The Honorable Scott Walker
Governor, State of Wisconsin
115 East State Capitol
Madison, WI 53702

Dear Governor Walker:

I am pleased to submit the 144th *Wisconsin Insurance Report*, covering calendar year 2012 activities.

Wisconsin's insurance marketplace remains a strong, vibrant, and competitive place to do business. Over 2,000 companies, 377 of them domiciled in the state, are vying for a piece of Wisconsin's insurance market. This makes Wisconsin the second largest insurance market in the country. Our competitive environment makes Wisconsin very consumer friendly, with multiple choices along all lines of insurance and some of the lowest insurance premiums in the country. With over 119,000 licensed agents, there is always someone for consumers to turn to for advice on insurance products.

The strength of the insurance marketplace in Wisconsin also means that the industry continues to be a major employer in the state; with over 80,000 jobs directly tied to the insurance industry Wisconsin ranks 8th in the nation for insurance jobs. The average wages paid by insurers are higher than the state average and Wisconsin insurers have boosted employment by 11% over the last decade. As one of the largest industries in Wisconsin, the insurance industry provides an estimated \$10 billion in direct and indirect wages to Wisconsinites. Wisconsin insurers are also good corporate citizens that give back to their communities through charitable and volunteer efforts.

Wisconsin's tradition of sound solvency regulation, combined with strong consumer protections, is the reason our market is so competitive. In order to ensure Wisconsites are treated fairly, OCI completed 6,633 complaint investigations which resulted in \$3.7 million recovered for complainants during the year. OCI also completed over 40 financial exams and participated in exams of numerous other insurers.

Insurance, insurance agents, and insurers all play an important role in Wisconsin's economy. This report will provide you with details about the industry's participants and the activities of the agency.

Sincerely,

A handwritten signature in black ink, appearing to read 'Theodore K. Nickel', written over a horizontal line.

*By chapter 56, section 32, General Laws of 1870, the Secretary of State was Commissioner of Insurance ex officio until 1878. The Office of the Commissioner of Insurance was made elective in 1881. In 1911 the office was made appointive instead of elective.

Introduction

Every individual and business in Wisconsin depends upon insurance. Whether it is auto, home, life, commercial, or health, insurance plays an important role in people's lives. The Office of the Commissioner of Insurance (OCI) was created by the legislature in 1870 and vested with broad powers to ensure that the insurance industry meets the insurance needs of Wisconsin citizens responsibly and adequately.

The importance of fair, effective, and timely regulation of the insurance industry offers OCI a special challenge in meeting its public mission of leading the way in informing and protecting the public and responding to their insurance needs.

The major functions of the office include:

- Evaluating insurance policies that are sold in Wisconsin to determine if they meet the requirements of Wisconsin's laws.
 - Conducting financial examinations of domestic and foreign insurers to assure compliance with Wisconsin regulations and rules.
 - Monitoring the financial status of licensed companies and applicant companies to provide early warning of financial difficulty.
 - Issuing licenses to companies, agents, brokers, surplus lines brokers, managing general agents, reinsurance brokers and managers, and organizations including employee benefit plan administrators.
 - Examining and analyzing rates filed by insurance companies to determine if they meet actuarial guidelines.
 - Investigating and processing consumer complaints against agents and insurance companies and attempting to bring the matter to a fair and reasonable conclusion.
 - Researching special insurance problems through data collection and analysis and publishing conclusions and recommendations in special reports.
 - Developing legislation and promulgating administrative rules that ensure a strong insurance market through proactive policy and skillful enforcement.
 - Investigating and pursuing administrative actions against agents and insurers who violate Wisconsin insurance laws and regulations. Penalties include suspension or revocation of licenses and fines.
 - Conducting a comprehensive program of consumer education and public information to educate consumers about insurance through public speaking and distribution of information booklets and comparison guides.
 - Operating a state life insurance fund, a property fund for the property owned by local units of government, and a patients compensation fund insuring health care providers for medical malpractice.

The office is divided into the Legal Unit, Legislative Relations and Communications, Funds and Program Management, and the Division of Regulation and Enforcement.

Legal Unit

The Legal Unit represents the office in administrative proceedings, provides legal advice to staff, represents or supervises representation of the office in litigation and insurance company receiverships, provides legal services for the Injured Patients and Families Compensation Fund, Wisconsin Health Care Liability Insurance Plan, Local Government Property Insurance Fund, and State Life Insurance Fund, and develops legislative proposals and administrative rules.

Legislative Relations and Communications

This unit provides advice on executive matters affecting the office's goals and initiatives including directing the office's legislative initiatives and communications activities. This unit also provides advice on technical insurance-related issues and educates underserved populations on insurance issues.

Funds and Program Management

This unit is responsible for all general administrative functions of the agency including information technology, project management, budget, accounting, facilities management, records management, and support services. This area acts as liaison between the agency and the Department of Administration for procurement, staff development and human resource services.

This unit also has program responsibilities for the Local Government Property Insurance Fund, Injured Patients and Families Compensation Fund, and State Life Insurance Fund.

- The Local Government Property Insurance Fund offers property insurance protection to participating Wisconsin local government units.
- The Injured Patients and Families Compensation Fund provides medical malpractice protection to health care providers for claims in excess of \$1,000,000 per claim or \$3,000,000 annual aggregate for each policy year.
- The State Life Insurance Fund offers life insurance to Wisconsin residents in amounts not exceeding \$10,000 per person.

Division of Regulation and Enforcement

The division is responsible for carrying out the office's insurance regulatory and enforcement responsibilities. In addition, it assists with the office's consumer education program by providing technical expertise in the development and publication of the office's insurance consumer education materials. The division is also responsible for assisting in the development and promulgation of administrative rules interpreting insurance statutes. Finally, the division has a major role in the office's participation in the National Association of Insurance Commissioners, a trade association made up of the country's chief insurance regulators.

The division fulfills its regulatory responsibilities primarily through its two bureaus, described below.

Bureau of Financial Analysis and Examinations. This bureau monitors the financial solvency of insurers licensed to do business in Wisconsin. It conducts on-site financial examinations of domestic insurer operations, administers insurer rehabilitations and liquidations, audits and collects insurer premium taxes and fees, licenses insurance companies, reviews holding company transactions, reviews change of control transactions, and collects funds from insurers under the fire department dues program.

Bureau of Market Regulation. This bureau conducts market conduct examinations and market analysis of licensed insurers, determines compliance with applicable laws and rules, handles consumer contacts and consumer complaints about licensees, processes rate and policy form filings, initiates administrative actions against licensees who violate Wisconsin's insurance laws, staffs several risk-sharing plans, disseminates information to the public, investigates agent activities, and administers the insurance intermediary licensing and continuing education program.

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to this unit. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Administering the state's independent review program is the responsibility of the managed care specialist.

II. Executive Initiatives

Regulatory Developments and Trends

The Office of the Commissioner of Insurance (OCI) was created by the Legislature in 1871 and vested with broad powers to ensure that the insurance industry responsibly and adequately meet the insurance needs of Wisconsin citizens. Wisconsin has a tradition of sound regulation combined with strong consumer protections. A solid regulatory framework recognizes that consumers and the marketplace are best served by efficient, market-oriented regulation of the business of insurance.

Wisconsin's insurance marketplace is reflective of the competitive environment that keeps insurers doing business in Wisconsin. The healthy and competitive nature of the insurance industry has helped to keep insurance rates in Wisconsin some of the lowest in the country. Our auto insurance premiums are 11th lowest in the nation. Our homeowner's insurance rates are also consistently low.

OCI is responsible for regulation of all aspects of the insurance industry in Wisconsin. In regulating the private insurance market, OCI's major accomplishments in 2012 include:

- Licensing 23,030 new agents, 1 new domestic insurer, 23 nondomestic insurers, 19 employee benefit plan administrators, 13 warranty plans, 12 gift annuities, 8 service contract providers, 2 motor clubs, and 1 continuing care retirement community entity.
- Examining 55 domestic insurance companies' finances, analyzing more than 2,000 financial statements, conducting market conduct examinations on 8 companies, conducting market analysis for 5 lines of business to identify companies for further analysis.
- Responding to more than 35,000 consumer inquiries and 6,633 written consumer complaints, and recovering over \$3.7 million for policyholders.

Educating and Informing the Insurance Consumer

Consumer education is critical in a competitive-based insurance market. Informed consumers have an incentive to invest in the effort to identify the insurance products that best fit their needs and budgets. In 2012, OCI reviewed and updated its extensive list of consumer publications. OCI staff provided consumer education at numerous public speaking events.

OCI also reaches out to the traditionally underserved population. The staff is tasked with developing relationships, educating consumers, and providing assistance in the case of a disaster.

Using Technology for Insurance Regulation

OCI continues to improve state regulation and service through the use of technology by implementing Web applications that enable our constituents to access information and transact business. The commitment to the use of technology is a key strategy in the agency's business plan. Technology achievements in 2012 include development of a new complaint system. The new system will allow OCI to track complaints more precisely and speed up the processing time.

Implementation of the Patient Protection and Affordable Care Act

The Patient Protection and Affordable Care Act (PPACA) will fundamentally change the health insurance market in 2014. Every health insurer staying in the health insurance business in 2014 will be required to make changes to their plans. As a result, the Office of Commissioner of Insurance will be required to review numerous additional filings throughout 2013. In addition, OCI has continued to review new and updated federal guidance on the implementation rules.

The Office of Commissioner of Insurance has worked extensively to protect the state's right to regulate insurance, create a communication plan to inform consumers and employers about changes coming in 2014, and to work with the industry to ensure a smooth transition in light of the monumental changes put in place by the law. OCI also has worked with various stakeholders including representatives of the federal government, consumers, agents, insurance companies, and others to understand PPACA implementation issues and the impact on various stakeholders.

Coordination Among the States

OCI continued its leading role in the National Association of Insurance Commissioners (NAIC), serving on dozens of committees, task forces, and working groups including chairing the Health Care Reform Regulatory Alternatives (B) Working Group and the Contingent Deferred Annuities (A) Working Group.

During 2012, OCI continued to evaluate use of the Market Conduct Annual Statement (MCAS) as a tool to allow states to conduct coordinated evaluation of insurers. The MCAS collects data on an industry wide basis to allow regulators to evaluate company activity outside normal ranges. OCI also participated in the Market Analysis Review System (MARS), that creates a uniform process across participating states for review of data collected from insurer financial statements and other regulatory filings.

Wisconsin continues active participation with the Interstate Insurance Product Regulation Compact (IIPRC), that creates a single point of filing for insurance company forms, allowing multiple states to review a single filing. During 2012, Wisconsin served as a member of the Management Committee and participated with the Product Standards Committee.

Development of standards that are consistent and consistently applied across the states allows consumers to benefit from better regulatory tools and analysis and insurers to benefit by avoiding the cost of complying with variations in regulatory processes among the states.

Emerging Trends

Continued stresses in the overall economy may cause similar stresses in the insurance market. OCI Financial

Examination staff will continue to closely monitor the market for problems in specific insurance lines.

Working with both the NAIC and Wisconsin stakeholders, OCI will continue to protect the sovereignty of state insurance regulation.

In 2013, OCI will finalize implementation of a number of projects that resulted from recent legislative and regulatory changes including:

- Continuing active monitoring of the suitability of annuity sales in Wisconsin, particularly those directed to our senior citizens.
- Assisting consumers, employers, agents, and insurers with health insurance reform issues.
- Protecting state regulation of insurance.
- Continuing to actively monitor issues surrounding long-term care insurance.
- Reviewing activities surrounding life insurance claims practices.
- Working with the industry to ensure timely disaster responses.

Advisory Boards, Committees, and Councils

Wisconsin law, s. 15.04, Wis. Stat., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. The insurance law, s. 601.20, Wis. Stat., authorizes the Commissioner to create advisory councils and committees to assist in dealing with regulatory issues. The Commissioner is to provide by rule for the creation, governance, duties, and termination of any council or committee that is established. The expert advice provided to the Commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The Commissioner and staff members also serve on various councils and boards and thus aid Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

A description of the various boards, committees, and councils with which OCI is involved follows:

Birth to 3 Interagency Coordinating Council (ICC)

The council was first established in Executive Order 17, June 26, 1987; recreated in Executive Order 334, May 21, 1998; and continued in Executive Order 17, July 23, 2004. Governor Walker most recently recreated it in Executive Order 6, January 21, 2011. Often called the “Birth to 3 ICC,” it was created to comply with the federal Individuals With Disabilities Act of 1986 and recreated to comply with the federal Individuals With Disabilities Education Act of 1997. The council advises and assists with the Department of Health Services in the development and administration of early intervention services for infants and toddlers with developmental delays and their families. The council consists of at least 15 members. The council is directed by the Governor to include at least 4 parents of infants, toddlers, or children aged 12 or younger with disabilities; at least 4 private or public providers of early intervention services; at least 1 state legislator; at least 1 member involved in personnel training; at least 1 representative of a Head Start agency or program; and other members representing state agencies that provide services or payment for early intervention services to infants and toddlers and their families. Members, other than those serving ex officio, serve three-year terms.

Governor’s Committee for People With Disabilities

In 1948, a Governor’s committee was established with one goal: to improve employment opportunities for people with disabilities. The group’s mission was broadened in 1976 to cover many aspects of disability in Wisconsin, and the group became the Governor’s Committee for People with Disabilities (GCPD) which is dedicated to enhancing the health and general well being of disabled citizens in Wisconsin. The committee consists of the Lt. Governor and not more than 20 other members, including 6 members appointed from specific statutory councils: the Council on Blindness, the Council for the Deaf and Hard of Hearing, the Council on Developmental Disabilities, the Council on Mental Health, the Council on Alcohol and Other Drug Abuse, and the Council on Physical Disabilities. The committee selects a representative and informs the GCPD afterwards. The selected person is then appointed by the Governor and remains part of the GCPD as long as they are serving on their respective council. The majority of members are people with disabilities.

Governor’s Council on Financial Literacy

This council was created in Executive Order 92, March 30, 2005, and continued by Governor Walker in Executive Order 24, April 6, 2011. The council consists of 25 members or less, with a chairperson, and two vice chairpersons selected from within the group. The council is directed to collaborate with the Office of the Commissioner of Insurance, implement research and policy initiatives, and serve as a sounding board for the Office of the Governor and the Office of Financial Literacy in the Department of Financial Institutions to provide guidance and develop strategies to improve financial literacy among Wisconsin’s citizens. The council will also promote the statewide financial literacy awareness and education campaign entitled Money Smart Week Wisconsin.

Group Insurance Board (Board)

Section 15.165 (2), Wis. Stat., created an 11-member Group Insurance Board in the Department of Employee Trust Funds. The Commissioner or designee is a member of the Board. The Group Insurance Board is authorized to enter into contracts with insurers to provide group insurance plans or to provide the benefits on a self-insured basis. It also provides general administrative policy for

the group insurance programs for health care, income disability benefits, and life insurance authorized for state and other public employees under ch. 40, Wis. Stat. The specific powers of the Board are enumerated under s. 40.03 (6), Wis. Stat.

Health and Life Insurance Advisory Council

The Health and Life Insurance Advisory Council replaces the previous two individual councils, the Health Advisory Council and the Life Advisory Council. The council advises the Commissioner on regulatory matters in the area of health and life insurance. The council meets on an as-needed basis. The members are appointed by the Commissioner and include six members representing insurers, three members representing insurance agents, one representing small business, and one consumer advocate.

The Wisconsin Insurance Plan is a risk-sharing plan for property insurance companies created by s. Ins 4.10, Wis. Adm. Code. The plan is overseen by a Governing Committee subject to the supervision of the Commissioner of Insurance. The Governing Committee consists of eight insurer representatives, two insurance agents, and five public members. The Commissioner of Insurance appoints the agents and the public members and selects a liaison to attend meetings. Seven of the insurer representatives are selected by trade associations. One is elected by insurers that are not members of these trade associations.

Wisconsin Retirement Board (Board)

The Wisconsin Retirement Board is created in the Department of Employee Trust Funds by s. 15.165 (3) (b), Wis. Stat. The Board has nine members. Wisconsin State Council on Alcohol and Other Drug Abuse

The State Council on Alcohol and Other Drug Abuse was created in the Office of the Governor in August 1970 to provide leadership and coordination regarding alcohol and other drug abuse (AODA) issues confronting the state. Wisconsin Act 210 was enacted on April 6, 1994, merging the Citizens Council on Alcohol and Other Drug Abuse with the State Council. The bill expanded the duties and the membership of the State Council. The State Council on Alcohol and Other Drug Abuse recommends, coordinates, and reviews the efforts of state agencies to control and prevent alcohol and drug abuse. It evaluates program effectiveness, recommends improved programming, issues reports to educate people about the dangers of drug abuse, and allocates responsibility for various alcohol and drug abuse programs among state agencies. The 22-member council consists of the Governor, the Attorney General, the state Superintendent of the Department of Public Instruction, the Secretary of Health Services, the Commissioner of Insurance, the Secretary of the Department of Corrections, the Secretary

of the Department of Transportation and the chairperson of the Pharmacy Examining Board, or their designees; a representative of the controlled substances board; a representative of any Governor's committee or commission created under subch. I of ch. 14 to study law enforcement issues; 6 members (1 of whom is a consumer representing the public at large) with demonstrated professional, research or personal interest in alcohol and other drug abuse problems, appointed for four-year terms; a representative of an organization or agency which is a direct provider of services to alcoholics and other drug abusers; a member of the Wisconsin County Human Service Association, Inc., who is nominated by that association; and 2 members of each house of the legislature, representing the majority party and the minority party in each house.

III. Legislative Relations and Communications

The director of Legislative Relations and Communications is responsible for providing advice on executive matters affecting the office's goals and initiatives and directs the office's legislative initiatives, communication activities, and provides advice on technical insurance-related issues.

Public Information and Communications

The Public Information and Communications Section has primary responsibility in developing and maintaining the office's consumer publications, providing information and materials on the office's Web site, and provides basic and essential services including forms management and service of process.

The OCI Web sites are managed within Public Information and Communications in accordance with the group's Communication Plan. Industry and constituents readily utilize information and support available via this interface. We frequently reassess the value of the information provided on our site and strive to assure fresh content consistent with current issues. There were 133 new Web pages added in 2012. Another 712 pages were updated.

The Public Information and Communications division is also responsible for public outreach. Over the last year, the division has had over 100 outreach visits reaching hundreds of consumers and interested parties. The visits have included a focus on the inner city, veterans, Wisconsin's tribes, and other underserved populations.

The office is required by statute to administer and maintain a Forms Management program. All office forms and brochures, regardless of format or method of delivery, are reviewed for statutory requirements and agency standards. An inventory and history file is kept for each form, brochure, and special report. This material is composed using a variety of specialized tools and is then distributed and made available via digital and paper means. The Forms Manager is a liaison with office staff, the agency Printing Coordinator, and other state agencies.

- Developed the agency's 2013-2015 Biennial Budget Request.

Office Management

The Office Management area provides essential office leadership and services in an effort to achieve a quality workforce and environment in support of the mission of the agency. This area is responsible for monitoring and maintaining agency policies and procedures, managing administrative matters affecting the business operation of the agency, and serving as liaison with the Department of Administration-Human Resources as well as staff development. In an effort to strive to achieve physical accommodations for maximum comfort, security, and safety for staff and visitors alike, this area is responsible for the management of building maintenance and security, along with provision of health and safety oversight.

Some of this area's major accomplishments for 2012 were:

- Continued the agency's ongoing supported work efforts by renewing the employment of disabled individuals through Community Work Services, Inc.
- Responded to employees' ergonomic needs.
- Reviewed and updated the agency's Health and Safety Action Plan.
- Reconfigured office space to accommodate organizational changes.
- Utilized all available National Association of Insurance Commissioners' (NAIC) grant/zone funds to support our regulatory training needs.
- Provided specialized industry training in-house.
- Managed Employee Assistance Program (EAP) involvement, including: attended quarterly meetings, worked on Health Fair and gave updated EAP information to agency.
- Coordinated OCI Affirmative Action Advisory Committee involvement, including: monthly meetings, attended joint State AAAC meeting and updated committee members with information shared, initiated an "Adopt a School" program in the agency, represented the agency at campus career fairs to provide information to prospective graduates about employment opportunities in insurance, and organized a diversity luncheon within the agency.

Alternative Work Patterns

OCI is cognizant of the need to offer a flexible work environment in order to maximize the employment options available to existing and potential state employees and to meet the needs of our constituents. OCI encourages the utilization of alternative work patterns such as flex time, part-time, and shared-time schedules to increase productivity, extend services, reduce absenteeism, improve employee morale, allow for employee development, and maximize energy conservation through ridesharing and use of mass transit systems. Approximately 90% of

the agency's staff has some form of nonstandard work schedule. The agency also reviews requests, on a case-by-case basis, from staff who wish to temporarily work from their home. The agency recognizes that alternative work pattern schedules may provide opportunities for individuals to productively utilize their skills, talents, and abilities. It recognizes that a traditional full-time work schedule may not meet the needs of individuals who, due to age, health, or family circumstances, find such a schedule in conflict with responsibilities outside of work.

Injured Patients and Families Compensation Fund (Fund)

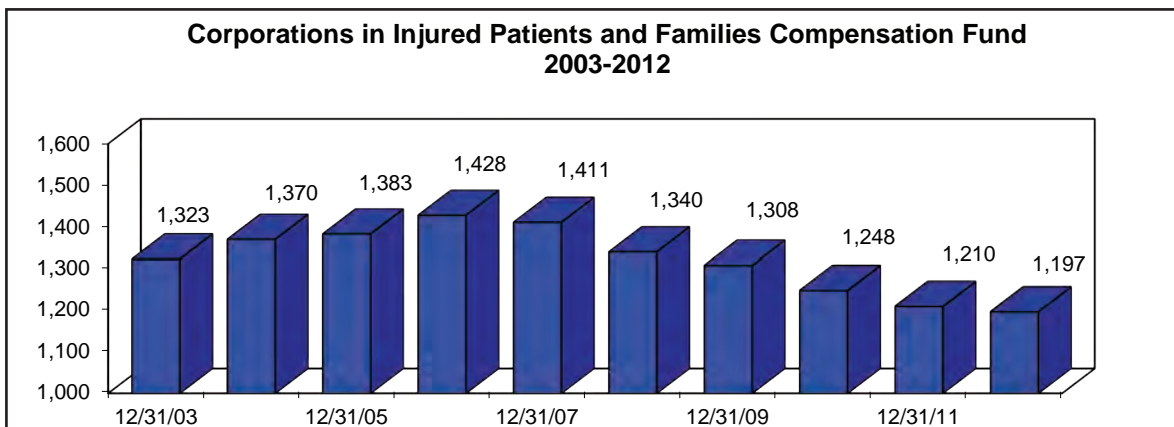

The Fund was created in 1975 to provide excess medical malpractice insurance for Wisconsin health care providers. The Fund is governed by a 13-member Board of Governors (Board) that consists of 3 insurance industry representatives, a member named by the Wisconsin Association for Justice, a member named by the State Bar of Wisconsin, 2 members named by the Wisconsin Medical Society, a member named by the Wisconsin Hospital Association, 4 public members appointed by the Governor, and the Commissioner of Insurance who serves as the chair. The Fund's administrative staff is provided by OCI.

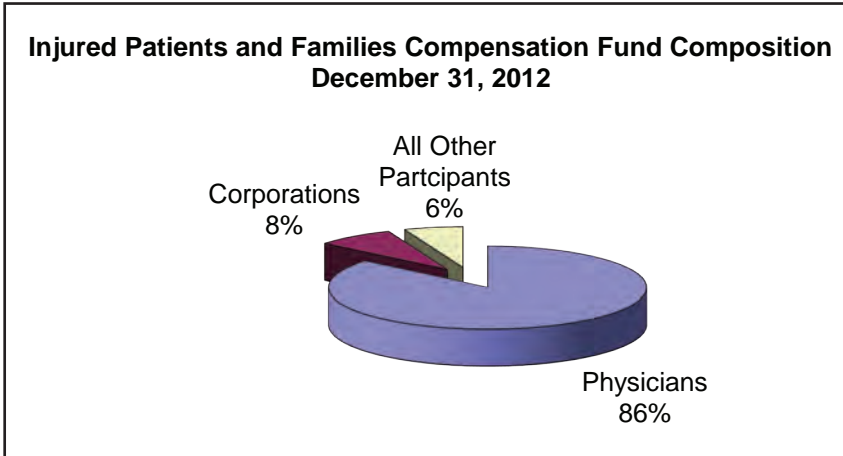

The Board is assisted by an Actuarial and Underwriting Committee, a Legal Committee, a Claims Committee, a Finance/Investment/Audit Committee, a Risk Management and Patient Safety Committee, and a

Peer Review Council. The Board and its committees meet quarterly.

The Fund operates on a fiscal year basis—July 1 through June 30. Administrative costs, operating costs, and claim payments are funded through assessments on participating health care providers.

As of December 31, 2012, the vast majority of Fund participants were physicians at 86%, with corporations comprising another 8% and the remaining 6% comprised of various other participant types as illustrated in the charts below. At year-end 2012, Fund participants totaled 15,408 comprised of 13,258 physicians, 1,197 corporations, 689 nurse anesthetists, 134 hospitals with 21 affiliated nursing homes, 59 ambulatory surgery centers, 27 partnerships, 22 hospital-owned or controlled entities, and one cooperative.

From July 1, 1975, through December 31, 2012, 5,866 claims had been filed in which the Fund was named. During this period, the Fund's total number of paid claims was 664, totaling \$826,251,011. Of the total number of claims in which the Fund has been named, 5,077 claims have been closed with no indemnity payment.

2012 Major Activities

- The 2012 implementation of a Web-based interface to the Fund system allows the public, health care providers, and employers of health care providers to access Fund records at any time.
 - The general public may search the database for coverage records of Fund participants.
 - Providers may gain secure access to opt-in to paperless billing for Fund assessments and view payment records.
 - Employers who make payments for Fund participants may also gain secure access to opt-in to paperless billing and view employee payment records.

Links to the public database and to secure log-in access are available on OCI's Fund Web page (oci.wi.gov/ipfcf/sysaccess.htm).

This release is phase 3 of the Fund system development (initial release of phase 1 occurred in March 2010; phase 2 released in June 2011 allows carriers and self-insurers system access to download certificates). Continued development will incorporate further functionality, eventually allowing providers and employers to make electronic payment of Fund fees and update employment affiliations and addresses.

- Fund administration closely monitors the use of outside counsel. Pursuant to a court decision in 2000, the Fund hires separate defense counsel on each claim. Fund staff monitors the claims and the use of this outside counsel to ensure that, while the Fund receives the necessary representation, legal fees are controlled.
- Pursuant to a Legislative Audit Bureau recommendation and a directive by the Board of Governors (Board), an actuarial audit was performed in 2011 on the analysis performed in 2010 by the outside actuarial firm. This audit opinion concluded that the assumptions and methodologies used by the Fund's actuary and the risk margin of 25% established by the Board were reasonable. A recommendation was made to reduce the discount factor used to discount the claim liability reserves. Prior to the issuance of the audit report, the Board reduced the discount factor by .5%, to 5.0%, applicable to June 30, 2012, reserves. During 2012, the Board reduced the discount factor an additional .5%, to 4.5%, applicable to June 30, 2013, reserves.
- The Fund continually monitors and updates the exemption status for providers that held a license to practice in Wisconsin but for which a current exemption or certificate of insurance was not on file with the Fund. Providers that remain in noncompliance are referred to their respective licensing boards for appropriate enforcement action by that board. As of December 31, 2012, there were 11,475 providers exempt from participation in the Fund. The various bases for exemption are illustrated in the chart below.

Following are financial statements—statement of net equity and statement of revenues, expenses and changes in Fund equity—for the Fund for the fiscal year ending June 30, 2012.

Local Government Property Insurance Fund (Fund)

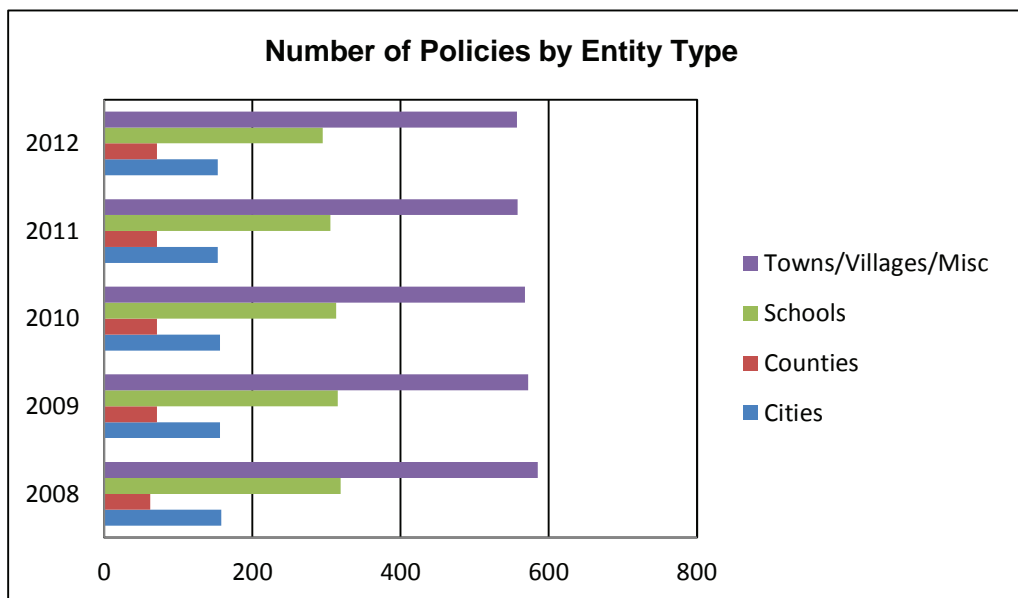

The Fund is established by ch. 605, Wis. Stat. The purpose of the Fund is to make property insurance available for local government units. The Commissioner of Insurance by law is designated as the Fund's manager. The Fund has one state employee who supervises day-to-day operations of the Fund by contracting for specialized services. The Fund contracts with: ASU Group (policy services), Crawford & Company (claims), C-BIZ (appraisal services), ISO (rate services), Pinsoft (software), Willis (broker of record), AMI Risk Consultants (actuarial services) and Borgelt, Powell, Peterson & Frauen (legal).

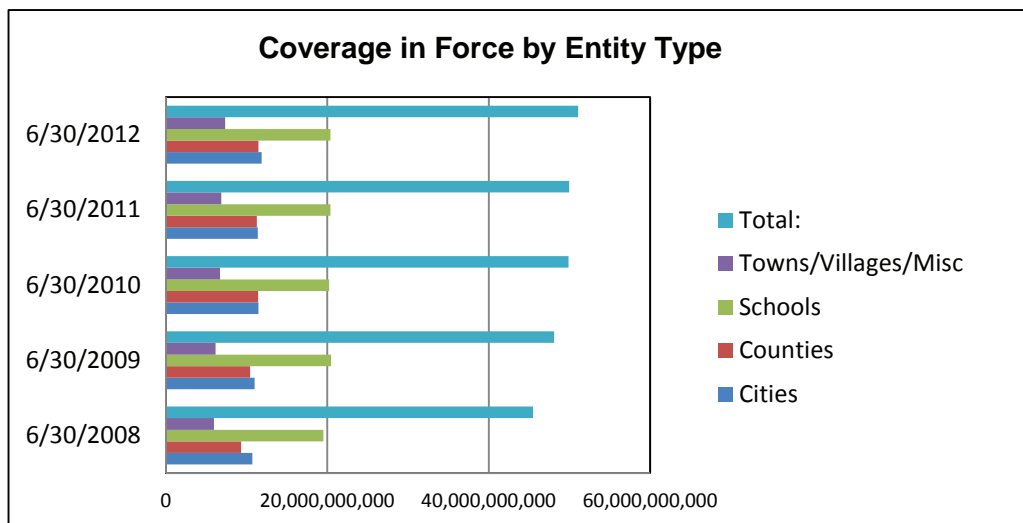

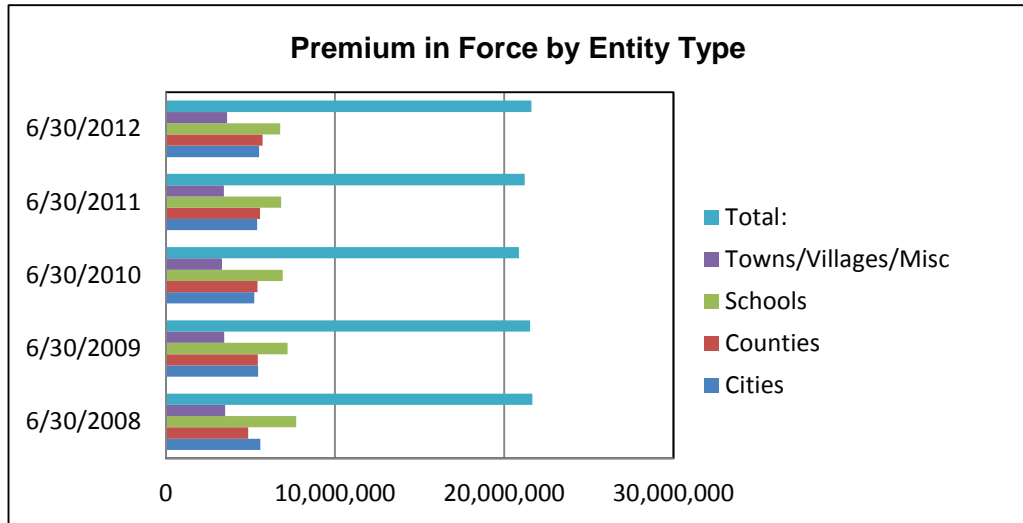

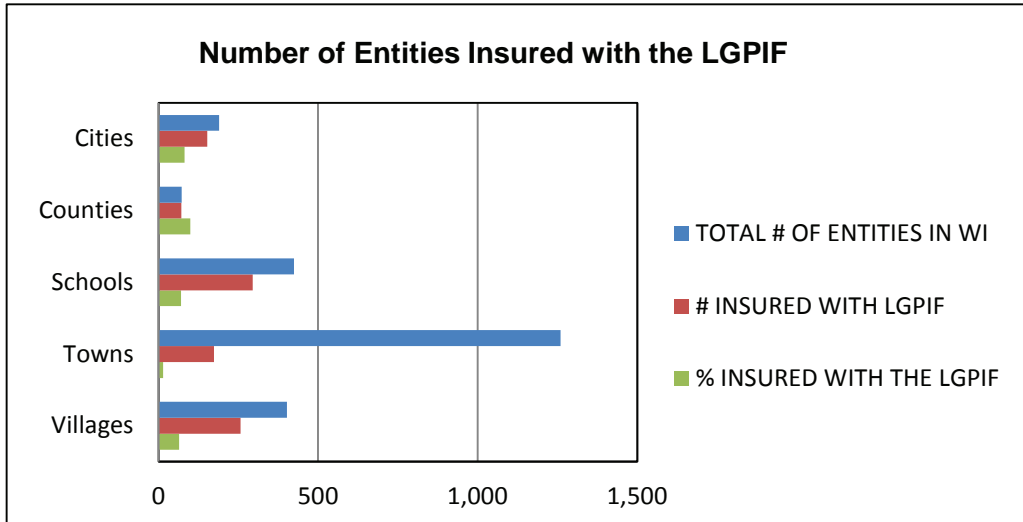

As of June 30, 2012, the Fund insured 1,076 policyholders: 71 counties, 295 schools, 153 cities, 174 towns, 257 villages and 126 miscellaneous (libraries, etc.) jurisdictions. Combining new business and terminations, the overall number of policyholders decreased by 11 since the previous fiscal year-end. Two graphs are included that reflect changes in the Fund's policyholder base and growth in its insurance coverage in force. The Fund had 71 builder's risk policies at June 30, 2012, versus 37 as of June 30, 2011.

The Fund's insurance coverage in force represents property that is insured against loss. The more property insured, the greater the potential for a loss. The total amount of insurance coverage in force as of June 30, 2012, was \$51.0 billion, up from \$50.0 billion as of the previous fiscal year-end.

The Fund's balance sheet and income statement for the fiscal year ending June 30, 2012, are included with this report. The Fund experienced an underwriting loss of approximately \$6.4 million following an underwriting loss of \$12.2 million the previous year.

Fund management will continue to monitor insurance in force, claims trends and Fund surplus when evaluating the Fund's rating structure. The decline in surplus also affects the Fund's rates. The Fund actuarially determines rate increases or decreases in order to maintain adequate levels of surplus. Claims costs coupled with higher self-insured Fund reinsurance retention levels and reinsurance premium will continue to be factors considered in the rate-setting analysis.

The Fund is a segregated fund located within OCI. The Fund offers a maximum of \$10,000 of life insurance to state residents. Operating as a mutual insurance company, the Fund has a manager and is supervised by the Commissioner.

Wisconsin is the only state in the nation that offers a life insurance program to residents. All policies issued are participating and there is no marketing of the Fund. The lapse rate on Fund policies is a low .9%. As of December 31, 2012, there were 26,742 policies in force.

Section 607.15, Wis. Stat., requires the Fund to distribute annually among the policyholders its net profits and to the extent practicably possible, maintain a ratio of surplus to assets between 7% and 10%. V. Division of Regulation and Enforcement

The Division of Regulation and Enforcement, through its Bureau of Financial Analysis and Examinations and Bureau of Market Regulation, and in conjunction with the office's Legal Unit, is responsible for enforcing the state's insurance laws. In addition, it assists with the office's consumer education program by providing technical expertise in the development and publication of the office's consumer education publications. In compliance with s. 601.01 (5), Wis. Bureau of Financial Analysis and Examinations (Bureau)

The principal function of the Bureau of Financial Analysis and Examinations is to monitor the financial condition of all insurers licensed to do business in Wisconsin and determine whether their financial condition meets the minimum requirements for continued operation in Wisconsin. Monitoring includes the examination of the accounts and records of insurance companies organized under Wisconsin law and the analysis of financial statements of all insurers licensed to do business in the state of Wisconsin, the review of CPA audit reports, and updates to the company profile database. The Bureau maintains and reviews holding company filings required by ch. Ins 40, Wis. Adm. Companies in Liquidation or Rehabilitation

Ambac Assurance Corporation Segregated Account, in Rehabilitation

Ambac Assurance Corporation Segregated Account was placed in rehabilitation on March 24, 2010, by William D. Johnston, a Lafayette County Circuit Court Judge, presiding by a judicial assignment order of the Circuit Court for Dane County, Wisconsin. Kimberly A. Shaul was appointed as special deputy rehabilitator, but was replaced in this capacity by Roger A. Peterson effective January 14, 2011. Current and more detailed information regarding the rehabilitation is available at ambacpolicyholders.com.

Ambac Assurance Corporation (Ambac), headquartered in New York, New York, is the successor to American Municipal Bond Assurance Corporation, which was incorporated in Wisconsin on September 29, 1970. The company's present corporate organization was established in connection with a corporate restructuring executed on June 18, 1985, under the supervision of the Wisconsin Commissioner of Insurance. Under the 1985 restructuring, the business of the company's predecessor legal entity, American Municipal Bond Assurance Corporation, was transferred to a successor legal entity, AMBAC Indemnity Corporation, which was subsequently renamed Ambac Assurance Corporation. The company operates as a financial guaranty insurer, and its principal business is the guaranty of timely payment of principal and periodic interest when due on credit obligations. The company is licensed in all U.S. states, the District of Columbia, Guam, Puerto Rico, and U.S. Virgin Islands.

From its founding in 1970 until the 1990s, Ambac's business was almost exclusively related to traditionally low-risk, low-margin public finance bonds. In the mid-1990s, however, Ambac began to diversify by offering financial guaranty insurance on riskier, higher-margin private "structured finance" investments, including residential mortgage-backed securities (RMBS) and collateralized debt obligations of asset-backed securities (CDOs of ABS).

When the riskier insured structured finance investments began to deteriorate en masse during the economic crisis of 2008, Ambac's projected future liabilities grew while its credit ratings and statutory surplus plummeted. Consequently, its prospects for writing new business evaporated, it stopped writing new policies, and it initiated an informal run-off.

These events created a hazard for policyholders. At the time of rehabilitation, Ambac's investment portfolio

assets had a current market value of approximately \$8 to \$9 billion, plus an estimated \$1.5 to \$2 billion in future unearned premiums discounted to present value. Many of Ambac's assets would not yield fair value if liquidated immediately and used to pay short-term claims. The inopportune sale of Ambac's long-term, presently undervalued assets would result in a net loss of claims-paying resources available to all policyholders—a "fire sale" as opposed to a fair and equitable distribution for the benefit of policyholders as a whole.

Absent restructuring efforts, there was an increasing risk that Ambac might not have been able to satisfy all claims made under the company's policies as they developed over the next thirty years. Without restructuring, there was an increasing risk that policyholders who presented short-tail claims in the next several years would have received payment for a larger percentage of their claims than policyholders who presented claims in the more distant future.

As part of the restructuring and with the approval of the Office of the Commissioner of Insurance, Ambac established an optional segregated account pursuant to s. 611.24, Wis. Stat., effective March 24, 2010, for the purpose of segregating certain segments of its liabilities and consenting to the subsequent rehabilitation of the Segregated Account under Chapter 645, Wis. Stat. Policies allocated to the Ambac Assurance Corporation Segregated Account (Segregated Account) are primarily those policies with material projected impairments, including the books of RMBS, most of which will mature within approximately four years, and certain CDOs of ABS policies, most of which will not mature for twenty or more years, as well as certain other policies with provisions that could result in loss of control rights or demands to pay non-economic, accelerated damages at the expense of other policyholders of Ambac. Ambac allocated to the Segregated Account all liabilities assumed as reinsurer under reinsurance agreements. To support the Segregated Account, Ambac also allocated to it a \$2 billion secured note and a last-dollar reinsurance policy limited only by the assets of the General Account of Ambac. Ambac also allocated to the Segregated Account its limited liability interest in Ambac Credit Products, LLC, Ambac Conduit Funding LLC, Aleutian Investments LLC and Juneau Investments LLC.

All assets within the Segregated Account will be available exclusively for satisfying liabilities attributable

Ambac Assurance Corporation Segregated Account, in Rehabilitation (continued)

to the Segregated Account. Pursuant to s. 611.24 (3) (b), Wis. Stat., any income, gains and losses, whether or not realized, from assets and investments attributable to the Segregated Account, if any, will be credited to or charged against the Segregated Account without regard to other income, gains or losses of Ambac's General Account.

Ambac was appointed as a Management Services Provider to the Segregated Account under a Management Services Agreement for so long as such agreement is in effect. Nothing prevents the Segregated Account from retaining additional service providers. In addition, pursuant to the terms of a Cooperation Agreement, Ambac and the Segregated Account have agreed on certain matters related to decision-making, information-sharing, tax compliance and allocation of expenses.

A rehabilitation plan was approved by Judge Johnston on January 24, 2011. Procedures for submitting claims have been communicated to the applicable trustees and are posted on the Web site, ambacpolicyholders.com. Counterparties on credit default swaps may not trigger and submit mark-to-market claims, but may submit scheduled payment claims.

On June 4, 2012, the Court granted two motions brought by the Rehabilitator. Pursuant to the first approved motion, the Segregated Account commenced cash payments of 25% of each permitted policy claim that has arisen since the inception of rehabilitation proceedings and 25% of each policy claim to be submitted and permitted in the future. The second approved motion allowed Ambac Assurance Corporation to exercise two call options to purchase the principal amount of \$789,179,236 in surplus notes for \$188,446,303, which was projected to materially increase policyholder recoveries. The first round of interim partial cash distributions was effectuated on September 20, 2012.

As a result of Hurricane Sandy, Ambac Assurance Corporation, the Management Services Provider to the Segregated Account, closed its principal offices in New York on October 29, 2012, and temporarily relocated to its disaster recovery site in Kingston, New York. Continuity of systems and operations were maintained and the principal offices of Ambac Assurance Corporation were reopened on November 26, 2012.

In late December 2012, the Congressional Joint Committee on Taxation (Joint Committee) completed its review of the offer (Offer) to the United States made by Ambac Financial Group, Inc., the Official Committee of Unsecured Creditors of Ambac, Ambac Assurance Corporation, the Segregated Account of Ambac Assurance Corporation, the court-appointed Rehabilitator of the Segregated Account and the Wisconsin Office of the Commissioner of Insurance to resolve and settle (i) the claims filed by the Internal Revenue Service against the estate of Ambac Financial Group, Inc., in its Chapter 11 proceeding, (ii) Ambac Financial Group, Inc.'s related adversary proceeding against the United States, and (iii) other related litigation brought by the United States against or involving Ambac Assurance Corporation and the Segregated Account (IRS Settlement). The Joint Committee has no objection to the Offer and will issue a response of "no adverse criticism" subject to the satisfaction of certain conditions, including (a) execution of closing documentation acceptable to the United States, (b) approval of the IRS Settlement by the United States Bankruptcy Court for the Southern District of New York, and (c) the payment by Ambac Financial Group, Inc., of \$1.9 million and the payment by Ambac Assurance Corporation and/or the Segregated Account of \$100 million to the United States.

Ambac Assurance Corporation's General Account is not in a court receivership proceeding.

Ambac Assurance Corporation's General Account is not obligated to make payments on the secured note or the reinsurance policy it provided to the Segregated Account if its surplus as regards to policyholders is (or would be) less than \$100,000,000. As a result of these provisions, as of December 31, 2012, \$163.7 million of the Segregated Account's liabilities was not assumed by Ambac Assurance Corporation's General Account under the reinsurance policy with the Segregated Account.

As of December 31, 2012, the Ambac Assurance Corporation Segregated Account reported assets of \$592,032,376, liabilities of \$653,843,900, and surplus of \$(61,811,524). As of December 31, 2012, the Segregated Account has disbursed \$1,061,667,118 to policyholder trustees and claim submitting agents, representing 25% of permitted policy claims of \$4,246,668,484.

Health Plan for Community Living, Inc., in Liquidation

Health Plan for Community Living, Inc., was placed into liquidation on April 29, 2008. Roger A. Peterson was appointed as special deputy liquidator. On October 27, 2011, Richard A. Hinkel was appointed special deputy liquidator succeeding Mr. Peterson.

Health Plan for Community Living, Inc., was headquartered in Madison, Wisconsin, and had business in force only in Wisconsin. Health Plan for Community Living, Inc., contracted with the Department of Health Services to provide managed health and long-term care support to participants in the Family Care Partnership Program, a comprehensive program of services for older adults and people with physical disabilities. The 369 members were transitioned into another partnership program prior to May 1, 2008.

On May 13, 2008, 797 notices were mailed to members, creditors and other parties whose interests may in some way be affected by the liquidation. The deadline for filing claims with the liquidator was November 20, 2008. On February 19, 2009, 51 additional notices were sent out to creditors that were not included on the May 13, 2008, mailing. These creditors had until August 31, 2009, to file a claim. On August 7, 2009, the liquidator was ordered to make a 35% distribution on processed claims. Checks totaling \$1,219,729 were distributed to creditors.

On May 25, 2010, the liquidator was ordered to make a final distribution to creditors and to settle disputed claims. Including the partial payment, claimants received 100% of the allowed claims plus 5% interest.

On October 27, 2011, the liquidator was authorized to make a proprietary distribution of \$100,000 to Community Living Alliance. The funds were disbursed on November 11, 2011.

Distributions were made for late filed claims on May 30, 2012. A proprietary distribution of \$230,000 was made to Community Living Alliance also on May 30, 2012. On July 12, 2012, \$194 was turned over to the state of Wisconsin as unclaimed property. On September 26, 2012, a proprietary distribution of remaining assets totaling \$6,908 was made to Community Living Alliance.

Over the course of the liquidation \$4,648,820 was paid out for claims and interest, \$219,671 was paid for administrative expenses, and \$336,908 was distributed to Community Living Alliance.

As of December 31, 2012, Health Plan for Community Living, Inc., had no assets, liabilities, or surplus and the liquidation was closed.

Master Plumbers' Limited Mutual Liability Company, in Rehabilitation

Master Plumbers' Limited Mutual Liability Company (Master Plumbers') was placed in rehabilitation on March 29, 1994, by the Circuit Court for Dane County, Wisconsin. Steven J. Junior was appointed as special deputy rehabilitator effective April 20, 2012. Society Insurance, a mutual company, performed claim adjustment and administrative services for the rehabilitator pursuant to a contract approved by the court.

Master Plumbers' issued assessable policies and was licensed only in Wisconsin. The company wrote worker's compensation, other liability, and auto liability coverage for plumbers. All policies were written on an annual basis with January 1 effective dates.

In December 1993, pursuant to an order issued by the Commissioner, the company levied an assessment upon

its policyholders equal to one additional annual premium. This assessment was never collected.

As of December 31, 2011, Master Plumbers' reported assets of \$1,117,211, liabilities of \$384,046, and surplus of \$733,165.

Pursuant to a decision of Judge Frank D. Remington on April 20, 2012, Master Plumbers' was merged with and into Society Insurance, a mutual company, effective April 1, 2012. Under the merger agreement, the assessment of the policyholders was rendered null and void and any claims that may arise from time to time under a Master Plumbers' policy shall be covered by Society Insurance, a mutual company, which has succeeded to all assets and liabilities of Master Plumbers' by virtue of the merger.

Northwestern National Insurance Company of Milwaukee, Wisconsin, in Rehabilitation

Northwestern National Insurance Company of Milwaukee, Wisconsin (NNIC) was placed in rehabilitation on March 12, 2007. Roger A. Peterson was replaced as special deputy rehabilitator by Steven J. Junior on July 28, 2011.

NNIC was incorporated as a Wisconsin domestic stock property and casualty insurance corporation on February 20, 1869. NNIC wrote both direct insurance and reinsurance. In 1986, the company began a run-off operation. Since that time, except for mandatory writings, including guaranteed renewable accident and health insurance policies, assignments, and retroactive adjustments and endorsements to prior year policies, NNIC has written no new business.

Affiliates Universal Reinsurance Corporation and Bellefonte Underwriters Insurance Company were merged with and into NNIC effective January 1, 1991, and June 30, 1991, respectively. These affiliated insurers were also in run-off prior to the mergers.

By a stipulation and order dated May 13, 2004, the Commissioner and NNIC agreed that, pursuant to a restructuring plan, NNIC established a segregated account

from which it would satisfy its obligations to its direct policyholders and certain other obligations. All other obligations of NNIC, including reinsurance obligations, are to be satisfied from NNIC's remaining funds in its general account.

As part of the restructuring plan, NNIC offered reinsureds an opportunity to voluntarily commute all business ceded by the reinsureds to its general account. Approximately 75% of the total number of reinsureds representing approximately 82% of the total liabilities of the general account have entered into commutation agreements with NNIC.

As of December 31, 2011, the general account of NNIC reported assets of \$43,563,063, liabilities of \$38,866,295, and surplus of \$4,696,768. As of December 31, 2011, the segregated account of NNIC reported assets of \$43,280,110, liabilities of \$38,583,342, and surplus of \$4,696,768.

The company was released from court-supervised rehabilitation on January 20, 2012. The possession of the company's property and control of its business have been restored to it.

Bureau of Market Regulation (Bureau)

In 2012 the Bureau of Market Regulation consisted of five sections: Complaints and Central Services, Accident and Health Insurance, Health and Life Insurance, Property and Casualty Insurance, and Agent Licensing. Agent licensing activities are described in a separate section.

The Bureau of Market Regulation is responsible for the administration and enforcement of laws and rules relating to all market conduct activities of insurers and agents. In order to complete its duties, the Bureau conducts market analysis and targeted market conduct examinations of insurers in the areas of underwriting and rating; marketing, advertising and sales; claims; and policyholder services and grievances. The Bureau investigated and resolved 6,633 written consumer complaints and inquiries and answered 35,000 telephone inquiries. The Bureau also processed 3,231 rate and rule filings and received 7,032 policy form filings.

Market Conduct Annual Statement

The Market Conduct Annual Statement (MCAS) was developed through the National Association of Insurance Commissioners with the input of state regulators and representatives from the industry. The MCAS is an analysis tool that states can use to review market activity of the entire insurance marketplace in a consistent manner and to identify companies whose practices are outside normal ranges. The project collects data on an industry-wide basis and is comprised of two major components: a Life & Annuity statement and a Property & Casualty statement. The Property & Casualty statement is further divided into two subsections: a Private Passenger Automobile section and a Homeowner's section.

For the 2011 Life & Annuity MCAS, licensed companies with at least \$50,000 in subject life premium and/or annuity considerations were required to participate in the project in Wisconsin. A total of 259 companies participated in the project by filing statements with OCI. For the 2011 Property & Casualty MCAS, licensed companies with at least \$50,000 in subject homeowner's and/or private passenger automobile premium were required to participate in the project in Wisconsin. A total of 197 companies participated in the project and OCI received 152 private passenger automobile statements and 131 homeowner's statements.

Level 1 and Level 2 Market Analysis

Wisconsin conducted analysis on insurance companies for five lines of business: homeowner's, personal auto, group health, individual health, and life. The analysis followed a uniform process that included reviews of complaints and information collected in the financial statements and other NAIC databases. Analysts in each state identified companies for further action and recorded the results of the reviews in the NAIC Market Analysis Review System (MARS). Examiners used a comprehensive guide to complete a detailed analysis of the company in up to 21 areas of review. This process was used to identify companies for further review up to and including market conduct examinations.

2012 Major Accomplishments

- Conducted eight market conduct examinations.
- Worked closely with the Centers for Medicare & Medicaid Services (CMS) and the Wisconsin Medicare Part D Task Force during the Medicare Part D and Medicare Advantage open enrollment to identify marketing abuses and misleading sales tactics including participating in calls with the regional CMS office, reviewing CMS complaints and responding to requests for agent investigations.
- Continued to improve the market analysis and the market conduct examination program by working with other states through the NAIC Market Information Systems Task Force, Market Analysis Working Group, the Market Conduct Examination Standards Working Group, and the Market Analysis Procedures Working Group to develop standards for core competencies, coordinate examinations, improve uniformity in the process, work collaboratively with other states, and shorten the timelines to complete and adopt examination reports.
- Participated in the Market Conduct Annual Statement program, collecting and analyzing data on claims and underwriting in life, annuities, homeowner's and auto insurance and using the data as part of the market analysis program.

- Identified consumer complaints about sales of life insurance and annuities to senior citizens by identifying incoming calls and complaints and referring them to assigned investigators to contact consumers and investigating and preparing actions against insurance agents who were targeting elderly consumers.
- Worked on changes needed due to the implementation of the Interstate Insurance Product Regulation Compact (IIPRC) including participation in the NAIC National Standards Working Group and the IIPRC Product Standards Committee.
- Participated in developing administrative rules involving life settlements, uniform individual health insurance applications, and coverage of dependents.
- Participated in the Wisconsin Insurance Plan and the Wisconsin Automobile Insurance Plan meetings; quarterly meetings with the Worker's Compensation Rating Bureau and the Department of Workforce Development; and provided technical assistance to Wisconsin Emergency Management and the Health Insurance Risk-Sharing Plan (HIRSP).
- Participated in a major project to improve the consumer complaint system.
- Served on the following NAIC committees, task forces and working groups: Senior Issues Task Force, Market Information Systems Task Force, Operational Efficiencies Working Group, the Interstate Compact National Standards Working Group, the Market Analysis Procedures Working Group, the Market Conduct Examination Handbook Working Group, and the Consumer Information subgroup.

Trends in Complaints

OCI received the highest number of calls and complaints about changes to laws mandating increased health insurance coverage. The most common complaint was regarding coverage for dependents to age 26. There were also complaints and inquiries from consumers who were losing their group health insurance coverage. OCI also received complaints and inquiries about alternatives to health insurance, primarily discount plans that provided little coverage for the consumers who purchased the plans. There were also complaints and inquiries about Medicare Advantage products due to companies dropping out of the market, changing service areas, and modifying benefits during the open enrollment.

OCI received complaints about rate increases on long-term care insurance policies. During 2012, the rate increases ranged from 4% to 90% for 19 companies that submitted rate filings. These rate increases affected 46,422 policyholders.

The following tables summarize the Bureau's complaint data. Table I shows a comparison of complaint activity over the last six years. A complaint is defined as a written expression of dissatisfaction with an insurance

company or agent. Complaints may initially be received either in person, by telephone, by e-mail, or in writing. To be considered a formal complaint that initiates an inquiry or investigation, a complaint should be in writing. The data presented is based upon formal complaints.

In addition to the formal complaints, the Bureau also handled over 35,000 general inquiries or requests for information in 2012. Most such inquiries were by telephone, with the remainder being written communications, including e-mail, and "walk-ins."

Table II shows 2011 and 2012 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance. Table III shows the area of insurance operations that generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations.

Table III shows the basis for complaints. Fifty-five percent of the complaints involved claim problems. Policyholder service was the second most common reason for filing a complaint.

Complainants may appeal the results of the Bureau's determination on their complaints when the complaints were not resolved as originally requested. The appeal gives the complainants an opportunity to have their complaints reviewed by the office's management staff or to provide additional information on their complaint to office management. Table V reflects the complaint appeal activity. The low number of complaint appeals makes trend analysis difficult. However, complaint appeals are reviewed by agency management to ensure consumers are provided a complete explanation of the decision surrounding their complaint.

Managed Care Specialist

The OCI managed care specialist, who serves as an ombudsman for consumers who have questions or problems with their managed care plans, is assigned to the Bureau of Market Regulation. The managed care specialist investigates complex managed care complaints received by OCI and educates consumers on their rights under managed care plans. Administering the state's independent review program is the responsibility of the managed care specialist.

Independent Review Process

According to state insurance law, health insurance claimants have a right to an independent review of an

adverse determination or an experimental treatment determination by an insurer. These reviews are carried out by Independent Review Organizations (IROs) registered with OCI. Every year, IROs certified to do reviews in Wisconsin are required to submit to OCI a report for the prior calendar year's experience. The independent review process allows a consumer to appeal some health insurance claims denials to an independent third party. The results from the reports for calendar year 2012 are summarized below.

For more information on the independent review process, see the consumer brochure "Fact Sheet on the Independent Review Process in Wisconsin" available on OCI's Web site at oci.wi.gov/pub_list/pi-203.htm.

* An IRO may decline a case if it determines that the dispute is not eligible for an independent review, the request was received directly from the consumer, or the IRO has a potential conflict of interest.

The independent review program began in 2002. Beginning in 2012, most health plans were required to follow the independent review process outlined in federal law. Independent reviews performed under the federal law may not be included in the reports submitted by the Wisconsin-certified IROs. The chart below summarizes the total percent of insurers' decisions that were upheld and the total reversed in whole or in part by the IROs.

	Total	Upheld	Reversed
2008	100	64.0%	36.0%

2012	64	78.1	21.9

In order to be certified, an IRO must demonstrate that it is unbiased and that its clinical peer reviewers are qualified and independent. IROs must be recertified by OCI biennially.

Agent Licensing Section

The Agent Licensing Section is responsible for processing and maintaining permanent license records on producers and agencies, including issuing, renewing, and terminating licenses; supervises prelicensing education course; oversees the licensing examination process; and supervises the continuing education program.

During 2012 there were 10,479 tests administered in all lines of insurance to candidates seeking a resident agent license. In all, a total of 23,030 new licenses were issued to resident and nonresident agent candidates. In addition, 723 resident and nonresident firm licenses and life settlement broker licenses were issued.

As of December 31, 2012, there were 119,722 licensed insurance agents and 695,915 active appointments by insurance companies authorizing the licensed agents to market and sell their products.

2012 Projects

- Continued involvement with the National Association of Insurance Commissioners (NAIC) in the enhancement of the National Insurance Producer Registry (NIPR). The NIPR Gateway is a communication network that links state insurance regulators with entities they regulate to facilitate the electronic exchange of producer information.
- Continued participation in the NAIC's Producer Licensing Working Group and the Producer Licensing Task Force. The goal of these committees is to improve the effectiveness and efficiency of the state licensing process resulting in uniformity through increased coordination, automation, standardization, and reciprocity.
- Continued the comprehensive review and updating of all business rules to ensure that the automated licensing systems utilize current and correct business rules and are functioning properly.
- Opened the NIPR system to allow candidates to apply for a new resident license or existing agents to apply for a new line of authority.
- Continued to enhance electronic services to allow licensees to have access to managing and maintaining their license electronically, providing the most accurate, up-to-date information available.

Commercial Liability Insurance Reports
Section 601.422, Wis. Stat.

The following tables summarize the reports on commercial liability insurance required by s. 601.422, Wis. Stat., that were received in 2012. All of the information is for commercial liability insurance written in Wisconsin by authorized insurers. The data required by this statute were collected from the following three sources:

1. The insurers themselves,
2. Statistical agents utilized by the insurers, and
3. The NAIC database.

Reporting thresholds were established by this office in conjunction with the statistical agents to eliminate insurers who write marginal amounts of insurance.

Tables IA and IB include information required for policy years 2009 and 2010, respectively. Lines one and two were calculated by applying the ratios of investment gain and other expenses to net premium earned for other liability as reported in the Insurance Expense Exhibit to direct premiums earned. The Insurance Expense Exhibit information is on a calendar year basis; therefore, the ratios applied represent the average of the two calendar years included in the applicable policy year. The number of policies written, the number of claims closed without payment, and the number of legal actions filed were provided by the insurers. The remaining policy year information was provided by statistical agents.

It should be noted that the liability for claims incurred but not reported (IBNR) is calculated differently depending on the market. In particular, approximations for the IBNR liability for excess and umbrella insurance are based on the general liability expected loss ratio. The long-tailed nature of these two lines can create difficulty when attempting to establish an accurate liability for claims IBNR even after three or four years of development.

As noted previously, much of the data is from individual insurers and the statistical agents they utilize. These reports have been accepted by this office without audit.

Table II summarizes key ratios and averages for supplemental commercial liability data for the most recent five policy years. Several cells in this table are incomplete due to lack of activity for selected categories in certain policy years. Incomplete cells are indicated by an asterisk.

Medical Malpractice Insurance Reports
Section 601.427, Wis. Stat.

The following table summarizes the reports on medical malpractice insurance required by s. 601.427, Wis. Stat., that were received in 2013. All of the information is for medical malpractice insurance written in Wisconsin by authorized insurers. Insurers that wrote less than \$300,000 annually in medical malpractice insurance premiums in Wisconsin were not required to report.

The first three lines are for the calendar years indicated by the column headings. The Average Written Premium per Policy is calculated from the entries in the previous two lines. The next fifteen lines are for the policy years shown by the column headings.

This report includes the experience of the Wisconsin Health Care Liability Insurance Plan. It does not include the experience of the Injured Patients and Families Compensation Fund.

It should be noted that the data are from individual insurer reports and have been accepted by this office without audit. In addition, the data do not separate occurrence policy experience from claims-made policy experience. These two types of policies have different claims payment experience patterns.

This report combines the experience for all physician and surgeon classifications, other health care professionals, hospital, and other health care facilities. The individual classification reports by company, from which the summary table was derived, have been maintained in this office.

VI. Financial and Statistical Data

Notes to Tables

The financial information was obtained from the NAIC database downloaded on June 5, 2013, for those companies filing electronically with the NAIC and annual statements filed with OCI for those companies not filing electronically with the NAIC. The tables report the financial position of companies licensed to do business in Wisconsin as of December 31, 2012, and the results of their 2012 operations. Companies in rehabilitation and liquidation may not be included in the financial data.

Table A includes Risk Retention Groups and Vehicle Protection Plans as authorized insurers. Neither group of entities is technically authorized as they are not issued a certificate of authority to write business. Risk Retention Groups are required to register with this office pursuant to the Federal Liability Risk Retention Act of 1986. Vehicle Protection Plans register with this office pursuant to the requirements of s. 100.203, Wis. Stat., and ch. Ins 14, Wis. Adm. Code. Table A includes individual entities which may possess multiple licenses. An example would be entities which have both a Service Contract Provider and Warranty Plan Administrator license.

Tables B-I do not contain financial data for the Other Entities Subject to Limited Regulation.

Direct premiums and deposits for life business reported in Tables B and D include direct premiums written; annuity, deposit and other considerations; and policyholder dividends used for renewals and paid-up additions. Direct premiums written reported in Table E excludes dividends and deposit and other considerations. Direct benefits and dividends paid includes both benefits paid and dividends paid or applied during the year.

Direct premiums written in Table E includes insurers with negative premiums written. This results in premiums written for the 20 ranked insurers in certain lines of business to be greater than all insurers writing that line of business.

All of the amounts in Tables F-I, except ratio amounts, have been rounded to thousands. Ratios in excess of 999% were reported as "999" and ratios less than 0 were reported as "0". Ratio results outside these thresholds are meaningless.

Explanation of Terms Used in Tables

The “*Wisconsin Operations*” columns report the direct premiums and losses for Wisconsin only business for 2012. The “*Nationwide Operations*” columns report the net premiums and losses for all operations for 2012.

“*Direct*” business refers to business for which the insurer issued an insurance policy and accepted the premium. “*Net*” business is direct business plus reinsurance assumed and less reinsurance ceded.

“*Reinsurance*” is the transfer of risk between insurance companies. Almost all direct writing companies use reinsurance to transfer a portion of the risk associated with its direct policies. Reinsurance assumed is accepting the risk of other insurers, while reinsurance ceded is transferring the risk to other insurers. Some companies specialize in providing reinsurance to other companies versus writing business directly.

“*Premium Written*” is usually defined as premium billed by fire and casualty companies. Rules of life insurance accounting require reporting premiums actually collected. Premium written is a measure of sales activity for the year.

“*Premium Earned*” is the result of premiums written in the current and previous years and, in some instances, premiums to be written in the future for current coverages. It is approximately the pro rata portion of the premium charged for each policy for the portion of coverage provided within the calendar year.

“*Losses Incurred*” equals losses paid, plus an estimate at the close of the current year of the amounts to be paid in the future for all unsettled claims as of the financial statement date, less the corresponding estimate made at the end of the prior year. If the estimates were exactly correct, then the incurred losses would be the actual cost of all claims arising from coverage provided during the current year. The estimates would also include amounts for IBNR claims (incurred but not reported).

Loss adjustment expenses are also included in the losses incurred for nationwide operations of title companies.

“*Annuity Considerations*” is revenue received for annuity contracts during the year. The amount corresponds to premiums written on insurance contracts.

“*Deposits*” are amounts placed with the insurer that do not incorporate risk from the death or disability of the policyholder and are more comparable to financial or investment instruments than insurance contracts.

“*Other Considerations*” are annuity considerations or other deposits which are not allocated to a specific policy but include an insurable risk.

The “*Net Loss Ratio*” is equal to net losses incurred plus net loss adjustment expenses incurred, divided by net premiums earned. The “*Expense Ratio*” is equal to underwriting expenses divided by net premiums written. The loss ratio is determined based on net premiums earned as losses occur randomly throughout the policy term which matches the period the premiums are earned. The expense ratio is determined using net premiums written, because most underwriting expenses (commissions, home office underwriting, and clerical expenses) are incurred at the time the policy is written, not evenly throughout the policy term.

The “*Wisconsin Direct Loss Ratio*” is a pure loss ratio equal to the direct losses incurred divided by the direct premiums earned for Wisconsin business. This ratio does not include Loss Adjustment Expenses. For insurers with small direct premiums earned, this ratio may not be a meaningful representation of their overall operations. Negative losses incurred would result from the company overestimating the cost to settle open claims as of the end of the prior year or the receipt of salvage or other recoveries from claims paid in prior years which were in excess of amounts incurred for the current year claims.

CC—Continuing Care Organization. Organized under ch. 647, Wis. Stat. Continuing care organizations provide nursing, medical, or personal care services, and maintenance services, for a period over one year or the duration of a person's life, conditioned upon payment of an entrance fee or a portion of the person's estate. Continuing care organizations file a financial statement, on a GAAP basis, which is audited by an independent CPA.

Stat., or a nondomestic benefit society operating under ch. 618, Wis. Stat. A fraternal benefit society is a nonstock corporation which exists for social, educational, charitable, or religious purposes, and also may sell individual life or health insurance to its members. A fraternal is governed through a lodge system and a representative form of government, and members voluntarily perform charitable, educational, etc., services for other members or the public. Fraternal benefit societies file the NAIC Fraternal Orders annual statement blank.

GA—Gift Annuity Corporation. Established by a domestic or foreign nonprofit corporation under ch. 615, Wis. Stat.
