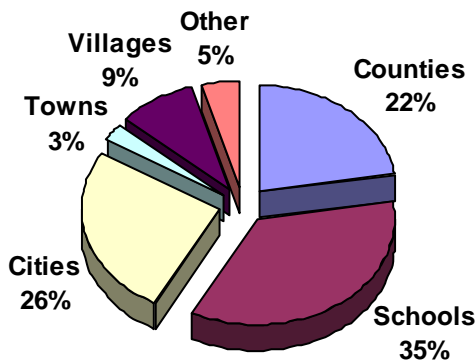

Three pie charts are included in this report reflecting the premium earned and the percent of policies by type of policyholder entity and a breakdown of the type of policy purchased. The majority of the Fund's insureds are using the valuation project service that began in 1988. This method of valuing buildings, contents, property in the open and contractor's equipment was developed to promote equity in premiums and the proper reporting of values. Valuation participants not only have broader coverage than those insureds that purchase a coinsurance

policy but also enjoy the benefits of automatic computer-generated statements of value. The coinsurance policy requires the insured to establish the insurance value for the property, which caps the maximum recovery in the event of a total loss and can also impose limitations when paying partial losses if the property is not insured to full value.

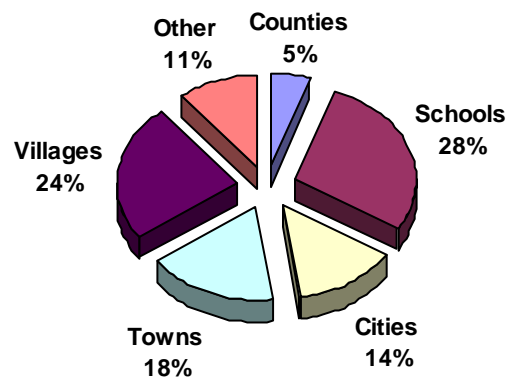

The Fund's balance sheet and income statement for the fiscal year ending June 30, 2007, are included with this report. The Fund experienced an underwriting loss of approximately \$950,000 due to a combination of premium rate reductions and higher claims losses, but realized a net income of almost \$2 million after investment income was taken into consideration.

Fund management will continue to monitor insurance in force, claims trends and Fund surplus when evaluating the Fund's rating structure. Claims costs coupled with higher self-insured Fund reinsurance retention levels and reinsurance premium will continue to be factors considered in the rate-setting analysis.

The Fund is a segregated fund located within OCI. The Fund offers a maximum of \$10,000 of life insurance to state residents. Operating as a mutual insurance company, the Fund has a manager and is supervised by the Commissioner.

Section 607.15, Wis. Stat., requires the Fund to distribute annually among the policyholders its net profits and to the extent practicably possible, maintain a ratio of

surplus to assets between 7% and 10%. In 2007, a distribution of \$2.1 million was paid to policyholders in the form of dividends.

Wisconsin is the only state in the nation that offers a life insurance program to residents. All policies issued are participating and there is no marketing of the Fund. The lapse rate on Fund policies is a low 1.3%. As of December 31, 2007, there were 28,615 policies in force.

Companies in Liquidation or Rehabilitation

American Star Insurance Company, In Liquidation

American Star Insurance Company was placed into liquidation on November 16, 1992. Matthew C. Mandt is appointed as special deputy liquidator.

American Star had business in force mainly in Arizona, California, Idaho, Nevada, Oregon, and Washington State. There was no business in force in Wisconsin. American Star wrote commercial multi-peril, property, auto, liability, and surety business.

American Star filed a September 30, 1992, quarterly financial statement indicating capital and surplus of approximately \$5.5 million. A preliminary review of American Star's reserves for losses and loss adjustment expenses showed them to be deficient by about \$15.9 million, implying a negative net worth of about \$10.4 million. Furthermore, American Star had not obtained reinsurance coverage for policies it had written or renewed for December 1, 1992. Due to the foregoing factors, further transaction of business was hazardous to its policyholders and the general public, and American Star's owners consented to the liquidation.

Under the liquidation order, policies in force were terminated the earliest of: December 1, 1992, the date the policy expired, or the date new coverage was obtained by the agent. Certain guaranty funds extended the period of coverage for residents of their respective states, if such extension was required by law or administrative action. Ancillary liquidation proceedings were established in California, Idaho, Oregon, and New Mexico, but have all now been closed.

On January 28, 1994, the liquidation court approved a plan to provide state guaranty funds with early access payments to be used for the return of unexpired premiums to policyholders and payment of claims. Altogether, the estate advanced \$34,256,799.62 to participating guaranty funds under four early access agreements, all of which have been converted into nonrefundable dividends.

The liquidation court has approved dividends for full and partial payment of various class 1, 3, 4, 5, 7 and 8 claims filed with state guaranty funds and directly with

the estate, as recommended by the liquidator. Such dividends aggregated to \$55,796,604 as of December 31, 2007.

On December 3, 2003, the estate made a distribution of \$11,606,892.07, representing full payment of principal and interest on the Class 10 surplus note claim.

On December 19, 2006, the liquidation court approved a motion to establish a segregated account, a petition to establish a rehabilitation proceeding, and a motion for approval of a rehabilitation plan and termination of the rehabilitation estate. Under the terms of the motions and petition, the liquidator established a segregated account for satisfaction of any and all remaining known claims against the liquidation estate and for subsequent administrative expenses, including wind-up costs, with the remainder of funds to be reallocated to American Star's general account for the benefit of its sole shareholder upon termination of the segregated account. In a parallel rehabilitation proceeding, the liquidator contributed \$17,934,039 to the general account from the segregated account and assigned to it American Star's corporate charter. Since no further administration of the general account appeared necessary, the general account of American Star Insurance Company was released from rehabilitation to the control of its sole shareholder, TPB Holdings, Inc., a wholly owned subsidiary of City National Bank. The general account of American Star Insurance Company was dissolved on September 24, 2007.

On November 20, 2007, the liquidation court issued the final order and discharge. In December 2007, the liquidator distributed \$5,702,646.05 to TPB Holdings, Inc., as payment of a Class 11 proprietary claim.

The liquidator expects to close the segregated account during 2008. Activity in 2008 will relate principally to resolution of unclaimed property matters.

As of December 31, 2007, the estate reported assets of \$62,613. Claims in classes 1 through 10 were estimated at \$0, resulting in an estimated surplus of \$62,613. All of the surplus is intended for distribution to TPB Holdings, Inc., as a Class 11 proprietary claim.

Family Health Plan Cooperative, In Liquidation

Family Health Plan Cooperative was placed into liquidation on October 16, 2000. Matthew C. Mandt was appointed as special deputy liquidator.

Family Health Plan was headquartered in Brookfield, Wisconsin, and had business in force only in Wisconsin. Family Health Plan wrote health maintenance organization business and had just over 72,000 enrollees.

Under the liquidation order, policies in force were terminated the earliest of November 1, 2000, the date the policy expired, or the date new coverage was obtained by the enrollee. The liquidator assumed an Omnibus Agreement by and among Family Health Plan, Aurora Health Care (Aurora), United Wisconsin Services, Inc. (UWS), and Family Health Systems, Inc. The provisions of the Omnibus Agreement were approved by the court and the liquidator proceeded to:

- Convey the assets of Family Health Plan to Aurora and UWS as set forth in the agreement;
- Assign certain liabilities to Aurora and UWS as set forth in the agreement;
- Retain certain designated excluded liabilities of the estate of Family Health Plan; and
- Establish claims procedures and other liquidation processes.

On October 31, 2000, 6,958 notices were mailed to creditors and other parties whose interests may in some way be affected by the liquidation. The deadline for filing claims with the liquidator was May 1, 2001.

Pre-liquidation claims for benefits under Family Health Plan policies, with the exception of Medicare select policies, were assumed by Compcare Health Services Insurance Corporation. Medicare select policies were assumed by Blue Cross Blue Shield of Wisconsin. Virtually all these claims have been settled.

Forty-nine claims were filed relating to potential liabilities not related to insurance policy benefits. Twenty-two claims were approved by the Court for payment, three claims were approved in part and the remaining claims were denied. Seven claimants filed objections to the Court's denial. One of the denied claims has been settled and the Court has dismissed four other denied claims. Three other actions are currently proceeding outside of the Liquidation Court relating to medical malpractice claims. Hearings will be held to resolve the remaining claims to which objections have been received.

Discussions have been initiated with parties of the Omnibus Agreement to help facilitate the payment of claims. Documents are being prepared to petition the Court for a final distribution in 2008.

Master Plumbers' Limited Mutual Liability Company, In Rehabilitation

Master Plumbers' Limited Mutual Liability Company was placed in rehabilitation on March 29, 1994, by the Circuit Court for Dane County, Wisconsin. Roger A. Peterson is appointed as special deputy rehabilitator. Society Insurance, a Mutual Company performs claim adjustment and administrative services for the rehabilitator pursuant to a contract approved by the court.

Master Plumbers' issued assessable policies and was licensed only in Wisconsin. The company wrote worker's compensation, other liability, and auto liability coverage for plumbers. All policies were written on an annual basis with January 1 effective dates.

In December 1993, pursuant to an order issued by the Commissioner, the company levied an assessment upon its policyholders equal to one additional annual premium. Collection of this assessment has been deferred until such time as funds may be needed. To date, it has not been necessary to collect this assessment.

As of December 31, 2007, Master Plumbers' reported assets of \$1,226,022, liabilities of \$783,203, and surplus of \$442,819.

Northwestern National Insurance Company of Milwaukee, Wisconsin, In Rehabilitation

Northwestern National Insurance Company of Milwaukee, Wisconsin, (NNIC) was placed in rehabilitation on March 12, 2007. Roger A. Peterson is appointed as special deputy rehabilitator.

NNIC was incorporated as a Wisconsin domestic stock property and casualty insurance corporation on February 20, 1869. NNIC wrote both direct insurance and reinsurance. In 1986, the company began a run-off operation. Since that time, except for mandatory writings, including guaranteed renewable accident and health insurance policies, assignments, and retroactive adjustments and endorsements to prior year policies, NNIC has written no new business.

Affiliates, Universal Reinsurance Corporation and Bellefonte Underwriters Insurance Company, were merged with and into NNIC effective January 1, 1991, and June 30, 1991, respectively. These affiliated insurers were also in run-off prior to the mergers.

By a stipulation and order dated May 13, 2004, the Commissioner and NNIC agreed that, pursuant to a restructuring plan, NNIC would establish a segregated account from which it would satisfy its obligations to its direct policyholders and certain other obligations. All other obligations of NNIC, including reinsurance obligations, would be satisfied from NNIC's remaining funds in its general account.

As part of the restructuring plan, NNIC offered reinsureds an opportunity to voluntarily commute all business ceded by the reinsureds to its general account. Approximately 75% of the total number of reinsureds representing approximately 71% of the total liabilities of the general account have entered into commutation agreements with NNIC.

On or about April 18, 2007, a Notice of Appeal was filed with the Wisconsin Court of Appeals raising certain challenges to the rehabilitation order and plan of rehabilitation. On August 30, 2007, the Wisconsin Court of Appeals entered an order dismissing the appeal, thereby enabling the rehabilitator and his delegates to proceed in implementing the rehabilitation plan. Due to the delay occasioned by the appeals process, the rehabilitation court amended the effective date of the plan from March 12, 2007, to September 1, 2007, and set October 31, 2007, as the deadline for the distribution of discounted liability calculations to reinsureds that had not voluntarily commuted all business they had ceded to NNIC's general account. The rehabilitation commenced distribution of initial payments under the terms of the rehabilitation plan.

As of December 31, 2007, the general account of NNIC reported assets of \$69,448,433, liabilities of \$72,225,112, and surplus of \$(2,776,679). As of December 31, 2007, the segregated account of NNIC reported assets of \$64,356,480, liabilities of \$55,693,088, and surplus of \$8,663,392.

Bureau of Market Regulation (Bureau)

The Bureau of Market Regulation consists of five sections: Complaints and Central Services, Accident and Health Insurance, Health and Life Insurance, Property and Casualty Insurance, and Agent Licensing. Agent licensing activities are described in a separate section.

The Bureau of Market Regulation is responsible for the administration and enforcement of laws and rules relating to all market conduct activities of insurers and agents. In order to complete its duties, the Bureau conducts market analysis and targeted market conduct examinations of insurers in the areas of underwriting and rating; marketing, advertising and sales; claims; and policyholder services and grievances. The Bureau investigated and resolved 8,840 written consumer complaints and inquiries and answered 35,000 telephone inquiries during 2007. The Bureau also processed 3,268 rate and rule filings and approved 6,705 policy form filings during 2007.

During 2007, the Bureau of Market Regulation enhanced the market analysis process by conducting in depth analysis on selected companies and participating in the market conduct annual statement program for life and personal lines insurance. Health examiners spent considerable time assisting consumers with questions about plan year changes in Medicare Part D and Medicare Advantage plans. Property and Casualty examiners handled complaints about the use of credit scoring and handled filings on Terrorism Risk Insurance Program Reauthorization Act of 2007. Bureau staff provided assistance to the legal staff in investigating complaints involving unsuitable sales of annuities and Medicare Part D and Medicare Advantage policies to senior citizens.

Market Conduct Annual Statement

The Market Conduct Annual Statement (MCAS) was developed through the National Association of Insurance Commissioners with the input of state regulators and representatives from the industry. It is a permanent project in which 29 states, including Wisconsin, are currently participating. The MCAS is an analysis tool that states can use to review market activity of the entire insurance marketplace in a consistent manner and to identify companies whose practices are outside normal ranges. The project collects data on an industry-wide basis and is comprised of two major components: a Life & Annuity statement and a Property & Casualty statement. The Property & Casualty statement is further divided into two subsections: a Private Passenger Automobile section and a Homeowner's section.

For the 2006 Life & Annuity MCAS, licensed companies with at least \$50,000 in subject life premium and/or annuity considerations were required to participate in the project in Wisconsin. A total of 304 companies participated in the project by filing statements with OCI. For the 2006 Property & Casualty MCAS, licensed companies with at least \$50,000 in subject homeowner's and/or private passenger automobile premium were required to participate in the project in Wisconsin. A total of 200 companies participated in the project and OCI received 176 private passenger automobile statements and 124 homeowner's statements.

Level 1 and Level 2 Market Analysis

Wisconsin conducted analysis on 116 companies for five lines of business: homeowner's, personal auto, group health, individual health, and life. The analysis followed a uniform process that included reviews of complaints and information collected in the financial statements and other NAIC databases. Analysts in each state identified companies for further action and recorded the results of the reviews in the NAIC Market Analysis Review System (MARS). In 2007, examiners identified 89 companies for a more detailed analysis. Examiners used a comprehensive guide to complete a detailed analysis of the company in up to twenty-one areas of review.

2007 Major Accomplishments

- Worked closely with the Wisconsin Medicare Part D Task Force to provide training, technical assistance and resources on the insurance aspects of the changes resulting from the Medicare Modernization Act of 2003 and the annual open enrollment for the Medicare prescription drug plans.
- Continued to improve the market analysis and the market conduct examination program by working with other states through the NAIC Market Analysis Working Group, the Market Analysis Priorities Working Group, the Market Analysis Research and Development Subgroup, the Market Conduct Annual Statement Subgroup, and the Uniformity Working Group to develop standards for core competencies, coordinate examinations, improve uniformity in the process, work collaboratively with other states, and shorten the timelines to complete and adopt examination reports.

- Participated in the Market Conduct Annual Statement program, collecting and analyzing data on claims and underwriting in life, annuities, homeowner's and auto insurance and using the data as part of the market analysis program.
- Identified consumer complaints about sales of life insurance and annuities to senior citizens by identifying incoming calls and complaints and referring them to assigned investigators to contact consumers and investigating and preparing actions against insurance agents who were targeting elderly consumers.
- Increased the number of rate and form filings submitted electronically resulting in more expeditious review and approval of filings. Over 80% of the filings were submitted through the electronic filing system (SERFF) by the end of 2007.
- Participated in developing administrative rules involving long-term care insurance and sale of life insurance to the military and annuities.
- Continued the urban outreach project by providing staff to conduct training sessions for consumer groups in cooperation with the Community Insurance Information Center in Milwaukee and facilitated meetings between insurers and consumer groups.
- Participated in the Wisconsin Insurance Plan, the Wisconsin Automobile Insurance Plan meetings; quarterly meetings with the Worker's Compensation Rating Bureau and the Department of Workforce Development; and provided technical assistance to Wisconsin Emergency Management and the Health Insurance Risk-Sharing Plan (HIRSP).
- Served on the following NAIC committees, task forces and working groups: Senior Issues Task Force, Speed to Market Task Force, Operational Efficiencies Working Group, the Interstate Compact National Standards Working Group, the Market Analysis Priorities Working Group, the Market Analysis Handbook Working Group, the Market Conduct Annual Statement Subgroup, Market Analysis Working Group, Market Conduct Uniformity Working Group, Market Analysis Research and Development Subgroup, Consumer Complaint Handling Working Group, the SERFF Board of Directors, and the Producer Licensing Working Group.

Trends in Complaints

OCI received an increased number of complaints and inquiries about delays in the payment of health insurance claims. There were numerous inquiries about Medicare supplement, Medicare Part D and Medicare Advantage plans. OCI continued to receive complaints from consumers concerned about the high cost of health insurance. Consumers complained about the difficulty of finding affordable health insurance that provided the level of coverage they desired. There were complaints and inquiries about alternatives to health insurance, primarily discount plans that provided little coverage for the consumers who purchased the plans. There were inquiries about high deductible plans including medical savings accounts and health savings accounts. There were also complaints about the increase in the rates for long-term care and Medicare supplement insurance.

OCI received complaints about the suitability of the sale of life insurance and annuities to senior citizens. There were also complaints about the difficulty in finding some types of property and casualty insurance and improper notices of nonrenewal. In the personal lines area, there were complaints about claims settlement practices and underwriting. There was an increase in the number of complaints about the use of credit information to determine the price consumers paid for homeowner's insurance.

The following tables summarize the Bureau's complaint data. Table I shows a comparison of complaint activity over the last six years. A complaint is defined as a written expression of dissatisfaction with an insurance company or agent. Complaints may initially be received either in person, by telephone, by e-mail, or in writing. To be considered a formal complaint that initiates an inquiry or investigation, a complaint should be in writing. The data presented is based upon formal complaints.

In addition to the formal complaints, the Bureau also handled over 35,000 general inquiries or requests for information in 2007. Most such inquiries were by telephone, with the remainder being written communications, including e-mail, and "walk-ins."

Table II shows 2006 and 2007 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance. Table III shows the area of insurance operations that generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations.

Table III shows the basis for complaints. Over half the complaints involve claim problems. Policyholder service is the second most common reason for filing a complaint.

Complainants may appeal the results of the Bureau's determination on their complaints when the complaints were not resolved as originally requested. The appeal gives the complainants an opportunity to have their complaints reviewed by the office's management staff or to provide additional information on their complaint to office management. Table V reflects the complaint appeal activity. The low number of complaint appeals makes trend analysis difficult. However, complaint appeals are reviewed by agency management to ensure consumers are provided a complete explanation of the decision surrounding their complaint.

Agent Licensing Section

The Agent Licensing Section conducts licensing examinations for insurance agents; licenses agents, reinsurance intermediaries, managing general agents, certain corporations and firms, viatical settlement brokers; and reviews and approves prelicensing and continuing education providers and courses.

During 2007, there were 14,960 tests administered in all lines of insurance to candidates seeking a resident agent license. In all, a total of 21,359 new licenses were issued to resident and nonresident agent candidates.

As of December 31, 2007, there were 114,622 licensed insurance agents and 712,036 active appointments by insurance companies authorizing the licensed agents to market their products.

2007 Projects

- In cooperation with our testing vendor, created an electronic interface with the Wisconsin Department of Justice to complete on-line Crime Information Bureau reports at the time an individual makes their examination reservation. This has completely eliminated the paper crime information bureau reports previously required. Results are downloaded to us electronically at the time the scores are reported and are folded into the application when the individual applies

on-line. This enterprise initiative is now available for use by all state agencies.

- All prelicensing schools are now required to bank course completion information electronically. This eliminated all paper requirements for resident candidates and significantly reduced the amount of time required to review applications and ultimately grant a license. All information is folded into the application when the individual applies on-line.
- Continued involvement with the NAIC in the enhancement of the National Insurance Producer Registry (NIPR). The database is speeding up and simplifying the licensing process and provides benefits to both regulators and industry. Wisconsin participated as a pilot state for the project, and provides daily updates to the database along with all other states.
- Continued participation in the NAIC's Producer Working Group. The goal of this committee, comprised of state regulators and industry representatives, is to improve the effectiveness and efficiency of the state licensing process and resulting uniformity through increased coordination, automation, standardization, and reciprocity.

Commercial Liability Insurance Reports

Section 601.422, Wis. Stat.

The following tables summarize the reports on commercial liability insurance required by s. 601.422, Wis. Stat., that were received in 2007. All of the information is for commercial liability insurance written in Wisconsin by authorized insurers. The data required by this statute were collected from the following three sources:

1. the insurers themselves,
2. statistical agents utilized by the insurers, and
3. the NAIC database.

Reporting thresholds were established by this office in conjunction with the statistical agents to eliminate insurers who write marginal amounts of insurance.

Tables IA and IB include information required for policy years 2004 and 2005, respectively. Lines one and two were calculated by applying the ratios of investment gain and other expenses to net premium earned for other liability as reported in the Insurance Expense Exhibit to direct premiums earned. The Insurance Expense Exhibit information is on a calendar year basis, therefore the ratios applied represent the average of the two calendar years included in the applicable policy year. The number of policies written, the number of claims closed without payment, and the number of legal actions filed were provided by the insurers. The remaining policy year information was provided by statistical agents.

It should be noted that the liability for claims incurred but not reported (IBNR) is calculated differently depending on the market. In particular, approximations for the IBNR liability for excess and umbrella insurance are based on the general liability expected loss ratio. The long-tailed nature of these two lines can create difficulty when attempting to establish an accurate liability for claims IBNR even after three or four years of development.

As noted previously, much of the data is from individual insurers and the statistical agents they utilize. These reports have been accepted by this office without audit.

Table II summarizes key ratios and averages for supplemental commercial liability data for the most recent five policy years. Several cells in this table are incomplete due to lack of activity for selected categories in certain policy years. Incomplete cells are indicated by an asterisk.

Medical Malpractice Insurance Reports

Section 601.427, Wis. Stat.

The following table summarizes the reports on medical malpractice insurance required by s. 601.427, Wis. Stat., that were received in 2008. All of the information is for medical malpractice insurance written in Wisconsin by authorized insurers. Insurers that wrote less than \$300,000 annually in medical malpractice insurance premiums in Wisconsin were not required to report.

The first three lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next fifteen lines are for the policy years shown by the column headings.

This report includes the experience of the Wisconsin Health Care Liability Insurance Plan. It does not include the experience of the Injured Patients and Families Compensation Fund.

It should be noted that the data are from individual insurer reports and have been accepted by this office without audit. In addition, the data do not separate occurrence policy experience from claims-made policy experience. These two types of policies have different claims payment experience patterns.

This report combines the experience for all physician and surgeon classifications, other health care professionals, hospital, and other health care facilities. The individual classification reports by company, from which the summary table was derived, have been maintained in this office.

Insurers that wrote less than \$50,000 annually in product liability insurance premiums in Wisconsin were not required to report.

The first three lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next fifteen lines are for the policy years shown by the column headings.

It should be noted that the data are from reports provided by individual insurers. These reports have been accepted by this office without audit. In addition, the data do not separate occurrence policy experience from claims-made policy experience. These two types of policies have different claims payment experience patterns.

VI. Financial and Statistical Data

Notes to Tables

The financial information was obtained from the NAIC database downloaded on April 29, 2008, for those companies filing electronically with the NAIC and annual statements filed with OCI for those companies not filing electronically with the NAIC. The tables report the financial position of companies licensed to do business in Wisconsin as of December 31, 2007, and the results of their 2007 operations. Companies in rehabilitation and liquidation may not be included in the financial data.

Table A includes Risk Retention Groups and Vehicle Protection Plans as authorized insurers. Neither group of entities is technically authorized as they are not issued a certificate of authority to write business. Risk Retention Groups are required to register with this office pursuant to the Federal Liability Risk Retention Act of 1986. Vehicle Protection Plans register with this office pursuant to the requirements of s. 100.203, Wis. Stat., and ch. Ins 14, Wis. Adm. Code.

Tables B-I do not contain financial data for the Other Entities Subject to Limited Regulation.

Direct premiums and deposits for life business reported in Tables B and D includes direct premiums written, annuity, deposit, and other considerations and policyholder dividends used for renewals and paid-up additions. Direct premiums written reported in Table E excludes dividends, and deposit and other considerations. Direct benefits and dividends paid includes both benefits paid and dividends paid or applied during the year.

Direct premiums written in Table E includes insurers with negative premiums written. This results in premiums written for the 20 ranked insurers in certain lines of business to be greater than all insurers writing that line of business.

All of the amounts in Tables F-I, except ratio amounts, have been rounded to thousands. Ratios in excess of 999% were reported as "999" and ratios less than 0 were reported as "0". Ratio results outside these thresholds are meaningless.

Explanation of Terms Used in Tables

The “*Wisconsin Operations*” columns report the direct premiums and losses for Wisconsin only business for 2007. The “*Nationwide Operations*” columns report the net premiums and losses for all operations for 2007.

“*Direct*” business refers to business for which the insurer issued an insurance policy and accepted the premium. “*Net*” business is direct business plus reinsurance assumed and less reinsurance ceded.

“*Reinsurance*” is the transfer of risk between insurance companies. Almost all direct writing companies use reinsurance to transfer a portion of the risk associated with its direct policies. Reinsurance assumed is accepting the risk of other insurers, while reinsurance ceded is transferring the risk to other insurers. Some companies specialize in providing reinsurance to other companies versus writing business directly.

“*Premium Written*” is usually defined as premium billed by fire and casualty companies. Rules of life insurance accounting require reporting premiums actually collected. Premium written is a measure of sales activity in the state for the year.

“*Premium Earned*” is the result of premiums written in the current and previous years, and in some instances, premiums to be written in the future for current coverages. It is approximately the pro-rata portion of the premium charged for each policy for the portion of coverage provided within the calendar year.

“*Losses Incurred*” equals losses paid, plus an estimate at the close of the current year of the amounts to be paid in the future for all unsettled claims as of the financial statement date, less the corresponding estimate made at the end of the prior year. If the estimates were exactly correct, then the incurred losses would be the actual cost of all claims arising from coverage provided during the current year. The estimates would also include amounts for IBNR claims (incurred but not reported). Loss

adjustment expenses are also included in the losses incurred for nationwide operations of Title Companies.

“*Annuity Considerations*” is revenue received for annuity contracts during the year. The amount corresponds to premiums written on insurance contracts.

“*Deposits*” are amounts placed with the insurer that do not incorporate risk from the death or disability of the policyholder and are more comparable to financial or investment instruments than insurance contracts.

“*Other Considerations*” are annuity considerations or other deposits, which are not allocated to a specific policy, but include an insurable risk.

The “*Net Loss Ratio*” is equal to net losses incurred plus net loss adjustment expenses incurred, divided by net premiums earned. The “*Expense Ratio*” is equal to underwriting expenses divided by net premiums written. The loss ratio is determined based on net premiums earned as losses occur randomly throughout the policy term which matches the period the premiums are earned. The expense ratio is determined using net premiums written, because most underwriting expenses (commissions, home office underwriting, and clerical expenses) are incurred at the time the policy is written, not evenly throughout the policy term.

The “*Wisconsin Direct Loss Ratio*” is a pure loss ratio equal to the direct losses incurred divided by the direct premiums earned for Wisconsin business. This ratio does not include Loss Adjustment Expenses. For insurers with small direct premiums earned, this ratio may not be a meaningful representation of their overall operations. Negative losses incurred would result from the company overestimating the cost to settle open claims as of the end of the prior year or the receipt of salvage or other recoveries from claims paid in prior years which were in excess of amounts incurred for the current year claims.

VII. Directory of Licensed Insurers

Directory of Licensed Insurers

This directory includes all companies, fraternal benefit societies, associations, and town mutuals licensed or otherwise authorized to transact the business of insurance in this state as of December 31, 2007. (For current information,

see OCI's Web site at ociaccess.oci.wi.gov/CmpInfo/CmpInfo.oci). The codes used to designate the kind of company and a brief description of each follows.

CC—Continuing Care Organization. Organized under ch. 647, Wis. Stat. Continuing care organizations provide nursing, medical, or personal care services, and maintenance services, for a period over one year or the duration of a person's life, conditioned upon payment of an entrance fee or a portion of the person's estate. Continuing care organizations file a financial statement, on a GAAP basis, which is audited by an independent CPA.

FR—Fraternal Benefit Society (or Mutual Benefit Society). May be a domestic benefit society organized and operating under ch. 614, Wis. Stat., or a nondomestic benefit society operating under ch. 618, Wis. Stat. A fraternal benefit society is a nonstock corporation which exists for social, educational, charitable, or religious purposes, and also may sell individual life or health insurance to its members. A fraternal is governed through a lodge system and a representative form of government, and members voluntarily perform charitable, educational, etc. services for other members or the public. Fraternal benefit societies file the NAIC Fraternal Orders annual statement blank.

GA—Gift Annuity Corporation. Established by a domestic or foreign nonprofit corporation under ch. 615, Wis. Stat. Gift annuities receive gifts of money or property, in return for agreeing to pay an annuity to the donor. Remaining income may be transferred to the nonprofit corporation for its charitable, religious, etc. purposes. Gift annuities file the NAIC Charitable Annuity Corporations annual statement blank.

HMO—Health Maintenance Organization (HMO). Established under chs. 185, 611, 613, or 618, Wis. Stat., and operates under ch. 609, Wis. Stat. HMOs may be for profit, nonprofit, or a cooperative. An HMO makes available comprehensive health care services (performed by providers contracted by the HMO) to enrolled participants for predetermined fixed payments. An HMO may hire medical service providers as employees, or may contract with existing hospitals and clinics to provide services to participants. HMOs file the NAIC Health annual statement blank.

IRO—Independent Review Organizations. These entities are certified under s. 632.835, Wis. Stat., to provide independent medical reviews to resolve some coverage disputes between an insured individual and the health insurer. To be certified, the IRO must demonstrate that it is unbiased and that its clinical peer reviewers are qualified and independent.

LAH—Life and Accident and Health Company. May be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual company or a stock company. Life and accident and health companies write a wide range of life, annuity, individual, and group health insurance. Life and accident and health companies file either the NAIC Life and Accident and Health annual statement blank or the NAIC Health annual statement blank.

LHSO—Limited Health Service Organization (LHSO). Similar to an HMO, except that it provides a limited range of health care services (such as vision or dental) to participants. LSHOs file the NAIC Health annual statement blank.

MC—Motor Club Plan. Established under ch. 616, Wis. Stat. A motor club plan may provide emergency road service, towing, bail bonds, map and touring service, etc. to members. Motor club plans file a financial statement which has been audited by an independent CPA.

PC—Property and Casualty Company. A domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual or stock company. Fire and casualty companies write a wide range of property and liability coverages, and individual and group health insurance. Fire and casualty companies file the NAIC Fire and Casualty annual statement blank. Some nondomestic insurers licensed under ch. 618, Wis. Stat., are called reciprocals. Reciprocals are unincorporated associations, operating through an attorney-in-fact, by which subscribers with similar interests (e.g., lumberyards, dry cleaners) provide fire and casualty insurance to each other through the exchange of insurance contracts. Reciprocals file the NAIC Fire and Casualty annual statement blank.

RS—Rate Service Organization. These entities are licensed under s. 625.31, Wis. Stat., to file rates on behalf of designated insurers. These entities are not licensed insurers and are not authorized to transact the business of insurance.

TI—Title Company. May be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer operating under ch. 618, Wis. Stat. Title companies notify a prospective purchaser of recorded liens or easements on a parcel of real estate, and provide insurance against loss due to other defects in title to property (e.g., due to forgery, fraud, errors in public records, wills not probated, etc.). Title companies file the NAIC Title Insurance annual statement blank.

TM—Town Mutual of Wisconsin. A domestic fire and casualty insurer subject to ch. 612, Wis. Stat., as an assessable mutual. Town mutuals are authorized to write a limited range of property and liability coverage, in a limited number of counties in Wisconsin. Town mutuals may file either the NAIC Fire and Casualty annual statement blank or the Wisconsin Town Mutual annual statement blank.

VI—Viatical Settlement Providers. Established under s. 632.68, Wis. Stat., to provide payment to the policyholders of a life insurance policy who has a catastrophic or life threatening illness or condition.
